The English As A Second Language (ESL) Club

The purpose of the ESL classes and club is to promote cultural, social and educational awareness of minorities by working with the community, school and any organizations who are striving for the betterment of the students long term educational goals.

Due to the ESL classes and club, South Mountain Community College has been able to provide a link between the student's need to master the English language. Lope Villacorta, Jerry Carvajal, Alejandro Pinochela, Maria Luisa Pinochela, Manuela Pinochela.

Movimiento Estudiantel Chicano De Aztlan, (M.E.Ch.A)

Our objectives are to instill the Chicano student with pride, awareness of our culture and heritage. We encourage any student and community member to become actively involved with our organization to organize, promote and achieve the goals for our people.

Full & Part Time Faculty Meetings

FULL TIME FACULTY HAS BEEN CALLED TO ORDER. HOW ARE GOING SUPPORT THE GRADUATION THIS YEAR?

PART TIME MEETING IS NOW CALLED TO ORDER. THE FIRST ON THE AGENDA IS TO HELP THE FULL TIME FACULTY WITH GRADUATION THIS YEAR. HOW MANY WANT TO HELP ON THE COMMITTEE?
The student population is expected to double, to more than 9,000 students within the next 10 years. To keep pace with growth, the Maricopa Community College District hopes to also double classroom space. B. Dr. Paul Elsner, Chancellor of the Maricopa Community College District, and the college's President, Dr. Raul Cardenas, at the groundbreaking ceremony in 1979.

During the fall 1990 semester, 662 students were enrolled. In the fall 1991 semester, 3,410 students attended South Mountain Community College.

1979 Begins The First Decade At The Mountain

Building South Mountain Community College fulfilled the dreams of a dynamic group of citizens, many of whom serve today on the college's advisory board, to bring higher education to South Phoenix. In 1978, the Governing Board of the Maricopa County Community College District approved funding to build the college.

Students registering for classes in 1979 drove past cotton fields and citrus groves to a group of six trailers housing admissions & records, counseling, library, faculty and administrative offices, library.

Many of the college's "Desi Team" continue to contribute the lives of South Mountain faculty, including President Cardenas, who leads the college in its second decade.
Guadalupe Learning Center

The staff is made up of students dedicated to the community.

G.L.C. students need and want to experience life as well.

The center supports and encourages the people of Guadalupe to continue and seek higher education. The G.L.C. is vital to our community.

Proud students and staff of the Guadalupe center.

The G.L.C. is located in El Tianguis Mercado.

Centers In Guadalupe & Ahwatukee

The staff at the Guadalupe and Ahwatukee centers want to give every person in these neighboring communities the opportunity to realize dreams through education.

If you can’t come to the Mountain, the Mountain will come to you! Many students choose to study right in their own communities.

Evening classes are also offered at Mountain View High School in Ahwatukee.

The main campus is home away from home for Guadalupe and Ahwatukee students.
Noestro Pueblito "Our Beloved Town"

DR. Amalia Villegas, director of G.L.C. is an inspiration to all who come to the center.

New and exciting things happening. Our treasures are our seniors citizens. Memorial to those town folks who died in war.

Traditional values and history are important to Yaqui Indians... Yaqui Indians... We're a friendly bunch, come visit.

The G.L.C. encourages self awareness, knowing of your history and inner growth for strength.

Dedication

Dr. Raúl Cárdenas, Founding President;
B.A., St. Mary's University; M.Ed., University of Texas - El Paso; Ph.D., University of Arizona.

In 1979, Dr. Raúl Cárdenas broke ground on a small college, with what is surely the biggest heart in the entire country. When Dr. Cárdenas, our founding father, opened the doors to South Mountain Community College, he made a commitment to quality education. In an atmosphere filled with loving support, he was-and is-an advocate for the full development of each student who walks through its doors. This commitment is apparent as South Mountain Community College continues to open doors to a diverse and dynamic student populace.

The student populace at South Mountain Community College has expanded rapidly, far surpassing earlier expectations for the college. This growth can be attributed to the continued commitment of Dr. Cárdenas and his administration, and the many innovative programs at South Mountain Community College. Programs such as Project Diploma ACE Program (Achieving a College Education), Library Outreach Program, and MSIP (Minority Science Improvement Project) are focused on the needs of our diverse multicultural community. Dr. Cárdenas and his administration have successfully completed the bridge between the community and higher education.

The Associated Students of South Mountain Community College, Guadalupe Learning Center and Ahwatukee Learning Center fondly dedicate this first yearbook to our beloved President, Dr. Raúl Cárdenas, Spring 1992.
