Welcome to the 2020-2021 South Mountain Community College!
It is with great pleasure that I welcome you to South Mountain Community College (SMCC). As the South Mountain Community College mission statement suggests, we promote student success through academic programs and students support initiatives.

Whether you are graduating high school, climbing the career ladder, seeking new skills or trying to discover your path, South Mountain Community College is committed to your success. This catalog was created to be a valuable resource for you. Refer to it often to familiarize yourself with our programs, classes, policies and services.

Since its founding in 1978, SMCC has proudly served the communities of south Phoenix, Ahwatukee, Chandler, Tempe, Guadalupe and Laveen. In 2013, a new partnership was created with the Gila River Indian Community, and we continue to serve the community members on the Reservation with programming that integrates Native traditions and cultural elements.

The faculty and staff at SMCC care deeply about your individual success. As a strengths based institution, we are dedicated to helping you determine and understand your own personal strengths, and will help you maximize them in the pursuit of your educational and career aspirations. In order to meet your goals, we provide personalized services and engage in active learning that will help you meet your goals.

Whether you are here with plans to transfer to a four-year institution, prepare for a career or enhance your personal or professional skills, SMCC has something to offer you.

Sincerely,

Shari Olson, EdD
President
VISION
South Mountain Community College educates minds, transforms lives, touches hearts, and builds community.

MISSION
South Mountain Community College provides quality higher education for our diverse community. We create a caring teaching and learning environment that fosters student development and supports productive citizenship in an increasingly global and technological society.

Our purpose is to meet these needs by offering:
• General education courses
• Transfer programs
• Occupational education and career development
• Continuing education
• Developmental studies and English as a second language
• Cultural, civic, and social events
• Academic support and student services

VALUES
We are inspired and guided by our core values:
Collaboration: We are inclusive in our relationships with colleagues, departments and community and respectful of their ideas.

Community: We serve our community by recognizing our inter-dependence, celebrating our history, honoring our diverse cultures, and building our future.

Excellence: We model exemplary teaching, learning, service and leadership through continuous improvement, creativity and innovation.

Integrity: We are accountable to the communities we serve and are truthful, sincere, transparent and responsible for our actions.

Wellbeing: We are a college community that encourages and develops social, physical, career, community and financial wellbeing.

South Mountain Community College is a member of the Maricopa County Community College District and is recognized by the Arizona State Community College Board.

South Mountain Community College is accredited by the Higher Learning Commission (HLC)

ACCREDITATION
Accreditation is a review process used in higher education to scrutinize colleges, universities and educational programs for quality assurance and institutional improvement. In 2019-2020 South Mountain submitted an assurance argument, supported by detailed artifacts or evidentiary documents, to the HLC. In February 2020, the college hosted HLC representatives as they engaged in a campus visit to verify claims and validate our continued accreditation.

South Mountain Community College is an active participant in the HLC Open Pathways process for Reaffirmation of Accreditation in 2019-20, having received full reaffirmation by the Higher Learning Commission in 2009. The Open Pathways model is focused on two processes:
South Mountain Community College and the Maricopa Community College District Board reserve the right to change or withdraw, without notice, any of the materials, information, requirements, and regulations stated in this catalog.

• Each year we participate in the Assurance Review process by uploading a variety of materials relevant to its processes that serve as appropriate evidence that South Mountain is pursuing and achieving the five Criteria for Accreditation and the Core Components as determined by the HLC. In 2019-20, we will provide a comprehensive report that references this evidence. The evaluation process concludes with a visit from a panel of peer reviewers.

• The second process is Quality Initiative project that, in our time line, is proposed, approved, conducted and reported between Fall 2014 and Spring 2019. This project is a major improvement effort that “should suit the institution’s present concerns or aspirations.”

HLC ASSURANCE REVIEW CRITERIA

CRITERION ONE – MISSION
The institution’s mission is clear and articulated publicly; it guides the institution’s operations.

CRITERION TWO – INTEGRITY: Ethical and Responsible Conduct
The institution acts with integrity: its conduct is ethical and responsible.

CRITERION THREE – TEACHING AND LEARNING: Quality, Resources, and Support
The institution provides high quality education, wherever and however its offerings are delivered.

CRITERION FOUR – TEACHING AND LEARNING: Evaluation and Improvement
The institution demonstrates responsibility for the quality of its educational programs, learning environments, and support services, and it evaluates their effectiveness for student learning through designed to promote continuous improvement.
Just as nearby South Mountain is a cherished Phoenix landmark, so is its namesake, South Mountain Community College (SMCC). For four decades, the college has been a Phoenix tradition.

SMCC is one of ten colleges in the Maricopa County Community College District. The Maricopa Community Colleges began with one college, Phoenix College, founded in 1920 with 53 students. Today the Maricopa County Community College District is made up of ten regionally accredited colleges, multiple satellite extensions and two skill centers, serving more than a quarter of a million students each year.

The Maricopa County Community College District ranks among the nation’s largest community college systems and is the largest single provider of higher education in the state of Arizona. It is a major resource for those seeking post-secondary education and job training.

South Mountain Community College was created by the Maricopa County Community College District Governing Board on April 16, 1978. Its service area includes the majority of South Phoenix, centered on the Baseline Road corridor, and bordered by the Salt River on the north, Laveen on the west, Tempe on the east, and the Gila River Indian Community and county border on the south.

SMCC was initially accredited by the Higher Learning Commission in 1984, with continued accreditation granted in 1989, 1999 and 2009. Classes were held in area schools and churches while construction was completed on the 98-acre site at 7050 South 24th Street in Phoenix. The college, dedicated in 1980, began offering classes at the new thirteen building campus in 1981.
At that time, the college had about 500 students; today, nearly 10,000 students study here each year. The college has grown steadily, to accommodate its ever-growing student body.

In 1986-87, two new buildings were added to accommodate steady growth in the student population.

A bond election in 1994 provided funding for additional construction at all Maricopa colleges, resulting in the SMCC Technology Center.

That bond also provided funds for the design and construction of the SMCC Performing Arts Center. The PAC houses SMCC’s existing art, music, and liberal arts classes, as well as a 350-seat theater, a 100-seat black box theater, a 75-seat dance studio, scene and costume shops, a dressing room, makeup room, and green room, as well as faculty offices and two multi-purpose classrooms. In 2003, world-renowned poet Maya Angelou performed at its dedication ceremony.

In 2004, another Maricopa Community College District bond was approved by voters, providing funding for a variety of college projects, including acquisition of land for future facilities in Laveen. An upgrade to our popular Guadalupe Center and a new campus building designed for use by Northern Arizona University were also paid for through this bond.

The college also features the award-winning South Mountain Community Library. By partnering with the City of Phoenix, also coming off a successful bond election, Maricopa and SMCC were able to maximize the available funding to design and construct this new jewel of the college’s campus, which opened in September 2011. The library has achieved recognition around the nation and the world for its striking and unique design. Through an inter-governmental agreement, operation is shared between SMCC and the City of Phoenix, providing a truly extraordinary educational resource for students and the community.

Now celebrating its 40th anniversary, South Mountain Community College looks forward to many more years of quality service to its community, and helping all area residents seeking education and training to improve their lives to “climb higher!” “Estamos Aquí!” “We are Here!”

What is Student Recruitment?
Recruitment Specialists engage in high school, community, and campus outreach to provide information to outreach to prospective students on college resources, programs, and services, with a special emphasis on guidance and support throughout the enrollment process.

How does a prospective student or community member receive information regarding South Mountain Community College and/or Maricopa County Community College District (MCCCD) programs and services?
Now that SMCC has embedded College Advisors in 3 of the Phoenix Union High School District within SMCC’s service area (The Academies at South Mountain, Betty H. Fairfax HS and Cesar Chavez HS), these students can meet with their SMCC representative on site and they will assist the students and parents throughout their steps of enrollment. Other prospective students and community members can visit our website at southmountaincc.edu/recruitment/.

To receive more information or for a representative to contact you, please complete the Student Contact Form at southmountaincc.edu, select REQUEST INFORMATION (top of screen).
What type of programming and services do Recruitment Specialists offer?
Recruitment Specialists facilitate College Previews, Introduction to College Workshops, Admission Workshops (Wednesdays) and Campus Tours (Monday/Wednesday) to prospective students and community members to introduce them to College and MCCCD programs and services. Recruitment Specialists establish, foster, and maintain campus and community partnerships and collaborations to create experiences support student’s transitions to successful college careers.

What is High School Recruitment?
The Maricopa County Community College District Recruitment Program has established the following goals for High School Recruitment:

- Provide high school staff, students and families with consistent information and greater levels of service.
- Increase number of students who matriculate to MCCCD.
- Strengthen high school relationships with students, staff, teachers, and administrators.
- Provide clear academic pathways for students.
- Support students with navigating the college experience and processes more efficiently.
- Increase the levels of service with regular visitations that assess student needs in preparing for college.

The student experience will be enhanced to help students choose the right college, with the right program, at the right time.

- Build and foster stronger relationships with college recruiter(s) year-round
- Receive support in navigating the college enrollment processes
- Connect to college recruiter(s) for communication and follow-up
- Have access to college preparation workshops

What is the Recruitment Cougar Scholarship?
The Recruitment Cougar Scholarship is a one-time scholarship opportunity for current or incoming students to South Mountain Community College. Applicants have worked with a SMCC Recruitment Specialist and are registered for the upcoming semester. Applicants have demonstrated financial hardships and are eligible to submit a Free Application for Federal Student Aid (FAFSA). The one-time scholarship usually covers tuition and registration fees for one course in the upcoming term, or it can be applied as a book scholarship or honorary stipend for a Cougar Ambassador.

I am a first-time college student who wants to earn a degree, what are my enrollment steps?
*Create a plan to pay for college. Start by completing the Free Application for Federal Student Aid (FAFSA) at fafsa.ed.gov.

Step One – Get Admitted
Create your MEID online and complete the Student Admissions Application or go in person the Admissions, Records, and Registration to apply for admissions.
1. Provide proof of identity to the college at which you applied.
2. For tuition purposes, verify your residency status by providing a government issued ID.
3. Submit prior education (if applicable) i.e. High School and/or College/University official transcript.

Step Two – Determine Placement
Our college utilizes multiple options to determine college course placement for students:
- High School Transcripts, OR
- GED scores, OR
- ACT scores, OR
- Placement Test (Accuplacer)
- maricopa.edu/testing
- Prepare for the Accuplacer test by reviewing the sample questions at: maricopa.edu/testing.
- Placement test will ensure appropriate level of
- The Placement Test is not a pass/fail exam.
- The Placement Test is untimed and FREE.
- Bring your government issued photo ID on the day of testing

Step Three – Seek Academic Advisement and attend New Student Orientation
- Advisors will help with identifying courses and creating an Educational Plan to meet your academic goals.
• An advisor will review your placement test scores, your educational pathway, and will map out your first semester at SMCC.
• An academic advisor will sign you up for New Student Orientation; during your New Student Orientation session, you will register for classes.

**Step Four – Pay Tuition and Fees**
• During New Student Orientation, you will register for classes, learn your tuition balance, your tuition due dates, and your tuition refund deadlines.
• Tuition is due about prior to the first day of the class.
• Monitor your Student Center for current balance and pay on or before the due date.
• Explore paying for college at: maricopa.edu/ paying for college.
• Ensure that your Financial Aid file is complete by the Priority Date (usually July 1 for a Fall semester and November 1 for a Spring semester),
• If your Financial Aid file is not complete by the tuition deadline, enroll in the online Payment Plan in order to be held in your classes: my.maricopa.edu/how-pay/payment-plan

**About the Department of First Year Experience**
Every academic year, South Mountain Community College engages students who are new to college and who have declared an intent to earn an Associate’s degree or to transfer to a university. It is important that the college has systems in place to prepare students to enter and to be successful in a program of study and to participate in the college learning environment.

The Maricopa County Community College District (MCCCD) has organized degree and certificate options into nine (9) Fields of Interest (FOI) to help students clarify their career path and connect to their learning community.

The Department of First Year Experience (FYE) strives to create an educational environment that connects first-time college students to their Field of Interest (FOI), as well as the people (staff, faculty, and administrators), resources, and services to promote student success. The department's signature program is New Student Orientation (NSO), a celebratory and welcoming experience that honors a student's choice to begin an academic journey at South Mountain Community College.

**About Women Rising**
https://my.maricopa.edu/support/women-rising

Women Rising is a student success and community based program for women of color. Students involved in the Women Rising program participate in activities that promote: Empowerment, Engagement, Success, Leadership, and Sisterhood.

**Women Rising provides opportunities that support student success through:**
• Bi-Weekly Chapter Meetings
• Networking
• Academic and Career Workshops
• Professional Development
• Cultural Events and Activities
• University Transfer Support
• Leadership Events
• Mentoring
• Campus Resources

**What is the Student Success Initiative (SSI)?**
The Maricopa County Community College District's (MCCCD) Student Success Initiative (SSI) originated as a pilot project (known as the Student Success Pilot or iStart Smart) in 2008. The guiding principles for this initiative were to develop, implement, and sustain systemic student success strategies.
across Maricopa Colleges to impact student retention, persistence, and degree completion. The project incorporated a selection of recognized best practices for community colleges.

The Maricopa experiences for the SSI cohort include the following activities prior to (or during) the first semester of enrollment: placement testing in reading comprehension, English composition, and mathematics; academic advising prior to the first semester of enrollment; New Student Orientation (NSO) prior to the first semester of enrollment; and additional measures for developmental students, including beginning developmental course sequences during the first year, and enrollment and successful completion in a college success course (AAA115 (1-credit)/CPD150 (3-credit). SMCC has required the college success course for all students who meet the SSI cohort criteria, regardless of placement. Effective in the 2013-2014 academic year, the experiences outlined in the SSI were made mandatory in District policy in the common catalog pages.

In 2013 SMCC adopted an integrated NSO format that incorporates orientation, group advising elements, and first semester registration. These sessions are facilitated throughout the academic year and coincide with open enrollment periods for new students.

Who falls into the SSI Cohort?
The current (AY 2020-2021) MCCCD SSI cohort is made up of all students who are new to higher education and who have a degree (not a certificate except AGEC) or transfer intent. Students are considered new to higher education if they are recent high school graduates or are new to the Maricopa Community Colleges, and have no previous higher education experience.

What is New Student Orientation?
New Student Orientation is an in-person experience designed to connect new students to the campus community by equipping them with awareness of support services, programs, and expectations in college. During New Student Orientation at South Mountain Community College (SMCC), students will:
• Learn tips on navigating the campus, succeeding academically, and getting involved in campus life
• Recognize departments and services that can assist them in achieving success
• Meet other new students
• Explain the importance of setting and monitoring educational, personal, and career goals
• Gather information about campus support services and other on-campus events
• Get to know Student Success Ambassadors and learn about life as a SMCC Cougar
• Receive helpful information on Financial Aid, important dates and deadlines, and campus policies
• Utilize technology applications and resources essential to student success, including the Student Center, Official Student Email, and “Find a Class,” the online course catalog
• Enroll in courses for the upcoming term
• Obtain their official student identification cards

The Disability Resources & Services (DRS) Office representatives coordinate the provision of reasonable accommodation for qualified students with disabilities. Reasonable accommodation is the provision of an auxiliary aid, device, or adjustment to the course or program that will allow access to the educational program, material, activity or degree. All accommodations are provided on a case-by-case basis. Any student requesting accommodation must begin the process by:
• Informing the institution of any accommodation needed within a reasonable time frame
• Creating an online application and providing appropriate documentation of his/her disability
• Meeting with the DRS representative to review his/her needs and complete an DRS new student orientation to review his/her rights and responsibilities under the ADA
• Selecting identified accommodations
• Meeting with all course instructors to review or discuss his/her accommodations.

Guidelines for documentation for any requested accommodations are available through the DRS office or by visiting the Maricopa County Community College website at: district.maricopa.edu/regulations/admin-reggs/section-2/2-8

FINANCIAL AID OFFICE
General Information
The Financial Aid Office at South Mountain Community College is designed to provide financial assistance to eligible students from federal, state, institutional and private sources of funding. Awards are made on the basis of financial need. Need is the difference between the cost of attending SMCC and the resources an applicant has available. Those resources include, but are not limited to, the following: expected parental contribution, student contribution (through savings and employment), or other resources available to the student and his/her family.

In order to assess need, all applicants must submit financial information concerning themselves and their parents if applicable. The information is submitted by a Free Application for Federal Student Aid form (FAFSA). Students are encouraged to file this application through www.FAFSA.gov. The Financial Aid Office uses this information to determine need and eligibility after verifying the information. Financial assistance may be provided in the form of grants, scholarship, loans, and employment offered singularly or in some combination, depending upon the level of financial need, and various eligibility criteria.

ATTENTION: Only those with a lawful presence in the U.S. may qualify for federal financial aid. For details regarding Residency and Citizenship Information requirement please visit https://district.maricopa.edu/consumer-information/residency/faq/residency. In assessing an applicant’s need, all available resources are subtracted from the budget.

For example:
Academic Year Budget (commuter), which includes tuition, fees, books, living and travel allowance, as well as personal: $15,526 minus Parent’s Contribution of $2,000; minus Student’s Contribution of $1,000 = Financial Aid Eligibility (need) $12,526.00

How much does it cost to attend SMCC fulltime? The direct cost of attendance annually is approximately $1,047 for tuition for full-time students and $600-$800 for books. The total cost for the 2019-20 academic year may vary from $6,229 to $20,350, depending on residency and tuition status, books, and supplies, room and board, travel and personal expenses.

Priority Deadline
The FAFSA application opens in October for the following year. The priority filing date for SMCC financial and applicants is as soon after October 1 for the following Fall semester, i.e. FAFSA.
STUDENT SERVICES AND SUPPORT

opened October 1, 2018, for the upcoming 2019-20 academic year. The earlier a student applies for aid, the better his/her options are for obtaining funding. Students are encouraged to complete their process in its entirety, including all To Do items in their Student Center (my.maricopa.edu/) by June 1 to avoid any delays, such as receiving a Book Advance fund prior to the start of the term.

Financial Aid and Student Responsibilities Prior to receiving any source of financial aid, the student is required to: (1) Successfully complete academic assessment testing; (2) Enroll for those classes that apply to a specific program of study leading to a degree or certificate; (3) Have a student service specialist approve a specific major course of study (degree objective); (4) Maintain satisfactory progress each semester, which requires successful completion of 2/3 of attempted credits with appropriate catalogue GPA; (5) notify the Financial Aid Office and Business Services Office of withdrawal from school; repay any debts as stated on any promissory note signed by the student; and meet other requests and requirements established by the Financial Aid Office not expressed here.

Payment of Award The Cashier's Office is responsible for processing and distributing all funds. For the fall (August-December) term, students who have met the priority date of June 1 (FAFSA completed and all requested documents submitted to the Financial Aid Office), can expect to be held in their classes and awarded financial aid by or around the start of the regular fall semester. Approximately two weeks after classes begin, tuition and fees will be subtracted from financial aid funds automatically by the Cashier's Office. Once the semester balance has been paid in full, a request will be generated to NelNet (Maricopa's Student Refund Program) to issue a refund to the student for any remaining funds with the exception of student loans, which may have delayed disbursement dates. Students are encouraged to review their email messages from Maricopa in their Student Center for important Financial Aid messages, such as how to sign up for Maricopa Refunds through NelNet.

For the spring (January-May) term the priority date is November 1, if student is attending only the spring term; otherwise, students are awarded for fall and spring terms. For the summer (June-July) term, the priority date is April 1. Summer awards are reviewed and awards are based off of enrollment and eligibility.

Students not meeting the priority dates stated above may be considered late and will be processed in as timely a manner as feasible but must set up a Payment Plan to be held in their classes through the Cashier's Office.

BOOK ADVANCE PROGRAM
The Book Advance Program provides cash advance refunds to qualified students who have been awarded and have accepted their financial aid awards. Eligible students are able to receive Book Advance funds approximately nine days prior to the beginning of classes (some exceptions may apply), IF they have an award credit beyond owed tuition and fees. Students are allowed to purchase books and supplies with their advance refund at on-campus bookstores, a neighborhood bookstore, or online. For more information, go to:
my.maricopa.edu/financial-aid/book-advances

NOTE: The amount of cash the student is to receive is determined after the financial obligations to South Mountain Community College are deducted. Balance of remaining financial aid funds due to the students are typically released two weeks after the start of the semester. Students who enroll entirely in late-start classes will have a late disbursement date. More information about the application process, students' rights and responsibilities, enrollment requirements, verification and academic progress policies, refund policies, and summaries of various state, federal, and local aid programs are at: https://www.southmountaincc.edu/paying-college or by calling the Maricopa Financial Aid Answer Center at 1.855.622.2332.

South Mountain Community College enjoys excellent relations with its neighbors and maintains a highly visible College Police Unit. The College Police at SMCC are committed to providing a professional service for the students, staff and guests who attend, work, or visit our teaching and learning community.

We strive to ensure that our campus environment is safe, accessible, cheerful, and conducive to academic achievement.

The College Police staff consists of a diverse group of AZPOST certified police officers, Securitas; a private Security firm, and other office-support personnel. To decrease the chances of crimes occurring within the campus community, everyone’s cooperation and vigilance is needed. All members of the campus community are encouraged to immediately report all suspected crimes, unusual or suspicious activities, and emergencies to College Police.

SOUTH MOUNTAIN COMMUNITY LIBRARY
SMCL website: http://smclibrary.org SMCC college resources: libguides.southmountaincc.edu/home 602.243.8194

The South Mountain Community Library (SMCL) is an integrated, shared-use library comprised of the academic library for SMCC and a branch of the Phoenix Public Library System. The purpose of the SMCL is to provide instructional, informational, and recreational resources and programming to meet the needs and interests of our college and community. SMCC students will find all of the resources necessary, including e-books 60+ databases, to support their curriculum and research needs, and will use their student ID cards to access materials. Community members are welcome to get a free Phoenix Public Library card.

Library faculty assist students with their research through classroom instruction, one-on-one instruction at the reference desk, and during scheduled faculty office hours. College librarians, in consultation with SMCC faculty, provide instruction in library skills, research, and information literacy to classes. This may be scheduled by faculty by calling the library or filling out an online request.

Students have access to supplementary classroom materials and some textbooks through the SMCC Reserve Collection, housed on the 2nd floor of the Library.

Here are some ideas that will help you succeed in college:

Have clear goals
College success requires commitment and a lot of hard work. You must be certain about the importance of a college education. • Work with your academic advisor on a regular basis to set your course and stay on the path.
• Be clear about why you are going to college.
• Establish specific goals you wish to accomplish.
• Understand what it will take to reach these goals.
• Be certain your goals are consistent with your interests and abilities.
• Be flexible - change your goals if needed based on your experience as you progress through college.

Get financial aid if needed
College can be expensive. Even if you attend a public college or university and live at home, you still must pay for tuition, fees, and books. There are many sources of financial aid that can help you meet the high costs of college. These options may include federal financial aid (grants and loans), Maricopa Foundation scholarships, other private scholarships, or tuition reimbursement programs from your employer. Become aware of and pursue these sources.
• Consider all possible sources of financial aid in addition to your college's financial aid office.
• Meet all deadlines for submitting applications and documentation.
• Check your My.maricopa.edu “Message Center” often for important messages and updates.
• Respond quickly and completely to all requests for additional information.
• Be persistent in following up on your FAFSA or scholarship application.
• If you do receive financial aid, meet all requirements to keep and continue your aid.

Manage your money
There are many ways to spend money in the college setting for reasons other than education purposes. Take steps to ensure that you do not spend the money set aside for your college education unnecessarily.
• Set a budget and keep to it.
• Be careful about your use of credit cards.
• Don't overspend.
• Pay balances promptly to avoid high interest costs.
• Open a checking account and carefully monitor your balance.
• Keep your cell phone under control.
• Attend a Financial Literacy workshop on campus.

Stay physically and emotionally healthy.
• You will need to be at your best to succeed in college. This means taking care of your body and maintaining a good frame of mind.
• Get enough sleep.
• Don't rely on coffee and drinks that contain high doses of caffeine to provide you with energy. Foods such as pasta, peanut butter, non-sugar cereals, and fresh fruit are healthy alternatives to provide the energy you need.
• For a quick snack, stop by Gabe's Pantry in the Student Union.
• When needed, use the services of the counseling office. The professionals there can help you overcome feelings of loneliness, depression, and anxiety

Work with your advisor
• As a student you may connect with a faculty or professional advisor to help you with both academic and career issues. It is up to you to get the most out of this guidance.
• Know your advisor's office location, schedule of office hours, and contact information.
• Schedule an appointment with your advisor any time you have problems that affect your academic performance.
• Consider your advisor's ideas when selecting your major or at any time you are considering changing your major or career goals.
• When meeting with your advisor, be prepared before each session and actively participate in the discussion.

Make good use of the library and tutoring services
You are going to spend a lot of your time in college at the library. Take full advantage of this major resource.
• Get to know the resources of the library.
• Use the available computers and other services to help you be successful.
• Regularly visit the Tutoring Center for help throughout the semester.

Get involved in campus life
There is a lot more to college than just classes. A college campus is an exciting, dynamic environment that can provide you with many opportunities for enhancing your college experience.
• Join a student club or organization that is consistent with your interests.
• Join a club in your major. This can help you in your studies and provide contacts that may be very useful in your future career.
• Join an athletic team. This is a great way to keep yourself in good physical shape and make new friends.
• Attend social events on campus. The college campus offers many different opportunities to learn and grow.

The Maricopa County Community College District (MCCCD) uses multiple placement options to determine college course placement for students.

The Department of Testing Services at South Mountain Community College is committed to helping students maintain momentum in the enrollment process through information on the course placement model using Multiple Measures.

In addition, Testing Services staff administer college level placement, academic, and Combined English Language Skills Assessment (CELSA) exams with an emphasis on accuracy, efficiency, and effectiveness.

The Testing Center at South Mountain Community College provides placement testing (ACCUPLACER), Combined English Language Skills Assessment (CELSA), and academic testing services.
STUDENT SERVICES AND SUPPORT

Testing Services staff collect high school GPA, GED, SAT, and ACT scores and enter this information in the Student Information System (SIS) to support course placement for students. For students who do not have eligible high school GPA, GED, SAT, ACT, or ACCUPLACER scores, Testing Services staff educate students on the Maricopa EdReady Diagnostic Assessment at maricopa.edready.org.

Test administration standards have been developed for the Maricopa Community Colleges in compliance with the Arizona Association of College Testing Administrators (AZACTA) and the National College Testing Association (NCTA) guidelines. These standards have been developed to ensure students are treated equitably and fairly.

TRIO STEP (STUDENTS TRANSFER WITH EDUCATIONAL PREPARATION)

The STEP Program is sponsored by South Mountain Community College and is 100% federally funded through a grant from US Department of Education TRIO Programs totaling $1,100,000.

Offers qualifying students a learning community and strong academic support system, designed to assist them in their transition to college. The primary goal is to increase the retention and graduation rates of participants who commit to transferring to four-year universities and colleges, by providing opportunities that improve their access to higher education.

STEP participants involved in:

• Tutoring
• Specialized advising
• Mentoring sessions
• Cultural enrichment programs
• 4-year college visits

To qualify for the STEP program, students need to be classified as meeting one of the following requirements:

• First generation college student (neither parent has completed a four-year degree)
• Meet federal income guidelines
• An individual with a documented disability

Why choose STEP?
The program provides qualifying students with:

• One-on-One Academic Advising
• Cultural Enrichment
• University Tours
• Workshops (Career, Transfer, and Personal Development)
• Application Fee Waivers
• Calculators, Tape Recorders, and Laptops (Available for student borrowing)

Eligibility Criteria:

To be eligible for STEP, a student must be a first generation college student, low income, or disabled, and committed to transferring to a four-year institution.

• Be a full-time student (12 units or more),
• Maintain a 2.5 grade point average or better,
• Be a US Citizen or National of the United States or meet the residency requirements for federal student financial assistance,
• Submit a completed application to the TRIO Office.

For an Application Form or additional information, please contact our TRIO office at 602.305.5676 or visit us in the Student Union (SU 105).

TRIO UPWARD BOUND

SMCC’s Upward Bound is federally funded through the U.S. Department of Education. Upward Bound provides support to low-income high school students; students whose parents have not completed a bachelor’s degree; and low-income and/or first-generation students, as they prepare to enter college.

Students are provided instruction in mathematics, laboratory science, composition, literature, and foreign languages. Other services include tutoring, counseling, mentoring, cultural enrichment, SAT/ ACT preparation, and work study programs.

In addition, students have the opportunity to participate in a one-week residential experience on a four-year university campus. Upward Bound students attend SMCC on weekends during fall and spring semesters, and take summer enrichment courses at the SMCC campus.

ACHIEVING A COLLEGE EDUCATION (ACE)

The Achieving a College Education (ACE) program was developed in 1987. South Mountain Community College was the first of the ten (10) Maricopa County Community College District colleges to implement the ACE program. Achieving a College Education Program (ACE) is a nationally recognized program that targets students who may not consider going to college and attaining a bachelor’s degree as an achievable goal. This unique program is specifically designed to help students make a smooth transition from high school to an accredited community college, then moving on to a university in order to complete a bachelor’s degree.

ACE students are high school juniors and seniors currently enrolled in college courses while they are attending regular high school. Throughout these two years, ACE students take classes on the SMCC campus in order to experience and acclimate to a college environment in a real-time setting.

Classes meet during the regular summer sessions and every Saturday during the fall and spring semesters. Upon graduating from high school, an ACE student may earn up to 24 transferable college credits.

The SMCC ACE Program was established in 1987 and was the first ACE Program in the Maricopa County Community College District. Besides attending classes, ACE students and their families participate in an orientation and a series of ongoing activities and events such as financial aid workshops designed to keep them informed and connected throughout the two years.

It is important to recognize that ACE students enrolled at one of the Maricopa Community Colleges are considered college students with all the corresponding rights, responsibilities, privileges and benefits.

Once an ACE prospective student has been accepted into the program the student and their families participate in an orientation and a series of activities and events. These events ranged from workshops designed to keep them informed and connected during their two years with ACE. These workshops focus on such issues as financial literacy, 7 Habits of Highly Effective Teens, Transfers Information, Personal Essay, Plagiarism, Note taking and Time Management. http://www.southmountaincc.edu/early-college/

ALLIED HEALTH BILINGUAL NURSING FELLOWSHIP PROGRAM (BNFP)

The Bilingual Nursing Fellowship Program (BNFP) is designed to increase the number of highly qualified nurse graduates who speak, read and write English and Spanish fluently.

BNFP is collaboration between South Mountain Community College, Phoenix College, Gateway Community College, and Arizona State University. It is anticipated that each Fellow will complete an AAS in Nursing and obtain a nursing license within three to three and a half year after acceptance into the program, once all requirements are met.

AMERICAN INDIAN STUDENT CENTER (AISC)

Imagine educational success through family and culture. South Mountain Community College would like to achieve this vision through the development of our American Indian Student Center, a multicultural program that encompasses a culturally-relevant approach to foster outreach and retention of American Indian students. The primary goal for the AISC is to establish and coordinate programs/activities including: Outreach, Support Services, and Student-Centered Programs.

Outreach. The primary focus of AISC is to provide intimate and extensive collaborative efforts with Tribal Communities and local community-based organizations. As a collaborative team, the partnership will coordinate to provide support for the students and their families.

Support Services. Through a sense of community, students will receive specialized and specific support services to empower American Indian students to experience academic success. Students can receive specific services such as: Advisement, Counseling, Disability Resource Services, Financial Aid, Tribal Scholarships, Mentoring and Tutoring.
EARLY OUTREACH PROGRAMS

ENGLISH AS A SECOND LANGUAGE (ESL)
Dr. Steven Fountaine
602.305.5648

The intensive English Program at SMCC is intended to prepare students for the world of work as well as for a college degree program. It also allows qualified students to earn college credit while learning English as a Second Language. Classes are designed to reinforce and build on one another and our wide range of support services will help you achieve your goals. English as a Second Language Program has been in existence for over 25 Years.

Experienced faculty with advanced degrees provides instruction for four levels of ESL courses. Our class size is small to ensure attention to the student and free tutoring and other academic support services are available.

An applicant for admissions to the Intensive English must complete the application process as set forth by the Maricopa County Community College District policy. Admission forms and application are online or simply contact the Admissions and Records Office of SMCC. Tuition will vary according to classification of student's status. For more information on cost please contact either the Admission and Records Office or the Business Services Department (Cashiers).

FITNESS CENTER

The Fitness Center offers a personalized fitness program for individuals 16 or older and of all level of ability. The facility has an extensive selection of cardiovascular and strength training equipment and is staffed with Fitness Center technicians at all times who provide the necessary attention and expertise required for safe and effective exercise sessions. New members are required to attend an orientation which includes a health assessment and instruction on proper use of the equipment; and then they may attend the center at any time during hours of operation.

It is the goal of the Fitness Center to be an educational source for wellness, and fitness related information. The Fitness Center can be accessed as an academic course, or on a membership basis. The center also participates in several local health fairs each year.

HIGH SCHOOL DUAL ENROLLMENT
602 872-7756 southmountaincc.edu/early-college/
South Mountain Community College partners with several valley high schools to offer dual enrollment credit for academic and occupational classes. Dual enrollment courses are held on high school campuses and are taught by high school instructors who have met community college hiring qualifications. Registration is coordinated on the high school campus. Through dual enrollment we strive to ease the transition from high school to college and to increase the number of college-bound high school students in our community.

HONORS PROGRAM

The Honors Program provides students the opportunity to elevate their academics and become more competitive when transferring or moving into the workforce. Students can complete in-depth academic research, take classes with like-minded individuals, attend lectures and conferences and receive honors credit on their transcript. Many of the Honors students at South Mountain Community College have various leadership roles within the college, participate in athletics, or work on campus.

Other benefits of participating in the Honors Program include eligibility for special Honors Foundation scholarships, scholarship recommendations, and provisional membership in Phi Theta Kappa, the International honor society for the two-year colleges. Honors students who are graduating from SMCC are also eligible to be an Honors Program Graduate. To be an Honors Program Graduate students must be graduating from SMCC with 15 credits of Honors classes, have a cumulative GPA of 3.5 or higher, and complete all of their required co-curricular events. Honors Program Graduates are provided with a medallion to wear at commencement and receive a special designation in the commencement program.

Eligibility

The Honors Program is open to all recent high school graduates and continuing students that meet the eligibility criteria. Students entering directly from high school (within two semesters of graduating) can apply for the President's' Honors Scholarship, which covers 15 credits of in-state/ in-county tuition per semester for up to four semesters, as well as the $15 registration fee. Eligibility for the President’s’ Honors Scholarship is based in part on a student’s high school academic performance and college placement test scores.
Continuing students can apply for the Honors Achievement Award and must have completed a minimum of 12 college-level credits within the Maricopa College District with a cumulative GPA of 3.25 or higher. The Honors Achievement Award, which is provided after the semester ends, is based on the total number of credits completed.

For more information about the Honors Program or to request an application, students can stop by the Honors Office (SS-105), call (602) 243-8122, or email honors@southmountaincc.edu.

HOOP OF LEARNING (HOOPS)
602.243.8340
southmountaincc.edu/early-college/hoopoflearning/

South Mountain Community College offers high school students who plan to pursue a college degree two pathways, a two-year Dynamic Learning Teacher Education and General Studies program. Enrollment in these degrees includes guaranteed acceptance of transfer courses to a four-year Arizona institution, and possible internship experience. The Summer Hoop of Learning program is designed to provide American Indian students in grades 9-12 the opportunity to earn college credits while in high school. The program will consist of a five-week summer session offering one orientation course, an academic course and one elective course, preparing the students to enter into their first college semester. In partnership with the Phoenix Union High School District, selected students will receive scholarships for tuition, books and assistance for transportation.

Selected applicants are required to complete the Accuplacer placement test in reading, English, and math in the Student Enrollment Services (SES) center at South Mountain Community College. Student test scores will determine appropriate placement in academic courses. In addition, South Mountain Community College will host a student/parent orientation and registration session and a financial aid seminar for graduating seniors.

Students participating in the program at South Mountain can complete as many as 24 college credits that transfer to the three Arizona Universities.

INTERNATIONAL EDUCATION

Opportunities for International Students at SMCC Services at South Mountain Community College promotes global awareness among students, faculty and staff, advises the college community about college issues related to various services needed by international students and visitors, and assists in the development of study abroad opportunities for students and staff.

International Education Services at South Mountain Community College is made up of the International Education Office, the International/Intercultural Committee and the Study Abroad Program. The aim of the IES Office is to create and maintain a civil campus environment that values diversity. In addition, the IES Office presents the campus community with a wide variety of events/projects that will increase the student knowledge of culturally different groups and maintain cultural sensitivity and visibility throughout the campus. In particular, the IES Office aids in recruitment and increased enrollment of international students, supports an international student club (International Friends), works closely with the English as a Second Language program, creates and distributes SMCC information in other languages, supports faculty for international/intercultural projects and supports students with Study Abroad Programs.

The IESO at SMCC offers several educational opportunities for global awareness and sharing for international students. These include:
- International Friends student club (events and activities for international students)
- International Week (fall and spring semesters) promoting global awareness
- English Language Conversation Club (conducted by SMCC native English speaking students and volunteers)
- Festivals with Student Life, highlighting different cultures/ethnicities (Native Americans Heritage Week, African-American Month and Hispanic Heritage Month)
- African, Indian, Islamic and Asian cultural festivals (fall and spring semesters)
- Study Abroad programs for language and cultural development (Spain, Czech Republic and Mexico)
- Guest speakers on cultural and educational themes (art and sciences)
- International storytelling
- Tutoring in all subject areas, especially English
EARLY OUTREACH PROGRAMS

PERFORMING ARTS/FINE ARTS PROGRAM
The South Mountain Community College Performing Arts and Fine Arts department is the home to Music Performance, Music Business, Art, Dance, and Theatre programs. The Music and Dance programs offer transfer-level courses and performance opportunities. The Music Business, Art and Theatre programs offer degrees and certificates. The Performing Arts/Fine Arts classes are available to all students and many do not have a prerequisite. However, students are required to audition for performance classes. In some cases, scholarships are available for students passing the audition.

A student can complete an Associate of Arts degree in Art or Theatre at SMCC. A student may also complete an Associate in Applied Science degree in the Music Business program.

The Performing Arts/Fine Arts department presents performances throughout the year. One of the highlights of the department is the annual Arts showcase where students present their original artwork. The other premier program is the annual performance of excerpts from Handel's Messiah which features the SMCC Community Orchestra and Choir.

If you are interested in completing a degree, transferring to a four-year university or simply want to take a class for personal satisfaction, we have a class to suit your needs.

PHI THETA KAPPA
SMCC's Phi Theta Kappa Faculty Coordinator: Dr. Carol Smith 602.243.8255 carol.smith@southmountaincc.edu

“Your Invitation to Success”: https://youtube/Mrgd2Fgf0Rs

Phi Theta Kappa (PTK) is “the world's largest and most prestigious honor society for two-year college students” (PTK.org). South Mountain Community College's Chapter of PTK, Alpha Eta Delta, was chartered in 1982. SMCC's chapter has earned distinction among more than 1,285 chapters around the world.

According to the PTK International website, “the mission of Phi Theta Kappa is to recognize academic achievement of college students and to provide opportunities for them to grow as scholars and leaders.” PTK members engage in leadership development, travel to honors seminars and conferences, collaborate to provide service to campus and community, and support each other through fellowship and social activities.

There are many benefits to membership in PTK, including scholarship opportunities, free enrollment in CollegeFish.org, opportunities to develop leadership and service skills through participation in chapter projects, acknowledgement of membership on transcripts and graduation diploma, personal letters of recommendation for scholarships or employment, networking opportunities with over three million student scholars and alumni, and more. Applications for the fall ALL-USA Community College All-Academic Team and the prestigious Guistewhite Scholarship are available online and through the Honors Office.

Membership is extended by invitation to students after completing 12 credits at SMCC with a cumulative grade point average of 3.5 or higher. Please contact your PTK Faculty Coordinator(s) or a student officer for more information.

SI SE PUEDA PARTNERSHIP
Rosa Cota 602.243.8225 rosa.cota@southmountaincc.edu

SMCC established a partnership with Si Se Pueda Foundation in 2014. SMCC offers annual mixers to present the partnership/program to surrounding elementary and feed schools within the South Mountain Village.

The purpose of the program is to advocate nonviolent conflict resolution amongst all youth regardless of gender, ethnicity, religion or creed by increasing positive behaviors through community service, educational/recreational activities, and by encouraging parental involvement in the lives of their children through parent/teacher and community meetings.

In the first year of our partnership, SMCC has reached out to 250 students from our charter High School (AAEC), South Mountain High School and Betty Fairfax High School. In our second year we focused on students in the 8th and 9th grade. During our third year of our Si Se Pueda partnership, SMCC plans to reach out to 7th and 8th grade students.
THE STORYTELLING INSTITUTE
The South Mountain Community College Storytelling Institute is at the center of a community of storytellers who gather to tell and hear stories of all kinds. The Institute offers foundational and advanced classes in storytelling as part of a program that leads to an Academic Certificate in Storytelling. These classes are open to anyone interested in storytelling and most have no prerequisites. Members of the storytelling faculty, storytelling students, and community storytellers also offer storytelling events throughout the year.

Storytelling is an art form that enriches the community and promotes cultural understanding for adults and children alike.

Students, faculty and staff tell personal and family stories or folktales that offer insight into cultural heritage or the human condition. Storytelling is applicable to careers in education, human relations, and any other areas where multicultural sensibility is vital.

The Storytelling Institute offers monthly workshops, numerous concerts, including the fall Myth Informed series and the spring Folktales for Grownups series, plus an annual festival which feature workshops and performances by nationally known tellers, local tellers and student storytellers.

Students may earn a 30-credit hour Academic Certificate in Storytelling through the Program in Storytelling.

STEP participants involved in:
• Tutoring
• Specialized advising
• Mentoring sessions
• Cultural enrichment programs
• 4-year college visits

To qualify for the STEP program, students need to be classified as meeting one of the following requirements:
• First generation college student (neither parent has completed a four-year degree)
• Meet federal income guidelines
• An individual with a documented disability

Why choose STEP?
The program provides qualifying students with:
• Priority Registration
• Free English & Math Tutoring
• College Orientations
• Financial Aid Assistance
• One-on-One Academic Advising
• Cultural Enrichment
• University Tours
• Workshops (Career, Transfer, and Personal Development)
• Application Fee Waivers
• Calculators, Tape Recorders, and Laptops (available for student borrowing)

Eligibility Criteria:
To be eligible for STEP, a student must be a first generation college student, low income, or disabled, and committed to transferring to a four-year institution.
• Be a full-time student (12 units or more),
• Maintain a 2.5 grade point average or better,
• Be a US Citizen or National of the United States or meet the residency requirements for federal student financial assistance,
• Submit a completed application to the TRIO Office.

For an Application Form or additional information, please contact our TRIO office at 602.305.5676 or visit us in the Student Union (SU 105).
TRIO UPWARD BOUND
SMCC's Upward Bound is federally funded through the U.S. Department of Education. Upward Bound provides support to low-income high school students; students whose parents have not completed a bachelor's degree; and low-income and/or first-generation students, as they prepare to enter college.

Students are provided instruction in mathematics, laboratory science, composition, literature, and foreign languages. Other services include tutoring, counseling, mentoring, cultural enrichment, SAT/ACT preparation, and work study programs.

In addition, students have the opportunity to participate in a one-week residential experience on a four-year university campus. Upward Bound students attend SMCC on weekends during fall and spring semesters, and take summer enrichment courses at the SMCC campus.

CERTIFICATE OF COMPLETION IN CLOUD COMPUTING (5141N) CREDITS: 2
CHAIRPERSON: STEPHEN HUSTEDDE
DIVISION OF MYCAREER, LIBRARY AND CENTER
FOR TEACHING & LEARNING (MCLCTL)

DESCRIPTION: The Certificate of Completion (CCL) in Cloud Computing builds the practical knowledge and skills of cloud computing. Cloud computing provides reliable, scalable, secure, and flexible technology solutions for personal and business use. This CCL will introduce students new to or interested in cloud computing to the fundamental concepts of cloud services as well as hands-on opportunities to apply these concepts to real-world applications. Students with the requisite experience in the field who complete this CCL can pursue employment in a variety of information technology jobs. This CCL also helps to prepare students for the AWS Cloud Practitioner certification, which is the first level of the AWS certifications.

PROGRAM NOTES:
This program is not eligible for Title IV Federal Financial Aid.
This Certificate of Completion (CCL) is intended for industry professionals with the requisite experience such as database, Linux, information security, networking, programming, and DevOps who are interested in expanding their knowledge in the area of cloud computing to enhance their employment opportunities. Speak to a program director for additional information.

Students must earn a grade of C or better for all courses required within the program.

ASSOCIATE IN APPLIED SCIENCES IN NETWORK AND SYSTEMS ADMINISTRATION (3189) CREDITS: 60-65
CHAIRPERSON: STEPHEN HUSTEDDE
DIVISION OF MYCAREER, LIBRARY AND CENTER FOR TEACHING & LEARNING (MCLCTL)

DESCRIPTION: The Associate in Applied Science (AAS) in Network and Systems Administration program provides students with a solid, hands-on skill set of computer, networking, and internetworking systems technology principles and desktop support. Students gain an understanding of the interaction between microcomputer software and hardware, network and internetworking operating systems software and hardware, local area network administration and management, the use of troubleshooting techniques, troubleshooting hardware and software tools, as well as interpersonal/customer service skills.
Students have the opportunity to specialize in specific information technology areas based on their interests and professional goals and leading to industry recognized certifications through an embedded Certificate of Completion (CCL) including, but not limited to, Desktop (Desktop Support, Computer System Configuration and Support, Computer System Configuration and Support, Network, Computer System Configuration and Support, Security, Computer System Configuration and Support, Linux), Cisco (Cisco Network CCNA, Cisco Network CCNP, Cisco Network CCNA Security), Linux (Red Hat Linux Engineer, Linux Associate, Red Hat Linux Administrator, Linux System Administration), Microsoft (Microsoft System Administration, Microsoft Desktop Associate), and VMware (VMware Network Administrator, VMware Foundations, VMware System Administrator). Graduates may pursue employment in a variety of information technology environments and/or transfer to a university.

**PROGRAM NOTES:**
Students must earn a grade of C or better in all courses within the program.
+ indicates course has prerequisites and/or corequisites.
++ indicates any suffixed courses.

For students considering university transfer consult with an Academic, Program, or Faculty Advisor at the college and/or university transfer partner.

All courses within the Required Courses and Restricted Electives areas are not applicable if taken more than five (5) years prior to the completion of the program. Consult with an Academic Advisor or Program Director for exceptions.

Students may receive credit for courses within the program based on current industry certifications. Consult with an Academic Advisor or Program Director.

**This program replaces:**

CERTIFICATE OF COMPLETION IN CISCO NETWORK ADMINISTRATION AND SECURITY (5036N) CREDITS: 16-19

Chairperson: Stephen Hustedde
Division of MyCareer, Library and Center for Teaching & Learning (MCLCTL)

Description: The Certificate of Completion (CCL) in Cisco Network Administration and Security provides training for those interested in working with Cisco network and Internet hardware with a particular emphasis on securing networks from threats and vulnerabilities. Knowledge and skills are developed to install, configure, and maintain Cisco routers and switches; configure routing protocols, and Local Area Networks (LANs); troubleshoot problems with various hardware and software configurations; perform administrative tasks in a network. Specific skills in maintaining integrity, accountability, and confidentiality of data are also developed. Taught by Cisco Certified professionals using the Cisco Network Academy program curriculum, courses are designed to help prepare students for the Cisco Certified Network Associate (CCNA) and Security examinations. Students who complete this program may seek employment in a variety of environments. An additional Certificate of Completion (CCL) in Cisco Certified Network Professional (CCNP), as well as an Associate in Applied Science (AAS) in Network and Systems Administration, are also available.

Emphasis is placed on preventing, identifying, and mitigating threats to the security of information systems and utilizing the basic tools for information security. This program helps prepare participants for the CompTIA A+, Security+, and certification exams. Students who complete this program may seek employment in a variety of environments. Students can also pursue additional Certificates of Completion (CCLs) in a variety of specializations within the information technology field to deepen their knowledge and skills and help prepare them for multiple industry certification examinations. An Associate in Applied Science (AAS) in Network and Systems Administration is also available.

PROGRAM NOTES:  
This program is not eligible for Title IV Federal Financial Aid.  
Students must earn a grade of C or better in all courses within the program.  
+ indicates course has prerequisites and/or corequisites.  

Students who pursue this Certificate of Completion (CCL) should have a basic level of computer literacy including navigating the internet and computer systems or take CIS105 as indicated in the required courses. Students with the requisite skills may have the CIS105 requirement waived by permission of the Program Director.

All courses within the Required Courses area are not applicable if taken more than five (5) years prior to the completion of the program. Consult with an academic advisor or program director for exceptions.

CERTIFICATE OF COMPLETION IN CROSS-PLATFORM APP DEVELOPMENT (5067N) CREDITS: 18-21
CHAIRPERSON: STEPHEN HUSTEDDE
DIVISION OF MYCAREER, LIBRARY AND CENTER FOR TEACHING & LEARNING (MCLCTL)

DESCRIPTION: The Certificate of Completion (CCL) in Cross-Platform App Development prepares students for employment in entry-level coding, programming, and software development positions with an emphasis on Windows Mobile apps and web apps. This CCL will help students prepare to take the Microsoft Technology Associate (MTA) Software Development Fundamentals C# certification. Courses in this certificate can apply toward the Associate in Applied Science (AAS) in Mobile App Development and Certificate of Completion (CCL) in Mobile App Development.

PROGRAM NOTES:
The Certificate of Completion in Cross-Platform App Development is currently not Title IV Federal Financial Aid eligible.
Students must earn a grade of C or better in all courses within the program.
+ indicates course has prerequisites and/or corequisites.

Program requirements for CCL 5833N Windows Application Development and CCL 5835N Android App Development may be taken in the CCL 5067 Cross-Platform App Development.

CHAIRPERSON: STEPHEN HUSTEDDE
DIVISION OF MYCAREER, LIBRARY AND CENTER FOR TEACHING & LEARNING (MCLCTL)

DESCRIPTION: The Certificate of Completion (CCL) in Cyber Engineering program is designed to focus on the necessary skills required to secure, protect and identify vulnerabilities in a network, including various operating systems and network devices. Emphasis is placed on developing the theoretical, legal, ethical and practical skills needed to maintain security on mission-critical networking and server systems. The program is designed to meet the training needs of government and industry employees. The program covers a variety of information security technologies and structured languages. The Cyber Engineering program also focuses on the skills needed for internationally recognized IT certifications and high demands in business, industry, and government. An Associate in Applied Science (AAS) in Cybersecurity is also available.

PROGRAM NOTES: The Certificate of Completion in Cyber Engineering is currently not Title IV Federal Financial Aid eligible. Students must earn a grade of C or better for all courses required within the program. + indicates course has prerequisites and/or corequisites. ++ indicates any suffixed course.

Only required courses taken within eight (8) years of completion of the program may be applied towards this degree. Consult with your faculty mentor or academic advisor.

ASSOCIATE IN APPLIED SCIENCES IN NETWORK AND SYSTEMS ADMINISTRATION (3189) CREDITS: 60-65
CHAIRPERSON: STEPHEN HUSTEDDE
DIVISION OF MYCAREER, LIBRARY AND CENTER
FOR TEACHING & LEARNING (MCLCTL)

DESCRIPTION: The Associate in Applied Science (AAS) in Network and Systems Administration program provides students with a solid, hands-on skill set of computer, networking, and internetworking systems technology principles and desktop support. Students gain an understanding of the interaction between microcomputer software and hardware, network and internetworking operating systems software and hardware, local area network administration and management, the use of troubleshooting techniques, troubleshooting hardware and software tools, as well as interpersonal/customer service skills. Students have the opportunity to specialize in specific information technology areas based on their interests and professional goals and leading to industry recognized certifications through an embedded Certificate of Completion (CCL) including, but not limited to, Desktop (Desktop Support, Computer System Configuration and Support, Computer System Configuration and Support, Network, Computer System Configuration and Support, Security, Computer System Configuration and Support, Linux), Cisco (Cisco Network CCNA, Cisco Network CCNP, Cisco Network CCNA Security), Linux (Red Hat Linux Engineer, Linux Associate, Red Hat Linux Administrator, Linux System Administration), Microsoft (Microsoft System Administration, Microsoft Desktop Associate), and VMware (VMware Network Administrator, VMware Foundations, VMware System Administrator). Graduates may pursue employment in a variety of information technology environments and/or transfer to a university.
PROGRAM NOTES:
Students must earn a grade of C or better in all courses within the program.
+ indicates course has prerequisites and/or corequisites.
++ indicates any suffixed courses.

For students considering university transfer consult with an Academic, Program, or Faculty Advisor at the college and/or university transfer partner.

All courses within the Required Courses and Restricted Electives areas are not applicable if taken more than five (5) years prior to the completion of the program. Consult with an Academic Advisor or Program Director for exceptions.

Students may receive credit for courses within the program based on current industry certifications. Consult with an Academic Advisor or Program Director.

CERTIFICATE OF COMPLETION IN DESKTOP SUPPORT (5043N) CREDITS: 19-22
CHAIRPERSON: STEPHEN HUSTEDDE
DIVISION OF MYCAREER, LIBRARY AND CENTER FOR TEACHING & LEARNING (MCLCTL)

DESCRIPTION: The Certificate of Completion (CCL) in Desktop Support program is designed to prepare students for entry-level computer maintenance, help desk, and network technician jobs. The classes focus on the development of knowledge and skills in computer, network, and security technologies, as well as the interpersonal skills in customer service/technical support needed to be successful within the industry. Depending on course selection, this program helps prepare students for the CompTIA A+, CompTIA Network+, and/or CompTIA Linux+ certification exams. Students who complete this program may seek employment in a variety of environments. Students can also pursue additional Certificates of Completion (CCLs) in a variety of specializations within the information technology field to deepen their knowledge and skills and help prepare them for multiple industry certification examinations. An Associate in Applied Science (AAS) in Network and Systems Administration is also available.
PROGRAM NOTES:
The Certificate of Completion in Desktop Support is currently not Title IV Federal Financial Aid eligible.
Students must earn a grade of C or better in all courses within the program.

CERTIFICATE OF COMPLETION IN LINUX ASSOCIATE (5046N) CREDITS: 6-9
CHAIRPERSON: STEPHEN HUSTEDDE
DIVISION OF MYCAREER, LIBRARY AND CENTER FOR TEACHING & LEARNING (MCLCTL)

DESCRIPTION: The Certificate of Completion (CCL) in Linux Associate program is designed to help prepare students for employment or to improve current professional skills. The program includes Linux operating system basics and management including sophisticated manipulation of file structures, backup systems, printing processes, troubleshooting, user account management, hard disk maintenance and configuration, process monitoring and prioritizing, kernel customization, and system resource control. This program helps prepare students for the Linux Professional Institute Certification (LPIC-1) and CompTIA Linux + certification exams. Students who complete this program may seek employment in a variety of environments. Students can also pursue additional Certificates of Completion (CCLs) in a variety of specializations within the information technology field to deepen their knowledge and skills and to help prepare them for multiple industry certification examinations. An Associate in Applied Science (AAS) in Network and Systems Administration is also available.

PROGRAM NOTES:
This program is not eligible for Title IV Federal Financial Aid.
Students must earn a grade of C or better for all courses required within the program.
+ indicates course has prerequisites and/or corequisites.

Students who pursue this Certificate of Completion (CCL) should have a basic level of computer literacy including navigating the internet and computer systems or take CIS105 as indicated in the required courses. Students with the requisite skills may have the CIS105 requirement waived by permission of the Program Director.
All courses within the Required areas are not applicable if taken more than five (5) years prior to the completion of the program. Consult with an academic advisor or program director for exceptions.

This program replaces:

CHAIRPERSON: STEPHEN HUSTEDDE
DIVISION OF MYCAREER, LIBRARY AND CENTER FOR TEACHING & LEARNING (MCLCTL)

DESCRIPTION: The Certificate of Completion (CCL) in Personal Trainer program is designed to provide students with current foundational skills in assessment, design, implementation and evaluation of fitness and exercise programs. This program encourages development of critical thinking, leadership, and communication skills for developing and implementing individualized exercise programs. A CCL in Personal Training Specialist is available. An Associate of Applied Science (AAS) in Exercise Science: Health, Fitness, and Sports Performance is available.

PROGRAM NOTES:
The Certificate of Completion is currently not Title IV Federal Financial Aid eligible.
+ indicates course has prerequisites and/or corequisites.
Students must earn a grade of C or better for all courses required within the program.

ASSOCIATE IN APPLIED SCIENCES IN ENGINEERING TECHNOLOGY (3187) CREDITS: 60-68
CHAIRPERSON: JACQUELINE (JACKY) LEVY
DIVISION OF MATH, SCIENCE & ENGINEERING (MSE)

DESCRIPTION: The Associate in Applied Science (AAS) in Engineering Technology program prepares students as entry-level engineering technicians. They will apply basic engineering principles and technical skills to support engineers engaged in a wide variety of projects. Includes instruction in various engineering support functions, including preparation in the areas of research, production, and operations. This degree will prepare highly skilled and needed workers for area manufacturers and the tech industry.

CURRICULUM (AGEC+)
AGEC-A, B, S

Description

The Maricopa County Community College District Arizona General Education Curriculum (MCCCD AGEC) is a general education certificate that fulfills lower-division general education requirements for students planning to transfer to any Arizona public community college or university. Generally, the MCCCD AGEC transfers as a block without loss of credit. The AGEC-A and AGEC-B require a minimum of 35* credit hours, and the AGEC-S requires a minimum of 36* credit hours.

In most cases, all courses used to satisfy the MCCCD AGEC will apply to graduation requirements of the university major for which the AGEC was designed.

There are three types of AGECs in MCCCD: AGEC-A, AGEC-B, and AGEC-S. As described below, these AGECs are also a component of most MCCCD associate degrees and comparable degrees at other Arizona public community colleges. The AGEC-A defines the general education requirements in the Associate in Arts (AA), Associate in Arts, Elementary Education (AAEE), and the Associate in Arts, Fine Arts (AAFA) degrees. The AGEC-B defines the general education requirements in the Associate in Business-General Requirements (ABUS-GR) and Associate in Business-Special Requirements (ABUS-SR) degrees. The AGEC-S defines the general education requirements in the Associate in Science (AS) degree.

As described in more detail below, all AGECs require designated Core courses in First Year Composition [FYC], Literacy and Critical Inquiry [L], Mathematical Studies [MA/CS] (Exception: The AGEC-S does not require CS.), Social-Behavioral Sciences [SB], Humanities, Design and Fine Arts [HU], and Natural Science [SQ/SG]. Students must satisfy two Awareness areas: Cultural Diversity in U.S. and either Global Awareness or Historical Awareness.

Purpose of the AGECs

AGECs were designed to articulate with different academic majors, and their particular requirements vary accordingly. In some major-specific pathways, students are allowed to choose from a broad list of courses to satisfy the AGEC requirements; for others the courses are more restricted or even specified. Additional information on academic majors at the Arizona public universities can be accessed via the following website: www.aztransfer.com

1. The AGEC-A is designed to satisfy requirements in many liberal arts majors as well as other majors that articulate with an Associate in Arts degree (e.g., social sciences, fine arts, humanities, elementary education). AGEC-A requires a minimum of college mathematics or college algebra to satisfy the Mathematics [MA] requirement.

2. The AGEC-B is designed to satisfy requirements in business majors that articulate with the Associate in Business. AGEC-B requires a minimum of brief calculus to satisfy the Mathematics [MA] requirement.

3. The AGEC-S is designed to satisfy requirements in majors with more prescriptive mathematics and mathematics-based science requirements such as many in the sciences, technology, engineering and mathematics. AGEC-S requires a minimum of the first course in a calculus sequence to satisfy the Mathematics [MA] requirement, and a minimum of eight credits of either university chemistry, university physics or general biology for majors to satisfy the Natural Sciences [SQ/SG] requirement. In addition, students must select six to ten additional credits of math and/or science appropriate to their major.
Academic Policies that Govern the AGEC-A, -B, -S

• Requires completion of at least 35 credit hours* (AGEC-A, AGEC-B) and 36 credit hours* (AGEC-S) in courses numbered 100 and above and that a minimum of 12 of those credits be taken at one or any combination of the MCCCD colleges. See First Year Composition [FYC] notes in the following AGEC descriptions and footer for credit minimum exceptions.*
• All courses applied to the AGEC must be completed with a grade of “C” or better.
• A single course can simultaneously count toward a Core Area and one or more Awareness Areas. For example, a course in world geography can be used to satisfy [SB] and [G] requirements. While multiple requirements can be met with a single course, the credits for that course are only counted one time toward the required minimum total for the AGEC. Except as detailed below for the AGEC-S, a single course cannot be used to satisfy more than one AGEC Core Area.
• The AGEC-A and AGEC-B require a minimum of 35* credits and the AGEC-S requires a minimum of 36* credits, however, the AGEC credit count within the total credits for a degree may be lower than these minimums if courses are also applied toward Required Courses or Restricted Electives and the credits are counted in those areas. Awareness Areas and MCCCD’s Additional Requirements may also be shared with AGEC Core Areas. Optimizing credits in this way is often recommended because some programs and universities limit transferable credits at 64.

Transfer Credit from Institutions Outside of MCCCD

• Credits transferred from outside of MCCCD must be a grade of “C” (2.0 on a 4.0 scale) or better.
• External courses evaluated either as equivalent to an MCCCD course or as elective credit may be applied toward the minimum credits for degree completion.
• Transfer credit graded pass/fail or pass/no credit may be used to satisfy AGEC requirements if documentation collected by the community college indicates that this was the only grading option available and that the Pass grade (“P”) is equivalent to a “C” or better.
• The AGEC (Arizona General Education Curriculum) designations of courses completed at other Arizona public colleges or universities will be applied as listed on AZTransfer’s Course Equivalency Guide (CEG) for the semester(s) in which the course(s) were completed. If a transcript evaluation determines there is no MCCCD direct equivalency to a course from another Arizona public college or university, applicability to AGEC and/or associate degree requirements will be based on the source institution’s AGEC designation for the semester in which the course was completed.
• Courses from private, out-of-state, and/or online institutions (i.e., outside of the Arizona Transfer System comprised of Arizona’s public community colleges, tribal colleges and universities) will be applied toward AGEC and/or associate degree requirements based on the courses’ evaluated MCCCD equivalence. If courses are not directly equivalent, the credit may be articulated as a departmental elective, and if deemed appropriate, may have a general education designation applied to the course.
• Credit awarded at a Maricopa Community College for prior learning in non-traditional setting is transferable to the other colleges in the MCCC district but is not necessarily transferable to other colleges and universities. No more than 20 such assessed semester credit hours may be applied toward AGEC.

Completion and Transfer

• Completion of the AGEC with a minimum grade point average of at least 2.0 on a 4.0 scale for Arizona residents and 2.50 for non-residents meets Arizona public university general admission requirements. It does not ensure admission to specific university majors or programs with selective admission processes and/or limited enrollment.
Students planning to transfer to another college or university are urged to refer to university requirements and academic advisors from both institutions to be certain that all their selected coursework is applicable to the requirements of their intended transfer degree. For some majors, the statewide Common Course matrix, AZTransfer Pathway Guides and/or University Transfer Guides posted on the AZTransfer website can also provide some guidance. For appropriate course selection, students should consult with an academic advisor.

**AGEC Requirements**

Descriptions and definitions of the requirements for each of the three AGECs follow. The following website identifies the courses that apply to the different General Education Core and Awareness Areas within each AGEC:

**AGEC matrix.** Courses available for both Areas during a current or upcoming semester can also be found using the “Find a Class” tool on maricopa.edu and on each MCCCD college's website.

Note that for students pursuing an associate degree with a specific emphasis (for example: Associate in Arts, Emphasis in History, Associate in Arts, Fine Arts, Emphasis in Theatre, Associate in Science, Emphasis in Physics), the AGEC course requirements are usually more prescriptive. Students pursuing a major-specific pathway should consult the Program (Degree) Search at curriculum.maricopa.edu for specific degree and AGEC requirements. Consultation with an academic advisor about course selection is always recommended.

### Arizona General Education Curriculum--Arts (AGEC-A)

The AGEC-A requires a minimum of 35 credits (32 if FYC is met by single transfer course)*, however, the AGEC credit count within the total credits for a degree may be lower if courses are also applied toward Required Courses or Restricted Electives and the credits are counted in those areas. Credits count once toward the total for the degree. Therefore, the AGEC-A may be met with fewer than 35 credits (fewer than 32 if FYC is met by single transfer course)* within an associate degree provided that all requirements listed below are completed.

#### A. Core Areas:

Some courses may be met by Required Courses or Restricted Electives. Some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well as their respective Core Area, Required Course(s) or Restricted Elective(s). AGEC designations are subject to change. Courses may meet more than one requirement but are only counted once toward the total credits for the degree. See AGEC matrix for each course’s value(s) in the semester it is taken.

CORE AREAS

First-Year Composition (FYC)
First-Year Composition courses emphasize skills necessary for college-level expository writing, including correct grammar and punctuation, logical organization of ideas, and identification of supporting documentation.

Literacy and Critical Inquiry [L]
In the [L] course students, typically at the sophomore level, gather, interpret, and evaluate evidence and express their findings in writing or speech. This course includes a series of graded written or spoken formal assignments.

Literacy is defined broadly as communicative competence in written and oral discourse; critical inquiry is defined as the gathering, interpreting, and evaluating of evidence. Building on the proficiency attained in traditional First-Year Composition courses, the Literacy and Critical Inquiry [L] requirement sustains and extends students’ ability to thoughtfully use and critically analyze written and/or spoken language.

Mathematical Applications [MA]
The Mathematical Studies requirement is intended to ensure that students have requisite skill in mathematics appropriate for their discipline and can apply mathematical analysis in their chosen fields.

Computer/Statistics/Quantitative Applications [CS]
AGEC-A and AGEC-B require a course that emphasizes the use of statistics, other mathematical methods, computer programming languages and/or software in the interpretation of data and in describing and analyzing quantitative relationships.

Humanities, Arts and Design [HU]
The study of the humanities and the disciplines of art and design deepen awareness of the complexities of the human condition and its diverse histories and cultures. Courses in the humanities are devoted to the production of human thought and imagination, particularly in philosophical, historical, religious and artistic traditions. Courses with an emphasis in fine arts and design are devoted to the study of aesthetic experiences and the processes of artistic creation. They may also feature a design emphasis in which material culture is studied as a product of human thought and imagination.

Social-Behavioral Sciences [SB]
The Social-Behavioral Sciences Core area provides scientific methods of inquiry and empirical knowledge about human behavior, both within society and within individuals. This area of emphasis in general education curriculum may include study of such disciplines as anthropology, economics, history, political science, psychology, or sociology. The courses in this area address the challenge of understanding the diverse natures of individuals and cultural groups who live together in a complex and evolving world.

Natural Sciences [SQ/SG]
In addition to an understanding of basic scientific principles and concepts, courses in the Natural Sciences Core area are designed to help students appreciate, from firsthand laboratory and/or field research experience, the nature of science as a process that embraces curiosity, inquiry, testing, and communication to better understand natural phenomena. At least one of the two natural science courses must include an introduction to the fundamental behavior of matter and energy in physical or biological systems.
Cultural Diversity in the United States [C]
The contemporary “culture” of the United States involves the complex interplay of many different cultures that exist side by side in various states of harmony and conflict. U.S. history involves the experiences not only of different groups of European immigrants and their descendants, but also of diverse groups of American Indians, Hispanic Americans, African Americans and Asian Americans—all of whom played significant roles in the development of contemporary culture and together shape the future of the United States. At the same time, the recognition that gender, class, and religious differences cut across all distinctions of race and ethnicity offers an even richer variety of perspectives from which to view one. Awareness of cultural diversity and its multiple sources can illuminate the collective past, present, and future and can help to foster greater mutual understanding and respect.

The objective of the Cultural Diversity area requirement is to promote awareness of and appreciation for cultural diversity within the contemporary United States. This is accomplished through the study of the cultural, social, or scientific contributions of women and minority groups, examination of their experiences in the United States, or exploration of successful or unsuccessful interactions between and among cultural groups.

Global Awareness [G]
Human organizations and relationships have evolved from being family and village centered to the modern global interdependence that is apparent in many disciplines—for example, contemporary art, business, engineering, music, and the natural and social sciences. Many serious local and national problems are world issues that require solutions which exhibit mutuality and reciprocity. These problems occur in a wide variety of activities, such as food supply, ecology, health care delivery, language planning, information exchange, economic and social developments, law, technology transfer, and even philosophy and the arts. The Global Awareness Area recognizes the need for an understanding of the values, elements, and social processes of cultures other than the culture of the United States. The Global Awareness Area includes courses that recognize the nature of other contemporary cultures and the relationship of the American cultural system to generic human goals and welfare.

Courses that satisfy the global awareness option in the requirements are of one or more of the following types:

1. Area studies that are concerned with an examination of culture-specific elements of a region of the world;
2. The study of a non-English language;
3. Studies of international relationships, particularly those in which cultural change is facilitated by such factors as social and economic development, education, and the transfer of technology; and
4. Studies of cultural interrelationships of global scope such as the global interdependence produced by problems of world ecology.

Historical Awareness [H]
The Historical Awareness Area option in the requirements aims to develop a knowledge of the past that can be useful in shaping the present and future. Because historical forces and traditions have created modern life and lie just beneath its surface, historical awareness is an aid in the analysis of present-day problems. Also, because the historical past is a source of social and national identity, historical study can produce intercultural understanding by tracing cultural differences to their origins. Even the remote past may have instructive analogies for the present.

The Historical Awareness Area consists of courses that are historical in method and content. In this area, the term “history” designates a sequence of past events or a narrative whose intent or effect is to represent such a sequence.
ASSOCIATE IN ARTS (AA) DEGREE

TOTAL CREDITS: 60 – 64

Description
The Maricopa County Community College District Associate in Arts (AA) degree requires a minimum of 60 semester credits for the program of study; minimum total credits vary by specific emphasis (for example, Associate in Arts, Emphasis in Psychology). Refer to the Program (Degree) Search at https://curriculum.maricopa.edu/ for credit minimums for individual degree programs by emphasis. A minimum grade point average of 2.0 and grades of “C” or higher are required to earn the degree. The AA degree is governed by the MCCCD General Academic Policies for Associate Degrees Designed for University Transfer.

The Associate in Arts degree includes the following components:
I. Program Prerequisites (if applicable, for versions with an emphasis only)
II. Required Courses (for versions with an emphasis only)
III. Restricted Electives (for versions with an emphasis only)
IV. Arizona General Education Curriculum for Arts (AGEC-A)
V. MCCCD Additional Requirements (Oral Communication and Critical Reading)
VI. General Electives (if needed to reach minimum credits for degree)

Purpose of the Degree
The Associate in Arts (AA) degree is designed for students planning to transfer to four-year colleges and universities. In general, the components of the degree meet requirements for majors in the Liberal Arts or programs of study other than business or science. Generally, the degree will transfer as a block without loss of credit to Arizona’s public universities and other institutions with district-wide articulation agreements.
In most cases, courses used to satisfy the MCCCD Associate in Arts (AA) will apply to general university graduation requirements of the majors that align with the AA degree; however, students need to be aware of any specific requirements of their intended major at the university to be sure they select courses that will meet them. Information regarding the articulation of the AA with majors at the Arizona public universities can be accessed via the following website: www.aztransfer.com

Degree Requirements
The requirements for the Associate in Arts (AA) follow. No versions of the Associate in Arts require fewer than a minimum of 60 credits; however, minimum credits for the AA vary by specific emphasis. Refer to the Program (Degree) Search at https://curriculum.maricopa.edu/ for credit minimums by emphasis. The following websites identify the courses that apply to the different General Education Core and Awareness Areas: AGEC-A and the AGEC matrix. Courses available for both Areas during a current or upcoming semester can also be found using the “Find a Class” tool on http://www.maricopa.edu/ and on each MCCCD college’s website.
Requirements

I. Program Prerequisites
Program prerequisites for the Associate in Arts degree vary by specific emphasis, and are not required for the version of the degree without a specific emphasis. Refer to the Program (Degree) Search at https://curriculum.maricopa.edu/ for specific courses and credit minimums by emphasis.

II. Required Courses
Required (major-specific) courses for the Associate in Arts degree vary by specific emphasis, and are not required for the version of the degree without a specific emphasis. Refer to the Program (Degree) Search at https://curriculum.maricopa.edu/ for specific courses and credit minimums by emphasis.

III. Restricted Electives
Restricted electives for the Associate in Arts degree vary by specific emphasis, and are not required for version of the degree without a specific emphasis. Refer to the Program (Degree) Search at https://curriculum.maricopa.edu/ for specific courses and credit minimums by emphasis.

IV. Arizona General Education Curriculum--Arts (AGEC-A)
The AGEC-A requires a minimum of 35 credits (32 if FYC is met by single transfer course)*, however, prerequisite/required/restricted elective courses may also meet AGEC-A requirements and credits count once toward the total for the degree. Therefore, the AGEC-A may be met with fewer than 35 credits (fewer than 32 if FYC is met by single transfer course)* as long as all requirements listed in this section (IV) are completed.

C. Core Areas
Some courses may be met by Required Courses or Restricted Electives. Some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well as their respective Core Area, Required Course(s) or Restricted Elective(s). AGEC designations are subject to change. Courses may meet more than one requirement but are only counted once toward the total credits for the degree. See AGEC matrix for each course’s value(s) in the semester it is taken.

B. Critical Reading

Students may demonstrate proficiency through assessment.
CRE101 [L] Critical Reading OR equivalent as indicated by assessment

VI. General Electives

Select courses 100-level or higher if needed to complete a minimum of 60 semester credits but no more than a total of 64 semester credits, which is the maximum number of credits accepted toward most degree programs at Arizona's public universities. Ideally, students should select courses that meet requirements for their major/area of interest and transfer institution. See General Associate Degree Academic Policies for further details, limitations, and guidelines.

Maricopa courses and external courses evaluated as Maricopa equivalents, departmental electives (e.g., HISELC for a history elective), or general electives (GENELC) that are numbered 100 level or higher, and completed with a grade of “C” or higher, may be applied in the elective area, regardless of potential transferability to other institutions. It is recommended, however, that students planning to transfer to a baccalaureate-granting institution meet these general elective requirements with courses that are transferable and applicable to their intended university degree. Transfer and major guides are accessible on the following websites: https://aztransfer.com/, https://www.maricopa.edu/degrees-certificates/transfer/pathways-partners, as well as those of individual universities. For appropriate course selection, students should consult with an academic advisor.

TOTAL

60-64*

*64 semester credits is the maximum accepted toward most degree programs at Arizona's public universities. Some exceptions apply; consult with an academic advisor for additional transfer pathways.
ELEMENTARY EDUCATION (AAEE)

TOTAL CREDITS: 60 - 68

Description
The Maricopa County Community College District Associate in Arts, Elementary Education (AAEE) degree requires a minimum of 60 semester credits for the program of study. A minimum grade point average of 2.0 and grades of “C” or higher are required to earn the degree. The AAEE degree is governed by the MCCCD General Academic Policies for Transfer Degrees.

The Associate in Arts, Elementary Education degree includes the following components:
VII. Required Courses
VIII. Restricted Electives
IX. Arizona General Education Curriculum for Arts (AGEC-A)
X. MCCCD Additional Requirements (Oral Communication and Critical Reading) found using the “Find a Class” tool on http://www.maricopa.edu/ and on each MCCCD college's website.

Purpose of the Degree
The Associate in Arts, Elementary Education (AAEE) degree is designed for the student who plans to transfer to an Elementary Education, Early Childhood, Multicultural/Multilingual, or Special Education program at an Arizona public higher education institution and/or who plans to become a classroom instructional aide. Generally, the degree transfers as a block without loss of credit to Arizona's public universities, and in most cases, its required courses apply to graduation requirements for these Education majors.

Degree Requirements
The requirements for the Associate in Arts in Elementary Education follow. The following websites identify the courses that apply to the different General Education Core and Awareness Areas: AGEC-A and the AGEC matrix. Courses available for both Areas during a current or upcoming semester can also be found using the “Find a Class” tool on maricopa.edu and on each MCCCD college's website.

II. Restricted Electives
A total of 8 semester credits is required to satisfy the Electives for Arizona Professional Teacher Standards: 3 credits in an additional Education course and 5 credits in Content Area Electives, as outlined below.

Courses must transfer to all public Arizona universities as elective credit, departmental elective, or equivalent to a university course as indicated in the Arizona Course Equivalency Guide in effect when the course is taken. Courses identified as non-transferable in the Arizona Course Equivalency Guide cannot be used to satisfy this requirement.

Select one additional EDU course (other than EDU221, EDU222, EDU230 or EDU250)

Recommended:
EDU110 Education in Film
EDU220 Introduction to Serving English Language Learners (ELL)
EDU236 Classroom Relationships
EDU/HUM/STO292 The Art of Storytelling

Choose any combination from the following list of courses and prefixes to total 5 credits of additional coursework. Course(s) selected must be different from those used to fulfill a requirement of the AGEC-A or to fulfill an Education Foundations requirement.

III. Arizona General Education Curriculum--Arts (AGEC-A) 32-44*

The AGEC-A requires a minimum of 35 credits (32 if FYC is met by single transfer course)*, however, prerequisite/required/restricted elective courses may also meet AGEC-A requirements and credits count once toward the total for the degree. Therefore, the AGEC-A may be met with fewer than 35 credits (fewer than 32 if FYC is met by single transfer course)* as long as all requirements listed in this section (III) are completed.

E. Core Areas:
Some courses may be met by Required Courses or Restricted Electives. Some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well as their respective Core Area, Required Course(s) or Restricted Elective(s). AGEC designations are subject to change. Courses may meet more than one requirement but are only counted once toward the total credits for the degree. See AGEC matrix for each course's value(s) in the semester it is taken.

   Requires a course in college mathematics (MAT140, MAT141, MAT142, MAT145, MAT146) or college algebra (MAT150, MAT151, MAT152, MAT155, MAT156) or pre calculus (MAT187) or any other [MA] designated course for which college algebra is a pre-requisite.

(Note that MAT256, MAT257, MAT182, and MAT206 are excluded)
Requirements

18. Computer/Statistics/Quantitative Applications [CS]
   BPC110 Computer Usage and Applications OR
   CIS105 Survey of Computer Information Systems
   
19. Humanities, Arts and Design [HU]
   Note that some of these courses also have Awareness Areas designations (see section 2 below) and can be used to satisfy [G] and/or [H] requirement as well as [HU]. (AGEC designations are subject to change. See AGEC matrix for each course's value(s) in the semester it is taken.)

   1) Select one of the following ARH, DAH, MHL or THE courses:
      ARH100 Introduction to Art OR
      ARH101 Prehistoric through Gothic Art OR
      ARH102 Renaissance through Contemporary Art OR
      DAH100 Introduction to Dance OR
      DAH201 World Dance Studies OR
      DAH250 Dance in Popular Culture OR
      MHL140 Survey of Music History OR
      MHL145 American Jazz and Popular Music OR
      MHL146 Survey of Broadway Musicals OR
      MHL153 Rock Music and Culture OR
      THE111 Introduction to Theatre OR
      THE220 Modern Drama
      AND

   2) Select one of the following EDU, ENH or HUM courses:
      EDU/ENH291 Children's Literature (Recommended) OR
      ENH110 Introduction to Literature OR
      ENH241 American Literature Before 1860 OR
      ENH242 American Literature After 1860 OR
      HUM250 Ideas and Values in the Humanities OR
      HUM251 Ideas and Values in the Humanities

20. Social-Behavioral Sciences [SB]
   Note that some of these courses also have Awareness Areas designations (see section 2 below) and can be used to satisfy [G] and/or [H] requirement as well as [SB]. (AGEC designations are subject to change. See AGEC matrix for each course's value(s) the semester it is taken.)

   1) Select one of the following US History/Government courses
      These courses satisfy the United States Constitution requirement for state teacher certification.
      HIS103 United States History to 1865 OR
      POS110 American National Government OR
      GCU/POS113 United States and Arizona Social Studies
Requirements

AND

2) Select one of the following CFS, ECH, GCU, ECN, HIS or PSY courses

- CFS205 Human Development OR
- ECH/CFS176 Child Development OR
- GCU121 World Geography I: Eastern Hemisphere OR
- GCU122 World Geography II: Western Hemisphere OR
- ECN211 Macroeconomic Principles OR
- ECN212 Microeconomic Principles OR
- HIS104 United States History 1865 to Present OR
- PSY101 Introduction to Psychology

21. Natural Sciences [SQ/SG]

The lecture courses selected for Natural Sciences must include or be accompanied by the corresponding laboratory course for a total of 4 credits each. At least four (4) credits must be designated as SQ. Eight (8) credits of SG will not satisfy this requirement.

1) Life Sciences: Select four (4) credits of SQ or SG in Biology (BIO)

AND

2) Physical Sciences or Earth/Space Sciences: Select four (4) credits of SQ or SG from one of the following prefixes: AGS, ASM, AST, CHM, GPH, GLG, PHS, or PHY

Note: Students are advised to check with the university they plan to attend as specific requirements for lab sciences may vary.

F. Awareness Areas

1. Cultural Diversity in the United States [C]
   Met by EDU222 and EDU230 in Required Courses.

2. Global Awareness [G] OR Historical Awareness [H]
   May be met by [HU] and/or [SB] course depending on specific courses selected. (AGEC designations are subject to change. See AGEC matrix for each course's value(s) in the semester it is taken.)

IV. MCCCD Additional Requirements

As noted below, courses in this area may also be applied toward AGEC-A Core Area requirements.
C. Oral Communication
Met by COM225 in Required Courses. (0)

D. Critical Reading
CRE101 [L] Critical Reading OR equivalent as indicated by assessment (0-3)

TOTAL 60-68**

*NOTE: State certification requirements include courses on the constitutions of US and Arizona. Taking GCU/POS113 for [SB] fulfills this requirement completely. Students who instead take HIS103 or POS110 for [SB] should consider taking POS221 as a Content Area Elective so they have completed study of both constitutions. POS220 meets state certification requirements for both constitutions but does not meet [SB].

**64 semester credits is the maximum accepted toward most degree programs at Arizona's public universities. Some exceptions apply; consult with an academic advisor for additional transfer pathways.

FINE ARTS (AAFA) DEGREE – ART

Description
The Maricopa County Community College District Associate in Arts, Fine Arts (AAFA) degree requires a minimum of 60 semester credits for the program of study; however, minimum total credits for the AAFA vary by specific emphasis (Art, Dance, Music, Musical Theatre, Theatre). Refer to the Program (Degree) Search at https://curriculum.maricopa.edu/ for credit minimums for individual degree programs by emphasis. A minimum grade point average of 2.0 and grades of “C” or higher are required to earn the degree. The AA-FA degree is governed by the MCCCD General Academic Policies for Transfer Degrees.

The Associate in Arts, Fine Arts degree includes the following components:
XI. Program Prerequisites (if applicable)
XII. Required Courses
XIII. Restricted Electives
XIV. Arizona General Education Curriculum for Arts (AGEC-A)
XV. MCCCD Additional Requirements (Oral Communication and Critical Reading)
XVI. General Electives (if needed to reach minimum credits for degree)

Purpose of the Degree
The Associate in Arts, Fine Arts (AAFA) degree is designed for students planning to transfer to four-year colleges and universities. In general, the components of the degree meet requirements for majors in the Fine Arts. The degree is designed to prepare students to meet selective admission criteria for programs such as the Bachelor of Fine Arts, which may require a portfolio or performance requirement.
In most cases, courses used to satisfy the MCCCD Associate in Arts, Fine Arts (AAFA) will apply to general university graduation requirements of the majors that align with AAFA degree; however, students need to pay attention to any specific requirements of their intended focus at the university to be sure they select courses that will meet them. Information regarding the articulation of the AAFA degree with majors at the Arizona public universities can be accessed via the following website: www.aztransfer.com

**Degree Requirements**
The requirements for the Associate in Arts, Fine Arts (AAFA) follow. No versions of the AAFA require fewer than a minimum of 60 credits; however, minimum total credits for the AAFA vary by specific emphasis (Art, Dance, Music, Musical Theatre, Theatre). Refer to the Program (Degree) Search at https://curriculum.maricopa.edu/ for credit minimums by emphasis. The following websites identify the courses that apply to the different General Education Core and Awareness Areas: AGEC-A and the AGEC matrix. Courses available for both Areas during a current or upcoming semester can also be found using the “Find a Class” tool on maricopa.edu and on each MCCCD college's website.

IV. Arizona General Education Curriculum--Arts (AGEC-A)
The AGEC-A requires a minimum of 35 credits (32 if FYC is met by single transfer course)*, however, prerequisite/required/restricted elective courses may also meet AGEC-A requirements and credits count once toward the total for the degree. Therefore, the AGEC-A may be met with fewer than 35 credits (fewer than 32 if FYC is met by single transfer course)* as long as all requirements listed in this section (IV) are completed.

G. Core Areas
Courses required to meet Core Areas vary by emphasis (Art, Dance, Music, Musical Theatre, Theatre). Refer to the Program (Degree) Search at https://curriculum.maricopa.edu/ for specific course requirements.

Some courses may be met by Required Courses or Restricted Electives. Some of these courses also have Awareness Area designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well as their respective Core Area, Required Course(s) or Restricted Elective(s). AGEC designations are subject to change. Courses may meet more than one requirement but are only counted once toward the total credits for the degree. See AGEC matrix for each course's value(s) in the semester it is taken.

22. First-Year Composition [FYC] 6*
ENG101 OR ENG107 (3)*
AND ENG102 OR ENG108 (3)*

23. Literacy and Critical Inquiry [L] 3

24. Mathematical Applications [MA] 3-6
Requires a course in college mathematics (MAT140, MAT141, MAT142, MAT145, MAT146) or college algebra (MAT150, MAT151, MAT152, MAT155, MAT156) or pre-calculus (MAT187) or higher [MA]-approved general education course.

26. Humanities, Arts and Design [HU] 6

27. Social-Behavioral Sciences [SB] 6
Students are encouraged to choose course work from more than one discipline.
28. Natural Sciences [SQ/SG]
The lecture courses selected for Natural Sciences must include or be accompanied by the corresponding laboratory courses for a total of four credits each. Credits for lecture and lab components may be combined or each may carry separate credit. At least four credits must be designated as SQ-Science Quantitative. Eight credits of SG-Science General will not satisfy this requirement.

B. Awareness Areas
Some courses may be used to satisfy both a Core Area and one or more Awareness Area(s). (See AGEC matrix for current course values.)

5. Cultural Diversity in the United States [C] (0-3)

6. Global Awareness [G] OR Historical Awareness [H] (0-3)

V. MCCC Additional Requirements
As noted below, courses in this area may also be applied toward AGEC-A Core Area requirements.

E. Oral Communication
Refer to emphasis area (Art, Dance, Music, Musical Theatre, Theatre) for specific COM course required from the following: COM100 [SB] Introduction to Human Communication OR COM110 [SB] Interpersonal Communication OR COM225 [L] Public Speaking OR COM230 [SB] Small Group Communication (3 credits) OR COM100AA & COM100AB & COM100AC [SB] (3 credits) OR COM110AA & COM110AB & COM110AC [SB] (3 credits)

F. Critical Reading
Students may demonstrate proficiency through assessment. CRE101 [L] Critical Reading OR equivalent as indicated by assessment.

VI. General Electives
Select courses 100-level or higher if needed to complete a minimum of 60 semester credits but no more than a total of 64 semester credits, which is the maximum number of credits accepted toward most degree programs at Arizona’s public universities. Ideally, students should select courses that meet requirements for their major/area of interest and transfer institution. See General Associate Degree Academic Policies for further details, limitations, and guidelines.
Maricopa courses and external courses evaluated as Maricopa equivalents, departmental electives (e.g., HISELC for a history elective), or general electives (GENELC) that are numbered 100 level or higher, and completed with a grade of “C” or higher, may be applied in the elective area, regardless of potential transferability to other institutions. It is recommended, however, that students planning to transfer to a baccalaureate-granting institution meet these general elective requirements with courses that are transferable and applicable to their intended university degree. Transfer and major guides are accessible on the following websites: https://aztransfer.com/, https://www.maricopa.edu/degrees-certificate/transfer/pathways-partners, as well as those of individual universities. For appropriate course selection, students should consult with an academic advisor.

**ASSOCIATE IN SCIENCE (AS) DEGREE**

**TOTAL CREDITS: 60-64**

**Description**

The Maricopa County Community College District Associate in Science (AS) degree requires a minimum of 60 semester credits for the program of study; minimum total credits for vary by specific emphasis (for example, Associate in Science, Emphasis in Physics). Refer to the Program (Degree) Search at curriculum.maricopa.edu for credit minimums for individual degree programs by emphasis. A minimum grade point average of 2.0 is required to earn the degree. The AS degree is governed by the MCCCD General Academic Policies for Transfer Degrees.

The Associate in Science degree includes the following components:

XVII. Program Prerequisites (if applicable, for versions with an emphasis only)

XVIII. Required Courses (for versions with an emphasis only)

XIX. Restricted Electives (for versions with an emphasis only)

XX. Arizona General Education Curriculum for Science (AGEC-S)

XXI. MCCCD Additional Requirements (Oral Communication and Critical Reading)

XXII. General Electives (if needed to reach minimum credits for degree)
**Purpose of the Degree**
The Associate in Science (AS) degree is designed for students planning to transfer to four-year colleges and universities. In general, the components of the degree meet requirements for majors with more stringent mathematics and mathematics-based science requirements. Generally, the degree will transfer as a block without loss of credit to Arizona’s public universities and other institutions with district-wide articulation agreements.

In most cases, courses used to satisfy the MCCCD Associate in Science (AS) will apply to general university graduation requirements of the majors that align with the AS degree; however, students need to be aware of any specific requirements of their intended major at the university to be sure they select courses that will meet them. Information regarding the articulation of the AS with majors at the Arizona public universities can be accessed via the following website: www.aztransfer.com

It is recommended that students select courses that meet more than one general education and/or awareness area requirement. Doing so will maximize the number of math and science electives the student can take as part of his/her Associate in Science degree.

**Special Academic Policies that Govern the Associate in Science Degree**
- The AGEC-S does not require a course with [CS] Computer/Statistics designation.
- Unlike the AGEC-A and AGEC-B, the same course is allowed to satisfy the ([L] and [HU]) or ([L] and [SB]) areas of the AGEC-S’s Core Area. The credits for such a “shared” course are only counted one time toward the required minimum for the degree.

**Degree Requirements**
The requirements for the Associate in Science follow. All versions of the Associate in Science require at least 60 credits; for major-specific pathways within the degree, prescribed courses and minimum credits for categories within the degree, as well as the total, vary. Refer to the Program (Degree) Search at curriculum.maricopa.edu for credit minimums for major-specific pathways within the degree. The following websites identify the courses that apply to the different General Education Core and Awareness Areas: AGEC-S and the AGEC Matrix. Courses available for both Areas during a current or upcoming semester can also be found using the “Find a Class” tool on each MCCCD college’s website.

III. Restricted Electives
Restricted electives for the Associate in Science degree vary by specific emphasis, and are not required for version of the degree without a specific emphasis. Refer to the Program (Degree) Search at https://curriculum.maricopa.edu/ for specific courses and credit minimums by emphasis.

IV. Arizona General Education Curriculum—Science (AGEC-S)
The AGEC-S requires a minimum of 36 credits (33 if FYC is met by single transfer course)*, however, prerequisite/requisite/restricted elective courses may also meet AGEC-S requirements and credits count once toward the total for the degree. Therefore, the AGEC-S may be met with fewer than 36 credits (33 if FYC is met by single transfer course)* as long as all requirements listed in this section (IV) are completed.

H. Core Areas
Some courses may be met by Required Courses or Restricted Electives. Some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well as their respective Core Area, Required Course(s) or Restricted Elective(s). AGEC designations are subject to change. Courses may meet more than one requirement but are only counted once toward the total credits for the degree. Requires the first semester of calculus courses designed for scientists and engineers (MAT220 or MAT221) or any other [MA] designated course for which Calculus I is a pre-requisite.
4-5
32. Humanities, Arts and Design [HU]
For the AGEC-S, a single course with both [HU] and [L] designations may satisfy both Areas. Note that some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well as their respective Core Area(s). (AGEC designations are subject to change. See AGEC matrix for each course’s value(s) in the semester it is taken.)

33. Social-Behavioral Sciences [SB]
For the AGEC-S, a single course with both [SB] and [L] designations may satisfy both Areas. Note that some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well as their respective Core Area(s). (AGEC designations are subject to change. See AGEC matrix for each course’s value(s) in the semester it is taken.)

34. Natural Sciences [SQ/SG]
Students must complete eight (8) credits of General Chemistry, University Physics or General Biology for Majors. Consult specific requirements of university transfer major for guidance.

[((CHM150 or CHM151) & CHM151LL) or CHM150AA or CHM151AA General Chemistry I AND [CHM152 & CHM152LL] or CHM152AA General Chemistry II OR PHY115 or PHY121 University Physics I AND PHY116 or PHY131 University Physics II OR BIO181 or BIO181XT General Biology (Majors) I AND BIO182 or BIO182XT General Biology (Majors) II]

35. Subject Options - Math/Science
Refer to transfer resources, including academic advisement and transfer guides, to select six (6)-ten (10) additional math and/or science credits that meet requirements for selected major.

Select Mathematics course(s) [MAT] above Calculus I and/or Computer Science course(s) [CSC] and/or Science courses from the following disciplines: Astronomy, Biology, Botany, Chemistry, Engineering, Environmental Science, Geology, Physical Geography, Physics, Zoology (MCCCD prefixes AST, BIO (except BIO174), CHM, ECE, EEE, ENV, GLG, GPH, and/or PHY)
I. Awareness Areas
Some courses may be used to satisfy both a Core Area and one or more Awareness Area(s). (See AGEC matrix for current course values.)

7. Cultural Diversity in the United States [C] (0-3)

8. Global Awareness [G] OR Historical Awareness [H]. (0-3)

V. MCCCD Additional Requirements
As noted below, courses in this area may be used to satisfy both an MCCCD requirement and an AGEC-S Core Area requirement.

VI. General Electives
Select courses 100-level or higher if needed to complete a minimum of 60 semester credits but no more than a total of 64 semester credits, which is the maximum number of credits accepted toward most degree programs at Arizona’s public universities. Ideally, students should select courses that meet requirements for their major/area of interest and transfer institution. See General Associate Degree Academic Policies for further details, limitations, and guidelines.

Maricopa courses and external courses evaluated as Maricopa equivalents, departmental electives (e.g., HISELC for a history elective), or general electives (GENELC) that are numbered 100 level or higher, and completed with a grade of “C” or higher, may be applied in the elective area, regardless of potential transferability to other institutions. It is recommended, however, that students planning to transfer to a baccalaureate-granting institution meet these general elective requirements with courses that are transferable and applicable to their intended university degree.
Transfer and major guides are accessible on the following websites: https://aztransfer.com/, maricopa.edu/transfer/ partners, as well as those of individual universities. For appropriate course selection, students should consult with an academic advisor.

### ASSOCIATE IN BUSINESS-GENERAL REQUIREMENTS (ABUS-GR) DEGREE

**TOTAL CREDITS: 62-72**

**Description**
The Maricopa County Community College District Associate in Business General Requirements (ABUS-GR) degree requires a minimum of 62 semester credits for the program of study. A minimum grade point average of 2.0 and grades of “C” or higher are required to earn the degree. The Associate in Business-General Requirements degree is governed by the MCCCD General Academic Policies for Transfer Degrees.

This degree provides the first two years of a four-year curriculum for students who wish to specialize in business. For a comprehensive list of bachelor’s degrees at Arizona’s public universities, refer to the AZTransfer Business Matrix. With a bachelor’s degree, students may pursue a number of careers, including but not limited to accountancy, business administration, business data analytics, economics, entrepreneurship, finance, marketing, management, retail management, and supply chain management.

The Associate in Business-General Requirements degree includes the following components:

- XXIII. Required Courses
- XXIV. Restricted Electives
- XXV. Arizona General Education Curriculum for Business (AGEC-B)
- XXVI. General Electives (if needed to reach minimum credits for degree)

**Purpose of the Degree**
The Associate in Business General Requirements (ABUS-GR) degree is designed for students who plan to transfer to four-year colleges and universities. In general, the components of this degree meet requirements for the various business majors (except Computer Information Systems) at Arizona’s public universities. Computer Information Systems majors should follow the Associate in Business Special Requirements (ABUS-SR) pathway instead. Generally, the degree transfers as a block without loss of credit to Arizona’s public universities and other institutions with district-wide articulation agreements.

**Special Academic Policies that Govern the ABUS-GR Degree**
- The ABUS-GR does not include any MCCCD Special Requirements for Oral Communication and/or Critical Reading like the other Associate degrees. (However, some university programs have a speech requirement; consult your academic advisor or transfer guide to verify the specifics for your program.)
• A single course can be used to satisfy multiple areas within the degree simultaneously (AGEC-B Core Area and/or Awareness Area(s), Required Courses (Common Lower Division Requirements), and/or Restricted Electives (Business Electives)). Credits are counted once toward the total for the degree.

**Degree Requirements**

The 62-72 semester credits required for the Associate in Business General Requirements follow. The following websites identify the courses that apply to the different General Education Core and Awareness Areas: AGEC-B and the AGEC Matrix. Courses available for both Areas during a current or upcoming semester can also be found using the “Find A Class” tool on each MCCCD college's website.

III. Arizona General Education Curriculum- Business (AGEC-B)

The AGEC-B requires a minimum of 35 credits (32 if FYC is met by single transfer course)*, however, Required and Restricted elective courses may also meet AGEC-B requirements and credits count once toward the total for the degree. Therefore, the AGEC-B may be met with fewer than 35 (fewer than 32 if FYC is met by single transfer course)* credits as long as all requirements listed in this section (III) are completed.

J. Core Areas

Some courses may be met by Required Courses or Restricted Electives. Some of these courses also have Awareness Areas designations and can be used to satisfy [C], [G] and/or [H] requirement(s) as well as their respective Core Area, Required Course(s) or Restricted Elective(s). AGEC designations are subject to change. Courses may meet more than one requirement but are only counted once toward the total credits for the degree. See AGEC matrix for each course's value(s) in the semester it is taken.

42. Natural Sciences [SQ/SG] 8
The lecture courses selected for Natural Sciences must include or be accompanied by the corresponding laboratory courses for a total of four credits each. Credits for lecture and lab components may be combined or each may carry separate credit. At least four credits must be designated as SQ-Science Quantitative. Eight credits of SG-Science General will not satisfy this requirement.

K. Awareness Areas 0-6
Some courses may be used to satisfy both a Core Area and one or more Awareness Area(s). (See AGEC matrix for current course values.)

9. Cultural Diversity in the United States [C] (0-3)

10. Global Awareness [G] OR Historical Awareness [H] (0-3)

Note: Students transferring to ASU in Accountancy should take two of the following courses: Sociology with [SB] value, Psychology with [SB] value, and COM230 or COM225. If students do not take these prior to transfer, they may need to take additional hours to meet ASU requirements.

IV. General Electives 0-12
Select courses 100-level or higher if needed to complete a minimum of 62 semester credits but no more than a total of 64 semester credits, which is the maximum number of credits accepted toward most degree programs at Arizona’s public universities. Ideally, students should select courses that meet requirements for their major/area of interest and transfer institution. See General Associate Degree Academic Policies for further details, limitations, and guidelines.
Maricopa courses and external courses evaluated as Maricopa equivalents, departmental electives (e.g., HISELC for a history elective), or general electives (GENELC) that are numbered 100 level or higher, and completed with a grade of “C” or higher, may be applied in the elective area, regardless of potential transferability to other institutions. It is recommended, however, that students planning to transfer to a baccalaureate-granting institution meet these general elective requirements with courses that are transferable and applicable to their intended university degree. Transfer advisement information is accessible on the following websites: aztransfer.com, https://curriculum.maricopa.edu/, as well as those of individual universities. For appropriate course selection, students should consult with an academic advisor.

TOTAL 62-72*  

*64 semester credits is the maximum accepted toward most degree programs at Arizona’s public universities. Some exceptions apply; consult with an academic advisor for additional transfer pathways.

ASSOCIATE IN BUSINESS-SPECIAL REQUIREMENTS (ABUS-SR) DEGREE

TOTAL CREDITS: 62-71

Description
The Maricopa County Community College District Associate in Business, Special Requirements (ABUS-SR) degree requires a minimum of 62 semester credits for the program of study. A minimum grade point average of 2.0 and grades of “C” or higher are required to earn the degree. This degree provides the first two years of a four-year curriculum for students who wish to pursue Computer Information Systems majors at Arizona’s public universities. With a bachelor’s degree, students may pursue a number of careers, including but not limited to accountancy, business administration, business data analytics, computer information systems, economics, entrepreneurship, finance, marketing, management, retail management, and supply chain management. The Associate in Business-Special Requirements degree is governed by the MCCCD General Academic Policies for Transfer Degrees.

The Associate in Business-Special Requirements degree includes the following components:  
XXVII. Required Courses  
XXVIII. Arizona General Education Curriculum for Business (AGEC-B)  
XXIX. General Electives (if needed to reach minimum credits for degree)
Purpose of the Degree
The Associate in Business Special Requirements (ABUS-SR) degree is designed for students who plan to transfer to four-year colleges and universities. In general, the components of this degree meet requirements for Business’ Computer Information Systems majors at Arizona’s public universities. Other Business majors should follow the Associate in Business General Requirements (ABUS-GR) pathway instead. Generally, the degree transfers as a block without loss of credit to Arizona’s public universities and other institutions with district-wide articulation agreements.

Special Academic Policies that Govern the ABUS-SR Degree
• The ABUS-SR does not include any MCCCD Special Requirements for Oral Communication and/or Critical Reading like the other associate degrees. (However, some university programs have a speech requirement; consult your academic advisor or transfer guide to verify the specifics for your program.)
• A single course can be used to satisfy multiple areas within the degree simultaneously (AGEC-B Core Area and/or Awareness Area(s), Required Courses (Common Lower Division Requirements), and/or Restricted Electives (Business Electives)). Credits are counted once toward the total for the degree.

Degree Requirements
The 62-71 semester credits required for the Associate in Business Special Requirements follow. The following websites identify the courses that apply to the different General Education Core and Awareness Areas:

AGEC-B and the AGEC Matrix. Courses available for both Areas during a current or upcoming semester can also be found using the “Find A Class” tool on each MCCCD college’s website.

ASSOCIATE IN GENERAL STUDIES (AGS) DEGREE

TOTAL CREDITS: 60-64

Description
The Maricopa County Community College District Associate in General Studies degree requires 60-64 semester credits in courses numbered 100 and above. The degree includes the following components:
I. General Education (minimum of 38 credits)
   Core curriculum (requires a grade of “C” or better)
   Distribution courses (requires a grade of “D” or better)
II. General Electives (enough additional courses numbered 100 or above, passed with a grade of “D” or better, to bring total credits to at least 60)

Purpose of the Degree
The Associate in General Studies (AGS) degree is recommended for students whose educational goals require flexibility. The AGS allows students to apply any course numbered 100 or above, including some that are not transferable to a state university, toward the credits required for the degree. Therefore, for students who intend to transfer to another college or university in the future to pursue a bachelor's degree, this degree may be less appropriate than other Associate degrees offered (Associate in Arts, Associate in Business, Associate in Science, and all major-specific pathway map versions of these degrees) by the Maricopa Community Colleges.
Academic Policies that Govern the Associate in General Studies Degree:
• The graduation policies within the general catalog must be satisfied.

• A single course can simultaneously count towards a Core Area and a Distribution requirement. Courses that meet this criterion are bold print and underscored in the Core areas and Distribution areas (on the course list at the conclusion of this document). For example, CRE101 may be used to satisfy both the Literacy and Critical Inquiry requirement [L] of Distribution area and the Core Curriculum’s Critical Reading area. While multiple requirements can be met with a single course, the credits are only counted one time toward the required minimum for the degree. A course cannot satisfy more than one Core area, even if it is approved for more than one Core area. A course cannot satisfy more than one Distribution area, even if it is approved for more than one Distribution area.

• Credits transferred from outside of MCCCD must be at a grade of “C” (2.0 on a 4.0 scale) or better. Transfer credit graded pass/fail or pass/no credit may be transferred if documentation collected by the community college indicates that this was the only grading option available to the student and that the Pass grade (“P”) is equivalent to a “C” or better.

• Completion of the AGS with a minimum Grade Point Average of at least 2.0 on a 4.0 scale for Arizona residents and 2.50 for non-residents meets Arizona public university general admission requirements. However, meeting all AGS minimums does not ensure admission to specific university majors or programs with selective admission processes and/or limited enrollment. Furthermore, because the AGS is not designed to align with the requirements for bachelor's degrees, not all credits may be transferable and students may have deficiencies in lower division (100- and 200-level) courses for a particular major.

Summary of Degree Requirements:
Details on how to identify courses approved for each of the different categories is described following the outline.

I. MCCCD General Education

Core Areas

5. Critical Reading
Students may demonstrate proficiency through assessment.
CRE101 Critical Reading OR equivalent as indicated by assessment

Distribution Areas

1. Humanities, Arts and Design
Students are encouraged to choose course work from more than one discipline.

2. Social-Behavioral Sciences
Students are encouraged to choose course work from more than one discipline. Social-Behavioral Sciences requirements may be met with 6 credits only if COM100, COM110, or COM230 is shared between Core and Distribution (see Academic Policies section on prior page). The credits are only counted once, but may be applied to meet Oral Communication and Social-Behavioral Science requirements.

3. Natural Sciences
Two lecture courses and one corresponding laboratory course are to be selected. Credits for lecture and lab components may be combined or each may carry separate credit. For appropriate course selection students should consult with an academic advisor.

4. Literacy and Critical Inquiry
Literacy requirement may be met with 0 credits only if CRE101 or COM225 is shared between Core and Distribution (see Academic Policies section on prior page). The credits are only counted once, but may be applied to meet [Oral Communication and Literacy] or [Critical Reading and Literacy and Critical Inquiry] requirements.

II. General Electives
Select additional courses 100-level or higher to complete a minimum of 60 semester credits but no more than a total of 64 semester credits.

Associate in General Studies Total Credits:
All courses listed meet AGS requirements as specified. Courses in Purple Italic Underline also meet Arizona General Education Curriculum AGEC requirements.

Courses in bold print and underscored simultaneously count towards a Core Area and a Distribution requirement.

Elective Courses (15-22 credits) May select courses from prefixes already chosen for General Education Distribution requirements in order to develop depth in one or more subject areas.

ASSOCIATE IN APPLIED SCIENCE (AAS) DEGREE TOTAL CREDITS: 45-53

Description
The Associate in Applied Science (AAS) degree requires at least 60 credits in its program of study. The exact number of credits for a specific degree is identified as part of the presentation of its requirements on the web or in the college catalog.

Purpose of the Degree
The Maricopa County Community College District Associate in Applied Science (AAS) degree is recommended for students who wish to gain a depth of technical expertise in a particular workforce-related area of study. The AAS degree options vary at the different MCCCD colleges and can be searched alphabetically or by field of interest. Requirements for each degree can be found on the linked webpages and in the corresponding college(s)’s catalog.
Academic Policies that Govern the AAS degree:

- Requires 60 or more credits numbered 100 or above and includes credits or the equivalent in the General Education Core areas and credits in the Distribution areas. AAS degree requirements follow with the use of a diagonal character (/) between course numbers to signify options. An asterisk (*) following the course number defines requirements with an effective begin term of spring;

- All courses must be completed with a grade of C or higher; any additional requirements such as grades of B or higher or minimum grade point average requirements are listed on individual degrees and certificates;

- Follows the graduation policies within the general catalog;

- Includes both courses and their modular equivalents, either the course or the modular equivalents will satisfy the Associate in Applied Science requirements.

- Requires at least 12 semester credit hours earned at the college awarding the AAS degree. The 12 hours in the AAS degree curricula may be in the Required Courses area and/or Restricted Electives courses. Courses from the General Education Core and Distribution area are excluded.

Shared Programs are programs offered at multiple colleges but not available at all colleges. The requirements are identical at all the colleges offering the program.

A shared program requires a minimum of six credit hours from the total program requirements to be completed with a grade of “C” or better at the college awarding the certificate or degree (The exception is the Nursing program. Students must apply for graduation from the college where they have successfully completed Block 4 of the Associate in Applied Science in Nursing). The minimum of six credit hours in the degree curricula may be in the Required Courses area and/or the Restricted Electives. Courses from the General Education Core and Distribution areas are excluded;

- Requires completion of General Education courses as indicated in the General Education Requirements for the Associate in Applied Science degree from the Maricopa County Community College District, or completion of a curriculum as stated in the catalog;

- Accepts one of the courses that is cross-referenced with other courses

### ACADEMIC CERTIFICATE (AC)

**Purpose of the Academic Certificate**
The Maricopa County Community College District Academic Certificate (AC) is a defined and coherent program of study that is recommended for students who wish to gain additional expertise in a specific area of emphasis in an academic discipline. While this program of study can result in proficiency in specified skills and competencies, as well as mastery of a body of knowledge, it is not designed to prepare someone for employment in a specific occupation. The coursework for an Academic Certificate may be from a variety of disciplines or it can be discipline specific. There is no required general studies component to an Academic Certificate; however, the program may include some courses that have specific general studies designations such as Humanities, Arts and Design [HU], Social-Behavioral Sciences [SB], Literacy and Critical Inquiry [L], or Cultural Awareness [C]. (See AGEC matrix for current course values.)

**Academic Policies that Govern the Academic Certificate:**

- Although, the program of study for an Academic Certificate (AC) does not have a mandated minimum number of credit hours, most ACs require approximately 12-39 credit hours in courses numbered 100 and above;
- Requires a cumulative GPA of 2.0 or better in required courses for completion;
- Follows the graduation policies listed in the college's general catalog for the appropriate catalog year;
- Any course cross-referenced under another prefix(es) (for example ENH291/EDU291-Children's Literature) covers identical content and its credits can only be counted once toward certificate requirements;
- Although ACs may include a subset of coursework required in particular transfer degrees, the intent of an AC is not to align with any specific university major. There is no presumption of block transfer to another college or university;
- May have admission criteria established by the college if and when appropriate;
- Generally offered at a limited number of colleges. For a listing of all ACs available in the district and their affiliated college(s) see the CCTA web site (https://curriculum.maricopa.edu/).
ALLIED HEALTH

Appendix S-13: The Maricopa Community Colleges Allied Health or Nursing Program

Allied Health or Nursing Assumption of Risk/Release of Liability

Most of the allied health or nursing program pathways include a program of study in a clinical training environment that may contain exposures to risks inherent in patient-oriented educational experiences (such as but not limited to bodily injury or communicable and infectious diseases). Students enrolling in clinical educational courses will be asked to sign a statement assuming all risks inherent in their coursework.

Use of Confidential Information

Students enrolled in allied health or nursing program pathways will have learning experiences in a health care setting where they will have access to confidential information. Prior to beginning any clinical studies, the students will be asked to sign an agreement to adhere to the requirements of those clinical sites and applicable law, including the Health Insurance Portability and Accountability Act of 1996 (HIPAA).

MCCCD Required Background Checks

Students enrolled in an MCCCD allied health or nursing program are required to complete and pass clinical learning experiences, working with children, elderly persons, and other vulnerable populations. MCCCD’s major clinical agency partners now mandate that any college students assigned to them for clinical experiences submit to a comprehensive background clearance prior to entering such learning experiences. Because the clinical experience portion of the programs is critical to completing a program of study, MCCCD has instituted two specific background check requirements in order for a student to enroll in a program. First, the student must obtain, at his or her own cost, a Level I Fingerprint Clearance Card from the Arizona Department of Public Safety. Precluding offenses for a Level I card can be found in Arizona Revised Statute § 41-1758.07 (https://www.azleg.gov/viewdocument/?docName=https://www.azleg.gov/ars/41/01758-07.htm). Additionally, students must also obtain a “pass” status on a MCCCD supplemental background check from MCCCD’s authorized background check contractor. The student must also pay for this background check. The supplemental check will be based on the most stringent standards of MCCCD’s clinical experience partners. The sole program for which the background check requirements are different is the Emergency Medical Technician program. For that program, students must have obtained a Level 1 Fingerprint Clearance Card from the Arizona Department of Public Safety. They are also required, at the time of their clinical assignments, to submit to, pay for and pass any additional background check requirements of the clinical agencies to which their EMT program places students. Certain licensing boards may require a separate background check or clearance card upon application for licensure or certification.

The MCCCD supplemental background check review may include searches of the following databases and information but MCCCD reserves the right to change the search criteria and the program background check requirements at any time without notice:

1. National Federal Health Care and Abuse Databases
2. Social Security Verification
3. Residency History
4. Arizona Statewide Criminal Records
5. Nationwide Criminal Databases Catalog Common Pages 2020-2021 Updated 7/6/20 104
6. Nationwide Sexual Offender Registry
7. Homeland Security Search
Examples of background information that will result in a “fail” status on the supplemental background check include:
1. Social Security number does not belong to the applicant
2. Any inclusion on any registered sex offender database
3. Any inclusion on any of the Federal exclusion lists or Homeland Security watch lists
4. Any conviction of a felony no matter what age of the convictions
5. Any warrant any state
6. Any misdemeanor conviction for the following no matter how long ago:
   A. Violent crimes
   B. Sex crime of any kind including non-consensual sexual crimes and sexual assault
   C. Murder, attempted murder
   D. Abduction
   E. Assault
   F. Robbery
   G. Arson
   H. Extortion
   I. Burglary
   J. Pandering
   K. Any crime against minors, children, vulnerable adults including abuse, neglect, exploitation
   L. Any abuse or neglect
   M. Any fraud
   N. Illegal drugs
   O. Aggravated DUI
7. Any misdemeanor controlled substance conviction in last 7 years
8. Any other misdemeanor conviction within last 3 years

**EXCEPTIONS:** Any misdemeanor traffic (DUI is not considered traffic).
The information that MCCCD uses for the “pass/fail” background check is subject to change at any time without notice.

MCCCD recommends that students carry proof of the background clearance at all times during any clinical agency learning experience.

**Duty to Report Changes; Removal**
Students have an obligation to immediately report to the director of their program any change in the information that they supplied on forms submitted to initiate background checks relating to the allied health or nursing program. That includes information provided to the Arizona Department of Public Safety and MCCCD's supplemental background check vendor, as well as that related to the background check required by a clinical agency. Failure to do so will result in removal from the program. Additionally, any change in background check status that would affect the student's clearance under either MCCCD's or a clinical agency's standards will result in removal from a program.

**Additional Clinical Agency Background Check**
Some clinical agencies require that students assigned to their sites submit to a criminal background check covering other offenses, as well as to a drug screening. Students are required to pay for the additional agency clinical background check.
A clinical agency that requires this additional background check may refuse to place a student due to information the clinical agency obtains in its background check even though that student possess a valid Level I Fingerprint Clearance Card and has obtained a “pass” status on the MCCCD supplemental background check. Some conditions that have resulted in students being denied placement at clinical agencies include pending criminal charges, outstanding warrants, unfinished terms of a sentence (such as unpaid fines), pattern of repeated types of arrests/convictions, and failure to disclose all past arrests/convictions when asked to do so on any background check application.

**Inability to Place**
MCCCD has no obligation to make repeated attempts to place a student when the reason for MCCCD's inability to place the student is due to background check issues. Since clinical agency assignments are mandatory requirements for completion of a program, a student's inability to complete required clinical experience due to his or her background check issues will result in removal from the program.

**Changes to Admission or Background Check Requirements**
MCCCD may change its program admission requirements or background check requirements without notice at any time.

**No Guarantee of Receipt of Licensure/Certificate**
Many of the nursing and allied health programs prepare graduates for application for State or National certificates or licenses. In some professions, such licensure and certification is required prior to employment or practice in the profession. Graduation from a nursing and allied health program does not guarantee the receipt of a license or certificate to practice in the field of study.

**AMENDED by Direct Chancellor Approval, June 1, 2017**

**CATALOG UNDER WHICH A STUDENT GRADUATES**

Students maintaining continuous enrollment at any public Arizona community college or university may graduate according to the requirements of the catalog in effect at the time of initial enrollment or according to the requirements of any single catalog in effect during subsequent terms of continuous enrollment. Students may maintain continuous enrollment whether attending a single public community college or university in Arizona or transferring among public institutions in Arizona while pursuing their degrees.

1. A semester in which a student earns course credit will be counted toward continuous enrollment. Non-credit courses, audited courses, failed courses, or courses from which the student withdraws do not count toward the determination of continuous enrollment for catalog purposes.

**EXAMPLE A:**
Admitted & Earned Course Credit at a Public Community
College or University	Fall 2018	(Active)
Continued at a Public Community College	Spring 2019, Fall 2019	(Active)
Transferred to a University	Spring 2020	(2018 or Any Subsequent Catalog)
EXAMPLE B:
Admitted & Earned Course Credit at a Public Community College or University Fall 2018 (Active)
Enrolled But Earned All Ws, Zs, or Fs Spring 2019 (Inactive)
Enrolled in Audit Courses Only Fall 2019 (Inactive)
Nonattendance Spring 2020 (Inactive)
Transferred to a University Fall 2020 (2020 or Any Subsequent Catalog)

2. Students who do not meet the minimum enrollment standard stipulated in No. 1 during three consecutive semesters (fall/spring/fall or spring/fall/spring) and the intervening summer term* at any public Arizona community college or university are no longer considered continuously enrolled, and must meet requirements of the public Arizona community college or university catalog in effect at the time they are readmitted or of any single catalog in effect during subsequent terms of continuous enrollment after readmission.

EXAMPLE A:
Admitted & Earned Course Credit at a Public Community College or University Fall 2018 (Active)
Nonattendance Spring 2019, Fall 2019, Spring 2020 (Inactive)
Readmitted & Earned Course Credit at a Public Community College Fall 2020 (Active)
Transferred to a University Spring 2021 (2020 or Any Subsequent Catalog)

EXAMPLE B:
Admitted & Earned Course Credit at a Public Community College or University Fall 2018 (Active)
Nonattendance Spring 2019 (Inactive)
Readmitted & Earned Course Credit at a Public Community College Summer 2019 (Active)
Nonattendance Fall 2019, Spring 2020 (Inactive)
Transferred to a University Fall 2020 (2018 or Any Subsequent Catalog)

*Students are not obligated to enroll and earn course credit during summer terms, but summer enrollment may be used to maintain continuous enrollment status.

3. Students admitted or readmitted to a public Arizona community college or university during a summer term must follow the requirements of the catalog in effect the following fall semester or of any single catalog in effect during subsequent terms of continuous enrollment.

EXAMPLE:
Admitted & Earned Course Credit at a Public Community College or University Summer 2018 (Active)
Continued at a Public Community College Fall 2018, Spring 2019 (Active)
Nonattendance Fall 2019 (Inactive)
Readmitted & Earned Course Credit at a Public Community College Spring 2020 (Active)
Transferred to a University Summer 2020 (2018 or Any Subsequent Catalog)
4. Students transferring among Arizona public higher education institutions must meet the admission requirements, residency requirements, and all curricular and academic requirements of the degree-granting institution.

**NOTE: Time Limit for Transfer Coursework**

Students should be aware that the receiving institution may have age and credit limits on certain coursework to be used in transfer. Students should be knowledgeable about the policies on time limits for transfer coursework for the institution to which they plan to transfer.

**NOTE: Time Limit for Transfer Coursework**

Students should be aware that the receiving institution may have age and credit limits on certain coursework to be used in transfer. Students should be knowledgeable about the policies on time limits for transfer coursework for the institution to which they plan to transfer.

**GENERAL GRADUATION REQUIREMENTS**

All students are required to complete the degree and/or certificate requirements as approved by the MCCCD Governing Board. The college reserves the right to make necessary course and program changes in order to meet current educational standards. In addition, students must:

1. Be credited in the Admissions and Records Office/Office of Student Enrollment with no fewer than: 60 semester credit units in courses numbered 100 or above for the Associate in Arts, Associate in Science, Associate in Arts, Elementary Education, and Associate in General Studies degrees, and 62 semester credits for the Associate in Business-General Requirements and Associate in Business-Special Requirements degrees. Minimum semester credits for completion of Associate in Arts, Associate in Science, and Associate in Arts, Fine Arts degrees with emphasis areas vary by emphasis, with none requiring fewer than 60 credits. Refer to the Program (Degree) Search at https://curriculum.maricopa.edu/ for credit minimums by emphasis. Minimum semester credits for completion of Associate in Applied Science degrees vary by specific career program, with none requiring fewer than 60 credits. For specific certificate programs, be credited with no fewer than the minimum total of credit units required for the certificate program.

   Students not continuously enrolled, as outlined in the Catalog under Which a Student Graduates Policy, must satisfy current graduation requirements.

2. Have earned a minimum of 12 semester credit units toward the degree or certificate at the district college granting the degree or certificate. The 12 hours in the AAS degree curricula must be in the Required Courses area and/or Restricted Electives courses. Courses from the General Education Core and Distribution area are excluded. In cases where the certificate requires fewer than 12 credit units, a minimum of six credit units must be completed at the college awarding the certificate. The minimum of six credit hours in the certificate or degree curricula must be in the Required Courses area and/or the Restricted Electives. Courses from the General Education Core and Distribution areas are excluded.
Shared Programs are programs offered at multiple colleges but not available at all colleges. The requirements are identical at all the colleges offering the program.

A shared program requires a minimum of six credit hours from the total program requirements to be completed with a grade of “C” or better at the college awarding the certificate or degree. The minimum of six credit hours in the certificate or degree curricula may be in the Required Courses area and/or the Restricted Electives. (The exception is the Nursing program; Nursing students must apply for graduation from the college where they have successfully completed Block 4 of the Associate in Applied Science in Nursing.) Courses from the General Education Core and Distribution areas are excluded. For those shared programs with less than six credit hours, the total hours for the program must be completed at the college awarding the certificate.

3. Have filed an application for the degree or certificate with the Admissions and Records Office/Office of Student Enrollment Services on the date determined by the college/center.

4. Have a minimum cumulative grade point average of 2.000 at the college granting the degree.

5. Have a minimum cumulative grade point average of 2.000 in all courses used to fulfill degree requirements. Some specific programs have higher grade requirements. It is the student’s responsibility to be aware of these program requirements.

6. Have removed, thirty (30) days after the anticipated graduation date, all deficiencies on the record to use those courses toward program completion.

7. Have removed any indebtedness to any MCCCD college/center.

8. Have paid graduation ceremony fee, if participating in ceremony. See fee schedule for charges. See Graduation with Honors for information on honors designation.

CERTIFICATES/DEGREES

The Maricopa Community Colleges offer Certificates of Completion as well as Associate Degrees, which are conferred on students who have completed a program of study. These certificates and degrees are as follows:

All candidates for a degree and/or certificate must complete the General Graduation Requirements as approved by the MCCCD Governing Board.

All students are urged to meet with a faculty advisor, program advisor or counselor as soon as possible to determine which program meets their needs and to plan their course of study.
LICENSURE DISCLAIMER

Maricopa Community Colleges courses and programs prepare students for entry into a variety of professions. Many of these professions require that a person hold an occupational license or certificate in order to work in a particular field. Typically, a person must meet certain legal requirements before obtaining such a license or certificate. These requirements are established by county, state or federal agencies, and often are based on a person’s character, or whether the person has been convicted of a criminal offense. It is possible for a student who has obtained a degree or certificate from a community college to be denied the right to work in a particular profession after completing the degree or certificate because of concerns over the student’s character or criminal background. Any student preparing to enter a field for which a professional license or certificate is required is strongly advised to consult with the appropriate government agency that issues such credentials. That agency can provide the student complete information about any requirements the law imposes for working in a particular occupation.

MCCCD General Education Statement
The general education core of the program of study for an associate degree or a certificate helps students develop a greater understanding of themselves, of their relationship with others, and of the richly diverse world in which they live. The general education experience provides students with opportunities to explore broad areas of commonly held knowledge and prepares them to contribute to society through personal, social, and professional interactions with others. General education fosters students’ personal development by opening them to new directions, perspectives, and processes.

Through its general education requirements, the Maricopa County Community College District is committed to helping students develop qualities and skills that will serve them throughout their lives. General education opportunities encourage students to:

- Build self-awareness, self-respect, and self-confidence
- Recognize and respect the beliefs, traditions, abilities, and customs of all people and all cultures
- Consider the local, global, and environmental impacts of personal, professional, and social decisions and actions
- Access, evaluate, analyze, synthesize, and use information wisely
- Communicate effectively personally, socially, and professionally
- Think critically, make informed decisions, solve problems, and implement decisions
- Consider the ethical implications of their choices
- Value the learning process throughout their lives
- Integrate and connect ideas and events in a historical perspective, and see relationships among the past, the present, and the future
- Develop a personal sense of aesthetics
- Use technological resources appropriately and productively
- Work cooperatively and respectfully with others to serve their communities

The general education experience at MCCCD is composed of specific elements across the curriculum designed to provide the learner with essential knowledge and skills:

- Communication
- Arts and Humanities
• Numeracy
• Scientific Inquiry in the Natural and Social Sciences
• Information Literacy
• Problem-Solving and Critical Thinking
• Cultural Diversity

General Education Designations (example: (FYC), [SB], [HU], etc.)
Effective Fall 2000 the course evaluation and/or general education designation, as listed in the Arizona Course Equivalency Guide (CEG) within AZ Transfer, is valid for the term in which the student is awarded credit on the transcript. A course evaluation and/or general education designation may be subject to change. Given that curriculum is dynamic at both MCCCD and the institutions to which MCCCD students transfer, students have the option to petition for general education evaluations and/or general education designations.

The college reserves the right to make necessary course and program changes in order to meet current educational standards.

The following academic policies govern the associate degrees designed for university transfer:
Associate in Arts (AA); Associate in Arts, Elementary Education (AAEE); Associate in Arts, Fine Arts (AAFA); Associate in Business-General Requirements (ABUS-GR); Associate in Business-Special Requirements (ABUS-SR); and Associate in Science (AS). Note that academic policies that govern the Associate in General Studies (AGS) and Associate in Applied Science (AAS) degrees are listed separately, with the requirements for each of those degrees.

• The graduation policies within the general catalog must be satisfied (administrative regulation 2.3.9).
• Minimum semester credits for completion vary slightly by degree and specific emphasis (when applicable). Refer to the Program (Degree) Search at https://curriculum.maricopa.edu/ for credit minimums for individual degree programs.
• Credits completed toward these minimums must be in courses numbered 100 or above with a grade of “C” or better. These credits must include a minimum of 35* in satisfaction of the requirements of the Arizona General Education Curriculum (AGEC) along with a maximum of 6 credits towards MCCCD’s Additional Requirements.
• Detailed degree requirements are maintained by the Center for Curriculum and Transfer Articulation (CCTA); refer to the program search at https://curriculum.maricopa.edu/.

General Education Requirements:

• The AGEC requirements include a designated number of courses approved for each of the following areas:

  o Core
  • First Year Composition [FYC],
  • Mathematical Applications [MA], Computer/Statistics/Quantitative Applications [CS] (CS not required for Associate in Science),
  • Literacy and Critical Inquiry [L],
  • Humanities, Arts and Design [HU],
  • Social-Behavioral Sciences [SB], and
  • Natural Sciences (Science Quantitative [SQ], Science General [SG]).

  o Awareness Areas
  • Cultural Diversity in the U.S. [C]
  • Global [G] or Historical [H] Awareness
Note that there are three different AGECs each aligning with a different subset of associate Degrees--AGEC-A for the AA, AAEE, and AAFA degrees, AGEC-B for the ABUS-GR and ABUS-SR degrees, and AGEC-S for the AS degree. For some types of AGECs/Associate degrees, students are allowed to choose from a broad list of courses; for others the courses are more restricted or even specified.

A single course can simultaneously count toward a Core Area, one or more Awareness Areas, MCCCD Additional Requirements and, for some degree types, other lower division courses used to meet the degree requirements. For example, CRE101 may be used to satisfy both the MCCCD Reading Requirement and the Literacy and Critical Inquiry area [L] of the AGEC core. While multiple requirements can be met with a single course, the credits are only counted one time toward the required minimum for the degree.

Except for the Associate in Science (AS) degree, a single course cannot be used to satisfy more than one AGEC Core Area.

The AGEC-A and AGEC-B require a minimum of 35 credits* and the AGEC-S requires a minimum of 36 credits*, however, the AGEC credit count within the total credits for a degree may be under these minimums if courses are also applied toward Required Courses or Restricted Electives and the credits are counted in those areas. Awareness Areas and MCCCD's Additional Requirements may also be shared with AGEC Core Areas. Optimizing credits in this way is often recommended because some programs and universities limit transferable credits at 64.

Coursework beyond General Education:

For some degree types, the additional coursework required to complete the degree is specified while others offer the student more latitude. See degree checksheets for more complete description. Consultation with an academic advisor about course selection is always recommended.

Oral Communication and Critical Reading are MCCCD Additional Requirements required for Associate in Arts and Associate in Science degrees. Refer to the Program (Degree) Search at curriculum.maricopa.edu for acceptable options to meet these requirements for individual degree programs.

Within the Restricted Electives, course recommendations are made for specific transfer institutions. Students should select a transfer plan (group of courses) based on their intended transfer institution. However, not all transfer institutions are reflected in these recommendations. Therefore, students may instead meet the minimum number of Restricted Elective credits using a combination of courses from the transfer plans listed. Restricted Electives should be selected in consultation with an academic, faculty, or program advisor.

General Electives may need to be selected to meet the minimum total credits required for the degree. All courses numbered 100-or-higher may be applied as General Electives. Students are encouraged to select courses that align with their goals.

Note that some majors require up to a 4th semester proficiency (202-course level) in a non-English language. Students should consult with an academic advisor to discuss options to complete these requirements.

Maricopa courses and external courses evaluated as Maricopa equivalents, departmental electives, (e.g., HISELC for a history elective), or general electives (GENELC) that are numbered 100 level or higher, and completed with a grade of “C” or higher, may be applied in the elective area, regardless of potential transferability to other institutions. It is recommended, however, that students planning to transfer to a baccalaureate-granting institution meet these general elective requirements with courses that are transferable and applicable to their intended university degree. Transfer advisement information is accessible on the following websites: https://aztransfer.com/, https://curriculum.maricopa.edu/, as well as those of individual universities. For appropriate course selection, students should consult with an academic advisor.

Any course cross-referenced under another prefix(es) (for example ENH291/EDU291-Children's Literature) covers identical content and its credits can only be counted once toward requirements.
Transfer Credit from Institutions Outside of MCCCD:

• Credits transferred from outside of MCCCD must be at a grade of “C” (2.0 on a 4.0 scale) or better.
• External courses evaluated either as equivalent to an MCCCD course or as elective credit may be applied toward the minimum credits for degree completion.
• Transfer credit graded pass/fail or pass/no credit may be used to satisfy AGEC requirements if documentation collected by the community college indicates that this was the only grading option available and that the Pass grade (“P”) is equivalent to a “C” or better.
• The AGEC (Arizona General Education Curriculum) designations of courses completed at other Arizona public colleges or universities will be applied as listed on AZTransfer's Course Equivalency Guide (CEG) for the semester(s) in which the course(s) were completed. If a transcript evaluation determines there is no MCCCD direct equivalency to a course from another Arizona public college or university, applicability to AGEC and/or associate degree requirements will be based on the source institution’s AGEC designation for the semester in which the course was completed.
• Courses from private, out-of-state, and/or online institutions (i.e., outside of the Arizona Transfer System comprised of Arizona’s public community colleges, tribal colleges and universities) will be applied toward AGEC and/or associate degree requirements based on the courses' evaluated MCCCD equivalence. If courses are not directly equivalent, the credit may be articulated as a departmental elective, and if deemed appropriate, may have a general education designation applied to the course.
• Credit awarded at a Maricopa Community College for prior learning is transferable to the other colleges in the district but is not necessarily transferable to other colleges and universities. No more than 20 such assessed semester credit hours may be applied toward AGEC, and no more than 30 credits (including up to 20 toward AGEC) may be applied toward a degree.

Completion and Transfer:

• Completion of the AGEC with a minimum Grade Point Average of at least 2.0 on a 4.0 scale for Arizona residents and 2.50 for non-residents meets Arizona public university general admission requirements. It does not ensure admission to specific university majors or programs with selective admission processes and/or limited enrollment.
• While MCCCD’s associate degrees are designed to facilitate a seamless transfer to other Arizona institutions, courses may be transferable and/or meet associate degree requirements, but may not necessarily meet the specific requirements of a particular degree, major, or area of emphasis at another institution.

Students planning to transfer to another college or university are urged to refer to university requirements and academic advisors from both institutions to be certain that all their selected coursework is applicable to the requirements of their intended transfer degree and within their allowed transferable credit limit. For some majors, the statewide Common Course matrix and AZTransfer Major Guides at https://aztransfer.com/ and/or university transfer guides can also provide some guidance. For appropriate course selection, students should consult with an academic advisor.
2.4.1 General Statement
The Maricopa Community Colleges are dedicated to providing a healthy, comfortable and educationally productive environment for students, employees and visitors.

2.4.2 Nondiscrimination (see 5.1.1 Maricopa EEO Policy)
It is the policy of the Maricopa County Community College District (MCCCD), (consisting of Chandler-Gilbert Community College, the District Office, Estrella Mountain Community College, GateWay Community College, GateWay Community College - Central City, Glendale Community College, Mesa Community College, Paradise Valley Community College, Phoenix College, Rio Salado Community College, Scottsdale Community College, South Mountain Community College, and all affiliated locations) to:

1. Recruit, hire, and promote in all job groups, and to ensure that all Human Resources (HR) employment selection and decision practices do not discriminate, nor tolerate discrimination in employment against any applicant or employee, on the basis of race, color, religion, sex, sexual orientation, gender identity, national origin, citizenship status (including document abuse), age, disability, pregnancy, veteran status or genetic information.

2. Administer all HR employment selection and decision practices pertaining to advertising, benefits, compensation, discipline (including probation, suspension, and/or involuntary termination for cause or layoff), employee facilities, performance evaluation, recruitment, social/recreational programs, and training will be administered without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, citizenship status (including document abuse), age, disability, pregnancy, veteran status or genetic information.

3. Hold each level of management responsible for ensuring that all employment policies, procedures, and activities are in full compliance with all applicable federal, state, and local EEO statutes, rules, and regulations.

4. Maintain an educational environment that does not discriminate or tolerate discrimination on the basis of race, color, religion, sex, sexual orientation, gender identity, national origin, citizenship status (including document abuse), age, disability, pregnancy, or veteran status in federally funded programs, activities and MCCCD sponsored events.
5. Hold each level of academic and student life management responsible for ensuring that all academic environments and activities are in full compliance with all applicable federal, state, and local non-discrimination laws.

**AMENDED by Direct Approval by the Chancellor, April 8, 2020**
**AMENDED per Administrative Regulation Process, January 2, 2020**

**2.4.3 Equal Opportunity Statement (see 5.1.3 EEO Policy Statement)**

It is the policy of the Maricopa County Community College District (MCCCD) to promote equal employment opportunities through a positive continuing program. This means that Maricopa will not discriminate, nor tolerate discrimination in employment or education, against any applicant, employee, or student because of race, color, religion, sex, sexual orientation, gender identity, national origin, citizenship status (including document abuse), age, disability, pregnancy, veteran status or genetic information. Additionally, it is the policy of Maricopa to provide an environment for each Maricopa job applicant and employee that is free from sexual harassment, as well as harassment and intimidation on account of an individual's race, color, religion, sex, sexual orientation, gender identity, national origin, citizenship status (including document abuse), age, disability, pregnancy, veteran status or genetic information.

In addition, lack of English language skills is not a barrier to admission into Career and Technical Education (CTE) programs or skill centers.

**AMENDED by Direct Approval by the Chancellor, April 8, 2020**
**AMENDED per Administrative Regulation Process, January 2, 2020**

**AFFIRMATIVE ACTION STATEMENTS**

**Affirmative Action Policy Statement for Individuals with Disabilities**

In conformance with the provisions of Section 503 of the Rehabilitation Act of 1973, as amended, and the implementing regulations, 41 CFR 60-741.5 (a), as amended, Maricopa County Community College District (MCCCD) will not discriminate, nor tolerate discrimination in employment or education, against any applicant, employee, or student because of physical or mental disability in regard to any position for which the known applicant or employee is qualified. MCCCD agrees to take affirmative action to employ, advance in employment, and otherwise treat known qualified individuals with disabilities without regard to their physical or mental disability in all human resources selection and decision practices, such as the following: advertising, benefits, compensation, discipline (including probation, suspension, and/or termination for cause or layoff), employee facilities, performance evaluation, recruitment, social/recreational programs, and training. MCCCD will also continue to administer these practices without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, citizenship status (including document abuse), age, disability, veteran status or genetic information. Additionally, all applicants and employees are protected from coercion, intimidation, interference, or discrimination for filing a complaint or assisting in an investigation under the Act.

**Affirmative Action Policy Statement for Other Eligible Veterans, Special Disabled Veterans, and Vietnam Era Veterans**

In conformance with the Vietnam Era Veterans Readjustment Assistance Act of 1974, the Veterans Employment Opportunities Act of 1998, and the implementing regulations, 41 CFR 60-250 (k), Maricopa County Community College District (MCCCD) will not discriminate, nor tolerate discrimination in employment or education, against any applicant, employee, or student because they are a special disabled veteran or Vietnam era veteran in regard to any position for which the known applicant or employee is qualified.
MCCCD agrees to take affirmative action to employ, advance in employment, and otherwise treat known qualified special disabled veterans and Vietnam era veterans without discrimination based upon their disabled or veteran status in all human resources selection and decision practices, such as the following: advertising, benefits, compensation, discipline (including probation, suspension, and/or termination for cause or layoff), employee facilities, performance evaluation, recruitment, social/recreational programs, and training. MCCCD will continue to administer these practices without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, citizenship status (including document abuse), age, disability, veteran status or genetic information. Additionally, MCCCD agrees to post all suitable job openings at the local office of the State employment service where the job opening occurs. This includes full-time, temporary greater than 3 days’ duration, and part-time employment. Finally, all applicants and employees are protected from coercion, intimidation, interference, or discrimination for filing a complaint or assisting in an investigation under the Act.

Notice of Americans with Disabilities Act (ADA)/ Section 504 of the Rehabilitation Act/Title IX Coordinator (see 5.1.7 Notice of Americans with Disabilities Act (ADA)/Section 5004 of the Rehabilitation Act/Title IX Coordinator)

Under the ADA and Section 504, the Maricopa County Community College District (MCCCD) recognizes the obligation to provide overall program accessibility throughout its locations for qualified disabled individuals. Students and employees can raise concerns or make complaints, without retaliation, about matters made unlawful under the ADA.

EMPLOYEES
The District Office and each College must post the address and telephone number for the individual responsible for coordinating services and/or activities relating to the Americans with Disabilities Act (42 U.S.C. Chapter 126), Section 504 of the Rehabilitation Act (29 U.S.C. §794(d)), and all other applicable law. The Notice will specify how employees can request reasonable accommodations.

STUDENTS
The District Office and each MCCCD location must post the address and telephone number for the individual responsible for coordinating services and/or activities relating to the Americans with Disabilities Act (42 U.S.C. Chapter 126), Section 504 of the Rehabilitation Act (29 U.S.C. §794(d)), and Title IX of the Education Amendments of 1972 (20 U.S.C. §1681), using the format below:
- ADA/504/Title IX Coordinator
- Address
- Phone #
- Email address
Additionally, each college/center must publish electronically or in print the above information in student handbooks and catalogs.

The designated ADA/504/Title IX Coordinator at each college/center will provide information as to the existence and location of services, activities, and facilities that are accessible to and usable by individuals with disabilities. Likewise, under Title IX, there is an obligation to provide services and program accessibility in a gender-neutral manner.

**Responsibility**
We value responsibility and believe that we are each accountable for our personal and professional actions. We are responsible for making our learning experiences significant and meaningful.

**Stewardship**
We value stewardship and honor the trust placed in us by the community. We are accountable to our communities for the efficient and effective use of resources as we prepare our students for their role as productive world citizens.
ADMISSION, REGISTRATION AND ENROLLMENT

2.1 General Regulation

1. General Statement
Compliance with Policies, Rules and Regulations
Every student is expected to know and comply with all current published policies, rules and regulations as stated in the college catalog, class schedule, and/or student handbook. Documents are available on each college's website.

Policies, courses, programs, fees and requirements may be suspended, deleted, restricted, supplemented or changed through action of the Governing Board of the Maricopa Community Colleges.

The Maricopa Community Colleges reserve the right to change, without notice, any materials, information, curriculum, requirements and regulations.

Note: The regulations that comprise the student section contain language that appears in various sources such as the Catalog Common Pages and the Student Handbook. All areas became Administrative Regulations with the 1996 adoption of the Governance Model. Changes are made annually either through the Administrative Regulations approval process, or by Board approval for those items that fall under its statutory duty, such as Tuition and Fees. In an effort to prevent duplication, topics in this section may be incorporated by reference, as they are featured in other areas of the manual and are noted accordingly.

The Maricopa County Community College District Vision, Mission and Values that are featured in the Common Pages are a part of approved Governing Board policy and are located in the policy section of the manual. As such, the following statement related to Outcomes Assessment that appears in the Common Pages is presented here as a general statement.

Outcomes Assessment
The mission of the Maricopa Community Colleges is “to create and continuously improve affordable, accessible, and effective learning environments for the lifelong educational needs of the diverse communities we serve.” In order to evaluate how successfully the Maricopa County Community College District accomplishes this mission, student outcomes will be assessed as part of the continuous improvement process.

Students may be asked to participate in a variety of assessment activities at each college. Assessment results will be used to improve educational programs, services and student learning.

2.2.1 Admission Policy
Persons meeting the admissions criteria may attend any Maricopa Community College of their choice. Falsification of any admission materials or official college records may be cause for denial or cancellation of admission. Exceptions to the admissions policies may be requested through the Admissions and Standards Committee. Admission is determined in accordance with state law (ARS §§ 15-1805.01 and 15-1821) and regulations of the Maricopa Community Colleges Governing Board.

Admission Classifications
1. Admission of Regular Students
Admission to the community college in Arizona may be granted to any person who meets at least one of the following criteria:

A. Is a graduate of a high school, which is accredited by a regional accrediting association as defined by the United States Office of Education or approved by a State Department of Education or other appropriate state educational agency.
B. Has a high school certificate of equivalency.
C. Is at least 18 years of age and demonstrates evidence of potential success in the community college.
D. Is a transfer student in good standing from another college or university.

**Admission of Students Under 18 Years of Age**

E. A community college in this state shall grant admission to any student who is under eighteen years of age and who achieves at least one of the following:
   i. A composite score of 720 or more on the Preliminary Scholastic Aptitude Test (PSAT).
   ii. A composite score of 720 or more on the Scholastic Aptitude Test (SAT).
   iii. A composite score of twelve or more on the American College Test (ACT).
   iv. A passing score on the relevant portions of the statewide assessment.
   v. The completion of a college placement method designated by the community college district that indicates the student is at the appropriate college level for the course.
   vi. Is a graduate of a private or public high school or has a high school certificate of equivalency.

F. A community college may limit the number of semester hours in which the student may enroll to not more than six (6) credit hours.

G. Home schooled students are exempt from this sub-section.

H. Students who enroll in vocational courses may be admitted on an individual basis with the approval of college officials if the student meets the established requirements of the courses for which the student enrolls and the college official determines that the student’s admission is in the best interest of the student.

**Specialized Vocational / Training Program**

Students who enroll in vocational courses may be admitted on an individual basis with the approval of college officials if the student meets the established requirements of the courses for which the student enrolls and the college officials determine that the student’s admission is in the best interest of the student.

**Western Undergraduate Exchange Program**

The Western Undergraduate Exchange (WUE) program is a student exchange program coordinated by the Western Interstate Commission for Higher Education (WICHE) and administered by the Arizona Board of Regents. Through WUE, students who reside in western states (Alaska, Arizona, California, Colorado, Hawaii, Idaho, Montana, Nevada, New Mexico, North Dakota, Oregon, South Dakota, Utah, Washington, and Wyoming), Guam and the Commonwealth of the Northern Marianas Islands (CNIMI) and who meet the eligibility requirements, pay 150 percent of the regular resident tuition plus fees. Students must mark prominently on the Student Information Form that they seek admission as WUE students. Students may not apply as out-of-state students and expect to receive the WUE tuition rate after admitted. Once admitted as WUE students, students may not petition for in-state residency.

Further information may be obtained from the Admissions and Records Office/Office of Student Enrollment Services.

**Admission of F-1 Nonimmigrant Students**

Prospective students should contact the Admissions and Records Office/Office of Student Enrollment Services or designated office for the international student application form(s). When completed, the form(s) should be returned to the Admissions and Records Office/Office of Student Enrollment Services or the International Education office with all requested supporting documents. After the file has been reviewed, a notice will be sent to the applicant indicating either acceptance or denial of admission.

To be guaranteed consideration for admission, all application materials must be received by July 1 for the fall semester and November 1 for the spring semester.
Prospective students seeking admission based on F-1 nonimmigrant status must provide proof of secondary school completion with documentation comparable to a United States high school diploma or higher degree. It is recommended that F-1 nonimmigrant students have graduated in the upper 50% of their secondary school (high school or equivalent) in order to ensure success in academic classes at this college. Applicants for admission to the college must have high school and college (if applicable) transcripts sent directly from the high school or college to the Admissions and Records Office/Office of Student Enrollment Services or designated office. In addition, it is the applicant’s responsibility to have all transcripts translated into English and evaluated by a foreign credential evaluation service if necessary.

I. Admission to Academic Programs
Applicants who wish to enroll in an academic program at the college must present evidence of English language proficiency. If the Test of English as a Foreign Language (TOEFL) is used to satisfy this requirement, the applicant must attain a score of at least 500 (on the paper-based TOEFL) or 61 (on the internet-based TOEFL, known as the iBT). If the International Language Testing System (IELTS) is used to satisfy this requirement, an IELTS overall Band Score of 5.5 or better is required, and a minimum IELTS individual Band Score of 5.0 on each module is recommended. The dean or director of Admissions and Records Office/Office of Student Enrollment Services of the college may accept other proof of English language proficiency for admission purposes, such as the ASSET, ACCUPLACER, COMPASS or CELSA tests.

J. Admission to an Intensive English Program
Applicants for admission to an Intensive English Program are advised to check with individual colleges for their respective admission requirements. Applicants must provide evidence of at least an intermediate command of English by way of one or more of the following criteria:

i. At least six years of English language instruction as shown by the applicant’s school transcript(s);
ii. A minimum TOEFL score of 400 (on the paper-based TOEFL) or 23 (on the internet-based test);
iii. An original letter of recommendation from a teacher, school principal or headmaster/ headmistress, or the director of an English language institute attesting to the applicant’s proficiency at the intermediate level;
iv. Other credentials, test scores, interview results, or evidence accepted by the coordinator of an intensive English program or the college’s responsible designee. Students admitted to an Intensive English Program will not be allowed to enroll in courses outside those officially designated as part of the program unless and until they have met all of the prerequisites or other course requirements.
v. Foreign students under certain types of visas may need special permission to enroll and should contact the appropriate college official.

K. Financial Support
Evidence of financial support will be required prior to issuance of the I-20 form. The colleges have no scholarship or financial aid provisions for foreign students; therefore, students must be fully prepared to meet the necessary financial obligations for the full time they will be in the United States. The colleges estimate a student’s average expenses for 10 months to be:

<table>
<thead>
<tr>
<th>Item</th>
<th>Cost</th>
</tr>
</thead>
<tbody>
<tr>
<td>Tuition and Fees</td>
<td>$8,010 (1)</td>

</tbody>
</table>
L. Dependent Financial Guarantee
Evidence of financial support for dependents of F-1 and M-1 students (spouse and dependent children) is also required: $5,000 for the first dependent and $2,500 for each additional dependent.

M. Health Insurance
All F-1 and M-1 students who have an I-20 issued by one of the Maricopa Community Colleges are required to purchase the Maricopa Community Colleges’ international student health insurance plan. Health insurance coverage for dependents of F-1 and M-1 students is highly recommended. The Maricopa Community Colleges contracts with an insurance provider annually to offer a health insurance plan for F-1 and M-1 students. For more information contact the college Admissions and Records Office/Office of Student Enrollment Services or designated international student office.

Footnotes:
(1) Based on 2016-2017 tuition and fee schedule.
(2) Based on estimated living expenses for two (2) semesters (10 months).
(3) Based on average new and used textbook prices and Rental Rates. Assumes books are sold at the end of the semester.
(4) Based on the 2016-2017 insurance premiums for the mandatory Maricopa Community Colleges’ International Student Health Plan.
(5) Applicants must provide evidence of this minimum amount of financial support before an I-20 is issued.

AMENDED by Direct Chancellor Approval, June 4, 2019
AMENDED through the Administrative Regulation Process, June 5, 2017

2.2.2 Admission Information
Students must file a Student Information Form with the Admissions and Records Office/Office of Student Enrollment Services at the college of attendance. There is no charge for this service.

Student Status
A. Freshman - A student who has completed fewer than 30 credit hours 100-level courses and above.
B. Sophomore - A student who has completed 30 credit hours or more in 100-level courses and above.
C. Unclassified - A student who has an associate degree or higher.

Student Identification Number
Disclosure of the social security number is voluntary (ARS §15-1823). However, students must use social security numbers for reporting information pertaining to potential educational tax credits and for processing federal financial aid applications and Veterans Administration benefits.

Residency for Tuition Purposes (See Appendix S-1)
All students are classified for tuition purposes under one of the following residency classifications:
D. Maricopa County resident
E. Out-of-County resident
F. Out-of-State resident (including F-1 non-immigrant students and students on other non-immigrant visas)

Residency for tuition purposes is determined in accordance with state law (ARS §§15-1801 et seq.) and regulations of the Maricopa Community Colleges Governing Board. All of the Maricopa Community Colleges are subject to the above statutes and regulations. Students who have questions about their residency should contact the Admissions and Records Office/Office of Student Enrollment Services for clarification.
A. Implementation
i. An applicant must be eligible to attend post-secondary education in the United States prior to being eligible to register for classes and pay fees.
ii. Domicile status must be established before the student registers and pays fees. It is the student’s responsibility to register under the correct domicile status.
iii. Enforcement of domicile requirements shall be the responsibility of the Chancellor of the Maricopa Community Colleges. The Chancellor has charged the Director of Admissions and Records or other designee at each college to make the initial domicile classification. In determining a student’s classification, the college may consider all evidence, written or oral, presented by the student and any other information received from any source which is relevant to determining classification. The college may request written sworn statements or sworn testimony of the student.
iv. A request for review of the initial classification may be made to a district review committee. The request must be in writing, signed by the student and accompanied by a sworn statement of all facts relevant to the matter. The request must be filed with the admissions officer of the college within ten (10) days of receipt of notification of classification as a non-resident. Failure to properly file a request for review within the prescribed time limit constitutes a waiver of review for the current enrollment period. The decision of the review committee shall be final.

B. Definitions
i. “Armed forces of the United States” means the Army, the Navy, the Air Force, the Marine Corps, the Coast Guard, the commissioned corps of the United States Public Health Services, the National Oceanographic and Atmospheric Administration, the National Guard, or any military reserve unit of any branch of the armed forces of the United States.
ii. “Continuous attendance” means enrollment at one of Maricopa Community Colleges as a full-time or part-time student for a normal academic year since the beginning of the period for which continuous attendance is claimed. Students need not attend summer sessions or other such intersession beyond the normal academic year in order to maintain continuous attendance.
iii. “Maricopa County resident” means an individual who lives in Maricopa County and has lived in the state of Arizona for at least one year prior (365 days) to the first day of the semester (as published in the approved MCCCD Academic Calendar posted online at ACADEMIC CALENDARS) and who is a United States citizen or in a lawful status. In-state residency must be established prior to county residency for those moving from other states. Refer to Section C for guidelines.
iv. “Domicile” means a person’s true, fixed, and permanent home and place of habitation. It is the place where he or she intends to remain and to which he or she expects to return when he or she leaves without intending to establish a new domicile elsewhere. Visa status must confer the ability to establish domicile in the United States in order to be classified as an in-state student.
v. “Emancipated person” means a person who is neither under a legal duty of service to his parent nor entitled to the support of such parent under the laws of this state.
vi. “Full-time student” means one who registers for at least twelve (12) credit hours per semester.
vii. “Part-time student” means one who registers for fewer than twelve (12) credit hours per semester.
viii. “Parent” means a person’s father, or mother, or if one parent has custody, that parent, or if there is no surviving parent or the whereabouts of the parents are unknown, then a guardian of an unemancipated person if there are not circumstances indicating that such guardianship was created primarily for the purpose of conferring the status of an in-state student on such unemancipated person.
C. Criteria for Determining Residency

i. In-State Student Status

1. Except as otherwise provided in this article, no person having a domicile elsewhere than in this state is eligible for classification as an in-state student for tuition purposes. Applicants for in-state tuition status and other public benefits must demonstrate lawful presence in the United States by presenting one of the documents listed in this regulation, under the section “Demonstrating Lawful Presence.”

2. A person is not entitled to classification as an in-state student until the person is domiciled in this state for one year preceding the official starting day of the semester, except that a person whose domicile is in this state is entitled to classification as an in-state student if the person meets one of the following requirements:

   a. The person's parent's domicile is in this state and the parent is allowed to claim the person as an exemption for state and federal tax purposes.

   b. The person is an employee of an employer which transferred the person to this state for employment purposes or the person is the spouse of such an employee.

   c. The person is an employee of a school District in this state and is under contract to teach on a full-time basis, or is employed as a full-time non-certified classroom aide, at a school within that school District. For purposes of this paragraph, the person is eligible for classification as an in-state student only for courses necessary to complete the requirements for certification by the state board of education to teach in a school District in this state. No member of the person's family is eligible for classification as an in-state student if the person is eligible for classification as an in-state student pursuant to this paragraph, unless the family member is otherwise eligible for classification as an in-state student pursuant to this section. Eligibility for in-state tuition is subject to verification of intent to domicile in this state. Determination of residency is made by the admissions and records office/office of enrollment services.

   d. The person's spouse has established domicile in this state for at least one year and has demonstrated intent and financial independence and is entitled to claim the student as an exemption for state and federal tax purposes or the person's spouse was temporarily out of state for educational purposes, but maintained a domicile in this state. If the person is a non-citizen, the person must be in an eligible visa status pursuant to federal law to classify as an in-state student for tuition purposes.

AMENDMENT TO BE REPEATED IN CORRESPONDING APPENDIX ITEM S-1 – IN-STATE STUDENT STATUS SECTION C

3. The domicile of an unemancipated person is that of such person's parent.

4. An unemancipated person who remains in this state when such person's parent, who had been domiciled in this state, removes from this state is entitled to classification as an in-state student until attainment of the degree for which currently enrolled, as long as such person maintains continuous attendance.

5. A person who is a member of the armed forces of the United States and who is stationed in this state pursuant to military orders or who is the spouse or a dependent child of a person who is a member of the armed forces of the United States and who is stationed in this state pursuant to military orders is entitled to classification as an in-state student. The student does not lose in-state student classification while in continuous attendance toward the degree for which he or she is currently enrolled.

6. A person who is a member of the armed forces of the United States or the spouse or a dependent of a member of the armed forces of the United States is entitled to classification as an in-state student if the member of the armed forces has claimed this state as the person's state of home record for at least twelve consecutive months before the member of the armed forces, spouse or dependent enrolls in a university under the jurisdiction of the Arizona Board of Regents or a community college under jurisdiction of a community college district governing board. For purposes of this subsection, the requirement that a person be domiciled in this state for one year before enrollment to qualify for in-state student classification does not apply.
7. Immediate classification as an in-state student shall be granted to a veteran who meets the provisions of Arizona statute HB 2091, paragraph G, which reads: G. A person holding an honorable discharge from the uniformed services of the United States from either active duty or reserve or national guard status, or who has retired from active duty or reserve or national guard status, shall be granted immediate classification as an in-state student and, while continuously enrolled, does not lose in-state student classification if the person has demonstrated objective evidence of intent to be a resident of Arizona that, for the purposes of this section, includes at least one of the following:

1. Registration to vote in this state.
2. An Arizona driver license.
3. Arizona motor vehicle registration.
4. Employment history in Arizona.
5. Transfer of major banking services to Arizona.
6. Change of permanent address on all pertinent records.
7. Other materials of whatever kind or source relevant to domicile or residency status.

8. A veteran using Chapter 30 or 33 benefits who does not otherwise qualify under item 7 above (paragraph G of PL 2091), or a veteran’s dependent or spouse who is using transferred Post-9/11 GI Bill® (Chapter33) benefits or the Marine Gunnery Sergeant John David Fry Scholarship, may be eligible for immediate classification as an in-state student if he/she meets the provisions of Arizona statute HB 2091, paragraph H: h. A person who, while using educational assistance under 38 United States Code Chapter 30 or Chapter 33, enrolls in a university under the jurisdiction of the Arizona Board of Regents or a community college under the jurisdiction of a community college district governing board within three years after the veteran’s discharge from active duty service of ninety or more days or within three years after the service member’s death in the line of duty following a period of active duty service of ninety or more days or who remains continuously enrolled beyond the three-year period following the discharge of the veteran or the service member’s death shall be granted immediate classification as an in-state student and does not lose in-state student classification if the person has demonstrated objective evidence of intent to be a resident of this state that, for the purposes of this section, includes at least one of the following:

Students are required to submit the following
1. Certificate of eligibility letter from the VA Awarding Chapter 30 or 33 benefits or the Fry scholarship, or the Dept. of Defense document approving the transfer of CH. 33 benefits
2. DD-214 proving a minimum of 90 days service and no more than 3 years since discharge or since death of veteran
3. Students must also provide at least one of the following:
   A. Registration to vote in this state.
   B. An Arizona driver license.
   C. Arizona motor vehicle registration.
   D. Employment history in Arizona.
   E. Transfer of major banking services to Arizona.
   F. Change of permanent address on all pertinent records.
   G. Other materials of whatever kind or source relevant to domicile or residency status.

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government Web site at https://www.benefits.va.gov/gibill.
9. Per Arizona state law, a person who is honorably discharged from the armed forces of the United States on either Active Duty or Reserve or National Guard Status, or who has retired from Active Duty or Reserve or National Guard Status, shall be granted immediate classification as an in-state student on honorable discharge from the armed forces and, while in continuous attendance toward the degree for which currently enrolled, does not lose in-state student classification if the person has met the following requirements:
   A. Registered to vote in this state.
   B. Demonstrated objective evidence of intent to be a resident of Arizona which, for the purposes of this section, include at least one of the following:
      1. An Arizona driver license
      2. Arizona motor vehicle registration
      3. Employment history in Arizona
      4. Transfer of major banking services to Arizona
      5. Change of permanent address on all pertinent records
      6. Other materials of whatever kind or source relevant to domicile or residency status

10. A student using any VA educational benefits who does not otherwise qualify under items above shall be granted immediate classification as an in-state student, and while continuously enrolled does not lose in-state student classification if the person has demonstrated objective evidence of intent to be a resident of Arizona that for the purposes of this section, includes at least one of the following:
    1. Registration to vote in this state
    2. An Arizona driver license
    3. Arizona motor vehicle registration
    4. Employment history in Arizona
    5. Transfer of major banking services to Arizona.
    6. Change of permanent address on all pertinent records
    7. Other material of whatever kind or source relevant to domicile or residency status.

11. A person who is a member of an Indian Tribe recognized by the United States Department of the Interior whose reservation land lies in the state and extends into another state and who is a resident of the reservation is entitled to classification as an in-state student.

II. Alien In-State Student Status
1. An alien is entitled to classification as an in-state refugee student if such person has been granted refugee status in accordance with all applicable laws of the United States and has met all other requirements for domicile.

2. In accordance with the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (P.L. 104-208; 110 Stat. 3009-546), a person who was not a citizen or legal resident of the United States or who is not lawfully present in the United States is not entitled to classification as an in-state student pursuant to ARS §15-1802 or entitled to classification as a county resident pursuant to ARS §15-1802.01. A student will be assessed out-of-state tuition until such time that documentation of lawful presence is received in the Office of Admissions and Records/Enrollment Services and (eligibility for) residency is confirmed. Documentation must be provided prior to the end of the term in which residency classification is being requested. Documentation received after the end of term will be used for residency determination in subsequent terms.
3. In establishing domicile, the alien must not hold a visa that prohibits establishing domicile in the United States and this state. After meeting other domicile requirements, students holding valid, unexpired visas in the following categories may be classified as in-state students (See Appendix S-1A):

   A = Foreign Government Official or Adopted Child of a Permanent Resident  
   E = Treaty Traders  
   G = Principal Resident Representative of Recognized Foreign Member Government to International Staff  
   H = H1B AND H4  
   K = Spouse or Child of Spouse of a US Citizen, Fiancé or Child of Fiancé of US Citizen  
   L =Intracompany Transferee or Spouse or Child  
   N6 = NATO-6  
   U, T = Victim of Criminal Activity  
   V = Spouses and Dependent Children of Lawful Permanent Residents

4. Students who hold a current visa and have submitted an I-485 to U.S. Citizenship and Immigration Services (USCIS), may establish residency if other domicile requirements have been met. Residency eligibility for I-485 applicants may be considered one year after the date on the USCIS Notice of Action letter (I-797) confirming application for permanent resident status provided their prior visa status is one that allows the visa holder to establish domicile in the United States. Students must provide required residency documentation in addition to the (I-797) Notice of Action for residency consideration. In establishing domicile, the alien must be in a status that does not prohibit establishing domicile in this state for at least one year immediately preceding the official starting date of the semester.

   Exception: In the event that an alien student’s parent is allowed to claim the student as an exemption for state or federal tax purposes (3C.1.2.A) (E.G., The student is under 23 and not emancipated), the student’s residence is deemed to the same as the parent’s. If the parent holds a visa that is not listed in section 3 above, he or she would not be eligible to establish residency. In such circumstances, the student would likewise be barred notwithstanding his or her own filing of an I-485.

5. Students who hold a current or expired visa and have applied for a change of status will retain their immigration status based on their prior visa status and not the status or visa for which they are applying.

III. Proving lawful presence in the United States
All applicants for instate tuition (and other public benefits) must first show at least one of the following documents in accordance with ARS §1-502 to demonstrate that they are lawfully present in the United States by presenting to the Registrar at least one of the following documents:

   H. An Arizona Driver's license issued after 1996 or an Arizona non-operating identification license or an Arizona Instruction Permit  
   I. A birth certificate or delayed birth certificate issued in any state, territory, or possession of the United States (A hospital record/certificate and certified Abstract of Birth are not acceptable).  
   J. A United States certificate of birth abroad.  
   K. A United States Passport.  
   L. A Foreign Passport with a United States Visa.  
   M. An I-94 Form with a Photograph.
O. A United States Permanent Resident Card
P. A United States Certificate of Naturalization.
Q. A United States Certification of Citizenship.
R. A Tribal Certificate of Indian Blood.
S. A Tribal or Bureau of Indian Affairs Affidavit of Birth.

Tribal Members*, the Elderly and “Persons with Disabilities or incapacity of the mind or body,” may submit certain types of documents under Section 1903 of the Federal Social Security Act (42 UNITED STATES CODE 1396B, As Amended By Section 6036 Of The Federal Deficit Reduction Act of 2005)**
* A document issued by a federally recognized Indian tribe evidencing membership or enrollment in, or affiliation with, such tribe.
** If you think that this may apply, please contact the Legal Services Department for assistance.

IV. Presumptions Relating to Student Status
Unless there is evidence to the contrary, the registering authority of the community college or university at which a student is registering will presume that:
1. No emancipated person has established a domicile in this state while attending any educational institution in this state as a full-time student, as such status is defined by the community college district governing board or the Arizona Board of Regents, in the absence of a clear demonstration to the contrary.
2. Once established, a domicile is not lost by mere absence unaccompanied by intention to establish a new domicile.
3. A person who has been domiciled in this state immediately before becoming a member of the armed forces of the United States shall not lose in-state status by reason of such person's presence in any other state or country while a member of the armed forces of the United States.

V. Proof of Residency
When a student's residency is questioned, the following proof will be required.

1. In-State Residency
   a. An affidavit signed by the student must be filed with the person responsible for verifying residency.
   b. A combination of the following may be used in determining a student’s domicile in Arizona:
      1. Arizona income tax return
      2. Arizona Voter registration
      3. Arizona Motor Vehicle registration
      4. Arizona Driver's license
      5. Employment history in Arizona
      6. Place of graduation from high school
      7. Source of financial support
      8. Dependency as indicated on federal income tax return
      9. Ownership of real property
      10. Notarized statement of landlord and/or employer
      11. Transfer of major banking services to Arizona
      12. Change of permanent address on all pertinent records
      13. Arizona Department of Children Services documents related to foster care placement
      14. Other relevant information
2. County Residency
A combination of the following may be used to determine a student's county residency:
1. Notarized statements of landlord and/or employer
2. Source of financial support
3. Place of graduation from high school
4. Ownership of real property
5. Bank accounts
6. Arizona income tax return
7. Dependency as indicated on a Federal income tax return
8. Other relevant information

D. Concurrent Enrollment in Arizona Public Institutions of Higher Education (ARS §15-1807) (See Appendix S-3) Under Arizona Revised Statutes §15-1807, it is unlawful for any non-resident student to register concurrently in two or more public institutions of higher education in this state including any university, college or community college for a combined student credit hour enrollment of more than six (6) credit hours without payment of non-resident tuition at one of such institutions. Any non-resident student desiring to enroll concurrently in two or more public institutions of higher education in this state including any university or community college for a combined total of more than six (6) credit hours who is not subject to non-resident tuition at any of such institutions shall pay the non-resident tuition at the institution of his choice in an amount equivalent to non-resident tuition at such institution for the combined total of credit hours for which the non-resident student is concurrently enrolled.

2.2.3 Other Admission Information

1. Veterans
By Arizona statute, any failing grades from any Arizona university or community college that were received prior to military service will not be used to determine admission to the community college for the honorably discharged veterans with two years’ service in the armed forces of the United States. Students admitted or readmitted to the community college under this statute are subject to progression, retention, graduation and other academic regulations and standards. (See Withdrawal - Appendix S-7)

Ability to Benefit
A. Federal guidelines require that students who are applying for financial aid demonstrate the ability to benefit. Under federal law, a student who enrolls after June 30, 2012, must be a high school graduate, have a GED certificate, or have completed a secondary school education in a home school setting that is treated as a home school or private school under state law, be admitted as a regular student, and be pursuing an eligible degree or certificate to qualify for federal financial assistance under Title IV of the Higher Education Act.
B. For student enrolled prior to July 1, 2012, an evaluation during the admission process resulted in the student being admitted to the college with the status of Regular, Regular with Provisional Requirements or Special.

i. “Regular” status, for the purpose of 2.2.3.2, is granted to an individual admitted to the college who is a high school graduate, has a GED certificate, or has completed a secondary school education in a home school setting that is treated as a home school or private school under state law. A student without a high school diploma or GED certification and beyond the age of compulsory high school attendance may be a regular status student if the student has been assessed to benefit from college instruction by receiving qualifying scores on approved assessment instruments. All regular status students must be pursuing a degree/certificate in an eligible program.

ii. “Regular with Provisional Requirements” status, for the purpose of 2.2.3.2, is granted to a student admitted to the college who is not a high school graduate, does not have a GED certificate, is beyond the age of compulsory high school attendance, or has completed a secondary school education in a home school setting that is treated as a home school or private school under state law, but has been assessed to benefit from college instruction and is pursuing a degree/certificate in an eligible program.

iii. “Special” status, for the purpose of 2.2.3.2, is granted to a student admitted to the college for concurrent enrollment or pursuing one or more courses of special interest and who meets all the requirements for admission.

Transcripts
The Maricopa Community Colleges reserve the right to require an official transcript for admission to specific programs, for verification of course requisites and for determination of academic standing. The official transcript must be sent directly from the source institution to the college Admissions and Records Office/Office of Student Enrollment Services. The official transcripts may be sent via a secured website. Please contact the Admissions Office of The Maricopa College you plan to attend to verify which secure websites may be valid.

It is the student’s responsibility to ensure that official transcripts have been received and are complete. Students entering as high school graduates may be required to submit high school transcripts. Please contact the Admissions Office of the Maricopa College you plan to attend for more information on preparing a homeschooled official transcript. Students entering as GED recipients may be required to present a copy of the high school equivalency certificate or official report of qualifying GED scores.

Educational Assessment
All students are encouraged to undergo an educational assessment to determine course placement. Prospective students who do not possess a high school diploma or GED equivalence certificate are required to complete an educational assessment to determine their ability to benefit from college instruction. See Student Course Placement Process (AR 2.2.7)

2. High Pressure Recruitment Tactics
The Maricopa County Community College District prohibits its employees from engaging in high-pressure recruitment tactics or in providing to any person or entity engaged in student recruitment, admission activity, or in making decisions regarding the award of Title IV, HEA funds, any commissions, bonuses, or other incentive payments based, in any part, directly or indirectly upon successfully securing enrollments or the awarding of financial aid. (34 CFR 668.14(A)(22)(I)).

2.2.4 Transfer Credit and Prior Learning Assessment Policy

TRANSFER CREDIT
A student enrolling at one of the Maricopa Community Colleges after having attended other post-secondary institutions can have coursework evaluated for transfer credit. To be eligible for evaluation, coursework must appear on official transcripts from the source institutions. The official transcripts must be mailed or sent through an approved electronic transfer method directly from the source institutions to the Admissions and Records/Enrollment Services Office of the receiving institutions. Hand-carried and emailed transcripts cannot be accepted for an official evaluation. Students should allow approximately 10 days before confirming with your Maricopa Community College that the transcript(s) was received. The Admissions and Records/Enrollment Services office at the receiving institutions will complete course-by-course evaluations for all submitted transcripts upon student request. The award of transfer credit shall not express or imply that all transfer credit will be fully accepted or applied toward all Maricopa associate’s.

The Maricopa Community Colleges will evaluate coursework from institutions listed in the database of institutions and programs accredited by recognized U.S. accrediting organizations at the time the coursework was taken. To be “recognized” means that the accreditors in the database have been reviewed by the Council for Higher Education Accreditation (CHEA) or by the U.S. Department of Education (USDE) or both and meet the quality standards of the respective organizations.

College-level courses completed outside the United States and recorded on official transcripts will be evaluated for transfer credit, provided that the institution where the courses were taken is accredited by the Ministry of Education in that country. It is the student’s responsibility to submit all foreign and international transcripts to an approved international credential evaluation service to be translated into English (when applicable), evaluated on a course-by-course basis, and sent directly to the receiving college(s). Contact your College Admissions and Records/Enrollment Services Office to obtain a list of recommended evaluation services.

CONDITIONS OF TRANSFER CREDIT:
• Credits transferred from outside of MCCCD graded on a plus/minus grading scale are converted based on the grading scale of the transferring institution. Only courses with a grade of “C” (2.0 on a 4.0 scale) or better are transferable. Course credit below 100 level, earned at an MCCCD Institution prior to August 2020 or at a sending institution, cannot be used to calculate grade level.
• Developmental coursework below 100-level is accepted for the purpose of fulfilling course prerequisites. However, the credit does not apply toward a degree or certificate, and it does not transfer to another postsecondary institution. It does, however, get added to the Transfer Credit Report as part of the evaluation.
• Courses with different credit systems (quarter hours, units) are converted to semester hours of credit. The semester conversion of quarter credits is at a rate of .67 semester credit hours for each quarter hour.
• The age of credit may be considered in applying credit toward degrees and certificate programs.

REVERSE TRANSFER OF CREDIT
In an effort to assist former Maricopa students who have transferred to a university, the Maricopa Community Colleges offer reverse transfer of credit with participating universities. Former Maricopa students may use this opportunity to fulfill previously incomplete coursework requirements. Interested students at participating universities must meet university criteria to qualify for free transcript exchange when available. Participation in reverse transfer of credit does not guarantee coursework applicability or degree or certificate eligibility. Students participating in reverse transfer of credit must meet all curriculum and college requirements.
PRIOR LEARNING ASSESSMENT (PLA)
The Maricopa Community Colleges are committed to the idea that people deserve credit for college-level learning, no matter how it was acquired. Many people have developed learning outside of the traditional classroom. This evaluation of credit is referred to as Prior Learning Assessment, or PLA. Prior Learning can be identified and assessed in a variety of ways to determine if college credit should be awarded. PLA credit may be awarded if the following standards have been met:

• Student has been admitted to the college.
• Student has declared a pathway (certificate or degree).
• The learning is college level and verifiable.
• PLA credit may be applied toward a degree program, certificate, general education requirements, concentration, and general electives that count toward the student's elected pathway. Some restrictions may apply depending on the specific program of study.
• PLA credit may satisfy prerequisite requirements using the same policy that applies to other course equivalencies.
• All work assessed for PLA credit was earned with a grade of “C” or better.

Students may be awarded no more than 30 credit hours through Prior Learning Assessment, unless required by a specific program of study within the Maricopa Community Colleges. Exceptions include evaluated credit from post-secondary institutions and military credit as indicated on joint service transcripts. Credit awarded for Prior Learning does not count as hours in residence for graduation requirements. Exceptions may be granted at some of the Maricopa Community Colleges for unique programs of study. No more than 20 credit hours may be applied to the Arizona General Education Curriculum (AGEC). Please direct questions about Prior Learning Assessment at the Maricopa Community Colleges to the Admissions and Records/Enrollment Services Office.

PRIOR LEARNING ASSESSMENT FEE SCHEDULE
No fees are assessed by the college for the following types of Prior Learning Assessment: Transfer credit from nationally recognized institutions, international coursework that has been officially evaluated by a foreign evaluator service (such as Educational Credential Evaluators), standardized college-level exams (such as CLEP, AP, IB, DSST, CIE), GED exams, Military Transcripts, ACE (American Council On Education) transcripts, credit received through ORGANIZATIONS AND companies that offer nationally recognized credit evaluated by ACE, NCCRS, etc. (Straighterline, NOCTI, Study.Com, etc.), industry recognized credentials, Skill Center and clock hour transcripts.

Departmental Challenge Exam and Credit By Evaluation | $40 administrative fee if awarded transfer credit

CREDIT BY EXAM (COLLEGE-LEVEL EQUIVALENCY EXAMINATIONS)
ACE has published credit recommendations for a number of national standardized examinations such as the ones listed below in the Guide to Educational Credit by Examination. The Maricopa Community Colleges use these recommendations as guidelines to award credit for equivalent coursework as well as elective credit. The number of credits listed in the ACE Guide are recommendations only. A college is not required to grant a student the number of credits recommended.
Scores must be sent directly to the Admissions and Records/Enrollment Services Office from the specific testing companies before credit is awarded; equivalencies are subject to review and change. Credit received through Prior Learning Assessment is transferable within the Maricopa Community Colleges but is not necessarily transferable to other colleges and universities. Therefore, students are strongly advised to research the credit for Prior Learning Assessment policies at any college or university outside of the Maricopa Community Colleges to which they plan to transfer. Credit by exam is awarded based on equivalencies in effect at the time of evaluation. Changes to exams and scores are determined by the respective Maricopa Instructional Councils (ICS) and/or Statewide Articulation Task Forces (ATFS).

**Maricopa recognizes the following examinations:**
- Advanced Placement (AP)
- American College Testing Proficiency Examination Program (ACT-PEP)
- Cambridge International Exams (CIE), A and AS LEVEL
- College-Level Examination Program (CLEP)
- Departmental Exams (also known as “Challenge Exams”)
- Defense Activity For Non-Traditional Education Support [DANTES] Subject Standardized Tests (DSST)
- GED, College Ready + Scores
- International Baccalaureate (IB) Diploma/Certificate
- Pearson VUE Exams

Fees for standardized exams are the responsibility of the student.

**Current list of exams and scores.**

**ADVANCED PLACEMENT (AP) CREDIT**
Students who have taken an advanced placement course of the College Entrance Examination Board (CEEB) in their secondary school and who have taken an advanced placement examination of the CEEB may receive course credit. Scores must be received directly from CEEB to Admissions and Records/Enrollment Services before credit is awarded.

**AMERICAN COLLEGE TESTING PROFICIENCY EXAMINATION PROGRAM**
The Maricopa Community Colleges may award credit for the American College Testing Proficiency Examination Program (ACT-PEP) based on the scores earned to Admissions and Records/Enrollment Services.

**CAMBRIDGE INTERNATIONAL EXAMINATIONS (CIE) A AND AS LEVEL**
Students who have taken a Cambridge International Examination may receive college credit. Scores must be received directly from CIE to Admissions and Records/Enrollment Services before credit is awarded.

**COLLEGE LEVEL EXAMINATION PROGRAM (CLEP)**
Students who have taken a college level examination of the College Entrance Examination Board (CEEB) may receive college credit. Scores must be received directly to Admissions and Records/Enrollment Services from CEEB before credit is awarded.

Estrella Mountain Community College, Rio Salado College, Paradise Valley Community College, and Mesa Community College are CLEP test sites. For more information on registering for the CLEP examinations, contact the Testing Centers at these colleges.
DEPARTMENTAL EXAMS (ALSO KNOWN AS CHALLENGE EXAMS)
Students may apply for departmental credit by examination in certain courses by obtaining the appropriate form in the Admissions and Records Office, paying the required fee, and completing the examination and other requirements of the college. See fee schedule for appropriate fees. Students may not request:
• To challenge a course a second time;
• To challenge a course while currently enrolled in the course;
• To establish credit in a previously completed course; and
• To establish credit for a lower level of a course in which credit has been received.

ADDITIONALLY:
• Exceptions may be granted at some of the Maricopa Community Colleges for their unique programs of study. Specialized programs may allow courses to be repeated due to the student needing to have recent knowledge of the content in order to progress in the program.
• Academic departments may have additional requirements that must be met before credit may be granted through departmental credit by examination.
• Only grades of A, B, C, D or P earned as a result of this examination will be recorded on the student's transcript. Fees are not refundable after the examination has been administered, regardless of results.
• When credit is granted as outlined above, a notation of “Credit by Examination,” a grade and the number of credits will appear on the student's transcript. The grade is used in computing the grade point average.

DSST (FORMERLY DEFENSE ACTIVITY FOR NON-TRADITIONAL EDUCATION SUPPORT OR DANTES)
The Maricopa Community Colleges may award credit for DSST Examination Program to individuals who meet or exceed the ACE recommended scores for awarding credit on the DSST exams. The Maricopa Community Colleges do not award credit for ENG 102 through DSST examination. Credit received through DSST is transferable within the Maricopa Community Colleges, but is not necessarily transferable to other colleges and universities.

The Assessment Center at Rio Salado College is a DSST test site. For additional information on registering for DSST examinations, call (480) 517-8560.

Students who have taken a DSST examination may receive college credit. Scores must be received directly from DSST before credit is awarded.

GED EXAMS
The Maricopa Community Colleges may award credit for GED subject area scores designated as College Ready + in accordance with the ACE recommended scores. The transcript needs to be sent directly by the Department of Education to the Admissions and Records Office /Enrollment Services in order to be awarded credit.

DISCLAIMER: TEST SCORES ARE CONTINUALLY REVIEWED AND MAY BE UPDATED AT ANY TIME.

EDUCATIONAL EXPERIENCES IN THE ARMED SERVICES
The Maricopa Community Colleges may award credit for military experiences based on the ACE Guide to the Evaluation of Educational Experiences in the Armed Services. A student may receive college credit if:

• Training parallels a discipline area offered through the Maricopa Community Colleges, and
• Credit meets a program requirement or is used as elective credit.
Upon request, individuals who have successfully completed basic training, four (4) credit hours in physical education will be awarded as indicated in the ACE Guide and the Community College of the Air Force Catalog. Official documentation of military training is required.

**INTERNATIONAL BACCALAUREATE (IB) DIPLOMA/CERTIFICATE**

Students who present an international baccalaureate diploma/certificate may qualify for college credit. Maricopa grants credit for college-level courses only. Scores must be received directly from the institution where the exams were administered before credit is awarded.

**CREDIT BY EVALUATION**

**COLLEGE CREDIT RECOMMENDATION SERVICE**

ACE evaluates training programs offered by business, industry, and government and publishes its credit recommendations in *The National Guide*. If a student has received training that appears in the guide, he or she may receive college credit if:

- Training parallels a discipline area offered through the Maricopa Community Colleges, and
- Credit meets a program requirement or is used as elective credit.

**DEPARTMENTAL CREDIT BY EVALUATION**

Students may apply for Departmental Credit by Evaluation in certain courses by obtaining the appropriate form in the Admissions and Records/Enrollment Services Office. The completed Credit by Evaluation form and the required fees are due to the college when the Credit by Evaluation request is submitted.

Some academic departments may have additional requirements that must be met before credit may be granted through Departmental Credit by Evaluation. When credit is granted a notation of “Credit by Evaluation,” and the number of credits will appear on the student’s transcript. These credits are not used in computing the grade point average. Credit by Evaluation is transferable within the Maricopa Community Colleges, but is not necessarily transferable to other colleges and universities. Students may not request:

- To challenge a course a second time;
- To challenge a course while currently enrolled in the course;
- To establish credit in a previously completed course; and
- To establish credit for a lower level of a course in which credit has been received.

**PLA AND TRANSFER DISCLAIMER**

If pursuing a transfer degree (AA, ABUS, AS, AAEE, AAFA, or Articulated Academic Degree Program), transfer credit and PLA will be granted for the purpose of satisfying Maricopa graduation requirements. Because credits may not transfer to all colleges or universities, contact your transferring institution to determine their transfer credit and PLA requirements and policies.

2.2.6 Academic Advising, New Student Orientation, and Student Success Course

1. Academic Advising
Students who will be attending college for the first time, and intend to earn an Associate's degree or to transfer to a college/university to complete a Bachelor's degree, will be required to meet with an academic advisor prior to the start of their first semester at a MCCCD college.

i. Recent high school students who received MCCCD credits through Dual/Concurrent Enrollment, ACE, Hoop of Learning, or any MCCCD Early Outreach Program are considered first time to college.

2. New Student Orientation
Students who will be attending college for the first time, and intend to earn an Associate's degree or to transfer to a college/university to complete a Bachelor's degree, will be required to attend New Student Orientation prior to the start of their first semester at a MCCCD College.

i. Recent High School students who received MCCCD credits through Dual/Concurrent Enrollment, ACE, Hoop of Learning, or any MCCCD Early Outreach Program are considered first time to college.

3. Student Success Course
Students who will be attending college for the first time, and intend to earn and associate's degree or transfer to a college/university to complete a bachelor's degree will be required to successfully complete a college success course (CPD150 or CPD115/AAA115) within the first two semesters at a MCCCD college, unless they have completed high school within the last 10 years with a cumulative, unweighted grade point average of 2.6 or above. Colleges have the leeway to determine if a student who is not first-time or enters with a cumulative grade point average of 2.6 or higher should have the college success course (CPD150 or CPD115/AAA115) added to their program requirements.

2.2.7 Student Assessment and Course Placement

1. Course Placement
A. Students who plan to register in English, Reading, or Math will be advised to enroll into courses based on valid District-approved placement methods.

B. Students who place into course(s) that are below college-level (i.e., below 100-level) will be advised to enroll into the course(s) within the first two semesters.

C. A department/division chair or designee may grant a course placement waiver under special circumstances. The signed waiver will be noted on the student's electronic record. The process may also be done electronically without a signature if supported by the attending college.

D. Course placement will be determined utilizing the district placement options under any one of the following conditions:
   i. The student is taking his or her first college credit English, reading or math course, or any college course for which English, reading or math is a prerequisite.
   ii. The student is pursuing a degree or transfer pathway and does not have current valid District approved course placement on file or does not have previous college credit in English, reading and math.
   iii. The student for whom English is not the primary language and who is taking his or her first English as a Second Language class is required to take a test of English proficiency.
E. Students will be exempt from the course placement process if at least one of the following conditions apply:
   i. The student has earned an associate or higher degree from a regionally accredited college.
   ii. The student has earned college credits from a regionally accredited college in English, reading, and math with a grade of C or higher.
   iii. The student has currently valid District approved course placement scores on file.
   iv. The student who is exempt from the course placement process must still fulfill the minimum graduation requirements.

Determining Course Placement
Maricopa County Community Colleges use multiple placement options. In cases, when a course placement test is given, scores will be valid for two years. Other placement methods will also have limited time validity. For additional information, go to PLACEMENT.

F. Reading placement test scores that indicate “exempt from CRE101” do not expire.

G. Students will be permitted one re-test in English, reading, or by math level after at least a 24-hour waiting period. One additional re-test is permitted no sooner than three months from the oldest valid score date at any course placement testing site.

H. The Vice President of Student Affairs or designee may approve re-testing for students with special needs or circumstances. The re-test date will then serve as the date of record.

Implementation of Policy
To ensure consistency of the course placement process within the Maricopa Community Colleges:
I. All colleges shall accept the same approved course placement methods.
J. All colleges shall adhere to the same approved placement scores.
K. All colleges shall adhere to the approved limited time validity for each course placement method. For more information, go to: PLACEMENT.
L. Reading Placement Scores that Indicated “Exempt from CRE101” Do Not Expire.

Evaluation
The Maricopa Community Colleges will provide an ongoing evaluation of the course placement process. An annual report shall be submitted to the Governing Board to indicate the policy’s effectiveness noting the number of students assessed, their placement scores and their success in courses. Every three years a thorough review of the policy and procedures shall be implemented, including recommendations from the English, Reading and Math Instructional Councils regarding cut-off scores, course placement assessment tools and procedures.

AMENDED through the Administrative Regulation Process, June 4, 2019

2.2.8 Registration
Students must register according to the dates indicated, and in the manner described in the college class schedule. To be eligible for registration, students must have completed the appropriate steps listed under the Admissions section. The college may allow early or priority registration. Tuition and fees must be paid or payment arrangements made by the due date to secure class enrollment. Students may not attend a class for which they are not registered.

The colleges reserve the right to enroll students in courses. The final decision for admission to any class for students admitted under section 2 of AR 2.2.1 will be determined by the designated college administrator in consultation with the department chairperson and/or faculty.
Class Registration Deadlines:

1. For classes with published start dates and meeting times, registration in the class must be completed before the first official class meeting date and time. Students may not register for a class once it has started. Self-Service registration for a class through my.maricopa.edu will end at 11:59 PM on the day before the class starts. Registration for a class on the date it starts must be done in person or on the phone, and must be completed before the class start time.

2. For classes without published meeting times (for example, online classes, special projects), registration in the class must be completed by 11:59 PM on the day before the class starts.

3. Exceptions
   a. Exceptions to class registration deadlines require permission of appropriate instructor(s) and approval of the appropriate department/division chair or designee.
   b. Exceptions are limited to
      i. Courses requiring permission of instructor
      ii. Courses requiring auditions or try-outs
      iii. Courses for Special Populations or Cohorts
      iv. Enrollment in an alternative section of a course taught by the same instructor
      v. Enrollment in an alternative section of a course taught by a different instructor
      vi. Course level changes
      vii. Students dropped for non-payment during the 100% refund period may be reinstated if they attended since the first class meeting.
      viii. Students dropped due to Human or system errors may be reinstated if they attended the first class meeting.
      ix. Other exceptions may be granted after faculty consultation with the student.

2.2.9 Tuition and Fees Policy

Tuition and fees are public monies within the jurisdiction and responsibility of the Maricopa Community Colleges Governing Board under the laws and regulations of the State of Arizona and must be administered by the Governing Board. The Governing Board reserves the right to change tuition and fee charges when necessary without notice. All students are classified for tuition purposes under one of the following residency classifications:

1. Maricopa County resident
2. Out-of-County resident
3. Out-of-State resident (including F-1 non-immigrant students)

Residency for tuition purposes is determined in accordance with state law (ARS §§15-1801 et seq.) and regulations of the Maricopa Community Colleges Governing Board. All of the Maricopa Community Colleges are subject to the above statutes and regulations. Students who have questions about their residency should contact the Admissions and Records Office/Office of Student Enrollment Services for clarification.

Students attending more than one Maricopa Community College will be assessed fees for their enrollment at each of the Maricopa Community colleges/centers. (Students who are considered to be out-of-state residents for tuition and fees purposes should refer to Appendix S-3, Concurrent Enrollment in Arizona Public Institutions of Higher Education.)
1. Time of Payment*
   All tuition, fees, assessments and deposits must be paid at the time of registration or by the specified
   deadline date and in accordance with the fee schedule approved by the Maricopa Community Colleges
   Governing Board.

2. Tuition and Fees Schedule (Effective July 1, 2018 for fall, spring and summer Sessions)* Current information
   can be found at https://district.maricopa.edu/regulations/admin-regs/appendices/students/s-4

   The following is a tuition and fees schedule for 2018-2019 and is provided for reference. These tuition
   and fees are subject to change. Consult the college’s Admissions and Records Office/Office of Student
   Enrollment Services for course fees in effect during the semester/term in which you intend to register.
   See Appendix S-4.

* Students from any other county in Arizona are considered Maricopa County residents (in county) due to a reciprocal arrangement with that county. Reciprocal agreements allow for in-county tuition rates for residents of all Arizona counties except Apache or Greenlee counties without an Out-of-County Residence Affidavit.

** According to ARS §15-1802F, “A person who is a member of an Indian tribe recognized by the US Department of the Interior whose reservation lies in this state and extends into another state and who is a resident of the reservation is entitled to classification as an in-state student.” Therefore, unclassified and out-of-state surcharges do not apply to such students.

*** According to ARS §15-1470, community college districts may offer credit and noncredit courses and services outside of this state. A district is not entitled to state aid payments for students who are provided courses and services outside of this state.

+ This rate applies to out-of-state resident students who are taking distance learning courses or students who are taking classroom-based credit courses through a contract agreement between MCCCD and the company they work for. This rate does not apply to Study Abroad Programs as there is a separately calculated rate for those students.

A. Determine Student Residency Status
   Refer to admissions information (A R 2.2.2) of the college catalog for residency information and to review the requirements for classification as a Maricopa county resident. Contact the Admissions and Records Office/Office of Student Enrollment Services if you have questions about residency requirements.

B. Use the Chart to Locate Tuition Charges
   Determine the correct column based on your residency status and then select the number of credit hours. The general tuition chart is provided for reference only.

C. Add Any Additional Fees
   A one-time, per semester $15 registration fee is due by the official start of the term (semester) or by the specified due date or at time of registration.

D. There may also be additional course fees for classes, please refer to the college schedule for course fees.

E. If you choose to audit a class, add an additional fee of $25 per credit hour.

F. Additional course fees may apply for specific courses. Check with the college's Admissions and Records Office/Office of Student Enrollment Services for a current listing of course fees.

G. Pay Your Fees
   Payment of fees may be made by cash, check, money order, VISA, MasterCard, Discover or American Express. Payment Plan options are also available.

NOTE: If you do not pay your tuition and fees at the time of registration or by the specified due date, you may be dropped from your classes and may be responsible for the tuition and fees based on the refund schedule which outlines the refund deadlines for each course.

Outstanding Debts

Any debt or returned check may revoke a student’s current enrollment and the student’s right to register in subsequent semesters at all Maricopa Community Colleges. Delinquent debts may require penalties, late charges, collection costs, and/or legal fees to be paid before good standing is restored to the student.

The following procedure will be used for the collection of returned checks and other outstanding debts:

H. The designated college official or fiscal officer is responsible for:
   i. Verifying the student’s district wide debt,
   ii. Attempting to notify the student of the debt and
   iii. Attempting to collect the debt.

I. Maricopa Community College services may be withheld pending payment of debt (at designated college office) with cash, certified check or money order or online with debit or credit card or in person with credit card. Student may be withdrawn from classes.

J. If other collection attempts fail, the Maricopa Community Colleges District Office will either collect or use other means available, including:
   i. Collection agency, requiring payment of collection fees by the student;
   ii. The Tax Refund Setoff Programs as stated in ARS §42-1122;
   iii. Litigation, requiring payment of court costs and legal fees by the student.

K. Debt Holds may be lifted only in limited instances by the appropriate College or District business services designee for the extension of services provided that at least one of the following conditions are met:
   i. MCCC staff verify that full payment has been made to another College;
   ii. The College can deduct payment from a financial aid award made to the student (referring to student authorization guidelines for regulations on applying federal financial aid to debt balances);
   iii. A third party not related to the student, such as an employer or state agency, makes a verified payment directly to the College;
   iv. It is determined and verified with the appropriate MCCC office that the hold resulted from a system error and the error is due to an activity that requires correction by the appropriate College or District personnel.

Admission Criteria to Attend a College within the Maricopa Community College District (MCCC) is determined in accordance with state law (ARS §§15-1805.01 AND 15-1821) and regulations of the Maricopa Community Colleges Governing Board and the Chancellor. As such, participants enrolled in courses as part of third party agreements are also subject to the same admissions criteria. This includes the participants resolving any current enrollment or administrative holds that are unrelated to the Third party in an existing student account, but that otherwise impact his/her eligibility to enroll in courses or participate in programs delivered by MCCC faculty or staff.
Discounted Fees and Waivers

L. Citizens 62 years of age and older shall be issued ID cards that allow them the privilege of attending events at no cost and that allow them to use the library facilities.

M. Employees, Dependents and Mandated Groups
   The Maricopa Community College District waives tuition and student activity fees for credit-hour courses for employees and their dependents, and for legislatively mandated groups. Special fees and fees for Non-credit/Special interest Community Services courses are not waived.

N. Tuition and Registration Fee Waiver for Members of the Pima-Maricopa Indian Community
   Tuition and fee waivers shall be funded through Auxiliary Fund Monies for college credit courses for the enrolled members of the Pima-Maricopa community who live on the Pima-Maricopa Reservation.

All other guidelines and procedures established for the purpose of administering waivers, affidavits and exemptions are outlined in the Maricopa County Community College District tuition waiver manual.

2.2.10 Refund Policy

1. Refund Policy for Credit/Clock Classes
   Students who officially withdraw from credit/clock classes (in fall, spring, or summer) within the withdrawal deadlines listed below will receive a 100% refund for tuition, class and registration fees. Deadlines that fall on a weekend or a college holiday will advance to the next college workday except for classes fewer than 10 calendar days in length or as specified by the college. Calendar days include weekdays and weekends. Refer to individual colleges for withdrawal and refund processes. Never attending is not an allowable refund exemption or an excuse of the debt incurred through registration.

   *Course fees and registration processing fees will be refunded only if the student qualifies for a 100% refund. Debts owed to any MCCCD college must be satisfied before any refunds are paid to the student. Refunds for students receiving federal financial assistance are subject to federal guidelines. Requests for exceptions to the refund policy must be filed within one year from the semester in which the course was taken.*

Refund Policy for Non-Credit Classes

Unless otherwise specified, students must drop non-credit classes prior to the course start date to be eligible for a 100% refund.
Canceled Classes
When a class is canceled by the college, a 100% refund will be made.

Refund Exceptions
Students withdrawing from a college or from courses for one of the following reasons must submit a written request for a refund exception to the Admissions and Records Office/Office of Student Enrollment Services or designated college official:

A. A student with a serious illness, verifiable by a doctor’s written statement that the illness prevents the student from attending all classes for the semester. The doctor’s statement must be on file with the college before a refund can be given.

B. Serious illness or death of an immediate family member that prevents the student from attending all classes for the semester. Immediate family members include spouse/partner, father, mother, grandfather, grandmother, child, foster child, grandchild, stepchild, sibling, stepsibling, stepfather, stepmother, or spouse’s/partner’s father, mother, grandfather, grandmother, or in-laws in any one incident. Appropriate documentation must be provided before a refund can be given.

C. Death of a student. Appropriate documentation must be provided before a refund can be given.

D. A student in the armed forces or the Arizona National Guard who is called to active duty and assigned to a duty station, verifiable by a copy of the orders, will be allowed to withdraw and receive a 100% refund of tuition, provided courses have not been completed.

Requests for a total withdrawal from a college or courses for one of the above reasons may result in a partial prorated refund of tuition, provided courses have not been completed. All decisions made by the college are final.

Limitation: Never attending is not an allowable refund exception or an excuse of the debt incurred through registration

2. Refund Policy for Department of Defense Tuition Assistance Funds
Students who receive tuition assistance (TA) funds for a course or courses from the department of defense (DOD) may have a refund processed and returned to the student's DOD branch of service in the following situations. Refer to individual colleges for withdrawal and refund processes.

A. Per refund exception D, a student who is called to active duty and assigned to a duty station, verifiable by a copy of the orders, will be allowed to withdraw, provided courses have not been completed. A 100% refund of TA funds will be issued to the student's DOD branch of service.

B. A student who withdraws for reasons other than those outlined above within the first 60% of the period for which funds were received will have the proportional amount of unearned TA funds returned to the student's DOD branch of service. Refer to individual colleges and DOD branch of service for potential student financial responsibility as a result of withdrawal.

Requests for refund should be referred directly to the college of enrollment.

AMENDED through the Administrative Regulation Process, May 5, 2017
2.2.11 Student Financial Assistance

The Maricopa Community Colleges provide students financial assistance to enable access to higher education. Student financial assistance shall be awarded on the basis of demonstrated financial need except where funds are specified for recognition of special talents and achievements. Additional procedural information on financial assistance is available in Appendix S-5.

Appendix S-5: Student Financial Assistance

The Maricopa Community Colleges provide students financial assistance to enable access to higher education. Student financial assistance shall be awarded on the basis of demonstrated financial need except where funds are specified for recognition of special talents and achievements. Only those with a lawful presence in the United States may qualify for federal financial aid or Maricopa County Community College District (MCCCD) scholarships. Under Arizona law, any information the student provides about his or her legal status when applying for financial aid or publicly funded scholarships may be subject to mandatory reporting to federal immigration authorities. This does not apply to applications for the private scholarship funds held in and distributed by the Maricopa Community Colleges Foundation.

The office of financial aid may request to have the validity of a student’s high school completion evaluated if either the college or the United States Department of Education has reason to believe that the high school diploma is not valid or was not obtained from an entity that provides secondary school education. An evaluation may be conducted on the basis of any of the following:

• Alerts, bulletins, or similar communications provided by any state, federal, or other governmental agency, another institution, a professional or similar organization, or any other resource that might provide information helpful to the evaluation;
• A transcript or other record received from another institution the student may have attended;
• The contents of the student’s Free Application for Federal Student Aid, student information form, or any other information the student provides to the college;
• The independent professional judgment by any official of the office of student financial aid.

How to Apply for Federal Financial Aid

New students must complete the Free Application for Federal Student Aid (FAFSA) or FAFSA on the Web at http://www.fafsa.ed.gov/. Each academic year, continuing students must reapply by completing a FAFSA, Renewal FAFSA, or FAFSA on the Web. Scholarships require separate applications. Specific information regarding financial assistance, including application deadlines or priority dates, may be obtained from the college Office of Student Financial Aid.

Types of Aid

Grants, loans, student employment, and scholarship funds may be available from federal, state, and/or private sources. The Maricopa Community Colleges Foundation offers a variety of scholarship opportunities. Scholarship opportunities are available year round. However, most scholarships are posted mid-January and most deadlines are the last week of March. Options are available at https://mcccdf.org/ or by calling 480-731-8400.

Distribution of Aid

Criteria by which aid is distributed among eligible financial aid applicants are available on request at the college Office of Student Financial Aid.
Rights and Responsibilities
Students should read all information provided in the process of applying for federal financial aid in order to gain a greater knowledge of all the rights as well as responsibilities involved in receiving that assistance.

Satisfactory Academic Progress
Specific requirements for academic progress for financial aid recipients are applied differently than scholastic standards. In addition to scholastic standards which are explained elsewhere in this catalog, financial aid recipients are also subject to the following standards of Satisfactory Academic Progress. Specific information is available at the college Office of Student Financial Aid.

Refunds and Repayments
In accordance with federal regulations (CFR 668.22), a student may be required to repay federal financial aid funds if they completely withdraw, are withdrawn, or fail to earn a passing grade from all classes during a semester. Further information is available at the college Office of Student Financial Aid. This could affect a student's ability to receive Financial Aid in the future at any school. For a student receiving Financial Aid, also see Appendix S-7 for Withdrawal procedures.

Verification of Information
1. A Free Application for Federal Student Aid (FAFSA) or a change to that FAFSA may be selected for verification. If a student's FAFSA is selected for verification, the student will be notified via the Student Center in my.maricopa.edu. In most cases, the student will be required to submit documentation as part of the verification process. The earlier the Financial Aid Office receives the required documentation, the earlier the student's eligibility for financial aid can be determined. The verification process must be completed no later than 120 days after the last date of enrollment or August 31, whichever comes first. In addition, the Financial Aid Office must receive a final and valid electronic SAR by the student's last day of enrollment or June 30 of the award year, whichever comes first. The verification process must be completed before the Financial Aid Office can award any federal aid.

2. If an award has already been made and a FAFSA is selected for verification, the student must provide required documentation within thirty days after it has been requested of the student or on June 30, whichever comes first. If documentation is not received within this deadline, the student's award may be adjusted or canceled.

3. The required forms and documents a student submits for verification will be compared to the information reported on the student's FAFSA. If the information provided does not match what is shown on the FAFSA, the Financial Aid Office will submit changes to the US Department of Education FAFSA processor. After all changes are made to the FAFSA data, the student's eligibility for financial aid will be reviewed. If there are any changes to the student's financial aid eligibility as a result of verification, the student will be notified by means of the Student Center in my.maricopa.edu. If, following verification, the institution discovers evidence of student aid fraud (including identity theft), waste or abuse of US Department of Education funds, such evidence may be referred to the Office of Inspector General of the US Department of Education.

Award Amount and Level of Enrollment
Award amount is determined, in part, on the level of enrollment. A reduction in course load after financial aid has been awarded may result in an adjusted financial aid award. Federal student aid recipients are advised to register at the same time for all classes they intend to take during a semester to maximize award. Some federal aid may not be awarded for classes added at a later date. Contact the college Office of Student Financial Aid for more information.
Repeated Coursework and Financial Aid Enrollment Status
Federal regulations regarding repeated coursework may impact your financial aid eligibility and awards. Federal regulations specify that students may receive federal financial aid funding for one repetition of a previously passed course. A passed course is defined as one in which a grade of A, B, C, D, or P is received. If you enroll in a course in which you have previously received passing grades twice, the course will not be counted towards your enrollment level for financial aid purposes. You may repeat a failed course until it is passed. Your enrollment for financial aid purposes will be calculated accordingly.

Maricopa Community Colleges Standards of Satisfactory Academic Progress (SAP) for Financial Aid Eligibility
Federal regulations (CFR 668.32(f) and 668.34) require a student to move toward the completion of a degree or certificate within an eligible program when receiving financial aid. Specific requirements for academic progress for financial aid recipients are applied differently than Scholastic Standards. Federal regulations state that Academic Progress Standards must include a review of all periods of enrollment, regardless of whether or not aid was received. Students will be evaluated using the standards described below. Failure to meet any of these minimum standards will result in loss of title IV, HEA program (federal financial aid) eligibility.

To remain eligible for federal and state aid programs, students must meet ALL of MCCCD’s Satisfactory Academic Progress (SAP) standards regardless of whether a student has received financial aid in the past or not. These standards apply to a student’s entire academic records at any MCCCD college, including transfer credit hours accepted by the college.

1. Definitions and Terminology Pertaining to this Policy
   A. Summer: Enrollment in the summer semester includes all courses scheduled within the summer enrollment period with all coursework counted in the SAP evaluation.
   B. Non-Standard Session / Clock Hour: Sessions that do not follow the traditional start and end dates for the semester.
   C. Attempted Credit: Any credit for which a grade of A, B, C, D, F, I, IP, N, P, W, Y, or Z is received and courses not yet graded.
   D. CGPA [Cumulative Grade Point Average]: The MCCCD grading policy is published in the administrative regulations at 2.3.3. The CGPA does not include credits accepted in transfer.
   E. Financial Aid Warning: status assigned to an eligible payment period for the next enrolled semester after failing SAP GPA (2.0) and/or Completion Pace (2/3). Students not meeting maximum timeframe evaluation are not eligible for a warning period.
   F. Appeal: A process by which a student who is not meeting the institution’s satisfactory academic progress standards is eligible to appeal the institution for reconsideration of the student’s eligibility for title IV, HEA program assistance based on extenuating circumstances.
   G. Extenuating Circumstance: A one-time (not on-going) circumstance that is beyond the reasonable control of the student.
   H. Financial Aid Probation: A status assigned by an institution to a student who fails to make satisfactory academic progress and who has appealed and has had eligibility for aid reinstated. A student in this status may not receive title IV, HEA program funds for the subsequent payment period unless the student makes satisfactory academic progress or the institution determines that the student met the requirements specified by the institution in the academic plan for the student.
   I. Academic Plan – A plan developed through the SAP Appeal Process which will lead a student to qualify for further title IV, HEA program funds and complete the program within 150% of published program length.
   J. Financial Aid Suspension – The status assigned upon failing to meet the minimum SAP standards or the terms of probationary status. Students in this status are not eligible to receive title IV, HEA assistance.
2. Federal regulations (CFR 668.32(f) and 668.34) require institutions of higher education to evaluate Satisfactory Academic Progress (SAP) using qualitative (GPA) and quantitative (pace of progression) standards.

3. Qualitative and quantitative measures of SAP are required to ensure students receiving Federal Student Aid are progressing towards the completion of a degree or certificate within an eligible program.

4. Specific requirements for academic progress for Federal Student Aid recipients are applied differently than Scholastic Standards. Federal regulations state that SAP Standards must include a review of all periods of enrollment, regardless of whether or not aid was received. Standards are applicable for all enrolled payment periods, including all levels of enrollment (full-time or part-time enrollment). Students will be evaluated using the standards described below.

5. Failure to meet any of the minimum standards outlined below will result in a student’s loss of HEA, Title IV Federal Student Aid.

**Evaluation Period**

1. Standards of Satisfactory Academic Progress (SAP) will be evaluated at the end of each payment period. For credit hour programs, a payment period is a semester (Fall, Spring, and Summer). For clock hour programs, a payment period / evaluation will depend on the hours required in the program.

2. Standards of Satisfactory Academic Progress (SAP) are evaluated based on qualitative (GPA), quantitative (pace of progression), and maximum timeframe. Failure to meet any of these standards may result in the loss of eligibility for financial aid. Grades of F, I, N, W, Y, Z, and courses not yet graded are considered attempted, but not completed in evaluating SAP. Late grades will be recalculated and may change eligibility.
   a. Grade Point Average Qualitative Measurement: Students must maintain a 2.0 cumulative Grade Point Average in order to meet SAP GPA requirements.
   b. Pace of Progression Quantitative Measurement: Students must successfully complete 2/3 (66.67%) of all attempted course work. For clock hour programs, please refer to program attendance requirements.
   c. Maximum Time Frame Measurement: Students must be able to complete their program within 150% of the published program length. Once students have attempted 150% of the published program length, they are no longer eligible for Federal Student Aid. For example, a 16 credit certificate program will allow up to 24 credit hours to complete the program. A 60 credit Associate's degree will allow up to 90 credit hours to complete the program.

3. Courses included in SAP evaluation:
   a. All attempted coursework, regardless of enrollment status
   b. Courses funded through a Consortium Agreement
   c. All attempted remedial credits, including English as a Second Language (ESL) courses.
   d. Repeated course work
   e. All transferred coursework
   f. Grades attempted, but not completed (F, I, N, W, Y, Z)

4. Course work included in the Maximum Time Frame evaluation:
   a. All of those included in the Pace of Progression evaluation
   b. Any Bachelor’s degree (or higher) earned will be considered to have exhausted maximum timeframe eligibility
   c. All coursework forgiven through the Academic Renewal Process
5. Course work not included in SAP evaluation:
   a. Audited courses
   b. Non-credit courses
   c. Credit by examination
   d. Credit for prior learning option (as outlined in the college general catalog)

Notification
Students who have applied for Federal Student Aid, but are not meeting Satisfactory Academic Progress requirements, will be notified via email of their FA Warning or ineligibility for financial aid. The notification will direct students to information regarding available college resources during the Warning Period and the appeal process in cases of extenuating circumstances.

Financial Aid Warning
Students are allowed a warning period upon failing Qualitative and/or Quantitative SAP standards. The warning period allows one (1) payment period (semester) of Federal Student Aid eligibility upon failing SAP. The warning period will follow the semester for which SAP was not met, meaning the next semester for which the student registers for classes. In order to receive the Warning period, students must be meeting Maximum Timeframe requirements.

SAP Appeal
Any student who has lost federal student aid eligibility due to a resolved, one-time extenuating circumstance may appeal to have their financial aid reinstated by completing a Satisfactory Academic Progress Appeal Form. The form must address:

1. what caused the student’s work to fall below acceptable standards--specific explanations must be provided, including any supporting documentation,
2. each incomplete/failed course,
3. how the extenuating circumstance has been resolved, and
4. how the student will maintain good academic standards and progress toward the degree if the appeal is granted. The outcome of the appeal will depend upon:
   1. the nature of the extenuating circumstances (if the stated circumstance qualifies as such),
   2. the quality of the documentation provided, and
   3. how well the student has demonstrated the ability to progress towards degree completion within a reasonable time period.

All documentation submitted is confidential. All decisions are final and cannot be appealed. For assistance in completing the SAP appeal paperwork, including examples of supporting documentation, visit your college Financial Aid Office.

Students will be notified of the results of their appeal within ten (10) days of filing the appeal. Notification will include any restrictions or conditions pertaining to their appeal. The outcome of an appeal may include a probationary period.

Appeals granted longer than one (1) payment period must include an academic plan, which must be followed. Failure to follow an approved academic plan will result in immediate suspension of Federal Student Aid. Students are responsible for any and all debt incurred as a result of this adjustment to financial aid. Failure to successfully complete all conditions during the probationary period (as defined in the academic plan) will result in loss of future financial aid eligibility.
Regaining Eligibility
A student who has lost financial aid eligibility may only regain eligibility by meeting the minimum SAP standards. Transfer coursework taken at other colleges will be considered for reinstatement purposes. If you are receiving federal financial aid it is important to read the information below prior to making a decision to withdraw.

Treatment of Title IV Aid When a Student Withdraws
The law specifies how your school must determine the amount of Title IV program assistance that you earn if you withdraw from school. The Title IV programs that are covered by this law are: Federal Pell Grants, National SMART grants, TEACH Grants, Stafford Loans, PLUS Loans, Federal Supplemental Educational Opportunity Grants (FSEOGs), and Federal Perkins Loans.

When you withdraw during your payment period or period of enrollment (you may contact the Financial Aid office to define these for you and tell you which one applies) the amount of Title IV program assistance that you have earned up to that point is determined by a specific formula. If you received (or your school or parent received on your behalf) less assistance than the amount that you earned, you may be able to receive those additional funds. If you received more assistance than you earned, the excess funds must be returned by the school and/or you.

The amount of assistance that you have earned is determined on a pro-rata basis. For example, if you completed 30% of your payment period or period of enrollment, you earn 30% of the assistance you were originally scheduled to receive. Once you have completed more than 60% of the payment period or period of enrollment, you earn all the assistance that you were scheduled to receive for that period.

If you did not receive all of the funds that you earned, you may be due a post-withdrawal disbursement. If your post-withdrawal disbursement includes loan funds, your school must get your permission before it can disburse them. You may choose to decline some or all of the loan funds so that you don’t incur additional debt. Your school may automatically use all or a portion of your post-withdrawal disbursement of grant funds for tuition, fees, and room and board charges (as contracted with the school). The school needs your permission to use the post-withdrawal grant disbursement for all other school charges. If you do not give your permission, you will be offered the funds. However, it may be in your best interest to allow the school to keep the funds to reduce your debt at the school.

There are some Title IV funds that you were scheduled to receive that cannot be disbursed to you once you withdraw because of other eligibility requirements. For example, if you are a first-time, first-year undergraduate student and you have not completed the first 30 days of your program before you withdraw, you will not receive any FFEL or Direct loan funds that you would have received had you remained enrolled past the 30th day.

If you receive (or your school or parent receives on your behalf) excess Title IV program funds that must be returned, your school must return a portion of the excess equal to the lesser of:

1. your institutional charges multiplied by the unearned percentage of your funds, OR
2. the entire amount of excess funds. The school must return this amount even if it didn’t keep this amount of your Title IV program funds.

If your school is not required to return all of the excess funds, you must return the remaining amount. Any loan funds that you must return, you (or your parent for a PLUS Loan) repay in accordance with the terms of the promissory note. That is, you make scheduled payments to the holder of the loan over a period of time. Any amount of unearned grant funds that you must return is called an overpayment. The maximum amount of a grant overpayment that you must repay is half of the grant funds you received or were scheduled to receive. You must make arrangements with your school or the Department of Education to return the unearned grant funds.
The requirements for Title IV program funds when you withdraw are separate from any refund policy that your school may have. Therefore, you may still owe funds to the school to cover unpaid institutional charges. Your school may also charge you for any Title IV program funds that the school was required to return. You can view the tuition refund policy and requirements and procedures for withdrawing from school at https://district.maricopa.edu/regulations/admin-

### 2.2.12 Vaccinations (As Required By 20 USC §1092(a)(1)(V)):

The Maricopa County Community Colleges District does not require that students receive vaccinations prior to enrollment. Certain professional or occupational programs do require particular vaccinations for participation in those programs. More information about these programs can be found on college websites.

**UNIVERSITY TRANSFER**

The Maricopa Community Colleges have developed formal agreements to facilitate the transfer of credit to four-year colleges and universities. This is accomplished through the development of course and program articulation agreements. The Maricopa Community Colleges articulate with accredited private, public, and international baccalaureate granting institutions. Maricopa transfer agreements are on behalf of the district as a whole and not with individual colleges within the District. Courses taken at any of the Maricopa Community Colleges are equally transferable by institutions wishing to articulate. Students planning to transfer to a university may be required to submit official transcripts.

Articulated transfer programs and pathways between the Maricopa Community Colleges and baccalaureate-granting institutions [such as the Maricopa-ASU Pathway Program (MAPP), the UA Bridge Program, 2NAU and 90/30 Transfer Agreements] are official, recognized programs of study that fulfill both associate degree and bachelor's degree requirements. These articulated programs and pathways are designed to aid in a smooth transition for a student planning to transfer to a four-year college or university by identifying the required, transferable, and applicable coursework for that student's specific program of study. A complete list of Maricopa-ASU Pathway Program requirements by major and catalog year is maintained on ASU'S website, at Transfer.

**ARIZONA PUBLIC COMMUNITY COLLEGES AND UNIVERSITIES**

Maricopa is a participant in the Arizona statewide transfer system. AZTRANSFER.COM is the official source of information for the statewide articulation agreements between the Arizona public community colleges and universities (Arizona State University, Northern Arizona University, and University of Arizona). Included on AZTRANSFER.COM is the Course Equivalency Guide (CEG), which shows transfer course equivalencies between Arizona's public community colleges and tribal institutions to Arizona State University, Northern Arizona University, and the University Of Arizona. The transferability of a course does not indicate directly how the course will apply to meet requirements for specific bachelor's degrees. A Z Transfer Course Equivalency Guide

**(U.S.) AND INTERNATIONAL INSTITUTIONS**

The Maricopa Community Colleges have transfer agreements with accredited U.S. universities and colleges as well as international institutions that have been approved by the Ministry of Education. These partnerships are formalized through District-Wide memorandums of understanding and articulation agreements, and are designed to help students maximize the applicability of transfer credit toward a bachelor's degree. To access a list of institutions with which Maricopa has established articulation agreements, visit: Maricopa University Partner List.
**TIME LIMIT FOR TRANSFER COURSEWORK**

Students should be aware other colleges and universities may have age of credit limits on certain coursework to be used in transfer. Students should refer to the policy of their intended transfer institution regarding time limits for transfer coursework.

**SHARED UNIQUE NUMBERING (SUN) SYSTEM COURSE INFORMATION**

Senate Bill 1186, which passed into law in 2010, mandated the creation of a shared numbering system for public college and university courses in Arizona to identify courses that transfer from community colleges to universities toward a baccalaureate degree. The Shared Unique Number (SUN) system is a college course numbering system designed to help students locate and enroll in courses that have direct equivalents for transfer among Arizona's public community colleges and three state universities. However, even if a course at the Maricopa Community Colleges is not designated as a SUN course, it may still transfer to other Arizona public institutions with a direct equivalent as per the Course Equivalency Guide on A ZTRANSFER.COM. The SUN system does not address the applicability of courses. Students are encouraged to work with an academic advisor on course selections. To access a list of SUN courses, visit SUN

2.9 Veterans Services

The Maricopa Community Colleges' veterans' services offices act as liaisons with the Department of Veterans Affairs and the state approving agency. Each program must be approved by the state approving agency. Students may be eligible to receive educational benefits if they are registered in courses that apply to the student’s approved programs. Application forms, counseling, advisement, tutoring, and priority enrollment are available for students who are eligible for veteran’s educational benefits. Students applying for veteran's educational benefits should allow eight to ten weeks before receiving benefits. The amount of benefits awarded is determined by the Department of Veterans Affairs, and is based on the number of credit hours or clock hours for which a student is enrolled and the length of the enrollment period for each course.

Veteran’s benefits available:

- Chapter 30 - Montgomery GI Bill®
- Chapter 31 - Vocational Rehabilitation (separately served through the local VA office)
- Chapter 32 - VEAP Program
- Chapter 33 - Post 9/11 GI Bill® & Transfer of Eligibility to Dependents (TOE)
- Chapter 35 - Survivors and dependents of deceased/100% disabled veterans
- Chapter 1606 - Montgomery GI Bill®, Selected Reserve
- Chapter 1607 - REAP Reserve Educational Assistance Program

*GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government Web site at https://www.benefits.va.gov/gibill.*

It is the student’s responsibility to notify the office that serves veterans at their campus regarding any change in enrollment, address, program of study, enrollment at another institution, or any other change that may impact their veteran’s educational benefits.

Those students receiving benefits must follow the VA academic progress policy to continue to receive benefits.
Department of Veterans Affairs regulations require that all persons using any type of veteran educational assistance program make satisfactory academic progress toward achievement of their educational objective (program of study). A student who does not meet the minimum standards of 2.0 upon completion of 12 or more credit hours will be placed on probation, at which point the student will have no more than two semesters in which to improve academic standing to acceptable. At this point, if satisfactory academic progress has not been demonstrated, veteran educational benefits will be terminated. Benefits may be resumed when the student raises the cumulative grade point average to the required minimum standards or demonstrates the ability to meet these standards through the approval of a written appeal. For appeal procedures, contact the office that serves veterans at your campus.

For additional details and information regarding veteran’s educational benefits, contact the office that serves veterans at your campus.

**Distance Learning:**
The course content and competencies for distance learning classes are the same as courses offered in-person or in a hybrid format. The courses offered in this format lead to completion of MCCCD degrees and/or certificates of completion.

Colleges use Learning Management Systems (LMS) like Canvas and RioLearn for online offerings. These portals are used for both hybrid and online classes. Students must use their Maricopa Enterprise ID and password to access the portal. The link to the portal is provided on the college home page and on my.maricopa.edu, the district's website for student access to Maricopa tools. Maricopa-assigned student email addresses are used for communicating with students within the tools. Students are also able to communicate with the instructor through the LMS, via Maricopa e-mail or by phone.

**Externship Programs:**
The Maricopa Community College's official District course descriptions for credited experiential learning opportunities (Internships, Externships, Practicums, and Clinicals) state the amount of hours required in order for a student to receive college credit. The descriptions also indicate if a maximum amount of credit is allowable for any given experiential learning opportunity. Each course that includes an experiential learning opportunity is assigned a Maricopa Instructor of Record who is responsible for ensuring that the student completes the required hours and assignments in order to receive credit. Additionally, the instructor works extensively with a site supervisor to ensure that the student is making satisfactory progress and meeting the time requirements. The experiential credit process for the student includes the specific course details and learning outcomes, how hours will be tracked, and what is required for grading and course completion. The instructor submits the final grade for the experience. Maricopa's experiential learning process is in compliance with CFR 38 21.4265

A complete list of internship courses, along with course objectives, can be found on the Maricopa Community College's District – Center for Curriculum and Transfer Articulation website, located at: https://curriculum.maricopa.edu/transfer-and-articulation

**Prior Credit Evaluation:**
Department of Veterans Affairs requires that all persons using any type of veteran's educational assistance must have all prior education and training evaluated. Students will be required to request transcripts from all prior institutions, including military training. Without all prior institutions and military training, veteran educational assistance may not be certified. Transcripts will be evaluated and credit will be granted, as appropriate.

SCHOLASTIC STANDARDS

2.3.1 Academic Load

A credit hour is defined as an amount of work represented in course competencies and verified by evidence of student achievement that reasonably approximates not less than one hour of classroom or direct faculty instruction and a minimum of two hours of out-of-class student work each week for approximately fifteen weeks for one semester hour of credit, or the equivalent amount of work over a different amount of time, or at least an equivalent amount of work for other academic activities, including laboratory work, internships, practica, studio work, and other academic work leading to the award of credit hours. In accordance with common practice in higher education, instruction representing a credit hour is typically delivered in a 50 minute class period.

Students carrying at least twelve (12) credit hours will be considered full-time students for the fall and spring semesters. Three-quarter-time is 9 - 11.9 credit hours. Half-time is 6 - 8.9 credit hours. Fewer than six (6) credit hours is considered less than half-time. Academic load for summer and special terms may be defined differently. Contact the Admissions and Records Office/Office of Student Enrollment Services for clarification.

As provided in the Reduced Course Load administrative regulation, a student may be deemed a full-time student carrying fewer than twelve credit hours pursuant to an accommodation of a disability.

Courses may vary in length, and begin and end throughout the year. A credit hour indicates the value of an academic credit. Standards for the awarding of credit hours may be time based or competency based. To obtain credit, a student must be properly registered and must pay fees for the course. The fall and spring semesters are typically sixteen (16) weeks in length. Summer sessions are typically five or eight weeks in length.

Students desiring to take more than eighteen (18) credit hours must obtain approval from the designated college official. Ordinarily, only students with a grade point average of 3.0 or higher for the preceding semester or first semester students who were in the upper quarter of their high school graduating class are permitted to carry more than eighteen (18) credit hours.

Students participating in extra-curricular or co-curricular activities or receiving financial assistance may be required to maintain a specified minimum academic load.

Students who are working, have considerable extra-curricular or co-curricular activities, or have been reinstated from academic suspension/probation should plan their academic load accordingly.

Schedule Changes

Students may change their schedule by following the designated procedures at their college of enrollment. It is the student’s responsibility to notify the college if he/she will no longer be attending the class (see Appendix S-7 for Withdrawal Procedures).

2.3.2 Attendance

• Only persons who are registered for a class at any of the Maricopa Community Colleges may attend that class. Attendance requirements are determined by the course instructor. Students who do not meet the attendance requirement as determined by the course instructor may be withdrawn.

• Students who fail to attend the first scheduled class meeting, or to contact the instructor regarding absence before the first scheduled class meeting may, at the option of the instructor, be withdrawn.

• At the beginning of each course, each faculty member will provide students with written attendance requirements. It is the student’s responsibility to consult with the instructor regarding official or unofficial absences. Absences begin to accumulate with the first scheduled class meeting.
• Students bear the responsibility of notifying the Admissions and Records Office/Office of Student Enrollment Services when they discontinue studies in a course or at the college. Please refer to Appendix S-7 for Withdrawal Procedures.

Official Absences
A. Official absences are those that occur when students are involved in an official activity of the college, i.e., field trips, tournaments, athletic events, and present an official absence excuse form. Absences for such events shall not count against the number of absences allowed by an instructor or department. Students who must miss a class for an official reason must obtain an official absence verification card from the appropriate vice president or designee and present it to the appropriate instructor(s) before the absence. Prior arrangements must be made with each instructor for make-up work. If prior arrangements have been made, the student will not be penalized.

B. Other official absences include jury duty and subpoenas. Appropriate documentation will be required. Prior arrangements must be made with each instructor for makeup work. If prior arrangements have been made, the student will not be penalized.

C. In the event of military commitments. Absences for periods of up to one week will not be counted against the number of absences allowed by an instructor or department. The student is required to provide appropriate documentation of the specific orders, length of assignment and location. Prior notification must be initiated with each instructor to discuss make-up work. If the length of the absence will be longer than one week, the instructor and the student will determine whether there is sufficient opportunity for the student to make up the work. If it is determined that the length of absence for the military commitment provides an undue hardship on the student’s ability to make up the assignments, he or she will be provided an opportunity to request an incomplete grade or drop the class or, in the case of open-entry classes, the opportunity to request an extension.

D. In the event of the death of an immediate family member, absences for periods of up to one week will not be counted against the number of absences allowed by an instructor or department. Students should contact instructor(s) as soon as possible to arrange for make-up work. Appropriate documentation will be required (for example, a copy of the obituary or funeral program). In specialized programs that require clinical rotations, this regulation may not apply.

Religious Holidays
Students shall have the right to observe major religious holidays without penalty or reprisal by any administrator, faculty member or employee of the Maricopa Community Colleges. Absences for such holidays shall not count against the number of absences allowed by an instructor or department, provided the student has utilized the Religious Accommodation Procedure outlined in ND-4 of the Administrative Regulations Appendices. The Procedure and Religious Accommodation form may be found at ND-4. As outlined in the ND-4 Religious Accommodation Procedure, to the extent possible, requests must be made at least two (2) weeks before the requested absence from class due to religious holiday or day of observance by providing the faculty member with the Religious Accommodation Request Form. Once a religious accommodation is granted, the student must make arrangements with each instructor for make-up work.

2.3.3 Grading

1. Policy
   It is the policy of the Maricopa Community Colleges that a grade will be assigned at the conclusion of the course. Official grades are available on designated college websites.

* A “P” is judged to be equivalent to a grade of C or higher.

NOTE: Grading errors discovered after the sixty (60) day expiration date can be corrected if they have been researched by the Director of A&R/Enrollment Services and the Instructor of Record or the Department/Division Chair.

Incomplete Grade
A. Students who are doing acceptable work may request an incomplete grade “I” if they are unable to complete the course requirements by the end of the term because of illness or other extenuating circumstances. If the request is approved by the instructor, he or she shall define, in a written/electronic contract, how the course will be completed.

B. Students must complete the requirements within the time period agreed to--maximum time allowed is seven (7) months from the last date of class in which the grade of incomplete was assigned. Students who do not complete the requirements within the approved time period will have their grade recorded in accordance with the written contract. Students should NOT reregister for the course to complete the contract.

C. A student’s eligibility for financial aid may be jeopardized by an incomplete grade. Refer to the Standards of Satisfactory Academic Progress for details.
Repeating a Course/Improving a Grade
Students who wish to improve their GPA may repeat a course within the Maricopa Community Colleges up to three times after the initial attempt. (A “W” is not considered an attempt.) Students planning to repeat a course should seek advisement prior to enrolling. The lower grade(s) and credit for repeated courses taken at the same college will automatically be excluded from the grade point calculation.

However, if the course(s) were taken at a different Maricopa Community College, the student must submit a request for the lower-graded course to be excluded from the GPA. The request can be submitted to the Admissions and Records Office at any of the Maricopa Community Colleges that the student attended. Students receiving federal financial assistance and/or benefits should follow up with the Office of Financial Aid and/or Veterans’ Services regarding their policies for repeated courses. An official student transcript is a permanent academic record issued by the college registrar. It displays all courses taken for credit within the Maricopa Community Colleges District and includes all grades received. Unlike an unofficial transcript, it is signed and dated by the college registrar and displays the college seal of the Maricopa College issuing the official transcript.

Check individual courses and programs for exceptions.

Credit/No Credit Courses (P/Z)
D. Some courses may be taken under a credit/no credit grading system. These courses carry grades of P (credit, equivalent to a grade of C or higher) or Z (no credit) and are not computed in the student's grade point average. Credits earned with a grade of P may be counted toward graduation with the exception of AGEC (Arizona General Education Curriculum).

E. The prescribed time limits are for full-semester classes. Time limits for classes which meet fewer than sixteen (16) weeks are adjusted accordingly. See “Important Deadlines for Students”.

F. In courses with credit/no credit (P/Z) grading, the student may request standard grading (A, B, C, D, F), within fourteen (14) days including the date of the first class meeting. The instructor must immediately notify the Admissions and Records Office/Office of Student Enrollment Services.

G. In courses with standard grading (A, B, C, D, F), the instructor determines if the credit/no credit option is available. If the option is available, the student must obtain the permission of the instructor. The instructor must notify the Admissions and Records Office/Office of Student Enrollment Services within fourteen (14) days including the day of the first class meeting.

H. It is the student's responsibility to verify the transferability of credit/no credit courses. Some universities place a limitation on the number of credit/no credit courses that can be transferred.

Advisory note: Some institutions outside the Maricopa Community Colleges may translate the Z grade as failing.

Audit Courses
I. Auditors are those who enroll in a course for the sole purpose of obtaining information; they receive no credit, grades, homework, or tests. If an auditor wishes to earn credit, he or she must change from audit status to credit status within the first week. If a student wishes to audit a course for which he or she is enrolled for credit, the change must be made within the first five (5) weeks of a semester. Auditors are subject to the same attendance policies as other students and must meet the same prerequisite requirements or obtain approval of the instructor. See the fee schedule for charges. Financial aid is not available for audited courses.
J. The prescribed time limits are for full-semester classes. Time limits for classes which meet fewer than sixteen (16) weeks are adjusted accordingly and appear in the “Important Deadlines for Students.”

2.3.4 Academic Probation (Progress)

1. Probation
A student will be placed on academic probation if, after completion of twelve (12) or more credit hours, the student’s cumulative grade point average is less than 2.0:
Students on academic probation may take no more than twelve (12) credit hours per semester unless approved by the Admissions and Standards Committee.

Continued Probation
A student on academic probation who fails to raise the cumulative grade point average to 2.0 will be placed on continued probation and may be limited to taking six (6) credit hours.

Academic probation and continued probation are calculated at the conclusion of every term including summer.

2.3.5 Instructional Grievance Process

A student who feels that he or she has been treated unfairly or unjustly by a faculty member with regard to an academic process such as grading, testing, or assignments, has the right to appeal according to the approved procedures.

The appeal process for grades must be initiated no later than sixty (60) calendar days from the date the grade was issued. Steps outlining the process are available in Appendix S-6.

Appendix S-6: Instructional Grievance Process
A student who feels that he/she has been treated unfairly or unjustly by a faculty member (full-time or part-time) with regard to an academic process such as grading, testing or assignments, shall discuss the issue first with the faculty member involved. This conference shall be requested by the student within fifteen (15) working days from the time the student knew or reasonably should have known about the unfair or unjust treatment.

This instructional grievance process should not be utilized in a case in which a student feels he/she has experienced discrimination. If the student feels that he/she has experienced discrimination on the basis of race, color, religion, sex, gender identity, national origin, citizenship status (including document abuse), gender, age, disability, veteran status, genetic information, or sexual orientation, the student should refer to the Discrimination Complaint Procedures for Students as administered by the Vice President for Student Affairs.

Steps for students to follow:
1. If, within ten (10) working days of the request for the conference with faculty member, the problem is not resolved or the faculty member has been unable to meet with the student, the student may continue the process by filing a written grievance with the Department/Division Chairperson and appropriate administrative officer at the college/center. This written grievance must be filed within ten working days following the previous deadline. The written grievance will be given to the faculty member five days before any official meetings are convened.

2. Upon receipt of a written grievance, the Department/Division Chair or appropriate college administrative officer will work with the parties in an attempt to resolve the conflict. The faculty may ask that the College Faculty Senate President be in attendance. Every attempt will be made to maintain confidentiality during this process. A faculty member will not be required to respond to a grievance which is not in writing and which, when appropriate, did not have specific documentation including dates, times, materials, etc. The written grievance will be made available to the faculty member.
3. If the grievance is not resolved at this level within ten working days, the student should forward to vice president of academic affairs or designee, a copy of the original written grievance with an explanation regarding action taken at each prior level. The dean of instruction or appropriate college/ center administrative officer will meet with the student, faculty member, the College Faculty Senate President if requested by the faculty member, and Department/Division Chair and attempt to resolve the issues. This level will be the final step in any grievance process regarding grades.

4. If the grievance, other than those concerning grades, is not resolved by the vice president of academic affairs or designee, it may be forwarded in writing by the student to the college president for final resolution. The college president or designee will issue a final written determination in the grievance process.

5. Instructional grievances are resolved at the college level. The district office is not an avenue of appeal for the instructional grievance process.

Note: The grievance process for grades must be initiated no later than sixty (60) calendar days from the date the grade was issued.

2.3.12 Non-Instructional Complaint Resolution Process
A student who feels that he or she has been treated unfairly or unjustly by any employee with regard to a non- instructional process such as a student or administrative services has the right to file a formal and written complaint according to the approved procedures. See Appendix S-8.

Appendix S-8: Non-Instructional Complaint Resolution Process
A student who feels that he or she has been treated unfairly or unjustly by any employee with regard to a non- instructional process such as a student or administrative services has the right to file a formal and written complaint according to the approved procedures. Steps for students to follow:

1. Discuss the issue with the employee involved. The student should request this conference within fifteen (15) working days from the time the student knew or reasonably should have known about the unfair or unjust treatment.

2. If, within ten (10) working days of the request for the conference with the employee, the problem is not resolved or the employee has been unable to meet with the student, the student may continue the process by filing a written complaint with the appropriate supervisor of the employee where authority exists to take corrective action. This written complaint must be filed within ten (10) working days following the previous deadline. The written complaint will be given to the employee five (5) working days before any official meetings are convened.

3. Upon receipt of a written complaint, the appropriate supervisor will work with the parties in an attempt to resolve the conflict. Every attempt will be made to maintain confidentiality during this process. An employee will not be required to respond to a complaint which is not in writing and which, when appropriate, does not have specific documentation including dates, times, actions, supporting documents, etc. The written complaint will be made available to the employee.

4. If the complaint is not resolved at this level within ten (10) working days, the student should forward to the Vice President of Student Affairs or Designee, a copy of the original written complaint with an explanation regarding action taken at each prior level. The dean and/or associate dean will meet with the student, the employee, and the relevant supervisor and attempt to resolve the issues.

5. If the associate dean and/or dean do not resolve the complaint, the student may forward it in writing to the college president for final resolution. The college president or designee will issue a final written determination in the complaint process.
2.3.6 Withdrawal

To withdraw from a course or courses from the college, students must follow approved procedures (See Appendix S-7). The Office of Admissions and Records provides information about the withdrawal process. The official date of withdrawal is the date the withdrawal is received in the Admissions and Records Office/Office of Student Enrollment Services.

Never attending is not an allowable refund exception or an excuse of the debt incurred through registration. Please see the refund policy.

Appendix S-7: Student and Faculty Withdrawal Procedures

Student Withdrawal Procedures

1. Withdrawal from Specific Courses
   A student may officially withdraw from specific courses in the following ways:
   A. Through the 7th week*, a student may initiate an official withdrawal from any course by completing the withdrawal process online using the student self service system or by submitting a course withdrawal form to the Admissions and Records Office/Office of Student Enrollment Services in accordance with the published deadlines. A grade of W (withdrawn, passing – not computed in the grade point average) will be assigned.
   B. After the 7th week*, a student must initiate a withdrawal request with the faculty member. If, after consultation with the student, the faculty member approves the request, a grade of W (withdrawn, passing--not computed in the grade point average) or Y (withdrawn, failing--computed in the grade point average as a failing grade) will be assigned. If the request is not approved, the student will remain in the course.
   C. A student has the right to appeal a withdrawal decision according to the approved procedures. Steps outlining the process are available in Appendix S-6.

*The prescribed time limits are for full semester classes. Time limits for classes which meet fewer than sixteen (16) weeks are adjusted accordingly. See Important Deadlines for Students. Failure to file an official withdrawal form may result in failing grades and responsibility for course tuition and fees. Refunds will only be processed within the refund period.

Complete Withdrawal from College

Students electing to withdraw from the college must contact the Admissions and Records Office/Office of Enrollment Services no later than two weeks* before the end of the last class meeting and may be required to file a written request.

A grade of W will be assigned in all courses for students who withdraw by the end of the 7th week* of classes. Withdrawals completed after this time will result in a grade of W (withdrawn, passing – not computed in the grade point average) or Y (withdrawn, failing – computed in the GPA as a failing grade).

*The prescribed time limits are for full semester classes. Time limits for classes which meet fewer than sixteen (16) weeks are adjusted accordingly. See Important Deadlines for Students. Failure to file an official withdrawal form may result in failing grades and responsibility for course tuition and fees. Refunds will only be processed within the refund period.

Withdrawal of Financial Aid Students

In accordance with federal regulations (34CFR 668.22), a student may be required to repay federal financial aid funds if they completely withdraw or are withdrawn, or fail to earn a passing grade from all classes during a semester. Further information is available at the college Office of Student Financial Aid. This could affect a student’s ability to receive Financial Aid in the future at any school.
**Faculty Withdrawal Procedures**
A faculty member has the option of withdrawing a student who has accumulated unofficial absences in excess of the number of times indicated in that faculty member’s attendance policy in the course syllabus (see AR 2.3.2). A grade of W (withdrawn passing, not computed in GPA) or a grade of Y (withdrawn failing, 0 grade points per credit hour) may be assigned in accordance with the course syllabus. Faculty members electing to withdraw students must record the withdrawal through the online system, including last date of attendance and withdrawal code. Students withdrawn for excessive absences may be reinstated only with the approval of the faculty member. Any impact on attendance that is protected by the exercise of students’ rights under ADA/504, Title IX, Title VI, or other recognized law or policy do not count as unexcused absences for the purposes of instructor-initiated withdrawals for lack of attendance/participation.

Requests for withdrawals should be referred directly to the College of Enrollment.

**2.3.7 Academic Renewal**

Students who are returning to this college after a separation of five (5) years or more from the Maricopa Community College District, may petition for academic renewal. The request must be in writing and submitted to the Admissions and Records Office/Office of Student Enrollment Services at the college where the grades were earned.

Academic renewal at one of the Maricopa Community Colleges does not guarantee that colleges outside the Maricopa Colleges will accept this action. Acceptance of academic renewal is at the discretion of the receiving institution.

1. Prior to petitioning for academic renewal, the student must demonstrate a renewed academic performance by earning a minimum of twelve (12) credit hours and a cumulative grade point average of 2.5 or higher within Maricopa Colleges after reenrollment.

2. Upon approval, all courses taken prior to reenrollment with a grade of “A,” “B,” “C,” “D,” “F,” and “Y” will be annotated as academic renewal on the student’s permanent record. All course work affected by academic renewal will not be computed in the grade point average. Courses with grades “A,” “B,” or “C” will have the associated credit hours counted in the total credit hours earned. Such credit will not be computed in the grade point average.

3. All course work will remain on the student’s permanent academic record, ensuring a true and accurate academic history.

4. The academic renewal policy may be used only once at each college and cannot be revoked once approved.

5. Students who have been granted Academic Renewal must also meet the Financial Aid Standards of Academic Progress if they wish to receive financial aid.

**2.3.8 Honors Program**

Each of the Maricopa Community Colleges has an honors program. Interested students should contact the college honors coordinator for information about the program and available scholarships, including the Chancellor’s, Foundation’s, and President’s Scholarships.
President's Honor List
The President’s Honor List for each college consists of all students who complete twelve (12) or more credit hours in residence in courses numbered 100 or higher in a given semester with a college semester grade point average of 3.75 or higher.

2.3.9 General Graduation Requirements

Note: Also see Catalog Under Which a Student Graduates (A R 2.2.5)

All students are required to complete the degree and/or certificate requirements as approved by the MCCCD Governing Board. The college reserves the right to make necessary course and program changes in order to meet current educational standards. In addition, students must:

1. Be credited in the Admissions and Records Office/Office of Student Enrollment with not fewer than: 60 semester credit units in courses numbered 100 or above for the Associate in Arts degree, Associate in Science degree, Associate in Transfer Partnership degree, and Associate in General Studies degree; 60 semester credit units for the Associate in Applied Science degree; 62 semester credits for the Associate in Business degrees. For specific certificate programs, be credited with not fewer than the minimum total of credit units required for the certificate program. Students not continuously enrolled, as outlined in the Catalog Under Which a Student Graduates policy, must satisfy current graduation requirements.

2. Have earned a minimum of 12 semester credit units toward the degree or certificate at the district college granting the degree or certificate. The 12 hours in the AAS degree curricula may be in the Required Courses area and/or Restricted Electives courses. Courses from the General Education Core and Distribution area are excluded. In cases where the certificate requires fewer than 12 credit units, a minimum of six credit units must be completed at the college awarding the certificate. The minimum of six credit hours in the certificate or degree curricula may be in the Required Courses area and/or the Restricted Electives. Courses from the General Education Core and Distribution areas are excluded. Shared Programs are programs offered at multiple colleges but not available at all colleges. The requirements are identical at all the colleges offering the program.

A shared program requires a minimum of six credit hours from the total program requirements to be completed with a grade of “C” or better at the college awarding the certificate or degree.

The exception is the Nursing program. For those shared programs with less than six credit hours, the total hours for the program must be completed at the college awarding the certificate.

The same degree or certificate can only be awarded once within the Maricopa Community College District.

3. Have filed an application for the degree or certificate with the Admissions and Records Office/Office of Student Enrollment Services on the date determined by the college/center. Students must apply for graduation from the college where they have successfully completed Block 4 of the Associate in Applied Science in Nursing.

4. Have a minimum cumulative grade point average of 2.000 at the college granting the degree.

5. Have a minimum cumulative grade point average of 2.000 in all courses used to fulfill degree requirements. Some specific programs have higher grade requirements. It is the student’s responsibility to be aware of these program requirements.
6. For the Maricopa Nursing program offered at eight of the MCCCD campuses, the cumulative GPA for awarding purposes is calculated based on courses required for the degree or certificate taken at any MCCCD Maricopa Nursing campus and includes pre-requisites, co-requisites, and nursing blocks.

7. Have removed, thirty (30) days after the anticipated graduation date, all deficiencies on the record to use those courses toward program completion.

8. Have removed any indebtedness to any MCCCD college /center.

9. Have paid required degree or certificate application fee.

See fee schedule for charges.

Graduation with Honors
All courses used to fulfill graduation requirements, including courses from other accredited institutions, will be entered in the grade point average calculation for honors designations.

Students who have the following grade point averages will graduate with the following distinctions:
• 3.50 to 3.69 “with distinction”
• 3.70 to 3.89 “with high distinction”
• 3.90 to 4.0 “with highest distinction”

Certificates/Degrees
The Maricopa Community Colleges offer Certificates of Completion as well as Associate Degrees, one of which is conferred on each student who has completed a program of study. These certificates and degrees are as follows: (1) Certificate of Completion (Career Program Specified); (2) Academic Certificate; (3) General Education Certificate; (4) Associate in Arts; (5) Associate in Science; (6) Associate in Business; (7) Associate in General Studies; (8) Associate in Transfer Partnership; (9) Associate in Applied Science (Career Program Specified).

All candidates for a degree and/or certificate must complete the General Graduation Requirements as approved by the MCCCD Governing Board.

All students are urged to meet with a faculty advisor, program advisor or counselor as soon as possible to determine which program meets their needs and to plan their course of study.

Licensure Disclaimer
Maricopa Community Colleges courses and programs prepare students for entry into a variety of professions. Many of these professions require that a person hold an occupational license or certificate in order to work in a particular field. Typically, a person must meet certain legal requirements before obtaining such a license or certificate. These requirements are established by county, state or federal agencies, and often are based on a person’s character, or whether the person has been convicted of a criminal offense. It is possible for a student who has obtained a degree or certificate from a community college to be denied the right to work in a particular profession after completing the degree or certificate because of concerns over the student’s character or criminal background. Any student preparing to enter a field for which a professional license or certificate is required is strongly advised to consult with the appropriate government agency that issues such credentials. That agency can provide the student complete information about any requirements the law imposes for working in a particular occupation.
MCCCD General Education Statement
The general education core of the program of study for an associate degree or a certificate helps students develop a greater understanding of themselves, of their relationship with others, and of the richly diverse world in which they live. The general education experience provides students with opportunities to explore broad areas of commonly held knowledge and prepares them to contribute to society through personal, social, and professional interactions with others. General education fosters students' personal development by opening them to new directions, perspectives, and processes.

Through its general education requirements, the Maricopa County Community College District is committed to helping students develop qualities and skills that will serve them throughout their lives. General education opportunities encourage students to:

1. Build self-awareness, self-respect, and self-confidence
2. Recognize and respect the beliefs, traditions, abilities, and customs of all people and all cultures
3. Consider the local, global, and environmental impacts of personal, professional, and social decisions and actions
4. Access, evaluate, analyze, synthesize, and use information wisely
5. Communicate effectively personally, socially, and professionally
6. Think critically, make informed decisions, solve problems, and implement decisions
7. Consider the ethical implications of their choices
8. Value the learning process throughout their lives
9. Integrate and connect ideas and events in a historical perspective, and see relationships among the past, the present, and the future
10. Develop a personal sense of aesthetics
11. Use technological resources appropriately and productively
12. Work cooperatively and respectfully with others to serve their communities

The general education experience at MCCCD is composed of specific elements across the curriculum designed to provide the learner with essential knowledge and skills:
- Communication
- Arts and Humanities
- Numeracy
- Scientific Inquiry in the Natural and Social Sciences
- Information Literacy
- Problem-Solving and Critical Thinking
- Cultural Diversity

General Education Designations (example: (FYC), [SB], [HU], etc.)
Effective fall 2000 the course evaluation and/or general education designation as listed in the Arizona CEG (Course Equivalency Guide) within the Arizona Course Applicability System (AZCAS) is valid for the term in which the student is awarded credit on the transcript. A course evaluation and/or general education designation may be subject to change. Given that curriculum is dynamic at both MCCCD and the institutions to which MCCCD students transfer, students have the option to petition for general education evaluations and/or general education designations.

The college reserves the right to make necessary course and program changes in order to meet current educational standards.

AMENDED by Direct Approval by the Chancellor, December 6, 2019
AMENDED through the Administrative Regulation Process, June 5, 2017
2.2.5 Catalog Under Which a Student Graduates

Students maintaining continuous enrollment at any public Arizona community college or university may graduate according to the requirements of the catalog in effect at the time of initial enrollment or according to the requirements of any single catalog in effect during subsequent terms of continuous enrollment. Students may maintain continuous enrollment whether attending a single public community college or university in Arizona or transferring among public institutions in Arizona while pursuing their degrees.

1. A semester in which a student earns course credit will be counted toward continuous enrollment. Non-credit courses, audited courses, failed courses, or courses from which the student withdraws do not count toward the determination of continuous enrollment for catalog purposes.

**EXAMPLE A**
Admitted & Earned Course Credit at a Public Community College or University  Fall ‘05 (Active)
Continued at a Public Community  Spring ‘06, Fall ‘06 (Active)
College Transferred to a University  Spring ‘07 (2005 or Any Subsequent Catalog)

**EXAMPLE B**
Admitted & Earned Course Credit at a Public Community College or University  Fall ‘02 (Active) Enrolled But Earned All Ws, Zs, or Fs Spring ‘03 (Inactive)
Enrolled in Audit Courses Only  Fall ‘03 (Inactive)
Nonattendance  Spring ‘04 (Inactive)
Transferred to a University  Fall ‘04 (2004 or Any Subsequent Catalog)

2. Students who do not meet the minimum enrollment standard stipulated in No. 1 during three consecutive semesters (fall/spring) and the intervening summer term* at any public Arizona community college or university are no longer considered continuously enrolled, and must meet requirements of the public Arizona community college or university catalog in effect at the time they are readmitted or of any single catalog in effect during subsequent terms of continuous enrollment after readmission.

**EXAMPLE A**
Admitted & Earned Course Credit at a Public Community College or University  Fall ‘02 (Active)
Nonattendance  Spring ‘03, Fall ‘03, Spring ‘04 (Inactive)
Readmitted & Earned Course Credit at a Public Community College  Fall ‘04 (Active)
Transferred to a University  Spring ‘05 (2004 or Any Subsequent Catalog)
3. Students admitted or readmitted to a public Arizona community college or university during a summer term must follow the requirements of the catalog in effect the following fall semester or of any single catalog in effect during subsequent terms of continuous enrollment.

4. Students transferring among Arizona public higher education institutions must meet the admission requirements, residency requirements, and all curricular and academic requirements of the degree-granting institution.

The college reserves the right to make necessary course and program changes in order to meet current educational standards.

**2.3.10 Transcripts for Transfer**

An official student transcript is a permanent academic record issued by the college registrar. It displays all courses taken for credit within the Maricopa Community College District and includes all grades received. Unlike an unofficial transcript, it is signed and dated by the College Registrar and displays the college seal of the Maricopa College ISSUING the official transcript.
The transcript is issued upon written request only. Those students who want to transfer to other institutions of higher education, including other Maricopa Community Colleges, must request their transcript be sent from the Admissions and Records Office/Office of Student Enrollment Services. However, transcripts may be shared within the Maricopa Community College District without the written request of the student in compliance with FERPA.

Official transcripts will not be issued to students having outstanding debts to any of the Maricopa Community Colleges. The release of transcripts is governed by the guidance of the Family Education Rights and Privacy Act of 1974 (see Records Policy in the Student Rights and Responsibilities section of this manual). There is no charge for unofficial transcripts, or for official transcripts sent between Maricopa Community Colleges. See the Tuition and Fee Schedule for charges for other official transcripts.

**COLLEGE ENVIRONMENT**

**2.4.4 Sexual Harassment Policy for Students**

**I. SEX DISCRIMINATION AND SEXUAL HARASSMENT**

“*No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance*” 20 USC §1681 / 34 C.F.R. part 106

The policy of the Maricopa County Community College District (MCCCD) is to provide an educational, employment, and business environment free of sexual violence, unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct or communications constituting Sexual Harassment as prohibited by state and federal law.

Discrimination under this Policy is an unequal treatment of a student based on the student’s actual or perceived gender, sexual orientation, or pregnancy. This Policy prohibits Sexual Harassment and Discrimination in any college education program or activity, which means all academic, educational, extracurricular, athletic and other programs. This Policy is subject to constitutionally protected speech rights and principles of academic freedom. Questions about this Policy may be directed to the MCCCD EEO/affirmative action office.

**A. SEXUAL HARASSMENT**

Any unwelcome verbal or physical conduct of a sexual nature that is sufficiently severe, persistent, or pervasive that it unreasonably interferes with, limits, or deprives a student of the ability to participate in or benefit from any MCCCD educational program or activity. The unwelcome behavior may be based on power differentials, the creation of a Hostile Environment, or retaliation for allegations of Sexual Harassment under this Policy. Sexual Harassment can occur regardless of the relationship, position or respective sex of the parties. Sexual Harassment includes Hostile Environment Harassment, Sexual Assault, Inducing Incapacitation for Sexual Purposes, Sexual Exploitation, Dating Violence, and Stalking. Same sex Sexual Harassment violates this Policy. Sexual Harassment by and between students; employees and students; and campus visitors and students is prohibited by this Policy.
Depending on the particular circumstances, Sexual Harassment may include, but is not limited to, the following:

1. Physical assaults of a sexual nature, such as rape, sexual battery, molestation, or attempts to commit these assaults; and intentional physical conduct that is sexual in nature such as touching, pinching, patting, grabbing, poking, or brushing against another individual's body in a sexual manner.

2. Offering or implying an education-related reward (such as a better grade, a letter of recommendation, favorable treatment in the classroom, assistance in obtaining employment, grants or fellowships, or admission to any educational program or activity) in exchange for sexual favors or submission to sexual conduct.

3. Threatening or taking a negative educational action (such as giving an unfair grade, withholding a letter of recommendation, or withholding assistance with any educational activity) or intentionally making the individual's academic work more difficult because sexual conduct is rejected.

4. The use or display in the classroom, including electronic, of pornographic or sexually harassing materials such as posters, photos, cartoons or graffiti without pedagogical justification.

5. Explicit sexual comments by one or more students about another student, or circulating drawings or other images depicting a student in a sexual manner.

6. Unwelcome sexual advances, repeated propositions or requests for a sexual relationship to an individual who has previously indicated that such conduct is unwelcome, or sexual gestures, noises, remarks, jokes, questions, or comments by a student about another student’s sexuality or sexual experience. Such conduct between peers must be sufficiently severe, persistent, or pervasive that it creates an educational environment that is hostile or abusive. A single incident involving severe misconduct may rise to the level of Sexual Harassment.

B. HOSTILE ENVIRONMENT HARASSMENT
Harassment based on sex, pregnancy, gender identity, gender expression, or sexual orientation that is sufficiently serious (i.e., severe, pervasive, or persistent) and objectively offensive so as to deny or limit a person's ability to participate in or benefit from the college's programs, services, opportunities, or activities. A Hostile Environment can be created by anyone involved in a college program or activity (e.g., administrators, faculty members, students, and campus visitors or contractors). Mere offensiveness is not enough to create a Hostile Environment. Although repeated incidents increase the likelihood that harassment has created a Hostile Environment, a serious incident, such as a sexual assault, even if isolated, can be sufficient.

In determining whether harassment has created a Hostile Environment, consideration will be made not only as to whether the conduct was unwelcome to the person who feels harassed, but also whether a reasonable person in a similar situation would have perceived the conduct as objectively offensive. Also, the following factors will be considered:

a. the degree to which the conduct affected one or more students' education;

b. the nature, scope, frequency, duration, and location of incident or incidents;

c. the identity, number, and relationships of persons involved;

d. the nature of higher education.
C. SEXUAL ASSAULT
An act involving forced or coerced sexual penetration or sexual contact.

D. INDUCING INCAPACITATION FOR SEXUAL PURPOSES
Using drugs, alcohol, or other means with the intent to affect, or having an actual effect on, the ability of an individual to consent or refuse to consent to sexual contact.

E. SEXUAL EXPLOITATION
Taking non-consensual or abusive sexual advantage of another for anyone’s advantage or benefit other than the person being exploited, and such behavior does not otherwise constitute a form of Sexual Harassment under this Policy.

Examples of behavior that could rise to the level of Sexual Exploitation include:

- a. Prostituting another person;
- b. Non-consensual visual (e.g., video, photograph) or audio-recording of sexual activity;
- c. Non-consensual distribution of photos, other images, or information of an individual's sexual activity, intimate body parts, or nakedness, with the intent to or having the effect of embarrassing an individual who is the subject of such images or information;
- d. Going beyond the bounds of consent (such as letting your friends hide in the closet to watch you having consensual sex);
- e. Engaging in non-consensual voyeurism;
- f. Knowingly transmitting an STI (sexually transmitted infection), such as HIV, to another without disclosing one’s STI status;
- g. Exposing one’s genitals in non-consensual circumstances, or inducing another to expose his or her genitals;
- h. Possessing, distributing, viewing or forcing others to view obscenity.

F. DATING VIOLENCE
Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim and where the existence of such a relationship shall be determined based on a consideration of the following factors:

- A. the length of the relationship;
- B. the type of relationship;
- C. the frequency of interaction between the persons involved in the relationship.

G. STALKING
Engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for his or her safety or the safety of others or suffer substantial emotional distress.

H. CONSENTING TO SEXUAL ACTIVITY
Consent is clear, knowing, and voluntary; it is active, not passive. Silence, in and of itself, cannot be interpreted as consent. Consent can be given by words or actions, as long as those words or actions create mutually understandable clear permission regarding willingness to engage in sexual activity.

Consent to one form of sexual activity cannot imply consent to other forms of sexual activity. Previous relationships or consent cannot imply consent in future sexual acts. Consent cannot be procured by use of physical force, compelling threats, intimidating behavior, or coercion.

Coercion is unreasonable pressure for sexual activity. Coercive behavior differs from seductive behavior based on the type of pressure someone uses to get consent from another. When people make clear to you that they do not want sex, that they want to stop, or that they do not want to go past a certain point of sexual interaction, continued pressure beyond that point can be coercive. In order to give effective consent, one must be age 18 or older.
If you have sexual activity with someone you know to be – or should know to be – mentally or physically incapacitated, you are in violation of this Policy. Incapacitation is a state where one cannot make a rational, reasonable decision because one lacks the ability to understand the who, what, where, why or how of that person’s sexual interaction.

DEFINITIONS

ALLEGED VICTIM
The person who is the victim of any alleged Sexual Harassment or Discrimination in violation of this Policy.

COMPLAINANT
A person who has experienced or witnessed, or otherwise knows of Sexual Harassment or Discrimination in violation of this Policy and files a Formal Complaint pursuant to this Policy.

RESPONDENT
The person who is alleged to have engaged in Sexual Harassment or Discrimination prohibited under this Policy.

TITLE IX COORDINATOR
The Vice President of Student Affairs serves as each respective college’s Title IX Coordinator. The Title IX Coordinator is the individual responsible for providing education and training about Discrimination and Sexual Harassment to the college community and for receiving and investigating allegations of Discrimination and Sexual Harassment in accordance with this Policy. The Title IX Coordinator is authorized to designate other appropriately trained individuals to investigate Discrimination and Sexual Harassment Complaints and reports as deemed appropriate. The contact information for the Title IX Coordinator at each college may be found at https://district.maricopa.edu/consumer-information/title-ix/title-ix-coordinators

II. REPORTING DISCRIMINATION

A. BYSTANDER
No student or employee should assume that an official of the college knows about a particular situation. The college encourages any student who feels he or she has been discriminated against or harassed in violation of this Policy to promptly report the incident to the Title IX Coordinator. Any student who knows of Discrimination or Sexual Harassment prohibited under this Policy that is experienced by another student should report that information to the Title IX Coordinator. Before a student reveals information, college employees will try to ensure that the student understands the employee's obligations and, if the student wishes to maintain confidentiality, direct the student to confidential resources. A student may choose to make a full report or request confidentiality as he or she determines.

All members of the college community are expected to adhere to this Policy, to cooperate with the procedures for responding to complaints of Discrimination and Harassment, and to report conduct or behavior they believe to be in violation of this Policy to the Title IX Coordinator. A duty to report conduct or behavior that violates this Policy is imposed on all administrators, supervisors, faculty members, and persons in positions of authority. Such employees perform their duty to report by reporting the conduct or behavior to the Title IX Coordinator.

B. COLLEGE COMPLAINTS AND REPORTING
Any person who has experienced, witnessed, or otherwise knows of Sexual Harassment or Discrimination prohibited under this Policy is to report such conduct to the college’s Title IX Coordinator. The Title IX Coordinator is trained to help you find the resources you might need, to explain all reporting options, and to respond appropriately to conduct of concern. Such conduct is to be reported to the Title IX Coordinator as soon as possible after it occurs. The Title IX Coordinator tracks all reports of Sexual Harassment or Discrimination.
There are several avenues available for any person who experiences, witnesses, or otherwise knows of Sexual Harassment or Discrimination to report such conduct:

- Leave a private voice message for the Title IX Coordinator;
- Send a private email to the Title IX Coordinator;
- Mail a letter to the Title IX Coordinator's office;
- Visit the Title IX Coordinator (although it is best to make an appointment first to ensure availability);
- File a Formal Complaint pursuant to this Policy;

Report to another trusted college official (e.g., faculty member, coach, advisor) who will provide information as required under the Policy to the Title IX Coordinator.

If there is an allegation of conduct in violation of this Policy about the Title IX Coordinator or any staff member who is part of the Vice President of Student Affairs' office, that allegation should be lodged with the President of the college. The President will appoint another trained individual to take the place of the Title IX Coordinator for purposes of the allegation.

C. RETALIATION PROHIBITED
Retaliation occurs when adverse action is taken against a student or employee because he or she has engaged in protected activity such as filing a complaint of Discrimination or Harassment. Retaliation may be found even when the underlying charge does not constitute Discrimination or Harassment in violation of this Policy, and all persons who participate in a Discrimination or Harassment proceeding, not only the complaining party, are protected against retaliation. A retaliatory adverse action is an action taken to deter a reasonable person from opposing a discriminatory or harassing practice, or from participating in a Discrimination or Harassment proceeding, or more generally, from pursuing that person's rights.

D. CRIMINAL REPORTING
Please remember that if someone is in immediate danger or needs immediate medical attention, the first place to report is 911. You may also report to College Safety or local law enforcement. Some forms of Discrimination and Harassment may also be crimes. For example, sexual assault, stalking and rape are crimes. Criminal reports should be made to law enforcement, even if it is uncertain whether the particular conduct is a crime. Calling local law enforcement can help you: obtain emergency and nonemergency medical care; get immediate law enforcement response for your protection; understand how to provide assistance in a situation that may escalate to more severe criminal behavior; arrange a meeting with victim advocate services; find counseling and support; initiate a criminal investigation; and answer questions about the criminal process.

E. CONFIDENTIALITY OF COMPLAINTS AND REPORTS
Parties in these processes, including the Alleged Victim, Respondent, Complainant and witnesses, have privacy rights and reasonable expectations of confidentiality in the investigation of matters subject to this Policy. In addition, the integrity of the process depends on ensuring reasonable expectations of confidentiality. The Title IX Coordinator or investigator will keep confidential the Complaint, report, witness statements, and any other information provided by the Alleged Victim, Respondent, Complainant or witnesses, and will disclose this information only to the Alleged Victim, Complainant, Respondent, or witnesses as necessary to give fair notice of the allegations and to conduct the investigation; to law enforcement consistent with state and federal law; to other college officials as necessary for coordinating interim measures or for health, welfare, and safety reasons; and to government agencies who review the college's compliance with federal law. The written investigation report and any written decision will be disclosed only to the Alleged Victim, Complainant, Respondent, Title IX Coordinator, and discipline authority. In the case of employees, the discipline authority is the college administrator with the authority to impose sanctions in accordance with applicable employment policies. In the case of students, the discipline authority is the Vice President for Student Affairs and college officials as necessary to prepare for subsequent proceedings (e.g., college President and MCCCD legal counsel).
F. ANONYMOUS REPORTING
The Title IX Coordinator accepts anonymous reports of conduct alleged to violate this Policy and will follow up on such reports. The individual making the report is encouraged to provide as much detailed information as possible to allow the Title IX Coordinator or investigator to inquire into or investigate the report, and respond as appropriate. The Title IX Coordinator or investigator may be limited in the ability to follow up on an anonymous report unless sufficient information is furnished to enable the Title IX Coordinator or investigator to conduct a meaningful and fair inquiry or investigation.

III. RIGHTS OF PARTIES

A. ALLEGED VICTIM: The Alleged Victim has the right to:
1. Has engaged in or threatens to engage in stalking, threatening, harassing or other improper behavior that presents a danger to the welfare of the complaining student or others.
2. Have allegations of sexual misconduct that might be criminal in nature responded to quickly and with sensitivity by campus law enforcement.
3. Seek Reconsideration of the finding of the investigation and any sanction imposed.
4. Review all documentary evidence collected, used, and disseminated during the investigation and sanctioning process.
5. Petition that any member of the investigative process be removed on the basis of demonstrated bias.
6. Have an advocate or advisor present at all phases of the investigation.
7. Present relevant witnesses to the investigator and decision-maker, including expert witnesses.
8. Be fully informed of campus conduct rules and procedures as well as the nature and extent of all alleged violations.
9. Have MCCCD compel the presence of student, faculty, and staff witnesses.
10. Written notice of the investigation, findings and sanctions.
11. Challenge documentary evidence obtained during the investigation.
12. Be informed in advance of any public release of information regarding the investigation.
13. Give consent for the release of any personally identifiable information contained in the investigation.
14. An inquiry and appropriate resolution of all credible allegations of Sexual Harassment, Discrimination, and sexual violence made in good faith to the Title IX Coordinator.
15. Be treated with respect by college officials.
16. Have the same opportunity as the Respondent to have others present (in support or advisory roles) during an investigation.
17. Report Sexual Harassment, Discrimination, and violence to both on-campus and off-campus authorities.
18. Be informed of the investigation findings and imposed sanctions at the same time as the Respondent.

19. Be informed of and afforded access to available counseling, mental health, physical health or student services for victims of Sexual Harassment, Discrimination, and violence.

20. Have notification of and options for, and available assistance in, changing academic and living situations after an alleged act of Sexual Harassment or Discrimination prohibited under this Policy, if so requested by the Alleged Victim and if such changes are reasonably available. No Formal Complaint, or investigation--campus or criminal-- need occur before this option is available. Accommodations may include:
   - Change of on-campus student's housing to a different on-campus location;
   - Assistance from college support staff in completing relocation;
   - Arranging to dissolve a housing contract and pro-rating a refund;
   - Taking an incomplete in a class;
   - Transferring class sections;
   - Temporary withdraw from institution;
   - Alternative course completion options.

21. Not have irrelevant prior sexual history admitted as evidence in an investigation.

22. Make a victim-impact statement available to the investigator and decision-maker.

Access to available protection against another student who

B. IMMEDIATE ACTION AND INTERIM MEASURES
The college may take interim measures to assist or protect the parties during the inquiry or investigation process, as necessary and with the Alleged Victim's consent. Such measures for an Alleged Victim may include arranging for changes in class schedules or living arrangements, issuing a no-contact order, obtaining counseling, and modifying test schedules or other class requirements temporarily.

C. RESPONDENT: The Respondent has the right to:
1. An inquiry and appropriate resolution of all credible allegations of Sexual Harassment, Discrimination, and sexual violence made in good faith to the Title IX Coordinator.

2. Be treated with respect by college officials.

3. Have the same opportunity as the Alleged Victim to have others present (in support or advisory roles) during an investigation.

4. Be informed of and have access to campus resources for medical, counseling, and advisory services.

5. Be fully informed of the nature, rules, and procedures of the investigation process, and to thorough and timely written notice of all alleged violations, including the full nature of the violation and possible sanctions.

6. Protections of due process required by local, state, or federal law.

7. Not have irrelevant prior sexual history admitted as evidence in an investigation.

8. Make an impact statement available to the investigator and decision-maker.

9. Seek Reconsideration of the finding of the investigation and any sanction imposed.
10. Review all documentary evidence collected, used, and disseminated during the investigation and sanctioning process.

11. Present relevant witnesses to the investigator and decision-maker, including expert witnesses.

12. Petition that any member of the investigative process be removed on the basis of demonstrated bias.

13. Have MCCCD compel the presence of student, faculty, and staff witnesses.

14. Challenge documentary evidence obtained during the investigation.

15. Have an advocate or advisor present at all phases of the investigation.

16. An outcome based solely on evidence presented during the investigation. Such evidence should be credible, relevant, based in fact, and without prejudice.

17. Written notice of the investigation, findings, and sanctions.

18. Be informed in advance of any public release of information regarding the investigation.

19. Give consent for the release of any personally identifiable information contained in the investigation.

IV. DUE PROCESS

Due process is afforded any employee, student, or visitor accused of Sexual Harassment or Discrimination prohibited under this Policy. On receipt of a Formal Complaint, or upon receipt of credible evidence that Sexual Harassment or Discrimination prohibited under this Policy has occurred, an immediate preliminary inquiry will be conducted to determine if there is reasonable cause to believe this Policy has been violated. A preliminary inquiry shall be concluded within ten working days following the determination that such reasonable cause exists; however, it may be re-opened in the event additional evidence of a violation of this Policy is later discovered. If, following a preliminary inquiry, such reasonable cause is found, a prompt, thorough, impartial investigation will be conducted by a qualified, authorized investigator. An investigation will be conducted using a preponderance of evidence standard. A preponderance of evidence standard means that an investigator will conclude that Sexual Harassment or Discrimination occurred only if the results of the investigation demonstrate it is more likely than not that such conduct took place. If the investigator's final decision is that Sexual Harassment or Discrimination prohibited under this Policy occurred, the college will take immediate action to eliminate the Harassment or Discrimination, prevent its recurrence, and address its effects.

Remedies for the victim of Sexual Harassment or Discrimination will also be sought. Violations of this Policy may result in disciplinary action up to and including termination for employees; sanctions up to and including suspension or expulsion for students; and appropriate sanctions against campus visitors. This Policy applies to prohibited conduct that impacts the educational environment, whether it occurs on or off campus, and covers students, employees, and visitors.

A. SEX DISCRIMINATION GRIEVANCE PROCEDURES FOR STUDENTS

The purpose of these procedures is to provide a prompt and equitable resolution for allegations of Discrimination as prohibited under this Policy. Persons believing that they have been subjected to or witnessed, or otherwise know of Discrimination or Harassment on any of these bases may file a Complaint with the college. These procedures address allegations of Discrimination or Sexual Harassment as prohibited under this Policy. The procedures also address allegations of retaliation against those who have opposed practices forbidden under the Policy, those who have made allegations of Discrimination or Harassment under the Policy, and those who have testified or otherwise participated in enforcement of the Policy.
B. MEDIATION
Alleged victims who believe they have been discriminated against or harassed may choose in certain circumstances to resolve their allegations through mediation. Mediation is an informal and confidential process where parties can participate in a search for fair and workable solutions. An Alleged Victim may choose to ask the Title IX Coordinator to assist in the mediation process.

Allegations that are addressed through mediation are not required to be made in writing. The parties may agree upon a variety of resolutions such as modification of work assignment, training for a department, or an apology. Parties may agree to a resolution that is oral or embodied in a written agreement. With a written agreement, the parties may elect to file it with the Title IX Coordinator in the event enforcement becomes necessary. Once both parties reach a mediated agreement, it is final and cannot be the basis of a Request for Reconsideration. The Title IX Coordinator or either party may at any time, prior to a final agreement, decide that attempts at mediation have failed. Upon such notice, the Title IX Coordinator may conduct a preliminary inquiry to determine whether this Policy has been violated. The mediation process may not be used if the alleged conduct constitutes criminal conduct.

C. FORMAL COMPLAINT PROCESS
A person who has experienced, witnessed, or otherwise knows of Sexual Harassment or Discrimination in violation of this Policy may file a Formal Complaint by contacting the Title IX Coordinator at each respective college or center. A Complainant may file a Formal Complaint either orally or in writing. The Title IX Coordinator will accept Formal Complaint filings within 300 calendar days of the most recent occurrence of the alleged discriminatory act.

The Complainant's documentation in support of a Formal Complaint should clearly and concisely identify the action, decision, conduct, or other basis that constituted an alleged act or practice of Discrimination prohibited under this Policy. Upon receipt of a Formal Complaint, the Title IX Coordinator will notify the college President and the Office of General Counsel. The Office of General Counsel will assign a case number to the Formal Complaint.

A copy of the Formal Complaint will be shared with the Respondent within five (5) working days of receipt by the Title IX Coordinator. The Respondent will be put on notice that retaliation against the Complainant, Alleged Victim, or potential witnesses will not be tolerated and that an investigation will be conducted. The Respondent must provide a written response to the Formal Complaint within fifteen (15) calendar days of his or her receipt of the Formal Complaint.

After either accepting a Formal Complaint or receiving credible evidence that Discrimination has occurred, and determining after a preliminary inquiry that there is reasonable cause to believe this Policy has been violated, the Title IX Coordinator will:

- Designate an investigator to conduct a fact-finding investigation, which will include, at a minimum, a review of written evidence (including the Complaint and response) and interviews with appropriate employees and students. The Title IX Coordinator may serve as investigator;
- Determine the identity and contact information of the Complainant;
- Identify the correct policies allegedly violated;
- Conduct a thorough, reliable, and impartial investigation;
- Complete the investigation promptly (within 60 calendar days, unless—owing to the complexity of the investigation or the severity and extent of the alleged conduct--more time is necessary to complete the investigation);
- Make findings based on the preponderance of evidence; and
- Present the findings to the Title IX Coordinator, who will deliver the findings, in writing, within ten (10) working days, to the President, with a recommendation as to the disposition of the matter.
The President shall accept, reject, or modify the recommendation, and provide a written notification of his or her action, along with the findings presented by the Title IX Coordinator, to the Complainant, Alleged Victim, and Respondent within fifteen (15) calendar days of receiving the findings and recommendation from the Title IX Coordinator.

Evidence which is collateral to the allegations of Discrimination or Sexual Harassment and which was obtained during an investigation may be used in subsequent grievance or disciplinary procedures.

D. MAINTENANCE OF DOCUMENTATION
Documentation resulting from each level in the Formal Complaint Process (including witness statements, investigative notes, etc.) will be forwarded to and maintained by the Office of General Counsel. Investigative records are not to be maintained with or considered as a part of a student record. Documentation regarding corrective action is considered part of the student's record.

E. RIGHT TO ASSISTANCE
A Complainant, Alleged Victim or Respondent may receive the assistance of an attorney or other person at any stage of a Complaint filed under the Formal Complaint Process. Such person may attend any investigative interview and advise the Complainant, Alleged Victim or Respondent but shall not otherwise participate in the interview. The investigator shall direct communications directly to the Complainant, Alleged Victim and Respondent, and not through such individual's attorney or other person providing assistance.

F. TIME FRAME AND GROUNDS FOR FILING A REQUEST FOR RECONSIDERATION
A Complainant, Alleged Victim or Respondent who is not satisfied with the decision of the President has ten (10) working days to request, in writing, reconsideration of the decision by the Maricopa Community College District's Executive Vice Chancellor and Provost. There are four grounds upon which a Request for Reconsideration may be made: (1) the party has new information, unavailable at the time of the investigation; (2) the party has procedural concerns that may change or affect the outcome of the determination; (3) the party perceives that there was insufficient evidence to support the investigators findings; or (4) the party perceives any action taken by the President to be too severe.

The Executive Vice Chancellor and Provost will review the findings of the investigation and recommendation of the Title IX Coordinator, and respond to the Request for Reconsideration within ten (10) working days from its receipt. The Title IX coordinator shall ensure that, prior to acting on any Request for Reconsideration, the Executive Vice Chancellor and Provost has been fully briefed regarding every component of this Policy. If the Executive Vice Chancellor and Provost determines that the investigation was not conducted in a fair manner, or that the determination is not consistent with the evidence, or that any disciplinary action is not commensurate with the allegations, the case file will be reopened and assigned for further investigation.

If the Executive Vice Chancellor and Provost concludes that the investigation was conducted in a proper manner, that the determination is consistent with the evidence, and that any disciplinary action is commensurate with the allegations, he or she will in writing certify that the Executive Vice Chancellor and Provost has read and thoroughly considered all of the information collected in the investigation, certify that the investigation was conducted in a proper manner and the decision is consistent with the evidence, and deny the Request for Reconsideration. The written certifications and decision by the Executive Vice Chancellor and Provost shall be delivered to the Complainant, Alleged Victim, and Respondent promptly after they are issued. At this point, or if no Request for Reconsideration is made, the investigation into alleged Discrimination under this Policy is concluded.
G. EXTERNAL FILING OF DISCRIMINATION COMPLAINT
MCCCD encourages students to use the due process under this Policy to resolve Discrimination concerns. Students also have the right to file civil rights complaints with appropriate external agencies. No retaliation will be taken against a person for filing a complaint with an external agency. The following agency accepts discrimination charges filed by, or on behalf of, students:

5.1.9 Examples of Policy Violations

It shall be a violation of MCCCD's Sexual Harassment Policy for any employee, student or campus visitor to:

1. Make unwelcome sexual advances to another employee, student or campus visitor;

2. Make unwelcome requests for sexual favors, whether or not accompanied by promises or threats with regard to the employment or academic relationship;

3. Engage in verbal or physical conduct of a sexual nature with another employee, student or campus visitor, that may threaten or insinuate, either explicitly or implicitly, that the individual's submission to, or rejection of, the sexual advances will in any way:
   A. Influence any personnel decision regarding that person's employment, evaluation, wages, advancement, assigned duties, shifts or any other condition of employment or career development; or
   B. Influence his or her grades, participation in or access to academic programs, class standing or other educational opportunities;

4. Engage in verbal or physical conduct of a sexual nature that:
   A. Has the purpose or effect of substantially interfering with an employee's ability to do his or her job; or with a student's ability to learn or participate in a class; or
   B. Creates an intimidating, hostile or offensive work or academic environment;

5. Commit any act of sexual assault or public sexual indecency against any employee or student whether on MCCCD property or in connection with any MCCCD-sponsored activity;

6. Continue to express sexual interest in another employee, student or campus visitor after being informed or on notice that the interest is unwelcome (reciprocal attraction is not considered sexual harassment);

7. Engage in other sexually harassing conduct in the workplace or academic environment, whether physical or verbal, including, but not limited to, commentary about an individual's body (or body parts), sexually degrading words to describe an individual, sexually offensive comments, sexually suggestive language or jokes, innuendoes, and sexually suggestive objects, books, magazines, computer software, photographs, cartoons or pictures. Other sexual misconduct may include sexual exploitation, stalking, and gender-based bullying.
8. Treat a complainant or witness of sexual harassment in a manner that could dissuade a reasonable person from pursuing or participating in the complaint and investigation.

5.1.10 Additional Policy Violations

Supervisors, managers, administrators and faculty who disregard or fail to report allegations of sexual harassment (whether reported by the person who is the subject of the sexual harassment or a witness) are in violation of this policy.

5.1.11 Responsibility for Policy Enforcement

Employees and students must avoid offensive or inappropriate sexual and/or sexually harassing behavior at work or in the academic environment.

Employees and students are encouraged (but not required) to inform perceived offenders of this policy that the commentary/conduct is offensive and unwelcome.

5.1.12 Complaints

1. Employees

Employees who experience sexual harassment at work (by a supervisor, co-employee, student or visitor) are urged to report such conduct to the direct attention of their supervisor, their college president or to the Maricopa Community Colleges Equal Employment Opportunity/Affirmative Action Office. If the complaint involves the employee's supervisor or someone in the direct line of supervision, or if the employee for any reason is uncomfortable in dealing with his or her immediate supervisor, the employee may go directly to the Maricopa Community Colleges EEO/AA Office.

Students

Students who experience sexual harassment or sexual assault in a school's education program and activities (by a faculty member, administrator, campus visitor or other student) are urged to report such conduct to the Title IX Coordinator, who is the vice president of student affairs at each college. A student may also contact the MCCCD EEO/AA Office to obtain the name and phone number of the college official designated to respond to sexual harassment complaints.

General - Applicable to Both Employees and Students

A. Complaints will be investigated according to procedures established by the MCCCD EEO/AA Office. Copies of these procedures may be obtained in the college president's office, Office of the Vice President of Student Affairs and the MCCCD EEO/AA Office.

B. The college/center/MCCCD will investigate all complaints in a prompt, thorough, and impartial manner.

C. Where investigation confirms the allegations, appropriate responsive action will be taken by the college/center/MCCCD.

5.1.13 Confidentiality

Records will be maintained in a confidential manner to the extent permitted by law and insofar as they do not interfere with MCCCD's legal obligation to investigate and resolve issues of sexual harassment.

5.1.14 Violations of Law

An employee or student may be accountable for sexual harassment under applicable local, state, and/or federal law, as well as under MCCCD policy. Disciplinary action by MCCCD may proceed while criminal proceedings are pending and will not be subject to challenge on the grounds that criminal charges involving the same incident have been dismissed or reduced.
5.1.15 False Statements Prohibited

Any individual who knowingly provides false information pursuant to filing a discrimination charge or during the investigation of a discrimination charge, will be subject to appropriate disciplinary action, up to and including, employment termination or academic dismissal.

5.1.16 Retaliation Prohibited

Retaliation against an employee or student for filing a sexual harassment complaint, or participating in the investigation of a complaint, is strictly prohibited. MCCCD will take appropriate disciplinary action, up to and including employment termination or academic dismissal if retaliation occurs.

AMENDED by Direct Chancellor Approval, April 1, 2015

Discrimination Complaint Procedures for Students

This procedure provides a means for resolving complaints by students who believe they have been adversely affected by illegal or prohibited discrimination by the Maricopa County Community College District (MCCCD), a member college or center, or their students or employees.

Complaints may be brought under this procedure for discrimination based on race, color, religion, national origin, citizenship status (including document abuse), sex (including pregnancy and sexual harassment), sexual orientation, gender identity, age, veteran status, physical or mental disability, or genetic information. The entire college community should act promptly upon receipt of an allegation of conduct that might constitute discrimination. Any member of the college community should refer a person who might be a victim of such conduct to these procedures, as well as to the college officials responsible for conducting an investigation pursuant to these procedures.

Students who believe they are experiencing sexual harassment may submit a complaint under the Sexual Harassment Policy for Students 2.4.4. If a student has been a victim of sexual assault, a complaint may also be filed with College Public Safety (CPS).

All deadlines prescribed for Report, Informal Resolution and Formal Resolution processes may be extended by the Vice President of Student Affairs for good reason, such as (but not limited to) when classes are not in session or upon mutual agreement by the parties. Notwithstanding any deadline extension, college officials should take all necessary steps to ensure prompt and equitable resolution of any complaint of discrimination. Information related to MCCCD’s Discrimination Complaint Procedure for Students is also available from the Office of General Counsel’s Office of Public Stewardship at 480-731-8880.

Informal Resolution of Discrimination Complaints

Before filing a formal complaint under this procedure, a student may attempt to resolve the problem through informal discussions with the person claimed to have engaged in discriminatory conduct and that person’s supervisor or department head. The supervisor or department head will notify the Vice President of Student Affairs may designate an employee to provide such assistance. If a student alleges discrimination based upon physical or mental disability the Vice President of Student Affairs, who is designated at each college as the ADA/504 Coordinator or the Associate Vice Chancellor of Student Affairs who is designated as the District ADA/504 Coordinator, will assist directly in the informal resolution process. Each Vice President and the Associate Vice Chancellor has knowledge of the ADA/504 regulations applicable to students with disabilities. The Vice President of Student Affairs may modify or reject an informal resolution of a complaint of discriminatory conduct under this process if, in the judgment of the Vice President, the resolution that is proposed is not in the best interests of both the student and the institution. The Vice President shall take such action no later than fifteen (15) calendar days after receiving notice of the informal resolution.
Attempts to informally resolve alleged discrimination should occur within ninety (90) calendar days of the most recent alleged discriminatory act. The college official responsible for this informal resolution process should ensure that the process is concluded promptly. For complaints dealing with alleged discrimination beyond the 90-day timeframe, a student must submit a complaint under the formal resolution procedure of this policy.

If the complaint cannot be informally resolved to the satisfaction of the student, the student has the right to file a complaint and to proceed under formal resolution procedures.

**Formal Resolution of Discrimination Complaints**

A student who contends that unlawful or MCCCD-prohibited discrimination has occurred may file a formal complaint by contacting the Vice President of Student Affairs at each respective college or center. If a student alleges discrimination based upon physical or mental disability he or she may submit a formal complaint with the Vice President of Student Affairs or the District Associate Vice Chancellor of Student Affairs or designee. The Vice President of Student Affairs or District Associate Vice Chancellor of Student Affairs or designee will accept.

A complaint may be submitted by the student verbally or in writing. A student may also contact the Office of General Counsel to obtain the name and phone number of the college or center official designated to respond to discrimination complaints.

The complaint must identify the action, decision, conduct, or other basis that the student believes is unlawful or MCCCD prohibited discrimination.

Upon receipt of a complaint, the Vice President of Student Affairs or the Associate Vice Chancellor will notify the college president or provost and the Office of General Counsel.

A copy of the complaint will be shared with the respondent within five (5) working days of receipt by the Vice President of Student Affairs Respondent will be put on notice that retaliation against the complainant or potential witnesses will not be tolerated and that an investigation will be conducted. If the student submits a written complaint, the Vice President or the District Associate Vice Chancellor need not share with the respondent the actual form submitted by the student, but may paraphrase the allegations sufficiently to allow the respondent to draft a response.

Respondent must provide a written response to allegations within fifteen (15) calendar days of his or her receipt of the complaint.

After accepting a complaint, the Vice President of Student Affairs or the District Associate Vice Chancellor of Student Affairs will designate a complaint investigator to conduct a fact-finding investigation, which will include, at a minimum, a review of written evidence (including the complaint and response), and interviews with appropriate employees and students. The interviews will include all witnesses identified by all parties. If the complaint alleges discrimination based upon mental or physical disability the investigator designated by the Vice President of Student Affairs or the District Associate Vice Chancellor of Student Affairs must have knowledge of ADA/504 regulations applicable to students with disabilities. 34 C.F.R. §104.4 et.seq.; 28 C.F.R. §35.130 et. seq. The Vice President of Student Affairs or the District Associate Vice Chancellor of Student Affairs may serve as complaint investigator. The complaint investigator shall promptly complete the investigation and deliver to the Vice President of Student Affairs or the District Associate Vice Chancellor of Student Affairs the investigator’s written findings and the results of the investigation, including summaries of all interviews and all documents received as part of the investigation. In no event shall this occur later than ninety (90) calendar days following receipt of the complaint. Within ten (10) working days following receipt of the results of the investigation from the complaint investigator, the Vice President of Student Affairs or the District Vice Chancellor of Student Affairs will submit to the President or Provost the investigator’s written findings and the Vice President’s recommendations as to the disposition of the complaint.
The president or provost will accept, reject, or modify the recommendations and will provide a written notification of his or her action to the student and respondent along with a copy of the investigator's written findings and the vicepresident's or District Associate Vice Chancellor's recommendations within fifteen (15) calendar days of receiving the written findings and recommendations from the Vice President of Student Affairs or the District Associate Vice Chancellor of Student Affairs.

When the investigation confirms the allegations, appropriate corrective action will be taken. Evidence which is collateral to the allegations of discrimination and/or sexual harassment and which was obtained during an investigation may be used in subsequent grievance or disciplinary procedures. Both complainant and respondent receive notice of the outcome. The institution will take appropriate steps to prevent further occurrences.

**Interim Measures**

If a student alleges discrimination based upon physical or mental disability, the District may take interim measures to assist or protect the student during an investigation. Such measures may include academic adjustments, arranging for changes in class schedules, or other appropriate temporary measures.

MCCCD Administrative Review Process Request for Reconsideration A student or respondent who is not satisfied with the decision of the president or provost has ten (10) working days to request, verbally or in writing, administrative review of the decision by his or her college president or provost. The request for administrative review must state reasons why the complainant or respondent believes the finding was improper. The president or provost will review the results of the investigation and written findings and respond to the request within ten (10) working days from receipt of the request. If the president or provost determines that the decision is not supported by the evidence, the case file will be reopened and assigned for further investigation. If the president or provost determines that the investigation was thorough and complete and that the decision is supported by the evidence, he or she will deny the request for administrative review. At this point, the student has exhausted the Internal Discrimination Complaint Procedure.

**Complaint Process**

Faculty, staff and all other college officials should refer any student seeking to make a complaint of discrimination to the Vice President of Student Affairs or the District Associate Vice Chancellor of Student Affairs. Every student complaint of discrimination shall be investigated under the authority of the Vice President of Student Affairs or the District Associate Vice Chancellor of Student Affairs in accordance with these Procedures. The Vice President of Student Affairs and any complaint investigator who participates in a complaint resolution pursuant to these Procedures shall administer every resolution process in an impartial manner, and shall fully consider all facts discovered in the course of any investigation before a resolution is reached. Each party in any complaint resolution shall have full opportunity to present all information and documentation the party feels is germane to the complaint. At no time shall a student who has made an allegation of discrimination under these Procedures be asked or required in any way by a college official to engage in any direct confrontation with any person alleged to have committed an act of discrimination. The Vice President shall ensure that every effort is made to obtain information from each witness to every act of alleged discrimination or from any other person possessed of information that is relevant and material to the complaint resolution. The Vice President of Student Affairs shall ensure that all appropriate corrective action that is warranted as a result of any complaint resolution will be taken, and shall employ best efforts to ensure that the college prevents recurrence of discrimination in the future.

**Maintenance of Documentation**

Documentation resulting from each level in the Formal Resolution Process (including witness statements, investigative notes, etc.) will be forwarded to and maintained by the Office of General Counsel. Investigative records are not to be maintained with or considered as a part of a student record. Documentation regarding corrective action is considered part of the student’s record.

**Right to Assistance**
Right to Assistance
A student or respondent may receive the assistance of an attorney or other person at any stage of a complaint filed under this Internal Discrimination Complaint Procedure. Such person may attend any investigative interview and advise the complainant or respondent but shall not otherwise participate in the interview. The complaint investigator shall direct communications directly to the complainant and respondent, and not through such individual's attorney or other person providing assistance.

Confidentiality of Proceedings
Every effort will be made by the college and MCCCD to protect the confidentiality of the parties during the processing of complaints under this procedure. Records will be maintained in a confidential manner to the extent permitted by law and insofar as they do not interfere with MCCCD's legal obligation to investigate and resolve issues of discrimination.

Retaliation Prohibited
Retaliation against a person who has filed a complaint or against any witness questioned during an investigation is strictly prohibited. Any retaliatory action by instructors, supervisors, managers, academic professionals, administrators, or other employees who have the authority to take adverse action against a complainant or witness is prohibited and may be grounds for disciplinary action.

False Statements Prohibited
Any individual who knowingly provides false information pursuant to filing a discrimination charge or during the investigation of a discrimination charge will be subject to appropriate discipline.

External Filing of Discrimination Complaint
MCCCD encourages students to use the MCCCD Discrimination Complaint Procedure for students to resolve discrimination concerns. Students also have the right to file civil rights complaints with appropriate external agencies. No retaliation will be taken against a person for filing a complaint with an external agency. The following agency accepts discrimination charges filed by, or on behalf of, students:

AMENDED by Direct Chancellor Approval, April 1, 2015

2.4.6 Emissions Control Compliance
Pursuant to ARS §15-1444 C. no vehicle shall be allowed to park in any college parking lot unless it complies with ARS §49-542 (the annual vehicle emissions inspection program). At the time of course registration, every out-of-county and out-of-state student will be required to sign an affidavit stating that the student's vehicle meets the requirements of ARS §49-542. Vehicles that are not in compliance are subject to being towed at the owner's expense.

2.4.8 Petition Signature Solicitation
1. This regulation shall govern access to college premises by representatives who wish to solicit signatures on petitions for the purpose of submission of a ballot proposition to voters, or nomination of a candidate for elective office, in a city-, county-, or state-wide election.
2. Each college president shall designate general hours of accessibility for solicitation and a location on college premises where all representatives on behalf of any candidate or ballot proposition may solicit signatures. The location shall be in a common area where the solicitation will not serve as an obstruction to student activities or otherwise disrupt the college environment.

3. All solicitation must take place in designated areas. Standard space may include one or two tables and chairs. Campus restrictions regarding amplification will apply. Representatives may not distribute or make available to students, employees, or college visitors any tangible item, except for informational literature about the proposed candidate or ballot initiative.

4. Representatives shall notify the designated official at each college or center for their intent to be present on college premises no fewer than three working days prior to soliciting signatures. Upon obtaining authorization, representatives shall be provided a written version of this regulation.

Specific procedures on how to implement the Petition Signature regulation can be found in Appendix S-14.

2.4.9 Use of College Grounds by Non-MCCCD-Affiliated Users

In contrast to traditional public forums such as a public square, park, or right of way, Maricopa's campuses are dedicated by law to the purpose of formal education. They are, and have been since their creation, for the use and benefit of prospective and enrolled students, the Maricopa employees who serve them, and those who are invited to campus by members of the College community to attend or participate in sponsored events. The Maricopa County Community College District (MCCCD) has a long history of regulating the time, place, and manner in which expressive activities are conducted on campuses, for the purposes of avoiding disruption or interference with its educational activities, and protecting the rights of the members of the campus community and their invited guests to express themselves and access information. While members of the general community always have been welcome to share their ideas with the campus community, they are subject to reasonable, content-neutral regulation of the time, place and manner of the event and to the institution's mission-based priorities – including but not limited to the need to provide an environment conducive to teaching and learning.

POLICY
This administrative regulation governs use of the college grounds, defined as the open areas and walkways of the campus by non-MCCCD-affiliated users. Use of college facilities is governed by a separate administrative regulation. Parking lots are not available for events and activities other than those sponsored and authorized by the College president.

Camping is not permitted anywhere on the campuses. Camping is defined as the use of college grounds or facilities for living accommodations or housing purposes such as overnight sleeping or making preparations for overnight sleeping (including the laying down of bedding for the purpose of sleeping), the making of any fire for cooking, lighting or warmth, or the erection or use of tents, motor vehicles, or other structures for living or shelter. These activities constitute camping when it reasonably appears, in light of all the circumstances, the participants conducting these activities intend to use or are using the facilities or grounds for living accommodations or housing, regardless of the duration or other purpose of the use.

Lawful use of college grounds for events or expressive activities by individuals, groups, and organizations may be authorized by college officials when the events and activities are lawful and consistent with the non-profit, educational nature of the campus, authorized and conducted in accordance with MCCCD policies, administrative regulations and priorities, and compliant with reasonable restrictions as to time, place, and manner. The content of the expression will not be a factor in authorizing, locating, or scheduling decisions.
However, events and activities will not be permitted to disrupt or obstruct the teaching, research, or administrative functioning of the College by means of physical obstacles and crowds, by the creation of sound or noise that would interfere with teaching, learning, and the conduct of College business, or by any other means. Each College president will designate a Responsible College Official with delegable authority to approve, locate, and schedule use of college grounds.

**Permit Application:** Any non-MCCCD-affiliated organization, group, or individual desiring to use campus grounds for an event or activity must submit a request form to the Responsible College Official in advance of the use date.

If the activities proposed in the application are limited to low-impact, non-commercial activities the request form shall be submitted at least two business days in advance of the expected use date. For purposes of this administrative regulation, "low-impact, non-commercial activities" are defined as: (1) activities that do not seek to sell or promote a product or service for direct or indirect financial gain; (2) activities that are limited to gatherings of five people or less at any given time; and (3) activities that do not involve machinery, temporary structures, tables, chairs, displays or electronic equipment, including amplifiers, or the distribution of food products.

For events that are not low-impact, non-commercial activities, the request form shall be submitted at least seven business days before the expected use. The additional advance time is required to allow the College to prepare for conditions that may affect the flow of foot traffic, involve signs and displays, create crowds, involve significant numbers of participants, or require the use of significant amounts of space and/or use of equipment and resources.

**Designated Areas:** Because each College has a limited amount of outdoor space, activities and events sponsored by non-MCCCD-affiliated users, including speech and literature distribution, shall be restricted to designated areas. For each College, the Responsible College Official shall establish specific designated areas for such activities. A written description of these areas shall be maintained at the office of Student Life and Leadership for each College. Consistent with the goal of providing a healthy, comfortable, and educationally productive environment, the Responsible College Official should attempt to locate the designated areas in prominent locations on campus where there is a likelihood of significant pedestrian traffic. The designated areas shall not be located in building stairways and entryways, parking lots, or congested areas. The Responsible College Official will make every effort to assign users to their requested space when a specific space is desired. However, in order to ensure the potential success of all scheduled events, the College reserves the right to assign an event or activity to the area the College deems most appropriate in light of the campus capacity, other activities scheduled, and the type of event or activity being planned.

**Use Fees and Proof of Insurance:** To offset the costs associated with the use of college grounds, non-MCCCD-affiliated users shall be required to pay a fee of $50 per day or $125 per week. In order to protect the health and safety of College students, faculty and staff and to protect MCCCD resources, non-MCCCD-affiliated users shall also be required to provide proof of insurance that indicates at least $1 million in general liability coverage and names the MCCCD as an additional insured for the anticipated use date.

The fee and proof-of-insurance provisions of this Administrative Regulation shall not be applied to low-impact, non-commercial users. A user may request designation as a low-impact, non-commercial user from the applicable College's Responsible College Official. Any questions or comments about the criteria for approval or denial of such request shall be directed to the District Ombudsman.

**Permits:** The approved request form will describe the location of the authorized activity and any other restrictions specific to the event. Violation of the terms of the permit, District policy, administrative regulation or law shall be grounds for immediate revocation of the permit, and the individual violators and their organizations may be banned from the campus.
Priorities and Criteria for Approval of Permits: The content or subject of the proposed expressive activity or event will not affect approval of the application. Availability of space is not guaranteed. Reservations shall be approved on a space-available basis and will be addressed on a first come-first served basis, subject to the following priorities and criteria for the use and scheduling of space on campus grounds:

Scheduling Priorities (in order)
1. The use of facilities and grounds for the operations of the College. For example, there are times when the college is unusually crowded by members of the campus community, such as registration and orientation at the beginning of the semester. Other uses may reasonably be precluded during those times.
2. Activities and events sponsored by the College administration.
3. Activities and events sponsored by MCCCD student organizations or employee groups.
4. Activities of non-MCCCD-affiliated individuals and organizations.
5. Commercial advertising or activities.

Criteria
1. Capacity of college grounds to accommodate the number of participants at the scheduled time and proposed location.
2. Capacity of College Safety staff to provide security for all events and activities scheduled at the time.
3. Possible interference or conflict with College operations or other scheduled activities and events on the grounds.
4. General feasibility of hosting the event as proposed.

Other Policies: This administrative regulation will be applied in conjunction and coordination with all other MCCCD policies and administrative regulations and College processes and procedures, including but not limited to regulations on facilities use, signage, sales of alcohol and/or food, and solicitation of donations.

Specific procedures on how to implement the Use of College Grounds regulation can be found in Appendix S-15.

2.4.10 Children on Campus
Children (younger than 18) may not attend any class unless they are officially registered for the class. Children will not be allowed on campus unless participating in an authorized college program or under the supervision of an adult.

2.4.11 Crime Awareness and Campus Security Act
Federal legislation requires the college to maintain data on the types and number of crimes on college property as well as policies dealing with campus security. To obtain additional information on this subject, contact the college Safety and Security Department.

2.4.15 Campus Sex Crimes Prevention Act
Federal legislation requires that the MCCCD establish notification procedures concerning the presence of registered sex offenders enrolled either as students or those working for the institution. The Registered Sex Offender Notification Procedure is outlined in Appendix item S-18.

ADOPTED by Direct Chancellor Approval, March 6, 2019

Appendix Item S-18: Maricopa County Community College District Registered Sex Offender Notification Procedure The Campus Sex Crime Prevention Act (CSCPA), (section 1601 of Public Law 106-386), is a Federal Law enacted on October 28, 2000. In compliance with this law, the Maricopa County Community College District (MCCCD) will work in collaboration with the Sheriff's Department to identify convicted registered sex offenders enrolled as students at one of MCCCD's colleges or working at the District office or at any of the MCCCD colleges (in paid or unpaid positions).
GENERAL INFORMATION

I. In accordance with the CSCPA, the MCCCD will provide on its Sex Offender Information Website, found Sex Offender Information and Notification website, a link to the Arizona Sex Offender Registry website and instructions on how to access it.

II. Arizona Revised Statutes require persons convicted of any of the following 21 different offenses to register as sex offenders: 1) unlawful imprisonment if the victim is under 18 years of age; 2) kidnapping if the victim is under 18 years of age; 3) sexual abuse if the victim is under 18 years of age; 4) sexual conduct with a minor; 5) sexual assault; 6) sexual assault of a spouse; 7) molestation of a child; 8) continuous sexual abuse of a child; 9) taking a child for the purpose of prostitution; 10) child prostitution; 11) commercial sexual exploitation of a minor; 12) sexual exploitation of a minor; 13) luring a minor for sexual exploitation; 14) aggravated luring a minor for sexual exploitation; 15) unlawful age misrepresentation for the purpose of committing a sexual offense 16) sex trafficking of a minor; 17) a second or subsequent violation of indecent exposure to a person under 15 years of age; 18) a second or subsequent violation of public sexual indecency to a minor under the age of 15; 19) a third or subsequent violation of indecent exposure; 20) a third or subsequent violation of public sexual indecency; and 21) violations relating to the failure to register as a sex offender. (See, A.R.S. §13-3821).

III. The Arizona Department of Public Safety classifies sex offenders according to levels. The levels consist of Level 1: Low risk to the community, Level 2: Intermediate risk to the community, and Level 3: High risk to the community.

IV. By law, Registered Sex Offenders (RSO) are required to contact the Maricopa County Sheriff's office or local police agency when they enroll in or are employed at a college—in either paid or unpaid status. (A.R.S. § 13-3821).

a. Level Two and Level Three Offender’s Obligation to Notify the College:

STUDENTS
i. Current Students who are enrolled and receive their final classification or a change in classification as a Level 2 or Level 3 sex offender during their period of enrollment must notify the Campus Public Safety Officer within five (5) business days of the start of the semester. Campus Public Safety Officers for each college and for the district office can be found at the MCCCD Police website. The Campus safety officer will schedule a meeting with the Dean of Students (or designee) and the Registered Sex Offender student to take place within ten (10) days of the notification to Public Safety.

1. Failure to comply with this procedure may lead to discipline under the Student Code of Conduct as well as possible criminal penalty as outlined in Arizona state law.

ii. Potential Students who have been designated as a Level 2 or Level 3 sex offender must notify the Campus Public Safety Officer to arrange a meeting when they intend to enroll at a College. Campus Public Safety Officers for each college and for the district office can be found at the MCCCD Police website. This meeting must take place at least ten (10) calendar days prior to the start of classes. The meeting shall include the RSO, the Dean of Students (or designee), and the Campus Public Safety Officer.

1. A person who is classified as a Level Two or Three sex offender has been admitted to MCCCD and who has failed to timely to register pursuant to these procedures may be subject to discipline under the Student Code of Conduct as well as possible criminal penalties as outlined in Arizona state law.
EMPLOYEES

iii. Current Employees who receive their final classification or a change in classification as a Level 2 or Level 3 sex offender during their period of employment must immediately notify the Campus Public Safety Officer. The campus public safety officer will arrange meeting with the Human Resources Manager (or designee) at the individual campus and the Registered Sex Offender employee. Campus Public Safety Officers for each college and for the district office can be found at the MCCCD Police website. The meeting with the college human resources manager and the Campus Public Safety Officer must take place within ten (10) days of the original notification to Public Safety.

iv. Potential Employees who have been classified as a Level 2 or Level 3 sex offender must notify the Campus Public Safety Officer to arrange a meeting when they are offered employment at the College. Campus Public Safety Officers for each college and for the district office can be found at the MCCCD Police website. This meeting must take place at least ten (10) calendar days prior to the start of employment. The meeting shall include the RSO, the college human resources manager and the Campus Public Safety Officer (or their designees).

V. COLLEGE OFFICIALS’ MEETING WITH LEVEL 2 OR LEVEL 3 SEX OFFENDER

a. After notification that a student or employee has been classified as a Level Two or Three Sex Offender, MCCCD Public Safety will collect information from the RSO student or employee, probation/parole officer, Sheriff’s Office, and/or arresting agency regarding the type of crime, conditions for probation, and/or level of risk.

b. For Students: MCCCD Public Safety will notify the Dean of Student Affairs (or designee) when a RSO has enrolled or expressed a desire to enroll at a MCCCD college. A representative from the Student Affairs office shall participate in the required meeting with the RSO.

i. An RSO identification must be placed in the Advocate online system. The identification should include a summary of the offense/court-ordered conditions in place upon release, information from the parole/probation officer, and possible interventions needed at the college/District level.

c. For Employees: MCCCD Public Safety will notify District and college Human Resources (or designee) when an RSO has registered due to being offered employment with the MCCCD or is a current employee who has been classified as a Level Two or Three Sex Offender. A representative from District and the identified college’s Human Resources department shall participate in the required meeting with the RSO.

i. An RSO identification must be placed in the employee's personnel file. The identification should include a summary of the offense/court-ordered conditions in place upon release, information from the parole/probation officer, and possible interventions needed at the college/District level.

d. At the meeting referred to above, the student or employee who is classified as a Level Two or Three sex offender will be advised of the following information:

i. The College's knowledge of his/her final classification.

ii. The College's obligation to provide public access to Level 2 & 3 sex offender information through its Department of Public Safety.

iii. Any restrictions that will be imposed on the sex offender—based on any Court restrictions, restraining orders, or orders of protection that may be in place—and the duration of such restrictions.

iv. If the offender is classified at Level 3, he/she is further informed of:

1. The College's policy of posting notice at each college campus within two (2) days of receipt of the RSO's information, regardless of when the meeting occurs.

2. The Level 3 RSO will receive a copy of the community notification the College intends to post.

3. The functional areas of the College which will be provided with the public notification that will be posted.
At any time, the Department of Public Safety can communicate with the offender's parole/probation officer.

VI. FERPA: The CSCPA further amends the Family Educational Rights and Privacy Act of 1974 (FERPA) to clarify that nothing in the Act can prohibit an educational institution from disclosing information provided to the institution concerning the presence of registered sex offenders.

VII. ANNUAL AND OFF-CYCLE REVIEWS: Public Safety and the Student Affairs Dean (or designee) or Human Resources representative, depending on the status of the RSO, shall meet on an annual basis to review the conditions of enrollment, employment, and campus engagement. Additional, off cycle, reviews should be conducted when an RSO student or employee transfers within MCCCD or new information about criminal conduct has been received. District imposed conditions may be removed, added, or altered based on changes in enrollment location(s), legal case status, new criminal activity, and/or disciplinary standing. Both Public Safety and Dean of Students or Human Resources professionals, for students and employees, respectively, shall maintain documentation regarding all initial, annual, and off-cycle meetings and reviews.

VIII. FAILURE TO NOTIFY CAMPUS ADMINISTRATION: Failure to notify campus administration, as outlined in this procedure, of one's status as a RSO may lead to discipline up to and including removal from classes and/or suspension from participation in academic or extra-curricular programs, termination from employment as well as possible criminal penalty as outlined in Arizona state law.

IX. CAMPUS AND COMMUNITY NOTIFICATION OF RSO STATUS: Pursuant to Arizona law, the MCCCD shall make campus notifications of RSO status, as follows:
   a. For level two and level three offenders, the MCCCD Public Safety Office, in conjunction with the Public Safety office at each college will coordinate with the local law enforcement agency responsible for the individual community notifications to ensure the sex offender notification is provided to the individual campus community.
   b. The Sex Offender Information and Notification website will host the notification of RSO's employed by or attending a MCCCD college, including employment with the District office.
   c. For Colleges with facilities off-site from the main campuses that receive a registered sex offender community notification flyer from a local law enforcement agency, building managers are advised to post the flyer the building's common area easily accessed by students, staff, and faculty for at least thirty (30) days. Specific information and instructions related to the community notification will be contained in the flyer and such instructions should be followed.
   d. Any criminal activity involving a registered sex offender should be reported to police.

X. ADMINISTRATIVE OVERSIGHT:
   a. Students: A campus administrator has the right to, at her or his discretion, require currently enrolled RSOs to attend regular meetings. The meetings will serve as a way to monitor compliance with conditions for enrollment and assist with student success. The frequency, duration, attendees to the meeting, and location of the meetings will vary based upon the needs of the RSO.
   b. Employees: A supervisor, in conjunction with a Human Resources representative, at her or his discretion, may require currently employed RSOs to attend regular meetings. The meetings will serve as a way to monitor compliance with conditions for employment and assist with student success. The frequency, duration, attendees to the meeting, and location of the meetings will vary based upon the needs of the RSO.

ADOPTED by Direct Chancellor Approval, March 6, 2019
2.4.12 Workplace Violence Prevention Purpose

It is the policy of the Maricopa County Community College District to promote a safe environment for its employees, students, contractors, and visitors. MCCCD is committed to working with its employees to maintain an environment free from violence, threats of violence, harassment, intimidation, and other disruptive behavior.

Policy

Violence, threats, harassment, intimidation, and other disruptive behavior in our facilities is prohibited and will not be tolerated. It is the responsibility of all employees, students, contractors, and visitors of MCCCD to report any occurrence of such conduct to MCCCD Public Safety. Every employee, student, contractor, and visitor on MCCCD property should report threats or acts of physical violence and acts of harassment, intimidation, and other disruptive behavior of which he/she is aware. All reports will be taken seriously and will be investigated by public safety immediately in order to protect everyone from danger. Such behavior can include oral or written statements, gestures, or expressions that communicate a direct or indirect threat of physical harm.

Prohibited Behavior

For example, and without limiting the generality of the foregoing statement, this policy prohibits:

• direct threats or physical intimidation
• implications or suggestions of violence
• stalking
• assault of any form
• physical restraint, confinement
• dangerous or threatening horseplay
• loud, disruptive, or angry behavior or language that is clearly not part of the typical work environment
• blatant or intentional disregard for the safety or well-being of others
• commission of a violent felony or misdemeanor on MCCCD property
• abuse
• violation of a protective order or restraining order
• any other act that a reasonable person would perceive as constituting a threat of violence

This list is illustrative only and not exhaustive.

Future Violence

Employees, students, and visitors who have reason to believe they, or others, may be victimized by a violent act or sometime in the future, at the workplace or as a direct result of their relationship with MCCCD, shall inform a supervisor or manager as soon as possible. The supervisor or manager shall inform the Public Safety Department. Students, contractors, and visitors shall contact the Public Safety Department as soon as possible.

Employees who have signed and filed a restraining order, temporary or permanent, against an individual due to a potential act of violence, who would be in violation of the order by coming near them at work, shall immediately supply a copy to the Department Director, Human Resources, and Public Safety. Students shall supply a copy of the signed order to the Public Safety Department.

This policy applies to employees and students, as well as independent contractors and other non-employees doing business with the MCCCD. Individuals who commit such acts may be removed from the premises and may be subject to disciplinary action, criminal penalties, or both. The Chancellor is hereby instructed to enact all administrative regulations necessary to implement this policy.
2.4.13 Student Right to Know

Under the terms of the Student Right To Know Act, the college must maintain and report statistics on the number of students receiving athletically related student aid reported by race and sex, the graduation rate for athletes participating in specific sports reported by race and sex, the graduation rate for students in general, reported by race and sex and other similar statistics. To obtain copies of these reports, contact the Office of Admissions and Records.

STUDENT RIGHTS AND RESPONSIBILITIES

2.4.5 Copyright Act Compliance

Students are expected to comply with the provisions of the Copyright Act of 1976 pertaining to photocopying of printed materials, copying of computer software and videotaping. In order to assist students in complying with the Copyright Law, appropriate notices shall be placed on or near all equipment capable of duplicating copyrighted materials.

3.2 Copyright Regulation

1. It is the intent of the Governing Board of the Maricopa County Community College District to adhere to the provisions of the U.S. Copyright Law (Title 17, United States Code Section 101 et seq.). Though there continues to be controversy regarding interpretation of the Copyright Law, this policy represents a sincere effort by the Board to operate legally within the District.

2. The Governing Board directs the Chancellor or his designee(s) to develop and distribute to employees guidelines that (1) clearly discourage violation of the Copyright Law and (2) inform employees of their rights and responsibilities under the Copyright Law.

3. Each college president or provost and the Chancellor shall name an individual(s) at each district location who will assume the responsibilities of distributing copyright guidelines, act as a resource person regarding copyright matter and provide training programs on current copyright laws.

4. Employees are prohibited from copying materials not specifically allowed by the (1) copyright Law, (2) fair use guidelines, (3) Licenses or contractual agreements, or (4) other permission.

5. The Governing Board disapproves of unauthorized duplication in any form. Employees who willfully disregard this Board policy and/or the aforementioned copyright guidelines do so at their own risk and assume all liability for their actions.

6. In order to assist employees and students in complying with the Copyright Law, appropriate notices shall be placed on or near all equipment capable of duplicating copyrighted materials.

What Students Should Know About Copyright

What is copyright?

Copyright is a protection afforded under federal law for various types of creative works. A work is copyrightable if it is an original work of authorship fixed in a tangible medium of expression. Copyrightable works include literary, musical or dramatic works; motion pictures and other audiovisual works; choreographic works and pantomimes; sound recordings; and architectural works.

The owner of a copyright in a particular work has the exclusive right to copy, display, perform, distribute, and create a derivative version of the work. Generally, then, this means that you may not do things like duplicate, show or perform a copyrighted work unless it is expressly allowed under the Copyright Act or you have the prior permission of the copyright holder.
A copyright exists in a work at the time it becomes fixed in some tangible medium of expression. Neither registration of the copyright with the federal government nor a copyright notice on the work itself is required for copyright protection.

What is copyright infringement?
Generally, copyright infringement occurs when you copy, display, perform, distribute or create a derivative version of a copyrightable work either without the permission of the copyright holder or when such activity is not otherwise allowed under an exception provided by federal copyright law. The penalties for infringement include significant damages—potentially in excess of $100,000 for each work infringed as well as criminal penalties, which may include fines and even incarceration.

How does copyright law affect information I obtain off the Internet?
Copyright law covers works in both traditional and new media, including digital media. Copyrightable materials are often available on the Internet without any indication of their copyrighted status. As a rule of thumb, you should assume that everything you find on the Internet is copyrighted, unless otherwise labeled. Even popular activities, such as file swapping or copying software or pictures from the Internet, may be copyright infringement and should be avoided.

The Digital Millennium Copyright Act, which Congress enacted in 2000, affords greater protection for copyright holders of digital works. Generally, then, even if a work appears solely in a digital form, it is likely subject to copyright law protections.

New technology has made many creative works widely available through the Internet. For example, the technology known as Peer to Peer (P2P) allows for the transmission of music, videos, movies, software, video games and other materials-most of which is subject to copyright protection.

Remember that a copyright exists in a work at the time it becomes fixed in some tangible medium of expression. That means that an image you have downloaded from the Internet, as well as a video or musical performance is almost certainly subject to copyright protection. When you download these works, transfer them to a disk or other medium, or send them to a friend, you are infringing on the rights of the copyright holder. Trafficking in such material without the permission of the copyright holder, then, violates copyright law. This includes unauthorized music file sharing over the Internet.

According to a statement recently issued by representatives of the motion picture, recording and songwriting industries, uploading and downloading copyrighted works over the Internet is theft: “It is no different from walking into the campus bookstore and in a clandestine manner walking out with a textbook without paying for it.”

Why is it important for a student to be aware of copyright law?
Copyright infringement is expressly prohibited by the US Copyright Act. Anyone who infringes another’s copyright in a creative work is subject to liability, and could be required to pay large sums in damages. In addition, as the law clearly prohibits copyright infringement, using any college resources—such as copier, desktop and laptop computers, printers, central computing facilities, local-area or college-wide networks, Internet access, or electronic mail—for the purpose of infringing a copyright in any work may be grounds for student discipline. According to Maricopa Community College District administrative regulation, “students are expected to comply with the provisions of the Copyright Act of 1976 pertaining to photocopying of printed materials, copying of computer software and videotaping.”

Moreover, under the Maricopa Community Colleges Computing Resource Standards, a student is prohibited from the “use of software, graphics, photographs, or any other tangible form of expression that would violate or infringe any copyright or similar legally-recognized protection of intellectual property rights.” The Standards also prohibit “transmitting, storing, or receiving data, or otherwise using computing resources in a manner that would constitute a violation of state or federal law.”
A student who violates these policies, then, can be disciplined at any of the Maricopa Community Colleges. This discipline could include suspension or even expulsion.

**Does copyright law allow me to download files from a college web site?**

Thanks to recent changes to copyright law, colleges and universities are allowed to transmit copyrighted images, recordings, and other materials over the Internet in connection with distance learning offerings. These changes allow for the performance of non-dramatic literary works or musical works, as well as the display of “reasonable and limited portions” of any work in an amount comparable to that typically displayed in a live classroom setting. Use of the works must, however, be “an integral part” of the distance-learning class session, and available solely to students enrolled in the class. In addition, the transmission of the copyrighted works must be under the direction or actual supervision of an instructor.

Even though the college does not hold the copyright to these works, or even have the express permission of the copyright holder, they may be delivered over the Internet to students in distance learning classes.

The fact that the law authorizes such use of copyrighted materials, though, does not allow a student in these classes to freely download, copy, or re-transmit the works. They are intended solely for use by the institution in connection with distance instruction; any other use would likely constitute a violation of copyright law.

**3.4 Taping of Faculty Lectures**

MCCCD acknowledges that faculty members are, by law, afforded copyright protection in their classroom lectures and, therefore, may limit the circumstances under which students may tape (audio/visual) their classes.

Each faculty member shall inform his/her students within the first week of classes to his/her policy with regard to taping. Failure to do so will accord students the right to tape lectures.

Students with disabilities that render them unable to take adequate lecture notes are entitled to reasonable accommodation to remedy this inability. Accommodation may require a faculty member to exempt a student from his/her taping policy.

**4.4 Technology Resource Standards**

**Introduction**

The Maricopa County Community College District (MCCCD) provides its students, employees, Governing Board members and the public with access to information resources and technologies. MCCCD recognizes that the free exchange of opinions and ideas is essential to academic freedom, and the advancement of educational, research, service, operational, and management purposes, is furthered by making these resources accessible.

Arizona constitutional and statutory mandates require that MCCCD resources, including technology, be used only for the public's business, and not for private purposes. Those mandates apply to all MCCCD public officials--employees of every kind and the Governing Board. The aim of those laws is to safeguard the use of resources, including technology resources, acquired and maintained with public funds. Compliance with other laws--both federal and state--also dictates the need for standards for the use of MCCCD technology resources. In some cases, the Governing Board policies emphasize the importance of compliance with the law such as the requirement to adhere to copyright laws. Governing Board policies also establish MCCCD's own standards, such as the directive that all persons within the MCCCD community be treated in a manner that is humane, fair and dignified.

This administrative regulations established standards for the use of MCCCD technology resources. They should be seen as supplementing, and not in lieu of, Governing Board policy, applicable law and other applicable administrative regulations such as Administrative Regulation 4.3 “Electronic Communications.”
General Responsibilities
Technology resources (including, but not limited to, desktop and laptop systems, printers, central computing facilities, MCCCD-wide or college-wide networks, local-area networks, telephones, facsimile machines, scanners, access to the Internet, electronic mail and similar electronic devices and information) of the MCCCD are available to MCCCD Governing Board members, employees, students and, in a limited number of cases, MCCCD contractors and the public. Use of all those resources is subject to the standards set forth in this regulation (Standards).

The first screen that each MCCCD computer exhibits on starting up advises users of these Standards and requires an acknowledgment before the user may proceed to the next screen. Additionally, all MCCCD employees are responsible for annually acknowledging receipt of the Blue Book, which contains this regulation. So all users of MCCCD technology resources are presumed to have read and understood the Standards. While the Standards govern use of technology resources MCCCD-wide, an individual community college or center may establish guidelines for technology resource usage that supplement, but do not replace or waive, these Standards.

Use of Non-MCCCD Technology
Under Arizona’s public records law, MCCCD is required to transact business so that its records are accessible and retrievable. The policy underlying the law is that work done in the name of the public be transparent. Thus, any member of the public may request public records and, except in a few specific instances, are entitled to get copies of them.

Each individual employee or Governing Board member is responsible for ensuring that MCCCD records that he or she initiates or receives are retained for the period of time required by and disposed of according to mandates established by Arizona State Library, Archives and Public Records—the state agency tasked with setting standards for record retention. Therefore, an employee's or Governing Board member's use of non-MCCCD technology resources for communication of any type of MCCCD business is heavily discouraged because those records are less capable of being managed according to MCCCD’s process for ensuring retention, retrieval and disclosure set forth in Administrative Regulation 4.15 “Retrieval, Disclosure and Retention of Records.”

Additionally, an MCCCD employee who receives a communication allegedly from another MCCCD employee using a non- MCCCD e-mail address is not required to respond substantively to that e-mail. The employee receiving the e-mail is entitled to verify that the sender is whom he or she says that he or she is. The employee receiving the e-mail may request that the sender provide the information or inquiry set forth in the e-mail via hard-copy form.

Acceptable Use
Use of MCCCD’s technology resources, including websites created by MCCCD employees and students, is limited to educational, research, service, operational and management purposes of the MCCCD and its member institutions. Likewise, data, voice, images and links to external sites posted on or transmitted via MCCCD’s technology resources are limited to the same purposes.

Frequently, access to MCCCD’s technology resources can be obtained only through use of a password known exclusively to the MCCCD employees, Governing Board members or students. It is those users’ responsibility to keep a password confidential. While MCCCD takes reasonable measures to ensure network security, it cannot be held accountable for unauthorized access to its technology resources by other persons, both within and outside the MCCCD community.

Moreover, it cannot guarantee employees, Governing Board members and students protection against reasonable failures. Finally, under certain limited circumstances defined in Administrative Regulation 4.15 “Retrieval, Disclosure and Retention of Records,” certain MCCCD employees are authorized to access information on an MCCCD technology device.
It is not Maricopa's practice to monitor the content of electronic mail transmissions, files, images, links or other data stored on or transmitted through Maricopa's technology resources. The maintenance, operation and security of Maricopa's technology resources, however, require that network administrators and other authorized personnel have access to those resources and, on occasion, review the content of data and communications stored on or transmitted through those resources. Any other review may be performed exclusively by persons expressly authorized for such purpose and only for cause. To the extent possible in the electronic environment and in a public setting, a user's privacy will be honored. Nevertheless, that privacy is subject to Arizona's public records laws and other applicable state and federal laws, as well as policies of Maricopa's Governing Board all of which may supersede a user's interests in maintaining privacy in information contained in Maricopa's technology resources.

**Incidental Computer and Technology Usage**

Limited incidental personal use of MCCCD technology resources including through use of personal e-mail systems is permitted, except as described in item 16 under “Prohibited Conduct.” MCCCD employees are responsible for exercising good judgment about personal use in accordance with this regulation, Colleges' consistent local guidelines and MCCCD ethical standards. Personal use refers to activities which only affect the individual and that are not related to an employee's outside business. MCCCD employees are required to conduct themselves in a manner which will not raise concern that they are or might be engaged in acts in violations of the public trust. Refer to the Guidelines for Incidental Computer Usage for the Maricopa Community Colleges (Appendix AS-8) and Guidelines for Incidental Telephone Usage for the Maricopa Community Colleges (Appendix AS-9).

**Prohibited Conduct**

The following is prohibited conduct in the use of MCCCD's technology resources

1. Posting to the network, downloading or transporting any material that would constitute a violation of MCCCD contracts.

2. Unauthorized attempts to monitor another user's password protected data or electronic communication, or delete another user's password protected data, electronic communications or software, without that person's permission.

3. Installing or running on any system a program that is intended to or is likely to result in eventual damage to a file or computer system.

4. Performing acts that would unfairly monopolize technology resources to the exclusion of other users, including (but not limited to) unauthorized installation of server system software.

5. Hosting an unauthorized website that violates the .EDU domain request.

6. Use of technology resources for non-MCCCD commercial purposes, including to advertise personal services, whether or not for financial gain.

7. Use of software, graphics, photographs, or any other tangible form of expression that would violate or infringe any copyright or similar legally-recognized protection of intellectual property rights.

8. Activities that would constitute a violation of any policy of MCCCD's Governing Board, including, but not limited to, MCCCD's non-discrimination policy and its policy against sexual harassment.

9. Transmitting, storing, or receiving data, or otherwise using technology resources in a manner that would constitute a violation of state or federal law, or MCCCD policy or administrative regulation including, but not limited to, obscenity, defamation, threats, harassment, and theft.

10. Attempting to gain unauthorized access to a remote network or remote computer system.
11. Exploiting any technology resources by attempting to prevent or circumvent access, or using unauthorized data protection schemes.

12. Performing any act that would disrupt normal operations of computers, workstations, terminals, peripherals, or networks.

13. Using technology resources in such a way as to wrongfully hide the identity of the user or pose as another person.

14. Allowing any unauthorized access to MCCCD’s technology and non-technology resources.

15. Making personal long distance or other toll calls, except where the charges for the calls are incurred directly by the caller or arrangements are otherwise made at the time of the call to directly bill the caller.

16. Intermittent use of technology resources that interferes with the performance of an employee's main responsibilities.

17. Use of technology resources to market or conduct other activities on behalf of a third-party regarding the “hosting” of an event that is prohibited under MCCCD's Use of College Facilities administrative regulation.

18. Conducting District or college-related business using any electronic mail account other than one hosted or provided by MCCCD, and approved by the Vice Chancellor of Information Technology Services, even when the e-mail account copies all outgoing and incoming messages to the MCCCD hosted account.

19. Deleting or altering a technology public record in violation of public records retention requirements, or in anticipation of receiving or after receipt of a public records request, subpoena or a complaint filed as part of an MCCCD grievance, investigation or review, or other lawful request for the record.

20. Deleting or altering a technology record on an MCCCD device in anticipation or after receipt of a public records request, subpoena or a complaint filed as part of an MCCCD grievance, investigation or review, or other lawful request for the records where the record may demonstrate a misuse of technology resources under this regulation.

**Review and Approval of Alternate E-Mail Account Systems**
The prior review and approval by the Vice Chancellor of Information Technology is required for the implementation of alternate College electronic mail account systems. Requests will be evaluated based upon the following considerations:

1. The system must be compatible and interoperable with the MCCCD e-mail system. All information within the e-mail system must meet the standards and authorize District Office access as specified in Administrative Regulation 4.15, “Retrieval, Disclosure and Retention of Records.”

2. Any proposed changes to an MCCCD’s entity's e-mail system with e-discovery implications must be approved in advance during the planning stages as specified in Administrative Regulation 4.15, “Retrieval, Disclosure and Retention of Records.”

**Disclaimer**
The home page of an MCCCD web site must display, or link to, the following disclaimer in a conspicuous manner:

Complaints and Violations
Complaints or allegations of a violation of these standards will be processed through Maricopa's articulated grievance procedures or resolution of controversy.

Upon determination of a violation of these standards, MCCCD may unilaterally delete any violative content and terminate the user’s access to MCCCD's technology resources. It is the user’s responsibility to demonstrate and/or establish the relevance of content in the event that a content complaint is made official. Users retain the right to appeal actions through MCCCD’s grievance procedures or resolution of controversy.

2.6 Hazing Prevention Regulation

The Maricopa County Community College District (MCCCD) strives to exceed the changing expectations of our many communities for effective, innovative, student-centered, flexible, and lifelong educational opportunities. Our employees are committed to respecting diversity, continuous quality improvement, and the efficient use of resources. We are a learning organization guided by our shared values of: education, students, employees, excellence, diversity, honesty and integrity, freedom, fairness, responsibility and public trust.

Central to the vitality and dignity of our community of learners is an environment that produces broadly educated responsible citizens, who are prepared to serve and lead in a free society. Academic instruction, co-curricular activities and community involvement come together to meet this goal. All members of the MCCCD community, through the best of their abilities, must be provided the opportunity to contribute in a safe, orderly, civil, and positive learning environment. One factor that inhibits the achievement of the above-stated purpose is the practice of hazing.

1. Hazing by any student, employee, or other person affiliated with MCCCD is prohibited.

2. “Hazing” is defined as any intentional, knowing or reckless act committed by a student or other person in any MCCCD college or affiliated educational setting, whether individually or in concert with other persons, against another student, and in which both of the following apply:
   A. The act was committed in connection with an initiation into, an affiliation with or the maintenance of membership in any club/organization that is affiliated with MCCCD; and
   B. The act contributes to a substantial risk of potential physical injury, mental harm or personal degradation, or causes physical injury, mental harm or personal degradation.

3. Any solicitation to engage in hazing is prohibited.
4. Aiding and abetting another person who is engaged in hazing is prohibited.

5. Victim consent is not a defense for violation of the Maricopa Community Colleges Hazing Prevention Regulation.

6. All students, faculty and staff must take reasonable measures within the scope of their individual authority to prevent violations of the MCCCD Hazing Prevention Regulation.

7. Hazing activities and situations include, but are not limited to, the following:
   A. Pre-pledging, illegal pledging or underground activities.
   B. Acts of metal and physical abuse, including, but not limited to: paddling, slapping, kicking, pushing, yelling, biting, duck-walking, line-ups, tuck-ins, belittling, excessive exercise, beating or physical abuse of any kind, and the potentially forced consumption of any food or beverage that contributes to or causes physical injury, mental harm or personal degradation.
   C. Sleep deprivation (activities that deprive prospective and/or current students and/or members of the opportunity of a minimum of six hours sufficient sleep each day).
   D. Encouraging or forcing use of alcohol or drugs.
   E. Any type of student club/organization scavenger hunt, quest, road trip or other activity that would physically or psychologically endanger prospective and/or current students and/or members or others.
   F. Stroking or physically touching in an indecent or inappropriate manner. See Sexual Harassment Policy 5.1.8
   G. Student club/organization activities that subject prospective and/or current students and/or members or others to public nuisance or spectacle.
   H. Aiding or abetting theft, fraud, embezzlement of funds, destruction of public, personal or private property, or academic misconduct.
   I. Being required to wear odd or look-alike apparel that contributes to or causes physical injury, mental harm or personal degradation.
   J. Personal services that contribute to or cause physical injury, mental harm or personal degradation.

8. Alleged violations of this regulation by students or student organizations can be reported to the vice president of student affairs’ office for investigation by any member of the college community. The vice president of student affairs’ office will investigate the complaint in accordance with the student disciplinary code, all other college and MCCCD policies, and local and state laws.

Alleged violations of the MCCCD hazing prevention regulation or interference with an investigation under this regulation by students or student organizations are subject to sanctions under the student disciplinary code.

The student disciplinary code shall govern all proceedings involving such a complaint. Decisions arrived at as outcomes of the proceedings shall be final, pending the normal appeal process.

9. Alleged violations of the MCCCD hazing prevention regulation by any faculty or staff member can be reported to the vice president of student affairs’ office for investigation by any member of the college community. The vice president of student affairs’ office will investigate the complaint in accordance with college and MCCCD policies, and local and state laws.

Any MCCCD faculty or staff member who knowingly permitted, authorized or condoned the alleged hazing activity is subject to disciplinary action in accordance with college and MCCCD policies, and local and state laws.
If the vice president of student affairs' office receives a report or complaint of an alleged hazing activity involving physical injury, threats of physical injury, intimidation, harassment or property damage, or any other conduct that appears to violate Arizona state law, the college will report such conduct to the appropriate college safety office. The said college safety office will investigate, respond to and report on the alleged hazing activity in accordance with all college, district, local, state and federal guidelines, policies and laws.

Should the proceedings outlined above substantiate an occurrence of hazing activity—where students or student organizations knowingly permitted, authorized or condoned the hazing activity—the college can recommend the following sanctions against student clubs/organizations:

A. CENSURE: Censure can include the required completion of a program designed with the intent of eliminating the hazing activity. The programs will be devised with the cooperation of all involved parties and monitored by the vice president of student affairs' office.

B. PROBATION: The student club(s)/organization(s) will be placed on probation for a specified period of time. Conditions of probation will be determined by the vice president of student affairs' office and outlined in writing to the student club(s)/organization(s). The probationary term will be monitored by the vice president of student affairs.

C. SUSPENSION: The student club(s)/organization(s) will be suspended. The terms of the suspension can be defined in the sanction, including criteria the student club(s)/organization(s) must meet within a specified time to be considered for admission or renewal of college recognition status.

D. REVOCATION: The student club(s)/organization(s) will have its status revoked, with the loss of all college associations, recognitions and privileges. The national or international office of an organization, if so affiliated, will be requested to revoke the charter of an organization.

The MCCCD hazing prevention regulation is not intended to prohibit or sanction the following conduct:

A. Customary athletic events, contests or competitions that are sponsored by the college or MCCCD.

B. Any activity or conduct that furthers the goals of a legitimate educational curriculum, a legitimate co-curricular experience or a legitimate military training program.

For the purposes of the MCCCD hazing prevention regulation: “Organization” is defined as an athletic team, association, order, society, corps, cooperative, club or other similar group that is affiliated with MCCCD, whose membership consists primarily of students enrolled at MCCCD and that may also be classroom-related or co-curricular in nature.

2.4.7 Abuse-Free Environment

See also the Auxiliary Services section for Tobacco-Free Environment and the Appendices/Student Section Medical Marijuana Act of the Administrative Regulations.

Substance Abuse/Misuse Statement

Drug abuse and misuse has become a national issue and is receiving national attention, particularly in the academic community. The insidious effects of the abuse of these agents are also felt by all walks of life and economic levels. Therefore, as an education providing institution, we are responsible to provide knowledge and guidelines about prevention, control, and treatment of the abuse/misuse of alcohol, illegal and legal drug uses and misuses.

Annual Acknowledgements for students and employees are provided through the online messaging accounts. Students who experiment with drugs, alcohol, and illegal substances or use them recreationally may develop a pattern of use that leads to abuse and addiction. Maricopa Community Colleges recognized drug and alcohol abuse as an illness and a major health problem as well as a potential safety and security issue.
Part of the educational mission of the Maricopa Community Colleges is to educate students about positive self-development, the benefits of a healthy lifestyle and the health risks associated with substance abuse. This mission closely aligns with the Drug-Free School and Communities Act of 1989, and other relevant substance abuse laws.

**Student Program to Prevent Illicit Use of Drugs and Abuse of Alcohol**

The Maricopa Community College District fully supports disciplinary action for misconduct and the enforcement of state laws governing the use of alcohol and the use, abuse, possession or distribution of controlled substances or illegal drugs.

**A. Introduction and Purpose**

The Federal Drug-Free Schools and Communities Act of 1989 (Public Law 101-226) requires federal contractors and grantees to certify that they will provide a drug-free school. As a recipient of federal grants, the District must adopt a program toward accomplishing this goal. While federal legislation has been the impetus for creation of the program, the administration and Governing Board recognize that substance abuse is a problem of national proportions that also affect students at the Maricopa Community Colleges.

The Maricopa Community Colleges are committed to maintaining learning environments that enhance the full benefits of a student’s educational experience. The Maricopa County Community College District will make every effort to provide students with optimal conditions for learning that are free of the problems associated with the unauthorized use and abuse of alcohol and drugs.

**B. Standards of Conduct**

In the student handbooks of the Maricopa Community Colleges under codes of conduct, the following are examples of behavior that is prohibited by law and/or college rules and policies:

i. Drinking or possession of alcoholic beverages on the college campus.

ii. Misuse of narcotics or drugs.

**C. Sanctions for Violation of Standards of Conduct**

Disciplinary actions include, but are not limited to:

i. Warning,

ii. Loss of privileges,

iii. Suspension, or

iv. Expulsion.

**D. Legal Sanctions**

Local, state, and federal law prohibit the unlawful possession, use or distribution of illicit drugs and alcohol. Conviction for violating these laws can lead to imprisonment, fines, probation, and/or assigned community service. Persons convicted of a drug-and/or alcohol related offense will be ineligible to receive federally funded or subsidized grants, loans, scholarships, or employment.

Any employee is subject to disciplinary action, up to and including employment termination, for any of the following: reporting to work under the influence of alcohol and/or illegal drugs or narcotics; the use, sale, dispensing, or possession of alcohol and/or illegal drugs or narcotics on MCCCDD premises, while conducting MCCCDD business, or at any time which would interfere with the effective conduct of the employee's work for the MCCCDD; and use of illegal drugs.

**MCCCDD Program Standards**

The Maricopa Community College District is committed to establishing a preventative substance abuse program at each college designed to affect positively the problems of irresponsible use of alcohol and the use and abuse of illegal substances. A main focus of the program will be on education of the campus community and assistance to individuals.
E. Identify a key individual, at each college, to provide emergency services and/or to contact and work with outside agencies that provide drug and alcohol counseling, treatment or rehabilitation programs that may be available to students and employees.

F. Support disciplinary action for misconduct and the enforcement of state laws governing the use of alcohol and the use, abuse, possession or distribution of controlled substances or illegal drugs.

G. Establish a preventative substance abuse program at each college designed to affect positively the problems of irresponsible use of alcohol and the use and abuse of illegal substances.

**Alcoholic Beverages—Usage Regulation (AR 4.13)**

This Administrative Regulation prohibits the use of District funds to purchase alcoholic beverages or services related to them except in small amounts to be used in cooking for the District's culinary programs. Additionally, it generally prohibits the presence of alcoholic beverages on premises owned by the District, or those leased or rented by the institution. It permits a few, narrow exceptions to that latter prohibition.

The exceptions are not available to the general population of District employees or officials. More importantly, they are established to ensure that the District's actions stay within the boundaries of state law and the District's insurance coverage. Therefore, strict compliance with this regulation is essential.

H. **No Funds.** No funds under the jurisdiction of the governing board of the District may be used to purchase alcoholic beverages, except for the limited purposes of purchasing small amounts of them for use solely as ingredients in food preparation for classes and at the District's culinary institutes. Alcoholic beverages may not be stored on premises owned, leased, or rented by MCCCD except as provided in Paragraph H.

I. **No Service or Sale of Alcoholic Beverages.** The law of the state of Arizona strictly regulates the service, sale, distribution and consumption of alcoholic beverages. In light of that law, the District does not permit alcoholic beverages to be served, sold or distributed on or in the premises owned by the District or leased or rented by the Maricopa Community Colleges for District-approved educational, fund-raising or other community purposes, except as provided in Paragraphs C and G.

J. **Service at District Events on District-owned Property.** The Chancellor has the sole authority to approve the service, but not the sale or other distribution, of wine or beer at District events on district-owned property that the Chancellor either sponsors or approves. The only District employees authorized to request the Chancellor's approval are the College Presidents and the Vice Chancellors. Additionally, the law strictly limits the service of wine or beer by the District on District-owned property, and those restrictions are specified in Paragraph E. Unless approved by the Chancellor in compliance with the law and this regulation, alcoholic beverages may not be served on District-owned property.

K. **Event Form Required.** A College President or Vice Chancellor who wishes to obtain the Chancellor's approval for the service of wine or beer at a District-sponsored event on District-owned property shall forward a completed written request to the Chancellor no later than 30 days before the event. The request form is available at: A S-6 Notice of Intent to Serve Beer and Wine Form. On signing the form, the Chancellor will provide a copy of it to the requestor and to the MCCCD Risk Manager. For events that the Chancellor sponsors, he or she will complete the form, sign it and provide it to the MCCCD Risk Manager no later than 10 business days before the event.
L. **Service restrictions required by law.** An event approved under Paragraph D must, by law, comply with all of the following restrictions:

i. The only alcoholic beverages that may be served and consumed are wine and beer. Wine consumption is limited to 6 oz. per person, and beer consumption is limited to 24 oz;

ii. The gathering must be by invitation only, and not open to the public;

iii. The gathering may not exceed 300;

iv. Invitees may not be charged any fee for either the event or the beer or wine; and

v. The consumption may only take place between noon and 10:00 p.m.

Additionally, beer and wine may only be served by a beverage service contractor whose liquor license with the state of Arizona is in good standing, except as provided in Paragraph F. The contractor must provide all of the beverages served and well as the servers or bartender. Before the event, the contractor must provide a certificate of insurance that meets the requirements of the District's Risk Manager and that adds the District as an additional insured. The contractor must also agree in writing to indemnify the District regarding the service of the beverages.

M. **Culinary Institutes.** The Chancellor may sponsor or approve an event at one of the District's culinary institutes. Students may serve wine and beer at the event as part of their class requirements, subject to the limitations of Paragraph E. Any student serving those beverages must, by law, be 19 years or older.

N. **Third-Party Event.** The Maricopa County Community College District Foundation and the Friends of Public Radio Arizona may, with the approval of the Chancellor, sponsor an event on District-owned property under this regulation. The City of Phoenix and the Friends of the Phoenix Public Library may also do so, with the approval of the Chancellor, at the joint library on the campus of South Mountain Community College. These third-party, non-district entities are solely responsible for determining the steps that they are required to take to comply with Arizona's alcoholic beverages laws. Additionally, they must comply with the following steps:

i. The entity obtains a liquor license, if required by law, from the Arizona Department of Liquor Licenses and control for each event and fully complies with the laws, rules and other requirements applicable to that license;

ii. The entity completes the form available at A S-7 Request to Serve Beer and Wine — Third Party Form. And provides it to the Chancellor for approval along with a copy of the liquor license no later than 30 days before the event, unless the Chancellor approves a shorter period of time in a particular case;

iii. The entity provides or currently has on file with the District a certificate of insurance demonstrating that it has liquor liability coverage and that adds the District as an additional insured;

iv. The entity agrees in writing to indemnify the District from any claims of any kind arising out of the event;

v. Beer and wine are the only alcoholic beverages served and only served through a beverage service contractor whose liquor license with the state of Arizona is in good standing;

vi. The contractor provides all of the beverages served and well as the servers or bartenders;

vii. Before the event, the contractor provides a certificate of insurance that meets the requirements of the District's Risk Manager and that adds the District as an additional insured; and

viii. The contractor agrees in writing to indemnify the District regarding the service of the beverages.

O. **Receipt of beverages; storage.** It is not permissible to store wine or beer on premises owned, leased or rented by MCCCDS, except as provided in this paragraph. Alcoholic beverages purchased for use in cooking in District culinary courses must be stored in such a way that it is inaccessible to anyone except the Director or designee of the culinary program. For wine and beer to be used for receptions at the district's culinary institutes, as authorized by this administrative regulation, the following storage requirements apply:
i. Wine and beer to be served may only be brought to MCCCD property no sooner than four hours prior to the event, and remain there no longer than four hours after the event; and 
ii. Once the wine and beer arrives on MCCCD property, the Director the culinary program shall assign an MCCCD employee to ensure that it is not stolen or that it is not opened until ready to be served.

P. **Compliance with law.** In compliance with applicable law, any persons planning an event under this administrative regulation are required to familiarize themselves with the pertinent laws and other requirements established by the state of Arizona for the service of alcoholic beverages, particularly those in Arizona Revised Statutes Title 4 (Alcoholic Beverages) Chapters 1 (General Provisions), 2 (Regulations and Prohibitions) and 3 (Civil Liability of Licensees and Other Persons) as well as Arizona Administrative Code Title 19, Articles 1 (State Liquor Board) and 3 (Unlicensed Premises Definitions and Licensing Time-Frames).

Q. **Residential Housing.** Lawful occupants of residential housing under the jurisdiction of the Governing Board, if over the age of 21 years and not otherwise lawfully barred from such practice, may possess and consume alcoholic beverages in the privacy of their respective leased housing facility. Guests of such occupants over the age of 21 years shall have the same privilege. No alcohol is permitted in public areas (nor common areas of a dormitory) at any time.

R. **Personal Responsibility.** The personal or individual purchase of alcoholic beverages by individuals attending District-approved functions held in places serving alcoholic beverages is a personal and individual responsibility. Administrative discretion shall be exercised in the approval of the location of such activities, as such decision pertains to the nature of the group involved.

S. **Miscellaneous Usage Issues.** Any issues that are not specifically addressed within this regulation require the review and determination by the Chancellor or Executive Vice Chancellor and Provost on matters related to culinary programs, academic or student affairs.

**Other Health Concerns**

**General Guidelines Concerning AIDS**

Neither a diagnosis of AIDS nor a positive HIV antibody test will be part of the initial admission decision for those applying to attend any of the Maricopa Community Colleges. The Maricopa Community Colleges will not require screening of students for antibody to HIV.

Students with AIDS or a positive HIV antibody test will not be restricted from access to student unions, theaters, cafeterias, snack bars, gymnasiums, swimming pools, recreational facilities, restrooms, or other common areas, as there is not current medical justification for doing so.

Where academically and logistically feasible, students who have medical conditions, including AIDS, may seek accommodation in order to remain enrolled. Medical documentation will be needed to support requests for accommodation through the Office of Disabled Resources and Services or the Office of Vice President of Student Affairs.

The Maricopa Community Colleges acknowledge the importance of privacy considerations with regard to persons with AIDS. The number of people who are aware of the existence and/or identity of students who have AIDS or a positive HIV antibody test should be kept to a minimum. When a student confides in an faculty member, knowledge of the condition should be transmitted to the appropriate vice president or designee who will make the determination if the information should be further disseminated. It should be remembered that mere exposure to the person in a classroom does not constitute a need to know the diagnosis. It is, therefore, unnecessary to document in a student's file the fact that he or she has AIDS unless the information is to be used for accommodation reasons. Sharing confidential information without consent may create legal liability.
Students are encouraged to contact the Office of Disabled Resources and Services and/or the vice president of student affairs or designee for the types of services available in the district or community on matters regarding AIDS or the HIV virus.

4.12 Smoke-Free/Tobacco-Free Environment

The Maricopa County Community College District is dedicated to providing a healthy, comfortable, and educationally productive environment for students, employees, and visitors. In order to promote a healthy learning and work environment, the Chancellor has directed that the Maricopa County Community College District serve as a total smoke free and tobacco free environment, effective July 1, 2012. Smoking (including the use of “e-cigs”) and all uses of tobacco shall be prohibited from all District owned and leased property and facilities, including but not limited to parking lots, rooftops, courtyards, plazas, entrance and exit ways, vehicles, sidewalks, common areas, grounds, athletic facilities, and libraries.

Support signage prohibiting the use of smoking instruments and tobacco shall be placed throughout all college and District locations.

Continued violations by an employee or student shall be handled through the respective conduct procedures established for employees and students.

Appendix S-16: Statement on the Arizona Medical Marijuana Act (Proposition 203)

In 2010, Arizona voters approved the Arizona Medical Marijuana Act (Propositions 203), a state law permitting individuals to possess and use limited quantities of marijuana for medical purposes. Because of its obligations under federal law, however, the Maricopa Community Colleges will continue to prohibit marijuana possession and use on campus for any purpose.

Under the Drug Free Workplace Act of 1988, and the Drug Free Schools and Communities Act of 1989, “…no institution of higher education shall be eligible to receive funds or any other form of financial assistance under any federal program, including participation in any federally funded or guaranteed student loan program, unless it has adopted and has implemented a program to prevent the use of illicit drugs and abuse of alcohol by students and employees.” Another federal law, the Controlled Substances Act, prohibits the possession, use, production, and distribution of marijuana for any and all uses, including medicinal use. This law is not affected by the passage of the Arizona Medical Marijuana Act. Because Maricopa Community Colleges could lose its eligibility for federal funds if it fails to prohibit marijuana, it is exempt from the requirements of the Arizona Medical Marijuana Act. Therefore, Maricopa Community Colleges will continue to enforce its current policies prohibiting the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance on its property or as part of any of its activities.

Employees and students who violate Maricopa Community Colleges policy prohibiting the use or possession of illegal drugs on campus will continue to be subject to disciplinary action, up to and including expulsion from school and termination of employment.

2.8 Students with Disabilities

2.8.1 Eligibility for Accommodations & Required Disability Documentation Purpose

To specify the disability documentation requirements that will qualify (i.e., support current and essential needs) Maricopa County Community College District students for reasonable and appropriate academic adjustments through each college’s Disability Resources and Services (DRS) office or designated professional.
General Eligibility Requirements
DRS applicants must be admitted or enrolled as an MCCCD student, and must provide the Disability Resources and Services (DRS) office with qualifying disability documentation, verifying the nature and extent of the disability prior to requesting or receiving any academic adjustment.

Who Is Eligible for Services?
To be eligible for DRS support services, a student must have a disability as it defined by federal law (section 504 of the 1973 Rehabilitation Act, the Americans with Disabilities Act OF 1990 (ADA), and the Americans with Disabilities Act Amendments Act of 2008 (ADAAA).

Definitions
• Disability: A disability is any physical or mental condition which causes substantial limitation to the ability to perform one or more major life activities.
• Academic adjustment: An academic adjustment is a modification of a non-essential academic requirement, an examination, or an institutional rule that is necessary to avoid discriminating on the basis of handicap against qualified students with disabilities. Modifications may include changes in the length of time permitted for the completion of degree requirements, substitution of specific courses required for the completion of degree requirements, and adaptation of the manner in which specific courses are conducted.

**Documentation can be transferred within MCCCD for current consideration for eligibility.**
**Determination made by another institution or organization does not guarantee eligibility.**

Special Considerations
Any employee who receives a request for academic adjustment must refer the student to the DRS Office. The DRS Office alone is responsible for evaluating documentation and determining eligibility and academic adjustments. All situations shall be considered on an individual, case-by-case basis, and all requests for academic adjustments from qualified students with a disability shall be considered by DRS. DRS may exercise its right to require additional documentation.

Academic adjustments are determined by the DRS Office through an interactive exchange with the eligible student. The DRS Office will give priority to the request of the student, but will also consider the instructor’s perspective when it is offered. The interactive exchange may continue during the course of the year, and the DRS may make reasonable alterations in approved academic adjustments based on input from the student and the faculty member. Academic adjustment determined by the DRS Office are required except when the institution subsequently determines that an adjustment would alter an academic requirements that is essential to the instruction being pursued by the student, or to a directly related licensing requirement. MCCCD is not required to provide “best” or “most desired” accommodations but rather a reasonable accommodation sufficient to meet accessibility needs.

In the event the instructor believes the modification determined by DRS would alter an academic requirement that is essential to the instruction being pursued by the student, or to a directly related licensing requirement, the instructor will first meet with the director of the DRS office within three working days of receipt of the determination and attempt to resolve the issue informally. If the faculty member’s concern remains unresolved, within three days of the above meeting he or she may submit a written request to the college’s chief academic officer (or a comparably qualified administrator designated by the college president) for his or her academic judgment on the question.

Any change in the DRS Office’s initial recommendation resulting from the above meeting or the Chief Academic Officer’s decision will be communicated to the student by the DRS Office. The interactive exchange with the student will continue in an effort to achieve a mutually satisfactory outcome.
If a student is not satisfied with the academic adjustment provided, he or she may file a complaint under the Discrimination Complaint Procedures for Students. In such cases, the Vice President for Student Affairs will assign an investigator whose qualifications and experience include curriculum development and educational accommodations for students with disabilities.

In all cases in which academic adjustments are in controversy, whether as a student discrimination complaint or a faculty member’s appeal to the Chief Academic Officer, the ultimate decision will be informed by consultation with the duly appointed faculty representatives who serve in the development of the curriculum for the institution and the program. The committee will study the requested academic adjustment and alternatives, their feasibility, cost and effect on the academic program, and come to a rationally justifiable conclusion as to whether the available alternatives would result either in lowering academic standards or requiring substantial program alteration. This conclusion will be submitted in writing to the Chief Academic Officer, who will consult with the Vice Chancellor and the Office of General Counsel before making the final determination.

Nothing in this policy prohibits a faculty member from making minor, commonsense alterations in the manner in which a course is presented. A student who asks the instructor to change the color of chalk used because he is colorblind may be so accommodated without registering with DSO. However, the faculty member must report making such accommodations to DSO.

**Documentation Guidelines**
Students requesting accommodations must provide documentation of their disability. Documentation consists of an evaluation prepared by a trained and qualified professional that identifies:
- current level of functioning
- current documentation
- all standardized testing must use adult-normed instruments
- age of the documentation may vary for some disabilities, provided the presence of a substantial limitation(s) is adequately established
- how the disability impacts the student's learning
- contain information supportive of the student's request for specific academic support, auxiliary aids, and accommodations

**Specific Eligibility Requirements**

1. **Physical Disabilities**
   A. Required Documentation
      The student must submit a written, current diagnostic report of any physical disabilities that are based on appropriate diagnostic evaluations administered by trained and qualified (i.e., certified and/or licensed) professionals (e.g., medical doctors, ophthalmologists, neuropsychologists, audiologists). Disability diagnosis categories include:
      i. Orthopedic Disability
      ii. Blind or Visual Impairment
      iii. Deaf or Hard-of-Hearing
      iv. Traumatic Brain Injury
      v. Other Health-Related/Systemic Disabilities
   B. Diagnostic Report
      The diagnostic report must include the following information:
      i. A clear disability diagnosis, history, and the date of diagnosis.
      ii. A description of any medical and/or behavioral symptoms associated with the disability.
      iii. Medications, dosage, frequency, and any adverse side effects attributable to use.
      v. A recommendation for accommodation(s).
Specific Learning Disabilities
C. Required Documentation
Submit a written diagnostic report of specific learning disabilities that is based on age appropriate, comprehensive, psycho educational evaluations using adult normed instruments.

The assessment or evaluation which leads to the diagnosis must be administered by a trained and qualified (i.e., certified and/or licensed) professional (e.g., psychologist, school psychologist, neuropsychologist, or educational diagnostician) who has had direct experience with adolescents and adults with learning disabilities.

An appropriate Psycho Educational Evaluation must include comprehensive measures in each of the following areas:

i. Aptitude: evaluation must contain a complete intellectual assessment, with all sub-tests and standard scores reported.

Examples Of Measures (including but not limited to):
1. Wechsler Adult Intelligence Scale (WAIS-R)
2. Stanford Binet Intelligence Scale
3. Woodcock-Johnson Psycho-Educational Battery
4. Kaufman Adolescent And Adult Intelligence Test

ii. Academic Achievement: evaluation must contain a comprehensive achievement battery with all sub-tests and standard scores reported. The test battery should include current levels of functioning in the relevant area(s).

Examples of Achievement (including but not limited to):
1. Wechsler Individual Achievement Tests (WIAT)
2. Woodcock-Johnson Psycho-Educational Battery
3. Stanford Test of Academic Skills (TASK)
4. Scholastic Abilities Test for Adults (SATA)

iii. Information Processing: evaluation should assess specific information processing areas such as short- and long-term memory, sequential memory, auditory and visual perception/processing, processing speed, executive function, and motor ability.

Examples of Achievement (including but not limited to):
1. Wechsler Individual Achievement Tests (WIAT)
2. Woodcock-Johnson Psycho-Educational Battery
3. Stanford Test of Academic Skills (TASK)
4. Scholastic Abilities Test for Adults (SATA)

D. Diagnostic Report
The diagnostic report must include the following information:

i. A diagnostic interview that addresses relevant historical information, past and current academic achievement, instructional foundation, past performance in areas of difficulty, age at initial diagnosis, and history of accommodations used in past educational settings and their effectiveness.

ii. A list of all instruments used in the test battery.

iii. Discussion of test behavior and specific test results.

iv. A diagnostic summary or statement with the following information:
1. DSM V Classification
2. A clear and direct statement that a learning disability does or does not exist, including a rule-out of alternative explanations for the learning problems. Terms such as “appears,” “suggests,” or “probable” used in the diagnostic summary statement do not support a conclusive diagnosis.
3. A clear statement specifying the substantial limitations to one or more major life activities.
4. A psychometric summary of scores.
5. A recommendation for accommodations, including rationale.

Diagnosis of specific learning disabilities that do not contain psycho-educational measures may not be sufficient for determining eligibility for academic accommodations. For example, school plans such as individualized education plans (IEP) or 504 plans may not be sufficient documentation. DRS reserves the right to request reassessment when questions regarding previous assessment or previous service provision arise.

**Attention Deficit Hyperactivity Disorder (ADHD) / Attention Deficit Disorder (ADD)**

**E. Required Documentation**
Submit a current diagnosis of attention deficit hyperactivity disorder (ADHD)/attention deficit disorder (ADD) that is based on appropriate diagnostic evaluations.

**F. Diagnostic Report**
Acceptable documentation must include:
- DSM V Classification
- A summary or statement which includes the following information:
  - A clear summary or statement specifying evidence of behavior that significantly impairs functioning, including degree of severity.
- A recommendation for accommodations, including rationale.

**Psychological/Psychiatric Disabilities**

**G. Required Documentation**
- Depression and/or bipolar disorder
- Generalized anxiety disorders
- Post traumatic stress disorder
- Psychotic disorders
- Autism spectrum disorder.

**H. Diagnostic Report**
If the diagnostic report is not current, a letter from a qualified professional that provides an update of the diagnosis may be requested.

The diagnostic report must include the following:
- DSM V Classification
- A diagnostic summary or statement that includes the following:
  1. A clear summary or statement that a disability does or does not exist.
  2. A clear summary or statement specifying evidence of behavior that significantly impairs functioning including degree of severity.
  3. A discussion of medications and their possible impact on academic functioning.

**Neurological Disorders**

**I. Required Documentation**
Disorders of the central and peripheral nervous system, including but not limited to:
- Acquired Brain Injury/Traumatic Brain Injury
- Epilepsy/Seizure Disorder
- Stroke
J. Diagnostic Report
Written statement of diagnosis:
  i.  Current functional limitations
  ii. Information regarding current symptoms
  iii. Information regarding prescribed medication(s) and possible side effect and impact on student academic performance
  iv. Restrictions on activities imposed by the condition
  v.  Where learning has been affected, a recent neuro-psychological evaluation is requested

Temporary Disabling Conditions
K. Required Documentation
  i.  Temporary disabling conditions as a result of surgery, accident, or serious illness may require accommodations for a limited time. Acceptable documentation must include:
  ii. Written statement of diagnosis
  iii. List of current symptoms and degree of severity
  iv. Information regarding functional limitations and impact within an academic environment
  v. Medications and possible side effects
  vi. Duration of symptoms and estimated length of time services will be needed

AMENDED by Direct Chancellor Approval, January 4, 2017

Eligibility of Students Taking Reduced Course Loads
Although any student may register for fewer than twelve credit hours, a student with a disability may request a reduced academic load as a reasonable and appropriate accommodation. A college Disability Resource Services (DRS) professional may certify that a student who is afforded a reduced academic load as an accommodation for a disability shall nevertheless be deemed a full-time student. Such certification shall be solely to enable the student to seek eligibility for health insurance benefits and to seek eligibility to comply with mandates of the National Junior College Athletic Association. The college DRS professional will certify that a student may be deemed a full-time student as provided under this regulation only on a semester-by-semester basis.

The appropriate college offices will receive documentation of the DRS professional's certification from the professional or the student. An incoming student may apply for such certification upon acceptance to the college. Requests for certification must be made prior to the beginning of each semester. Every attempt will be made to accommodate these requests.

The following criteria also apply:
1. Students taking a reduced course load must register for at least 6 credit hours (based on DRS approval) during the regular fall and spring semesters. It is recommended that students register for at least three (3) credit hours during the summer to offset the impact of academic eligibility.

2. Students taking a reduced course load must maintain satisfactory academic progress standards as defined by the College catalog.

3. The reduced credit load may result in an adjusted financial aid package. There may be additional ramifications including, but not limited to, extra time to complete college, insurance coverage, Vocational Rehabilitation funding, etc.

4. Eligibility for Federal Stafford Loans may be reduced according to the total number of credit hours taken in the full academic year. A student, taking a reduced course load, must be at least half time in a semester (6 credits) in order to receive a Stafford Loan.
5. The amount of Federal Financial Aid (Title IV) awarded is based on the actual number of credit hours taken.

6. Requirements for continuation of funding through Vocational Rehabilitation may differ. The student must contact his/her VR counselor to determine how a reduced course load will impact their funding.

7. The National Junior College Athletic Association (NJCAA) has published standards in regard to the designation of Certified Disabled Student-Athlete in Article V Section J of the NJCAA bylaws. This procedure addresses the NJCAA criteria for reduced course loads.

### Application Process

1. Applications for reduced course loads must be submitted to the Disability & Services professional with supporting documentation. Requests must be made prior to the beginning of each semester.

2. Supporting documentation must include a diagnostic evaluation from an appropriate professional. The documentation must meet the guidelines set forth by the Maricopa Community College District's Documentation Policy in order to evaluate the current impact of the disability in regards to the request. Students are required to complete an application form for this status every semester, but do not need to re-submit their documentation. Continuation of this status is not automatic. Each case will be re-evaluated at the end of the semester to determine if this accommodation is still appropriate.

3. Students requesting a reduced course load should consult with their academic advisor regarding the consequences of this status for making progress toward graduation requirements and eligibility for various academic distinctions and designations.

4. Students registered in occupational and/or academic programs that have specific block formats will not be considered for reduced course loads.

5. Students who are approved for a reduced course load will be required to sign the Reduced Course Load Approval Form (see Appendix S-10), which includes a statement acknowledging that he or she has reviewed the consequences that go with reduced load status and accepts them.

6. When a reduced course load status is granted by the Disability Resources & Services professional, a copy of the Reduced Course Load Approval Form will be sent to the appropriate individuals.

### 2.3.11 Academic Misconduct

1. **Definitions**
   
   **A. Academic Misconduct** - includes any conduct associated with the classroom, laboratory, or clinical learning process that is inconsistent with the published course competencies/objectives and/or academic standards for the course, program, department, or institution. Examples of academic misconduct include, but are not limited to: (a) cheating and plagiarism (including any assistance or collusion in such activities, or requests or offers to do so); (b) excessive absences; (c) use of abusive or profane language; and (d) disruptive behavior.

   **B. Cheating** is any form of dishonesty in an academic exercise. It includes, but is not limited to, (a) use of any unauthorized assistance in taking quizzes, tests, examinations, or any other form of assessment whether or not the items are graded; (b) dependence upon the aid of sources beyond those authorized by the faculty member in writing papers, preparing reports, solving problems, or carrying out other assignments; (c) the acquisition, without permission, of tests or other academic material belonging to or administered by the college or a member of the college faculty or staff; and (d) fabrication of data, facts, or information.
C. Plagiarism is a form of cheating in which a student falsely represents another person’s work as his or her own – it includes, but is not limited to: (a) the use of paraphrase or direct quotation of the published or unpublished work of another person without full and clear acknowledgment; (b) unacknowledged use of materials prepared by another person or agency engaged in the selling of term papers or other academic materials; and (c) information gathered from the internet and not properly identified.

**Academic Consequences**

Any student found by a faculty member to have committed academic misconduct may be subject to the following academic consequences, based on the faculty member's judgment of the student's academic performance.

- **Warning** - A notice in writing to the student that the student has violated the academic standards as defined in 1.A.

- **Grade Adjustment** - Lowering of a grade on a test, assignment, or course.

- **Discretionary assignments** - Additional academic assignments determined by the faculty member.

- **Failure** - Failure of a student from a course where academic misconduct occurs.

**Disciplinary Sanctions**

If the misconduct is sufficiently serious to warrant course failure, and if either (a) the failure results in a student being removed from an instructional program or (b) the student refuses to accept responsibility for the misconduct and its academic consequences, the faculty member will, in addition to awarding the course grade, consult the department chair and the vice president of academic affairs as to whether institutional sanctions set forth below should be sought under AR 2.5. Regardless whether the student has accepted responsibility for academic consequences, in all cases of academic misconduct the faculty member may make recommendations for sanctions and may file a written complaint of misconduct. The vice president of academic affairs will serve as the student conduct administrator in all academic misconduct cases, and will follow the procedure established in AR 2.5.2 to evaluate whether disciplinary sanctions are warranted. College probation, suspension, or expulsion will be imposed only by the vice president of academic affairs or designee, and only after the student has received the procedural rights provided in AR 2.5.2.

- **Disciplinary Probation** - Disciplinary probation is for a designated period of time and includes the probability of more severe sanctions if the student commits additional acts of academic misconduct.

- **College Suspension** - Separation of the student from the college for a definite period of time, after which the student is eligible to return. Conditions for readmission may be specified. (A suspension from one Maricopa Community College will apply to all other colleges/centers in the District.)

- **College Expulsion** - Permanent separation of the student from the college. (Expulsion from one Maricopa Community College will apply to all colleges/centers in the District.)

**Appeal of Sanctions for Academic Misconduct**

Students can appeal academic consequences by following the instructional grievance procedure (AR 2.3.5; Appendix S -6). Students can appeal disciplinary sanctions as provided in AR 2.5.2. If the student appeals through both processes, the instructional grievance process will be suspended until a final decision is reached in the student discipline procedure. In all cases in which financial aid has been adversely affected by academic consequences or disciplinary sanctions that are the subject of ongoing hearing or appeal proceedings, the student may appeal the financial aid determination on the grounds that a final decision has not been made. In such an event, a final decision on financial aid will not be made until after the final decision on consequences and/or sanctions.
DISCIPLINARY STANDARDS

2.5.1 Disciplinary Standards

1. Disciplinary Probation and Suspension

According to the laws of the State of Arizona, jurisdiction and control over the Maricopa Community Colleges are vested in the District Governing Board. The Governing Board and its agents—the chancellor, administration and faculty—are granted broad legal authority to regulate student life subject to basic standards of reasonableness.

In developing responsible student conduct, the Maricopa Community Colleges prefer mediation, guidance, admonition and example. However, when these means fail to resolve problems of student conduct and responsibility, appropriate disciplinary procedures will be followed.

Misconduct for which students are subject to disciplinary action falls into the general areas of:

A. Cheating on an examination, assessment tests, laboratory work, written work (plagiarism), falsifying, forging or altering college records

B. Actions or verbal statements which threaten the personal safety of any faculty, staff, students, or others lawfully assembled on the campus, or any conduct which is harmful, obstructive, disruptive to, or interferes with the educational process or institutional functions

C. Violation of Arizona statutes, and/or college regulations and policies

D. Use of college computer resources such as the Internet in violation of Technology Resource Standards (AR 4.4) which may result in notification of law enforcement authorities

Disciplinary Removal from Class

A faculty member may remove a student from class meetings for disciplinary reasons. If an instructor removes a student for more than one class period, the faculty member shall notify the department/division chair and the appropriate vice president or designee in writing of the problem, action taken by the faculty member, and the faculty member’s recommendation. If a resolution of the problem is not reached between the faculty member and the student, the student may be removed permanently pursuant to due process procedures.

2.5.2 Student Conduct Code

The purpose of this Code is to help ensure a healthy, comfortable and educationally productive environment for students, employees and visitors.

Article I: Definitions

The following are definitions of terms or phrases contained within this Code:

1. "Accused student" means any student accused of violating this Student Conduct Code.

2. "Appellate boards" means any person or persons authorized by the college president to consider an appeal from a Student Conduct Board’s determination that a student has violated this Student Conduct Code or from the sanctions imposed by the Student Conduct Administrator. The college president may act as the appellate board.

3. "College" means a Maricopa Community College or center.
4. "College premises" means all land, buildings, facilities and other property in the possession of or owned, used or controlled by the college or District.

5. "College official" means any person employed by the college or District, performing assigned administrative or professional responsibilities pursuant to this Student Conduct Code. The college president shall designate the college or center official to be responsible for the administration of the Student Conduct Code.

6. "Complainant" means any person who submits a charge alleging that a student violated this Student Conduct Code. When a student believes that s/he has been a victim of another student's misconduct, the student who believes s/he has been a victim will have the same rights under this Student Conduct Code as are provided to the complainant, even if another member of the college community submitted the charge itself.

7. “Day” means calendar day at a time when college is in session, and shall exclude weekends and holidays.

8. “Disruptive behavior” means conduct that materially and substantially interferes with or obstructs the teaching or learning process in the context of a classroom or educational setting.

9. "District" means the Maricopa County Community College District.

10. “Faculty member” means any person hired by the college or District to conduct classroom or teaching activities or who is otherwise considered by the college to be a member of faculty.

11. “May” is used in the permissive sense.

12. “Member of the college community” means any person who is a student, faculty member, college official or any other person employed by the college or center. A person’s status in a particular situation shall be determined by the College President.

13. “Organization” means any number of persons who have complied with the formal requirements for college recognition.

14. “Policy” is defined as the written regulations of the college and/or District as found in, but not limited to, this Student Conduct Code and Governing Board policy.

15. “Shall” is used in the imperative sense.

16. “Student” means any person taking courses at the college whether full-time or part-time. Persons who are not officially enrolled for a particular term but who have a continuing relationship with the college are considered “students”.

17. “Student Conduct Administrator” means a college official authorized on a case by case basis by the college official responsible for administration of the Student Conduct Code to impose sanctions upon students found to have violated this Student Conduct Code. A Student Conduct Administrator may serve simultaneously as a Student Conduct Administrator and the sole member or one of the members of a Student Conduct Board. The college official responsible for administration of the Student Conduct Code may authorize the same Student Conduct Administrator to impose sanctions in all cases.
18. “Student Conduct Board” means any person or persons authorized by the college president to determine whether a student has violated this Student Conduct Code and to recommend sanctions that may be imposed when a violation has been committed.

19. “Threatening behavior” means any written or oral statement, communication, conduct or gesture directed toward any member of the college community, which causes a reasonable apprehension of physical harm to self, others or property. It does not matter whether the person communicating the threat has the ability to carry it out, or whether the threat is made on a present, conditional or future basis.

**Article II: Judicial Authority**

1. The college official responsible for administration of the Student Conduct Code shall determine the composition of Student Conduct Board and determine which Student Conduct Administrator, Student Conduct Board, and appellate board shall be authorized to hear each case.

2. The college official responsible for administration of the Student Conduct Code shall develop procedures for the administration of the judicial program and rules for the conduct of hearings that are consistent with provisions of this Student Conduct Code.

3. Decisions made by a Student Conduct Board and/or Student Conduct Administrator shall be final, pending the normal appeal process.

**Article III: Prohibited Conduct**

1. **Jurisdiction of the College**
   
The Student Conduct Code shall apply to conduct that occurs on college or District premises, or at college- or District-sponsored activities that adversely affects the college community and/or the pursuit of its objectives. Each student shall be responsible for his/her conduct from the time of admission through the actual awarding of a degree, certificate, or similar indicator of completion of a course of study, even though conduct may occur before classes begin or after classes end, as well as during the academic year and during periods between terms of actual enrollment (and even if their conduct is not discovered until after a degree is awarded). The Student Conduct Code shall apply to a student’s conduct even if the student withdraws from school while a disciplinary matter is pending.

**Temporary Removal of Student**

Disruptive behavior includes conduct that distracts or intimidates others in a manner that interferes with instructional activities, fails to adhere to a faculty member’s appropriate classroom rules or instructions, or interferes with the normal operations of the college. Students who engage in disruptive behavior or threatening behavior may be directed by the faculty member to leave the classroom or by the college official responsible for administration of the Student Conduct Code to leave the college premises. If the student refuses to leave after being requested to do so, college safety may be summoned. For involuntary removal from more than one class period, the faculty member should invoke the procedures prescribed in the Student Conduct Code.

**Conduct - Rules and Regulations**

Any student found to have committed the following misconduct is subject to the disciplinary sanctions outlined in Article IV:

A. Acts of dishonesty, including but not limited to the following:
   - Furnishing false information to any college official or office.
   - Forgery, alteration or misuse of any college document, record or instrument of identification.
   - Tampering with the election of any college-recognized student organization.
B. Obstruction of teaching, research, administration, disciplinary proceedings or other college activities, including its public service functions on campus, in clinical settings or other authorized non-college activities, when the conduct occurs on college premises a faculty member may remove a student from a class meeting for disciplinary reasons. If a faculty member removes a student for more than one class period, the faculty member shall notify the college official responsible for administration of the Student Conduct Code in writing of the problem, action taken by the faculty member, and the faculty member's recommendation. If a resolution of the problem is not reached, the student may be removed permanently pursuant to appropriate due process procedures.

C. Physical abuse, verbal abuse, threats, intimidation, harassment, coercion, conduct which threatens or endangers the health or safety of any person, and/or disruptive behavior as defined in Article II.2. above.

D. Attempted or actual theft of and/or damage to property of the college or property of a member of the college community or other personal or public property.

E. Failure to comply with direction of college officials or law enforcement officers in the performance of their duties and/or failure to identify oneself to these persons when requested to do so.

F. Unauthorized possession, duplication or use of keys to any college premises, or unauthorized entry to or use of college premises.

G. Violation of any college or District policy, rule or regulation published in hard copy such as a college catalog, handbook, etc. or available electronically on the college's or District's website.

H. Violation of federal, state or local law.

I. Use, possession, manufacturing or distribution of illegal or other controlled substances except as expressly permitted by law.

J. Illegal use, possession, manufacturing or distribution of alcoholic beverages or public intoxication.

K. Illegal or unauthorized possession of firearms, explosives, other weapons, or dangerous chemicals on college premises, or use of any such item, even if legally possessed, in a manner that harms, threatens, or causes fear to others, or property damage.

L. Participation in a demonstration, riot or activity that disrupts the normal operations of the college and infringes on the rights of other members of the college community; leading or inciting others to disrupt scheduled and/or normal activities within any college building or area.

M. Obstruction of the free flow of pedestrian or vehicular traffic on college premises or at college-sponsored or supervised functions.

N. Conduct that is disorderly, lewd or indecent; breach of the peace; or aiding, abetting or procuring another person to breach the peace on college premises or at functions sponsored by or participated in by the college or members of the academic community. Disorderly conduct includes but is not limited to: any unauthorized use of electronic or other devices or to make an audio or video record of any person while on college or District premises without his/her prior knowledge, or without his/her effective consent or when such a recording is likely to cause injury or distress. This includes, but is not limited to, secretly taking pictures of another person in a gym, locker room, or restroom.
O. Attempted or actual theft or other abuse of technology facilities or resources, including but not limited to:
   i. Unauthorized entry into a file, to use, read or change the contents or for any other purpose
   ii. Unauthorized transfer of a file
   iii. Unauthorized use of another individual’s identification and/or password
   iv. Use of technology facilities or resources to interfere with the work of another student, faculty member or college official
   v. Use of technology facilities or resources to send obscene or abusive messages
   vi. Use of technology facilities or resources to interfere with normal operation of the college technology system or network
   vii. Use of technology facilities or resources in violation of copyright laws
   viii. Any violation of the District’s technology resource standards
   ix. Use of technology facilities or resources to illegally download files

P. Abuse of the Student Conduct system, including but not limited to:
   i. Falsification, distortion or misrepresentation of information before a Student Conduct Board.
   ii. Disruption or interference with the orderly conduct of a Student Conduct Board proceeding.
   iii. Invoking a Student Conduct Code proceeding with malicious intent or under false pretenses
   iv. Attempting to discourage an individual’s proper participation in, or use of, the Student Conduct system
   v. Attempting to influence the impartiality of the member of a judicial body prior to, and/or during the course of, the Student Conduct Board proceeding
   vi. Harassment, either verbal or physical, and/or intimidation of a member of a Student Conduct Board prior to, during and/or after a Student Conduct Board proceeding
   vii. Failure to comply with the sanctions imposed under this Student Conduct Code
   viii. Influence or attempting to influence another person to commit an abuse of the Student Conduct Code system
   ix. Failure to obey the notice from a Student Conduct Board or college official to appear for a meeting or hearing as part of the Student Conduct system.

Q. Engaging in irresponsible social conduct.

R. Attempt to bribe a college or District employee.

S. Stalking behavior, which occurs if a student intentionally or knowingly maintains visual or physical proximity toward another person on two or more occasions over a period of time and such conduct would cause a reasonable person to fear for his or her safety.

**Violation of Law and College Discipline**

T. Disciplinary proceedings may be instituted against a student charged with conduct that potentially violates both the criminal law and this Student Conduct Code (that is, if both possible violations result from the same factual situation) without regard to pending of civil or criminal litigation. Proceedings under this Student Conduct Code may be carried out prior to, simultaneously with, or following civil or criminal proceedings off campus at the discretion of the college official responsible for administration of the Student Conduct Code. Determinations made or sanctions imposed under this Student Conduct Code shall not be subject to change because criminal charges arising out of the same facts giving rise to violation of college rules were dismissed, reduced, or resolved in favor of or against the criminal law defendant.
U. When a student is charged by federal, state or local authorities with a violation of law, the college will not request or agree to special consideration for that individual because of his or her status as a student. If the alleged offense is also being processed under this Student Conduct Code, however, the college may advise off campus authorities of the existence of this Student Conduct Code and of how such matters will be handled internally within the college community. The college will cooperate fully with the law enforcement and other agencies in the enforcement of criminal law on campus and in the conditions imposed by criminal courts for the rehabilitation of student violators. Individual students and faculty members, acting within their personal capacities, remain free to interact with governmental representatives as they deem appropriate.

Article IV: Student Conduct Code Procedures

1. Charges and Student Conduct Board Hearings

A. Any member of the college community may file charges against a student for violations of this Student Conduct Code. A charge shall be prepared in writing and directed to the Student Conduct Administrator. Any charge should be submitted as soon as possible after the event takes place, preferably within thirty (30) days following the incident. Misconduct charges of a sexual nature, including sexual harassment and sexual assault, should be sent to the Vice President of Student Affairs who is the designated Title IX Coordinator at each MCCCD college. Title IX protects students from sexual misconduct and other forms of discrimination in connection with all academic, extracurricular, athletic, and other programs sponsored by the college at any college facility or other location. The Title IX Coordinator (or designee) will conduct an investigation that is prompt, thorough, and impartial according to the MCCCD sexual harassment complaint process.

B. The Student Conduct Administrator may conduct a prompt, thorough, and impartial investigation to determine if the charges have merit and/or if they can be disposed of administratively by mutual consent of the parties involved on a basis acceptable to the Student Conduct Administrator. Such disposition shall be final and there shall be no subsequent proceedings. If the charges are not admitted and/or cannot be disposed of by mutual consent, the Student Conduct Administrator will convene the student conduct board. If the student admits violating institutional rules, but sanctions are not agreed to, the hearing shall be limited to determining the appropriate sanction(s).

C. All charges shall be presented to the accused student in written form. The Student Conduct Administrator will provide written notice of the time, date, and location of the student conduct hearing. The notice will describe the evidence of alleged misconduct, the code provisions violated, and the possible sanctions. The student conduct hearing notice, plus a copy of this code, shall be provided to the student accused of misconduct no less than five (5) workdays before the hearing date. The hearing will be held no more than fifteen (15) workdays after the student has been notified unless the Student Conduct Administrator extends the deadline for good cause in his or her sole discretion.

D. Hearings shall be conducted by a Student Conduct Board according to the following guidelines, except as provided by Article IV 1.G below:
   i. Student Conduct Board hearings normally shall be conducted in private.
   ii. The complainant, accused student and their advisors, if any, shall be allowed to attend the entire portion of the Student Conduct Board hearing at which information is received (excluding deliberations). Admission of any person to the hearing shall be at the discretion of the Student Conduct Board and/or its Student Conduct Administrator.
   iii. In Student Conduct Board hearings involving more than one accused student, the Student Conduct Administrator, in his or her discretion, may permit the Student Conduct Board hearing concerning each student to be conducted either separately or jointly.
iv. The complainant and the accused shall have the right to be assisted by any advisor they choose, at their own expense. A party who elects to be assisted by an advisor must notify the student conduct administrator of the name and contact information of the advisor not less than two (2) days before the scheduled hearing. The advisor must be a member of the college community and may not be an attorney. Both the complainant and the accused are responsible for presenting their own information and, therefore, advisors are not permitted to speak or participate directly in any Student Conduct Board hearing before a Student Conduct Board.

v. The complainant, the accused student, and the Student Conduct Board may arrange for witnesses to present pertinent information to the Student Conduct Board. The Student Conduct Administrator will try to arrange the attendance of possible witnesses who are members of the college community, if reasonably possible, and who are identified by the complainant and/or accused student at least two days prior to the Student Conduct Board hearing. Witnesses will provide information to and answer questions from the Student Conduct Board. Questions may be suggested by the accused student and/or complainant to be answered by each other or by other witnesses. This will be conducted by the Student Conduct Board with such questions directed to the chairperson, rather than to the witness directly. This method is used to preserve the educational tone of the hearing and to avoid creation of an adversarial environment. Questions of whether potential information will be received shall be resolved in the discretion of the chairperson of the Student Conduct Board.

vi. The Student Conduct Administrator will present the information he or she received.

vii. Pertinent records, exhibits, and written statements may be accepted as information for consideration by a Student Conduct Board at the discretion of the chairperson.

viii. All procedural questions are subject to the final decision of the chairperson of the Student Conduct Board.

ix. After the portion of the Student Conduct Board hearing concludes in which all pertinent information has been received, the Student Conduct Board shall determine (by majority vote if the Student Conduct Board consists of more than one person) whether the accused student violated the section of this Student Conduct Code which the student is charged with violating.

x. The Student Conduct Board’s determination shall be made on the basis of whether it is more likely than not that the accused student violated this Student Conduct Code.

E. There shall be a single verbatim record, such as a tape recording, of all Student Conduct Board hearings before a Student Conduct Board (not including deliberations). The record shall be the property of the District.

F. No student may be found to have violated this Student Conduct Code because the student failed to appear before a Student Conduct Board. In all cases, the evidence and support of the charges shall be presented and considered.

G. The Student Conduct Board may accommodate concerns for the personal safety, well-being, and/or fears of confrontation of the complainant, accused student, and/or other witness during the hearing by providing separate facilities, by using a visual screen, and/or by permitting participation by telephone, videophone, closed circuit television, video conferencing, videotape, audio tape, written statement, or other means, where and as determined in the sole judgment of the college official responsible for administration of the Student Conduct Code.

**Sanctions**

H. The following sanctions may be imposed upon any student found to have violated the Student Conduct Code:

i. Warning - a written notice to the student that the student is violating or has violated institutional rules or regulations.
ii. Probation - a written reprimand for violation of specified rules or regulations. Probation is for a
designated period of time and includes the probability of more severe disciplinary sanctions if the
student is found to violate any institutional rules or regulation(s) during the probationary period.
iii. Loss of Privileges - denial of specified privileges for a designated period of time.
iv. Restitution - compensation for loss, damage or injury. This may take the form of appropriate service
and/or monetary or material replacement.
v. Discretionary Sanctions - work assignments, essays, service to the college, or other related discretionary
assignments. (Such assignments must have the prior approval of the Student Conduct Administrator.)
vi. College Suspension - separation of the student from all the colleges in the District for a definite period of
time, after which the student is eligible to return. Conditions for readmission may be specified.
vii. College Expulsion - permanent separation of the student from all the colleges in the District.

I. More than one of the sanctions listed above may be imposed for any single violation.

J. Other than college expulsion, disciplinary sanction shall not be made part of the student's academic record,
but shall become part of the student's disciplinary record. Upon graduation, the student's disciplinary
record may be expunged of disciplinary actions upon the student's application to the Student Conduct
Administrator. Cases involving the imposition of sanctions other than suspension or expulsion shall be
expunged from the student's confidential record five (5) years after final disposition of the case.

In situations involving both an accused student(s) (or group or organization) and a student(s) claiming to
be the victim of another student's conduct, the records of the process and of the sanctions imposed, if any,
shall be considered to be the education records of both the accused student(s) and the student(s) claiming
to be the victim because the educational career and chances of success in the college community of each
may be impacted.

K. The following sanctions may be imposed upon groups or organizations:
   i. Those sanctions listed above in Article IV 2. A. 1 through 4.
   ii. Loss of selected rights and privileges for a specified period of time.
   iii. Deactivation - loss of all privileges, including college recognition for a designated period of time.

L. In each case in which a Student Conduct Board determines that a student and/or group or organization
has violated the Student Conduct Code, the sanction(s) shall be determined and imposed by the Student
Conduct Administrator. In cases in which persons other than, or in addition to, the Student Conduct
Administrator have been authorized to serve as the Student Conduct Board, the recommendation of
the Student Conduct Board shall be considered by the Student Conduct Administrator in determining
and imposing sanctions. The Student Conduct Administrator is not limited to sanctions recommended
by members of the Student Conduct Board. Following the Student Conduct Board hearing, the Student
Conduct Board and the Student Conduct Administrator shall advise the accused student, group and/or
organization (and a complaining student who believes s/he was the victim of another student's conduct) in
writing of its determination and of the sanction(s) imposed, if any.

Emergency Suspension
If a student's actions pose an immediate threat or danger to any member of the college community or
the educational processes, a college official responsible for administering the Student Conduct Code may
immediately suspend or alter the rights of a student pending a Student Conduct Board hearing. Scheduling
the hearing shall not preclude resolution of the matter through mediation or any other dispute resolution
process. The decision will be based on whether the continued presence of the student on the college campus
reasonably poses a threat to the physical or emotional condition and well-being of any individual, including
the student, or for reasons relating to the safety and welfare of any college property, or any college function.
When an emergency suspension is imposed, the student conduct administrator will seek to resolve the
complaint at the earliest possible date. This suspension is not a sanction but an effort to protect people and
property and prevent disruption of college operations.
In imposing an emergency suspension, the college official responsible for administration of the Student Conduct Code may direct that the student immediately leave the college premises and may further direct the student not to return until contacted by that official. An accused student shall be in violation of this policy regardless of whether the person who is the object of the threat observes or receives it, as long as a reasonable person would interpret the communication, conduct or gesture as a serious expression of intent to harm.

**Administrative Hold**
The Student Conduct Administrator may place a temporary administrative hold preventing an accused student’s registration, financial aid award, transcript release, or graduation if it is necessary to secure the student’s cooperation in the investigation or compliance with a direction. This hold is not a sanction but a necessary step to resolve the complaint promptly.

**Academic Consequences**
Violations of the student conduct code can have academic consequences if the violation also constitutes failure to meet standards of performance or professionalism set by the instructor or the program, or if it constitutes cheating, plagiarism, falsification of data, or other forms of academic dishonesty. The instructor may award a failing grade for the assignment or the course in such cases, and the program faculty may decide that the student is ineligible to continue in the program. Academic consequences are determined by the faculty and academic administration, and are not dependent on the decisions of the student conduct board, the appeals board, or the student conduct administrator.

**Appeals Regarding Student Code of Conduct**
M. A decision reached by the Student Conduct Board judicial body or a sanction imposed by the Student Conduct Administrator may be appealed by accused students or complainants to an Appellate Board within five (5) days of receipt of the decision. Such appeals shall be in writing and shall be delivered to the Student Conduct Administrator.

N. Except as required to explain on the basis of new information, an appeal shall be limited to the review of the verbatim record of the Student Conduct Board hearing and supporting documents for one or more of the following purposes:

i. To determine whether the Student Conduct Board hearing was conducted fairly in light of the charges and information presented, and in conformity with prescribed procedures giving the complainant a reasonable opportunity to prepare and present information that the Student Conduct Code was violated, and giving the accused student a reasonable opportunity to prepare and to present a response to those allegations. Deviations from designated procedures will not be a basis for sustaining an appeal unless significant prejudice results.

ii. To determine whether the decision reached regarding the accused student was based on substantial information, that is, whether there were facts in the case that, if believed by the fact finder, were sufficient to establish that a violation of the Student Conduct Code occurred.

iii. To determine whether the sanction(s) imposed was appropriate to the violation of the Student Conduct Code which the student was found to have committed.

iv. To consider new information, sufficient to alter a decision or other relevant facts not brought out in the original hearing, because such information and/or facts were not known to the person appealing at the time of the original Student Conduct Board hearing.

O. If an appeal is upheld by the appellate board, the matter shall be returned to the original Student Conduct Board and Student Conduct Administrator for reopening of the Student Conduct Board hearing to allow reconsideration of the original determination and/or sanction(s). If an appeal is not upheld, the matter shall be considered final and binding upon all concerned.
Article V: Interpretation and Revision
Any question of interpretation regarding the Student Conduct Code shall be referred to the college official responsible for administration of the Student Conduct Code for final determination.

2.5.3 Student Records

1. Definitions
For the purposes of this policy, the Maricopa County Community College District has used the following definition of terms.

A. "College" includes all colleges, educational centers, skill centers and District office.

B. "Educational Records" are any record (in handwriting, print, tapes, film, or other media) maintained by the college or an agent of the college which is directly related to a student, except:
   i. A personal record kept by a staff member, if it is kept in the personal possession of the individual who made the record, and information contained in the record has never been revealed or made available to any other person except the maker's temporary substitute
   ii. An employment record of an individual whose employment is not contingent on the fact that he or she is a student, provided the record is used only in relation to the individual's employment
   iii. Records maintained by the colleges security unit, if the record is maintained solely for law enforcement purposes, is revealed only to law enforcement agencies of the same jurisdiction and the security unit does not have access to education records maintained by the community college.
   iv. Records made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional, if the records are used only for treatment of a student or made available only to those persons providing treatment.
   v. Alumni records which contain information about a student after he or she is no longer an attendant of the community college and the records do not relate to the person as a student.

Records Request
Official verification of educational records is issued by the Admissions and Records Office/Office of Student Enrollment Services.

Fees
If a copy(ies) of a portion or all of the records in a student's file is requested, the custodian of the records may charge a fee for copies made. However, the willingness or ability to pay the fee will not effectively prevent students from exercising their right to inspect and review (under supervision of a college employee) their records. A fee will not be charged to search for or to retrieve records. Standard fees for printing and duplication services will apply.

Annual Notification (SEE ALSO FERPA EXPLANATION)
Students will be notified of their rights annually by electronic mail in a FERPA Annual Notification. Students rights may also be provided via the following means: FERPA Annual Notification placement on the college website, publication in the college catalog and/or the student handbook:

Individuals requesting admission or enrollment at any of the Maricopa County Community Colleges are asked to provide certain contact information that is collected and used for the purpose of responding to the request. The information collected may include your name, address, telephone number or email address. Maricopa county community colleges and/or its agents, including attorneys and/or collection agencies, may use this information to contact you through various means, including phone calls, text messages, e-mail and postal mail. Communication may include, but is not limited to, information regarding account balances, programs and services that MCCCD offers.
Rights of Access to Educational Records
The Family Educational Rights and Privacy Act (FERPA) affords eligible students certain rights with respect to their education records. (FERPA defines an “eligible student” as a student who has reached 18 years of age or is attending a postsecondary institution at any age). These rights include:

C. The right to inspect and review the student’s education records within 45 days after the day the college receives a request for access.

1. Students should submit to the Admissions & Records Office/Enrollment Services written requests that identify the record(s) they wish to inspect. The form to do so may be found HERE. The college official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the college official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

2. There may be occasions when a record may not be copied, especially if doing so may compromise another student or faculty member’s privacy. The college or district may deny access to the following records:
   a. Parents’ financial statements;
   b. Letters of recommendation, if the student has waived his or her right of access;
   c. Records filed before January 1, 1975; or
   d. Records not included in the FERPA definition of educational records.

3. The Maricopa County Community College District and its associated colleges reserve the right to deny copies of records, including transcripts, in any of the following situations:
   a. The student has an unpaid financial obligation to the college or District;
   b. There is an unresolved disciplinary action against the student; or
   c. The educational record requested is an exam or set of standardized test questions.

D. The right to request the amendment of the student’s education records that the student believes is inaccurate, or misleading.

1. Students may ask the college to amend a record that they believe is inaccurate or misleading. They should write the college official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

2. A proper request to correct a student education record must:
   a. Be written to the College Registrar;
   b. Clearly identify the part of the record they want to be changed; and
   c. Specify why the record is inaccurate or misleading.

3. Any written request which does not include the required information will not be considered. The requestor will be notified in writing that their request was not properly submitted and they will receive directions on how to resubmit it.

4. If the college decides not to amend the record as requested by the student, the college will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing. The FERPA Appeal Process is also outlined in the student handbook and in Appendix S-17 of the MCCCD Administrative Regulations.
E. The right to provide written consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

1. With the exception of directory information and the various FERPA authorized disclosures without consent, the Maricopa County Community College District or its associated colleges must receive written consent from students before disclosing any personally identifiable information from educational records. The FERPA Release Of Information Consent MAY BE FOUND HERE.

CONDITIONS OF DISCLOSURE WITHOUT CONSENT

FERPA permits the disclosure of personally identifiable information (PII) from students' education records, without consent of the student, if the disclosure meets certain conditions found in §99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the student, §99.32 of FERPA Regulations requires the institution to record the disclosure. Eligible students have a right to inspect and review the record of disclosures. A postsecondary institution may disclose PII from the education records without obtaining prior written consent of the student:

1. To other school officials, including instructions, administrators, supervisors, Governing Board members, academic or support staff, law enforcement and health staff, within the MCCCD whom the college or District has determined to have legitimate educational interests. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities. This includes contractors, attorneys, auditors, collection agents, consultants, volunteers, or other parties to whom the college has outsourced institutional services or functions, provided that the conditions listed in §99.31(A)(1)(B)(1) – (A)(1)(B)(2) are met. (§99.31(A) (1))

2. To officials of another school where the student seeks to or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer, subject to the requirements of §99.34. (§99.31(A) (2))

3. To authorized representatives of the US Comptroller General, the US Attorney General, and the US Secretary of Education, or State and Local Educational Authorities, such as a state postsecondary authority that is responsible for supervising the college's state supported education programs. Disclosures under this provision may be made, subject to the requirements of §99.35, in connection with an audit or evaluation of federal-or state-supported education programs, or for the enforcement of or compliance with federal legal requirements that relate to those programs. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement, or compliance activity on their behalf (§§99.31(A) (3) AND 99.35)

4. In connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid. (§99.31(A) (4))

5. To organizations conducting studies for, or on behalf of, the college, in order to: (A) Develop, Validate, or Administer Predictive Tests; (B) Administer student aid programs; or (C) Improve instruction (§99.31(A) (6))

6. To accrediting organizations to carry out their accrediting functions. (§99.31(A) (7))

7. To parents of an eligible student if the student is a dependent for IRS tax purposes. (§99.31(A) (8))

8. To comply with a judicial order or lawfully issued subpoena.(§99.31(A) (9))

9. To appropriate officials in connection with a health or safety emergency, subject to §99.36. (§99.31(A) (10))
10. Information the college has designated as “Directory Information” under §99.37. (§99.31(A) (11))

11. To a victim of an alleged perpetrator of a crime of violence or a non-forcible sex offense, subject to the requirements of §99.39. The disclosure may only include the final results of the disciplinary proceeding with respect to that alleged crime or offense, regardless of the finding. (§99.31(A) (13))

12. To the general public, the final results of a disciplinary proceeding, subject to the requirements of §99.39, if the school determines the student is an alleged perpetrator of a crime of violence or non-forcible sex offense and the student has committed a violation of the college's rules or polices with respect to the allegation made against him or her. (§99.31(A) (14))

13. To parents of a student regarding the student's violation of any federal, state, or local law, or of any rule or policy of the school, governing the use or possession of alcohol or a controlled substance if the school determines the student committed a disciplinary violation and the student is under the age of 21. (§99.31(A) (15))

Students who believe that MCCCD or an agent of the college has disclosed information contrary to the provisions outlined in this section may submit a grievance via the non-instructional complaint resolution process. The process is posted at: S -8 Non-Instructional Complaint Resolution

F. The right to file a complaint with the US Department to Education concerning alleged failures by the college to comply with the requirements of FERPA.
The name and address of the Office that administers FERPA is: Family Policy Compliance Office

US Department of Education 400
Maryland Avenue SW Washington,
DC 20202-5920

G. 2012 FERPA AMENDMENT: As of January 3, 2012, the U.S. Department of Education's FERPA Regulations expand the circumstances under which your education records and Personally Identifiable Information (PII) contained in such records—including social security number, grades, or other private information—may be accessed without student consent. For more information on this amendment, please see: FERPA HTTPS://DISTRICT.MARICOPA.EDU/CONSUMER-INFORMATION/FAMILY-EDUCATIONAL-RIGHTS-PRIVACY-ACT- FERPA

Student Directory Information
1. A Maricopa County Community College may release directory information about any student who has not specifically requested the withholding of such information. Students who do not want directory information released may so indicate during the admissions process or notify the Admission & Records Office/Enrollment Services.

A. Students should consider very carefully the consequences of a decision to withhold directory information. A privacy block will call for the college or District to not release this directory information. Therefore, any future requests for such information from non-institutional persons or organizations will be refused.

2. Students may request their college to withhold the sharing of directory information by filing out a Request To Withhold Directory Information form and submitting that form to the college Admission & Records Office/Enrollment Services.
3. Directory information is considered public information. At any Maricopa County Community College, directory information is defined as a student's:
   A. Name
   B. Address
   C. Phone Number
   D. MCCC Email Address
   E. Photograph/Electronic Image
   F. Place of Birth
   G. Major Field of Study
   H. Current Enrollment Status
   I. Participation in Officially Recognized Activities
   J. Dates of Attendance
   K. Degrees Awarded
   L. Awards and Academic Honors Received/Dean's List Selection
   M. Previous Institutions Attended
   N. Program and promotional materials on participants in various sports and similar public activities, including weight and height of athletic team members.

Disclosure to Parents
In accordance with federal law, college officials may disclose educational records to parents of a student who have established the student’s status as a dependent according to the Internal Revenue Code of 1986, section 152, without the written consent of the student.

RELEASE OF DIRECTORY (PUBLIC) INFORMATION
At its discretion, the college or District may provide Directory Information in accordance with the provisions of FERPA. Types of information considered Directory Information are listed below. Additional information may be found at: DISTRICT.MARICOPA.EDU under Consumer Information.

Directory Information is Considered Public Information.
PRIVACY OF DIRECTORY (PUBLIC) INFORMATION

BLOCKING THE RELEASE OF DIRECTORY (PUBLIC) INFORMATION

By default, a college or District may release a student's directory information. Students may prohibit (or block) the public disclosure of directory information by completing a PRIVACY BLOCK form.

Students should consider very carefully the consequences of a decision to withhold directory information. A privacy block will call for the college or District to not release this directory information. Therefore, any future requests for such information from non-institutional persons or organizations will be refused.

Although the college or District will honor a student's request to withhold directory information, it cannot assume responsibility to contact the student for subsequent permission to release this information. Regardless of the effect upon the student, the college or District assumes no liability as a result of honoring a student's instructions to withhold such information.

ADDITIONAL INFORMATION:
- If a student blocks directory information, it still may be inspected by those MCCCD officials authorized by law to inspect education records without consent.
- If a student chooses to block directory information, it cannot be released to friends, family, prospective employers, the news media, advisors, student activities, and honors societies.
- Some reasons for considering a privacy block on directory information include harassment or the advice of a legal or medical professional.
- If a student wishes to keep public data private but release information so it can be published in commencement programs and honors lists, contact the office of Admissions & Records/Enrollment Services at the appropriate college(s).

If a student wishes to remove the privacy block, he or she must rescind the previous block. The college and District cannot assume responsibility to contact students for subsequent permission to release this information. It is the sole responsibility of the student to initiate the release of blocked information.

USING SOCIAL SECURITY NUMBERS

Due to identity theft concerns and privacy issues, students will no longer be asked to provide a social security number as a personal identifier. Instead, students will be assigned a student id number upon enrollment that can be used to access education records, as needed.

AMENDED through the Administrative Regulation Process, June 4, 2019

Appendix S-17: FERPA Appeal Process

FERPA APPEAL PROCESS

In instances where the college decides not to amend an education record as requested by the student, the college will notify the student of the decision and advise him/her of the right to an appeal hearing according to the following process:

- The student must have first presented the issue in writing to the college's Admissions/Enrollment Office or designee identifying the records that he/she wishes to have amended and provided any supporting documentation. Note: With the exception of clerical errors, requests that are expressly related to grade disputes are not subject to this process and must be vetted through the Instructional Grievance Process.
- If the request to change the record was deemed unsubstantiated by the college designee and the institution was able to demonstrate that the record was accurate, the student will be informed of the right to a formal appeal hearing.
- Students must request a formal hearing within 10 business days from the date they are informed of the right to an appeal hearing.
• The request for a formal hearing must be in writing and delivered to the [Dean of Admissions/Enrollment Services, Vice President of Student Affairs] or designee.
• The college official who receives the formal hearing request will either review the case personally or designate a hearing committee if the issue involves a matter not clearly established by current policy or administrative regulation.
• A written decision will be delivered to all parties summarizing the evidence and stating the reason(s) for the decision. If the decision is in favor of the student, the education record will be amended. If the decision is for the record to remain the same, the student may place a statement commenting on or disagreeing with the decision in the education record.

STUDENT HANDBOOK

2.5.4 Student Employment

1. District Student Employees
   A. Introduction
      Students may be employed by the college as student help. District regulations require that students be hired in essential jobs and that they be properly trained and supervised.

   B. Philosophy and Workload for Student Employees
      i. It shall be the philosophy of Maricopa Community College District that a student may work to augment college and living expenses, however, the scholastic endeavor should be foremost. Sufficient time should be allotted for classroom attendance, homework, out-of-class study and participation in activities.
      ii. A workload of twenty (20) hours per week should be established as the maximum number of hours a student employee may work on campus. All student employees shall be enrolled in a minimum of three (3) semester credit hours. Any combination of day and evening hours would meet this requirement. Any student employee having special reasons to work over 20 hours per week or having dropped below three (3) credit hours should request his/her immediate supervisor to obtain approval from the College president or his/her designee.
      iii. During the summer sessions, students may be eligible for employment if they were enrolled for a minimum of three (3) semester credit hours at the end of the spring semester, or if they have been accepted for admission for the fall semester. Exceptions to the three (3) semester credit hours may be made by the president or his/her designee. Summer shall be designated as the time from the official end of the spring semester to the beginning of classes for the fall semester.

   C. Student Employee Benefits
      As student employees, there are no entitlements to employee benefits; i.e., vacation, retirement, sick leave, health and life, or disability insurance. Students will, however, be covered under Worker's Compensation Insurance.

   D. Student Employment Records
      Student employee records will be maintained at the Financial Aid office, the office of the fiscal agent or the Career/Placement Office and will be reviewed periodically by the Vice President of Students Affairs.

   E. Student Compensation
      The hourly rate of pay for student employees shall coincide with the policies of the District Salary Schedule.

   F. Employee Contracts and Forms (See Appendix FM-3) Student Employee Grievance Procedure

   G. Part-time student employees working for one of the Maricopa Community Colleges may wish to file a grievance relating to certain working conditions or violation of student employment regulation. Please refer to the Non-Instructional Complaint Resolution Process (A R 2.3.12)
**Student Security Guards**

**H. Introduction and Philosophy**

Students may be employed by the college as student help. If student guards do not come from the ranks of Administration of Justice classes, they must undergo appropriate training to qualify them as student guards. This training program is outlined in the regulation.

**I. Workload of Student Security Guards**

i. Student security guards shall be enrolled for a minimum of three (3) semester hours.

ii. Student security guards shall be limited to 20 hours per week when the workweek starts at 7:00 a.m. on Monday and concludes at 11:00 p.m. on Friday. Additional hours may be worked if guards are assigned special duty at games or activities held on campus during the weekend, or if guards are assigned a shift on Saturday and Sunday, between 7:00 a.m. and 11:00 p.m.

**J. Students not in Administration of Justice Program**

i. Use of student other than those in Administration of Justice Program:

   1. Selection of the student must be personally approved by the vice president of students affairs and chief of security.
   2. Selection of a student should not extend beyond one semester without the approval of the vice president of students affairs.
   3. Selected student must undergo a special training program directed by the chief of security and approved by the vice president of student affairs.

ii. Recommended program for students other than those in Administration of Justice programs: Students employed by campus security who are not majors in the Administration of Justice program should be given at least twenty (20) hours of training with pay before being allowed to function independently as a campus security guard. This training should include, but not be limited to instruction in:

   1. Wearing of the uniform, general appearance, and demeanor
   2. The use of the various security report forms and how to properly complete them to provide requested information; General report writing methods
   3. Public relations methods used on the campus
   4. Crime prevention methods used on the campus; Patrol methods used in buildings and grounds.
   5. Basic techniques for interviewing students, faculty and visitors relative to the incidents
   6. Laws and regulations governing the actions of campus security personnel concerning rendering of assistance to students, faculty and visitors on the campus
   7. Basic first aid

**K. Student Security Guards Employee Benefits**

As student employees there are not entitlements to employee benefits; i.e., vacation retirement, sick leave, health and life, or disability insurance. Students will, however, be covered under Worker’s Compensation Insurance.

**L. Student Employment Records**

The student security guard’s employment records will be maintained at the office of the chief of security and reviewed periodically by the Vice President of Student Affairs.
2.5.5 Student Governance

Student governing bodies derive their authority from the Maricopa County Community College District Governing Board that exists in accordance with Arizona Revised Statutes. The administration of the District is vested in the Chancellor who delegates responsibility for each college to the College President who serves in a management and policy implementation capacity having the ultimate responsibility for all activities of the college. The President shall designate the administrator(s) (i.e., directors of student leadership) at each college who will be charged with the responsibility for working with the college student governing body(ies) in the development of college student activities and programs.

A representative form of student governance may exist at each college/center as well as district wide to provide an effective means of communication among students, faculty, staff and administration and to provide student input in college and District matters. Eligibility requirements are to be met and spelled out in detail in each student governance constitution. These constitutions shall establish the minimum requirements for the elective/appointive officers. All student government constitutions shall be submitted to the Governing Board General Counsel to ensure compliance with federal and state laws, the Maricopa Community Colleges Governing Board Policies and the Chancellor’s Administrative Regulations. Since Rio Salado Community College is a countywide non-campus college, the president shall ensure that opportunities exist for student involvement.

College student constitutions should be reviewed annually by student governance. The appropriate vice president or designee of each college shall be responsible for submitting any changes to the president of the college for transmittal to the Governing Board General Counsel.

**Officers/Members**

All reference in this document to positions will designate whether the position is an officer position or a member position.

Each student governance constitution shall define which of its elected positions (maximum of 5) within its structure shall be designated as officers. The persons filling those positions shall be referred to, in this document, as officers. Persons filling all other positions, elected or appointed, shall be referred to as members (excluding non-voting committee members).

All positions filled by election shall be considered as elected positions, even though the person filling the position may have been appointed to fill an unexpired term of another individual.

**Designation**

Colleges with two (2) student governments shall designate the governments as “day” or “evening.” Colleges with one (1) government shall be considered day students, for the purposes of this document.

**Eligibility for Office**

All student governance constitutions shall prescribe that all persons elected or appointed as officers shall be enrolled in and maintain a minimum of six (6) credit hours for day student governments, three (3) credit hours for evening student governments. Officers shall have and maintain a minimum cumulative grade point average of 2.50 and be in good standing (not on probation) according to the written district policy. Convicted felons shall be ineligible for office (ARS § 13-904). The constitution may, however, set more rigid requirements, if so desired by college student governance.
Tenure of Position
Tenure in any student governance position shall be determined by the respective student governance constitutions. In no case shall any student be allowed to serve in any combination of officer/member positions beyond a total of ten (10) semesters. Tenure in any combination of officer positions shall be limited to four (4) semesters.

Removal from Office
Provisions shall be made in all student governance constitutions for removal for cause of individuals from elected or appointed student governance positions.

1. Remuneration Limitations
   A. Student body officers may receive financial support and/or a letter grade in a leadership class during their terms of office as authorized in their respective student governance constitutions. Student body officers (maximum 5) may receive up to twenty (20) hours per week in financial support and/or up to six (6) credit hours in leadership classes per semester. Remuneration shall be for services rendered and not for merely holding the office.
   B. For qualifying students, Federal Work Study (FWS) funds may be used in accordance with Federal guidelines.
   C. The allowance for awarding honorariums or scholarships for executive student officers is a maximum of $200.00.
   D. Compensation may be received for both honorariums/scholarships and college employment in the same semester.

Amending Student Constitutions
College student constitutions should be reviewed annually by student governance. The appropriate vice president or designee of each college shall be responsible for submitting any constitutional changes to the President of the college for transmittal to the Governing Board General Counsel.

Student Governance Advisors
College organization advisors will be provided for in each student governance constitutions. Such advisors shall be full-time or part-time employees of the Maricopa Community Colleges.

Recommendations for appointment of an advisor may be submitted to the appropriate vice president or college president. Recommendations for dismissal of an advisor with just cause may be submitted to the appropriate vice president or college president.

Legal/Fiscal/Financial Matters
Authority and responsibility beyond the scope specifically covered in student policies, or interpretation of such matters within laws, board policies, etc. shall rest with the offices of General Counsel and Chancellor, respectively.

Final Authority
In the event of a complete breakdown of the governance body, the college president will serve as the final authority.

Student Clubs and Organizations
In addition to student governing bodies, student clubs and organizations may be formed that fall under the operational direction of the Office of Student Life and Leadership and the administrative direction of the Vice President of Student Affairs at each college. Student clubs and organizations are generally interest-based in nature (such as for a particular program, discipline, or college activity) and are considered to be an important part of the total college experience. Each college shall outline the requirements necessary to establish the formation of an interest-based student club and organization (i.e., mission/purpose, size, structure, advisors). Club advisors shall be employees of the Maricopa County Community College District.
In most instances, student clubs and organizations shall be open to all students who are enrolled in credit courses at a Maricopa Community College. Pursuant to ARS §15-1863, religious or political student organizations may determine that the organization’s internal affairs, selecting the organization's leaders and members, defining the organization's doctrines, and resolving the organization's disputes are part of the organization's religious or political mission and that only persons committed to that mission should conduct such activities. For religious and political organizations, state statute recognizes the role that viewpoint serves in the mission and purpose of the organization's operations. Thus, such groups may elect to select members based upon organizational doctrine. The MCCCD may not deny recognition or any privilege or benefit to a religious or political student organization or group that exercises its rights pursuant to the statute.

Whereas ARS §15-1863 allows religious and political organizations to determine their internal affairs and the selection of their leaders and members, the MCCCD non-discrimination policy is applicable to all other aspects of these student clubs and organizations.

ALLIED HEALTH
Appendix S-13: The Maricopa Community Colleges Allied Health or Nursing Program Allied Health or Nursing Assumption of Risk/Release of Liability
Most of the allied health or nursing program pathways include a program of study in a clinical training environment that may contain exposures to risks inherent in patient-oriented educational experiences (such as but not limited to bodily injury or communicable and infectious diseases). Students enrolling in clinical educational courses will be asked to sign a statement assuming all risks inherent in their coursework.

Use of Confidential Information
Students enrolled in allied health or nursing program pathways will have learning experiences in a health care setting where they will have access to confidential information. Prior to beginning any clinical studies, the students will be asked to sign an agreement to adhere to the requirements of those clinical sites and applicable law, including the Health Insurance Portability and Accountability Act of 1996 (HIPAA).

MCCCD Required Background Checks
Students enrolled in an MCCCD allied health or nursing program are required to complete and pass clinical learning experiences, working with children, elderly persons, and other vulnerable populations. MCCCD’s major clinical agency partners now mandate that any college students assigned to them for clinical experiences submit to a comprehensive background clearance prior to entering such learning experiences. Because the clinical experience portion of the programs is critical to completing a program of study, MCCCD has instituted two specific background check requirements in order for a student to enroll in a program. First, the student must obtain, at his or her own cost, a Level I Fingerprint Clearance Card from the Arizona Department of Public Safety. Precluding offenses for a Level I card can be found in Arizona Revised Statute § 41-1758.07 (https://www.azleg.gov/viewdocument/?docName=https://www.azleg.gov/ars/41/01758-07.htm). Additionally, students must also obtain a “pass” status on a MCCCD supplemental background check from MCCCD’s authorized background check contractor. The student must also pay for this background check. The supplemental check will be based on the most stringent standards of MCCCD’s clinical experience partners.

The sole program for which the background check requirements are different is the Emergency Medical Technician program. For that program, students must have obtained a Level 1 Fingerprint Clearance Card from the Arizona Department of Public Safety. They are also required, at the time of their clinical assignments, to submit to, pay for and pass any additional background check requirements of the clinical agencies to which their EMT program places students.
Certain licensing boards may require a separate background check or clearance card upon application for licensure or certification.

The MCCCD supplemental background check review may include searches of the following databases and information but MCCCD reserves the right to change the search criteria and the program background check requirements at any time without notice:

1. National Federal Health Care and Abuse Databases
2. Social Security Verification
3. Residency History
4. Arizona Statewide Criminal Records
5. Nationwide Criminal Databases
6. Nationwide Sexual Offender Registry
7. Homeland Security Search

Examples of background information that will result in a “fail” status on the supplemental background check include:

1. Social Security number does not belong to the applicant
2. Any inclusion on any registered sex offender database
3. Any inclusion on any of the Federal exclusion lists or Homeland Security watch lists
4. Any conviction of a felony no matter what age of the convictions
5. Any warrant any state
6. Any misdemeanor conviction for the following no matter how long ago:
   A. Violent crimes
   B. Sex crime of any kind including non consensual sexual crimes and sexual assault
   C. Murder, attempted murder
   D. Abduction
   E. Assault
   F. Robbery
   G. Arson
   H. Extortion
   I. Burglary
   J. Pandering
   K. Any crime against minors, children, vulnerable adults including abuse, neglect, exploitation
   L. Any abuse or neglect
   M. Any fraud
   N. Illegal drugs
   O. Aggravated DUI
7. Any misdemeanor controlled substance conviction in last 7 years
8. Any other misdemeanor conviction within last 3 years

EXCEPTIONS: Any misdemeanor traffic (DUI is not considered traffic).

The information that MCCCD uses for the “pass/fail” background check is subject to change at any time without notice.

MCCCD recommends that students carry proof of the background clearance at all times during any clinical agency learning experience.
Duty to Report Changes; Removal
Students have an obligation to immediately report to the director of their program any change in the information that they supplied on forms submitted to initiate background checks relating to the allied health or nursing program. That includes information provided to the Arizona Department of Public Safety and MCCCD’s supplemental background check vendor, as well as that related to the background check required by a clinical agency. Failure to do so will result in removal from the program. Additionally, any change in background check status that would affect the student’s clearance under either MCCCD’s or a clinical agency’s standards will result in removal from a program.

Additional Clinical Agency Background Check
Some clinical agencies require that students assigned to their sites submit to a criminal background check covering other offenses, as well as to a drug screening. Students are required to pay for the additional agency clinical background check. A clinical agency that requires this additional background check may refuse to place a student due to information the clinical agency obtains in its background check even though that student possesses a valid Level I Fingerprint Clearance Card and has obtained a “pass” status on the MCCCD supplemental background check.

Some conditions that have resulted in students being denied placement at clinical agencies include pending criminal charges, outstanding warrants, unfinished terms of a sentence (such as unpaid fines), pattern of repeated types of arrests/convictions, and failure to disclose all past arrests/convictions when asked to do so on any background check application.

Inability to Place
MCCCD has no obligation to make repeated attempts to place a student when the reason for MCCCD’s inability to place the student is due to background check issues. Since clinical agency assignments are mandatory requirements for completion of a program, a student’s inability to complete required clinical experience due to his or her background check issues will result in removal from the program.

Changes to Admission or Background Check Requirements
MCCCD may change its program admission requirements or background check requirements without notice at any time.

No Guarantee of Receipt of Licensure/Certificate
Many of the nursing and allied health programs prepare graduates for application for State or National certificates or licenses. In some professions, such licensure and certification is required prior to employment or practice in the profession. Graduation from a nursing and allied health program does not guarantee the receipt of a license or certificate to practice in the field of study.

AMENDED by Direct Chancellor Approval, June 1, 2017

4.18 Consensual Relationships
General
The existing Governing Board Policy on Hiring of Relatives prohibits employees from being involved in any employment or key decision that involves a relative. This would include work performance, job assignments, or pay related matters. In that such relationships can create a conflict with the interests of the Maricopa Community Colleges, and the increased potential for nepotism and favoritism, the same principles also apply in the case of consensual amorous, romantic and/or sexual relationships that occur between employees or between employees and students.
In the work and academic environment, such a relationship that might be appropriate in other circumstances is inappropriate if one of the individuals in the relationship has a professional responsibility toward, or is in a position of authority with respect to, the other, such as in the context of supervision, instruction, coaching, counseling or advisement. An element of power is present in such a context and it is incumbent upon those with authority not to abuse that power. In addition, consensual relationships may yield to third parties the appearance that unfair bias or favoritism towards the student or supervisee is taking place.

Definitions
Consensual relationships are defined as romantic, amorous and/or sexual relationships between consenting employees or between employees and adult (18 years or older) college students currently enrolled at one of the community colleges.

An employee is any individual who is employed by the Maricopa County Community College District (MCCCD). An employee includes an individual who is subject to an established employee job group policy manual, whether regular, full-time board approved, at-will, part-time, and/or temporary. An employee also includes a contract worker (special services employment, request for personnel services) working or serving as an agent or designee on behalf of the MCCCD.

A student is considered to be any person currently enrolled in a credit or non-credit class at one of the colleges or centers within the Maricopa County Community College District.

A vendor is someone who sells or can sell products or services to the Maricopa County Community College District.

A recent consensual relationship is considered to be one that has taken place within the past 24 months.

Prohibited Conduct
An employee shall not maintain, engage in or be involved in a consensual relationship with another employee who is subject to that individual’s supervision or with a student that is currently enrolled in the individual’s class, or a student whom the individual otherwise instructs, coaches, counsels or advises, or with a vendor if the employee manages that contract or otherwise exerts influence over the contract.

The Governing Board recognizes that the personal life of its employees is not a concern of the institution, and therefore, this regulation does not seek to prohibit romantic relationships that exist between parties where the context of power-authority between employees or between employees and students is not present; and provided that the relationship does not affect the employee’s effectiveness in fulfilling his or her professional obligation. For these instances, appropriate measures should still be taken in order to avoid conflicts of interest from occurring. For relationships that may exist prior to the time that either a student or employee is placed in a situation of instruction or supervision that is considered to be a conflict of interest, the employee(s) involved shall disclose and take immediate measures to avoid the conflict or appearance of conflict.

 Procedures for Disclosure
Employees should first avoid allowing an inappropriate consensual, amorous or sexual relationship to develop with a supervisee or student.

Where the employee is already in or has had a recent consensual relationship with a supervisee, the following procedures shall be followed:

Immediate disclosure by the employee of the relationship to their supervisor and to the appropriate Vice President or Vice Chancellor in order to ensure that any conflicts of interest have been adequately addressed.
The respective administrator responsible for the department or division shall place the subordinate under alternate supervision when a supervisor under his/her direction has or has had a recent consensual relationship with the employee.

The supervisor shall recuse himself or herself from any discussions or involvement with decisions related to evaluations, promotion, hiring, determination of salary, or continuation of contract or employment. The respective Vice President or Vice Chancellor shall prepare and retain a report that specifies the appropriate alternate arrangements that have been made to eliminate the conflict of interest. The EEO/AA Office shall be provided a copy of the report along with the employees involved in the relationship.

Where the employee is already in or has had a recent consensual relationship with a student prior to enrollment in his or her class, the following procedures shall be followed:

The faculty member shall counsel and advise the student not to enroll in his or her course. The Consensual Relationships Policy will be made available to students via the student handbook and other appropriate communications vehicles.

If it is not possible for a student to enroll in another course, section, or course and section at another college due to a requirement for completion of a degree or certificate and no other academic option is available, disclosure of the relationship will be made to the appropriate Department Chair, Dean and Vice President of Academic Affairs or Vice President for Student Affairs as appropriate for review. The Vice President will refer the matter to the Vice Chancellor for Academic and Student Affairs for consideration. The Chancellor or his/her designee may allow a student to enroll in the class only upon a showing by the student that the enrollment is necessary to avoid an extreme hardship, and upon a showing by the college President or designee that the academic integrity of the student's enrollment in the class will nevertheless be maintained.

Persons who are married, or were married, are included within the definition of persons that have or who have had a consensual amorous relationship. Disclosure in this instance may be made via the Maricopa Disclosure process [The Annual Acknowledgement and Disclosures form may be found in the Employee Learn Center. Employee credentials are needed to enter secure site].

An employee who fails to follow the requirements established in this policy and who does not withdraw from participation in activities or decisions that may reward or penalize a supervisee or student with whom the employee has or has had a recent consensual amorous relationship, will be considered in violation of policy and will be addressed in accordance with established processes in job group policy manuals.

2.8.3 Technology Accessibility

The Maricopa Community College District is committed to ensuring equal access to information, programs, services and activities through its technologies, Web pages, and resources both in the academic and work environments. This regulation establishes that Electronic and Information Technology (EIT) that are used to conduct the business of the Maricopa Community Colleges shall adhere to established accessibility standards and guidelines.

Intercultural communication skills through the examination of cultural and racial diversity, sexual and gender identity, social justice, and religious and spiritual diversity. Consideration of its implications for the therapeutic process and the importance of self-awareness and effective communication skills for professionals in the behavioral health and social sciences. Prerequisites: None.

BHS190 – PROFESSIONAL PORTFOLIO: SUPERVISED PRACTICE IN BEHAVIORAL HEALTH AND SOCIAL SERVICES
LEC + LAB // 1 CREDIT // 3 PERIODS
Firsthand work experience in mental health, social service or a related behavioral healthcare provider setting. Eighty (80) hours of designated volunteer or paid work. Prerequisites: A grade of C or better in BHS150, BHS155, and BHS160, and permission of Department or Division.

BHS205 – THERAPEUTIC MODELS AND INTERVENTIONS IN INDIVIDUAL THERAPY
LEC // 3 CREDITS // 3 PERIODS
Introduction to the major evidence-based therapeutic models and interventions in social and behavioral sciences. Defines the key concepts, techniques and procedures of each theoretical model. Prerequisites: None.

BHS210 – ADDICTIONS, SUBSTANCE USE DISORDERS, AND RELAPSE PREVENTION
LEC // 3 CREDITS // 3 PERIODS
An introduction to the historical and current developments in the field of addictions, as well as sociological, psychological and physiological aspects of addictive behaviors and substance abuse. Introduces contemporary treatment methods within addiction practice, including self-help groups, levels of care, symptom identification, and models of prevention and intervention. Prerequisites: None.

BHS215 – THERAPEUTIC MODELS AND INTERVENTIONS IN GROUP THERAPY
LEC // 3 CREDITS // 3 PERIODS
Evaluate and demonstrate the methods and techniques for influencing change in group settings. Prerequisites: None.

BHS230 – CRISIS AND TRAUMA STABILIZATION
LEC // 3 CREDITS // 3 PERIODS
Theoretical and applied foundation designed for behavioral health service providers working with people in crisis. Examines the phenomena and dynamics of crises and emergencies, as well as the related strategies/modalities. Prerequisites: None.

BHS235 EMERGENCY MENTAL HEALTH CRISIS RESPONSE AND RECOVERY
LEC // 3 CREDITS // 3 PERIODS
Comprehensive study of natural and human-caused disasters and their effects on the trauma survivor. Introduction to basic emergency mental health interventions to help stabilize those experiencing crisis following critical incident disasters. Prerequisites: None.

BHS260 – CASE REPORT WRITING
LEC // 1 CREDIT // 1 PERIOD
Terminology, technical forms and techniques of observation necessary to create and maintain records. Prerequisites: A grade of C or better in BHS165 or permission of Department or Division.

BHS263 – APPLIED CASE REPORT WRITING
LEC // 1 CREDIT // 1 PERIOD
Application of observation and documentation techniques necessary to maintain clinical records in a variety of community based behavioral health settings. Application of legal issues to case report writing. Prerequisites: A grade of C or better in BHS260.

BHS265 – VIOLENCE & ABUSE MATTERS
LEC // 2 CREDITS // 2 PERIODS
Exploration of topics relative to the development of helping professionals involved with perpetrators and individuals directly affected by traumatic or continuous physical or emotional violence and abuse. Prerequisites: None.
BHS266 – VIOLENCE & ABUSE COUNSELING
LEC // 3 CREDITS // 3 PERIODS
Techniques, strategies, and treatment modalities necessary for the helping professional working with the victims and perpetrators of violence and abuse. Prerequisites: A grade of C or better in BHS105 or department approval. Corequisites: BHS265.

BHS267 – INTRODUCTION TO PLAY THERAPY
LEC // 3 CREDITS // 3 PERIODS
Exploration and application of therapeutic play techniques and strategies for the helping professional working with children. Prerequisites: A grade of C or better in (BHS105 and BHS165) or permission of Department or Division.

BHS268 – GRIEF AND BEREAVEMENT ISSUES
LEC // 2 CREDITS // 2 PERIODS
Exploration of topics related to the development of helping professionals involved with loss, bereavement, and grief work. Prerequisites: None.

BHS269 – GRIEF SUPPORT TECHNIQUES
LEC // 3 CREDITS // 3 PERIODS
Techniques, strategies, and treatment modalities necessary for the helping professional working with the bereaved and others affected by traumatic loss. Prerequisites: None.

BHS270 INTRODUCTION TO DANCE AND MOVEMENT THERAPY
LEC // 3 CREDITS // 3 PERIODS
A lively course focused on basic techniques used in expressive arts and body-based therapies. The course incorporates tools for integrating body, mind, and spirit in a creative dance and movement format. Prerequisites: A grade of C or better in PSY101 and BHS105.

BHS272 – CHILD AND ADOLESCENT MENTAL HEALTH AND INTERVENTOINS
LEC // 3 CREDITS // 3 PERIODS
Strategies for training and reinforcing positive interaction with children. Covers behavior management strategies and techniques to prevent behavioral problems, replace behaviors and manage consequences. Prerequisites: None.

BHS275 – INFANT AND EARLY CHILDHOOD MENTAL HEALTH
LEC // 3 CREDITS // 3 PERIODS
Foundational knowledge of mental health during infancy and early childhood. Exploration of social-emotional development and relational influences on mental health. Emphasis on identifying early warning signs, making appropriate referrals, and employing a multidisciplinary child and family team approach to services. Prerequisites: None.

BHS278 – RECOVERY COACHING
LEC // 3 CREDITS // 3 PERIODS
Recovery based mental health treatment plans and processes. Recovery based concepts, barriers, principles, practices, and environments. Organizational support, expectations, and activities related to mental health issues and recovery in the work setting. Planning techniques, learning styles, participation methods, and problem behavior due to mental health issue in the workplace. Prerequisites: A grade of C or better in BHS105.

BHS281 – INTRODUCTION TO ART THERAPY
LEC // 3 CREDITS // 3 PERIODS
Exploration of the process, dynamics and objectives of the therapeutic art experience. Emphasis on Art Therapy from both the psychological and artistic perspectives. Highlights topics in the history, theory and practice of Art Therapy. Prerequisites: A grade of C or better in BHS105 or permission of Department or Division.

BHS285 – FACILITATING ART THERAPY GROUPS
LEC // 3 CREDITS // 3 PERIODS
Emphasis on facilitating art therapy groups in a variety of settings using visual art as a medium. Process, dynamics, and objectives of group work and the therapeutic art process. Prerequisites: A grade of C or better in BHS216 and BHS281.

BIOLOGY (BIO)
BIO100 – BIOLOGY CONCEPTS
LEC // 4 CREDITS // 3 PERIODS
LAB // 0 CREDITS // 3 PERIODS
Introductory course covering basic principles and concepts of biology. Methods of scientific inquiry and behavior of matter and energy in biological systems are explored. Prerequisites: None. Course Notes: Field trips may be required at students’ expense. General Education Designation: Natural Sciences (Quantitative) [SQ].
BIO101 - INTRODUCTION TO HUMAN GENETICS FOR NON-MAJORS
LEC // 4 CREDITS // 3 PERIODS
LAB // 0 CREDITS // 3 PERIODS
Fundamentals of ecology and their relevance to human impact on natural ecosystems. Field trips may be required at students' expense. Prerequisites: None. General Education Designation: Natural Sciences (Quantitative) [SQ].

BIO105 – ENVIRONMENTAL BIOLOGY
LEC // 4 CREDITS // 3 PERIODS
LAB // 0 CREDIT // 3 PERIODS
Fundamentals of ecology and their relevance to human impact on natural ecosystems. Field trips may be required at students' expense. Prerequisites: None. General Education Designation: Natural Sciences (Quantitative) [SQ].

BIO106 – BIOTECHNOLOGY & SOCIETY I
LEC // 4 CREDITS // 3 PERIODS
LAB // 0 CREDITS // 3 PERIODS
Introduction to biotechnology and its impact on society. Covers applications, limitations, benefits, risks, and legal and moral issues associated with biotechnology. Prerequisites: None.

BIO107 – INTRODUCTION TO BIOTECHNOLOGY
LEC // 4 CREDITS // 3 PERIODS
LAB // 0 CREDITS // 3 PERIODS
Introduction to biotechnology and its global impact on society. Covers applications, laboratory techniques, limitations and the international economic benefits, risks, and legal and moral issues associated with biotechnology. Prerequisites: None. General Education Designation: Natural Sciences (Quantitative) [SQ].

BIO109 – NATURAL HISTORY OF THE SOUTHWEST
LEC // 4 CREDITS // 3 PERIODS
LAB // 0 CREDITS // 3 PERIODS
Study of the common plants and animals of the Southwest including their distribution, adaptation, behavior, and ecology. Introduction to basic field and laboratory techniques used in the study of natural history. Specific field problems presented dealing with plant and animal analysis and ecological interrelationships. Prerequisites: None. General Education Designation: Natural Sciences (General) [SG].

BIO145 – MARINE BIOLOGY
LEC // 4 CREDITS // 3 PERIODS
LAB // 0 CREDITS // 3 PERIODS
A survey of marine environments and their biotic communities with emphasis on the natural history of marine organisms. Prerequisites: None. General Education Designation: Natural Sciences (General) [SG] nervous system. Prerequisites: (A grade of C or better in BIO156 or BIO156XT or BIO181 or BIO181XT or one year of high school biology) and a grade of C or better in RDG100 or higher or eligibility for CRE101. CHM130 or higher or one year of high school chemistry suggested but not required. General Education Designation: Natural Sciences (General) [SG] Arizona Shared Unique Number SUN#: BIO 2201

BIO156 – INTRODUCTORY BIOLOGY FOR ALLIED HEALTH
LEC // 4 CREDITS // 3 PERIODS
LAB // 0 CREDIT // 3 PERIODS
An introductory biology course for allied health majors with an emphasis on humans. Topics include fundamental concepts of cell biology, histology, microbiology, and genetics. Prerequisites: A grade of C or better in RDG100, or RDG100LL, or higher, or eligibility for CRE101. One year of high school or one-semester of college level chemistry is strongly recommended. General Education Designation: Natural Sciences (Quantitative) [SQ].

BIO160 - INTRODUCTION TO HUMAN ANATOMY AND PHYSIOLOGY
LEC // 4 CREDITS // 3 PERIODS
LAB // 0 CREDIT // 3 PERIODS
Principles of scientific method. Structural organization, homeostasis and control mechanisms of the body. Specific chemistry concepts. Structure and function of the major systems of the body. Prerequisites: None. General Education Designation: Natural Sciences (Quantitative) [SQ]

BIO174 – BIOSAFETY
LEC // 1 CREDITS // 1 PERIOD
General laboratory safety, hazardous chemical use and disposal, biohazardous material use and disposal, biosafety procedures, and radiation safety. Prerequisites: None Cross references: ABS174
BIO175 – RESEARCH METHODS IN BIOLOGY
LEC & LAB // 1 CREDIT // 2 PERIODS
Fundamentals of planning and conducting biological experiments, including ones that simultaneously vary multiple experimental variables. Subsequent analysis, interpretation, and reporting of results. Prerequisites: None. BIO156 or BIO181 recommended. Cross references: ABS175

BIO181 – GENERAL BIOLOGY (MAJORS) I BIO1181
LEC // 4 CREDITS // 3 PERIODS
LAB // 0 CREDIT // 3 PERIODS
The study and principles of structure and function of organisms at the molecular and cellular levels. A detailed exploration of the chemistry of life, the cell, and genetics. Prerequisites: A grade of C or better in RDG100, or RDG100LL, or higher, or eligibility for CRE101. One year of high school or one semester of college-level biology and chemistry is strongly recommended. General Education Designation: Natural Sciences (Quantitative) - [SQ] Arizona Shared Unique Number SUN#: BIO 1181

BIO182 – GENERAL BIOLOGY (MAJORS) II BIO1182
LEC // 4 CREDITS // 3 PERIODS
LAB // 0 CREDIT // 3 PERIODS
The study and principles of structure and function of living things at cellular, organismic, and higher levels of organization. A detailed exploration of the mechanisms of evolution, biological diversity, biology of organisms, and ecology. Prerequisites: A grade of C or better in BIO181 or BIO181XT. Course Note: BIO182 may require field trips. General Education Designation: Natural Sciences (Quantitative) [SG] Arizona Shared Unique Number SUN#: BIO1182

BIO201 – HUMAN ANATOMY AND PHYSIOLOGY I BIO2201
LEC // 4 CREDITS // 3 PERIODS
LAB // 0 CREDIT // 3 PERIODS
Study of structure and function of the human body. Topics include cells, tissues, integumentary system, skeletal system, muscular system, and nervous system. Prerequisites: A grade of C or better in (BIO156, or BIO156XT, or BIO181, or BIO181XT, or one year of high school biology) and (RDG100, or RDG100LL, or higher, or eligibility for CRE101). CHM130 or higher or one year of high school chemistry suggested but not required. General Education Designation: Natural Sciences (General) - [SG] Arizona Shared Unique Number SUN#: BIO2201

BIO202 – HUMAN ANATOMY AND PHYSIOLOGY II BIO2202
LEC // 4 CREDITS // 3 PERIODS
LAB // 0 CREDIT // 3 PERIODS
Continuation of structure and function of the human body. Topics include endocrine, circulatory, lymphatic, respiratory, digestive, urinary, and reproductive systems; and fluid and electrolyte balance. Prerequisites: A grade of C or better in BIO201 or BIO201XT. General Education Designation: Natural Sciences (General) [SG] Arizona Shared Unique Number SUN#: BIO2202

BIO205 – MICROBIOLOGY BIO2205
LEC // 4 CREDITS // 3 PERIODS
LAB // 0 CREDIT // 3 PERIODS
Study of microorganisms and their relationship to health, ecology, and related fields. Prerequisites: A grade of C or better in (BIO156, or BIO156XT, or BIO181, or BIO181XT, or one year of high school biology) and (RDG100, or RDG100LL, or higher, or eligibility for CRE101). CHM130 or higher or one year of high school chemistry suggested but not required. General Education Designation: Natural Sciences (General) - [SG] Arizona Shared Unique Number SUN#: BIO2205

BIO298AC – SPECIAL PROJECTS BIO298AC
LEC + LAB // 3 CREDITS // 3 PERIODS
Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. Prerequisites: Permission of Program Director or instructor.

BIO298AC – SPECIAL PROJECTS BIO298AC
LEC + LAB // 3 CREDITS // 3 PERIODS
Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. Prerequisites: Permission of Program Director or instructor.

BUSINESS-PERSONAL COMPUTERS (BPC)
BPC101AA – INTRODUCTION TO COMPUTERS I
LEC + LAB // 1 CREDIT // 2 PERIODS
Computer software applications for the personal computer, including electronic spreadsheet and word processing, keyboarding review, and a desktop environment. Prerequisites: None.
**BPC104AD – USING EXCEL: LEVEL I**  
**LEC // 0.5 CREDITS // 0.5 PERIODS**  
Use of Excel to create, edit, save and print worksheets  
Prerequisites: None.

**BPC104BD – USING EXCEL: LEVEL II**  
**LEC // 0.5 CREDITS // 0.5 PERIODS**  
Use of Excel to enhance worksheets to include graphing and formatting data, using complex formula and function expressions to build and analyze data, and special print options to output worksheets and graphs. Prerequisites: A grade of C or better in BPC104AD or permission of instructor.

**BPC110 – COMPUTER USAGE AND APPLICATIONS**  
**LEC + LAB // 3 CREDITS // 4 PERIODS**  
Introduction to business and personal computer operations and usage, as well as software applications for analyzing and solving business problems including word processing, spreadsheet, database, and presentation graphics. Prerequisites: None. General Education Designation: Computer/Statistics/Quantitative Applications - [CS]

**BPC111AA – COMPUTER KEYBOARDING I**  
**LEC + LAB // 1 CREDIT // 1.7 PERIODS**  
Mastery of essential microcomputer keyboarding skills. Emphasis on touch typing of alphabetic and numeric keys and symbols. Prerequisites: None. Cross-References: OAS111AA

**BPC128 - INTRODUCTION TO DESKTOP PUBLISHING**  
**LEC + LAB // 1 CREDIT // 2 PERIODS**  
Presents basic concepts of commercially prepared software used to do desktop publishing. Incorporates a combination of narrative and pictorial/graphic creation and presentation, including set up, text entry, graphic generation, text and graphic merging, and other computer-based functions. Prerequisites: None.

**BPC170 – A+ EXAM PREP: COMPUTER HARDWARE CONFIGURATION AND SUPPORT**  
**LEC + LAB // 3 CREDITS // 4 PERIODS**  
Explore technical aspects of personal computers, including system components, installation, system configuration, peripheral devices, and notebooks. Emphasis placed on hardware installation, maintenance, mobile devices, and hardware troubleshooting. Helps prepare students for the CompTIA A+ examinations. Prerequisites: A grade of C or better in CIS105 or permission of Instructor.

**BPC270 – A+ EXAM PREP: OPERATING SYSTEM CONFIGURATION AND SUPPORT**  
**LEC + LAB // 3 CREDITS // 4 PERIODS**  
Explore advanced technical aspects of maintaining and servicing computers. Emphasis placed on OS installation, maintenance, mobile devices, security, software trouble-shooting, and on proper usage of tools, safety procedures, and professionalism. Helps prepare students for the CompTIA A+ examinations. Prerequisites: A grade of C or better in CIS105 or permission of Instructor.

**CHILD/FAMILY STUDIES (CFS)**  
**CFS101AH – ART ACTIVITIES FOR THE YOUNG CHILD**  
**LEC // 1 CREDIT // 1 PERIOD**  
The creative use of art media and techniques at appropriate developmental levels. Prerequisites: None.

**CFS123 – HEALTH AND NUTRITION IN EARLY CHILDHOOD SETTINGS**  
**LEC // 1 CREDIT // 1 PERIOD**  
Creating and maintaining healthy environments and practices in programs serving young children. Emphasis on assessing the child’s health status, nutrition and food service, communicable disease recognition, transmission, and prevention, infection control, regulations and regulatory agencies, current topics, resources, and innovative practices. Prerequisites: None.

**CFS125 – SAFETY IN EARLY CHILDHOOD SETTINGS**  
**LEC // 1 CREDIT // 1 PERIOD**  
Fundamental concepts of promoting a safe, but challenging learning environments. Establishing and maintaining safety procedures in the early childhood setting. Emphasis on indoor and outdoor equipment and activities, risk analysis, accident, evacuation, and emergency plans, regulations, regulatory agencies and resources, current topics, and innovative practices. Prerequisites: None.

**CFS125 – SAFETY IN EARLY CHILDHOOD SETTINGS**  
**LEC + LAB // 1 CREDIT // 1 PERIOD**

**CFS157 – MARRIAGE AND FAMILY LIFE**  
**LEC // 3 CREDITS // 3 PERIODS**  
Study of marriage and the family as a social system, including models of family analysis, interpersonal and inter-personal relations, and cross-cultural and historical patterns. Prerequisites: None. Course Attributes: General Education Designation: Social and Behavioral Sciences [SB].
CFS163 – FAMILY CHILDCARE: INTRODUCTION TO BUSINESS MANAGEMENT
LEC // 3 CREDITS // 3 PERIODS
Emphasis on small business management and effective policies and procedures for family child care providers. Licensing, legal, and regulatory issues in a home setting are examined. Prerequisites: None.

CFS164 – FAMILY CHILDCARE: CURRICULUM AND ENVIRONMENT
LEC // 3 CREDITS // 3 PERIODS
Family child care planning for multi-age groupings of children through age eight. Role of the environment as well as various curriculum programs will be explored and evaluated. Exploration of culturally rich, inclusive and child-centered environment in his/her own child care setting. Issues of professionalism, family partnerships, and observation, guidance, and health/safety practices are examined. Prerequisites: None.

CFS176 – CHILD DEVELOPMENT
LEC // 3 CREDITS // 3 PERIODS
Study of the science of human development from conception through adolescence. Includes observation skills, parent and adult roles in the lives of children, and con-temporary issues. Prerequisites: None. General Education Designation: Social and Behavioral Sciences - [SB] Cross-Reference: ECH176

CFS207 – ORGANIZATION AND COMMUNITY LEADERSHIP IN CHILD AND FAMILY ORGANIZATIONS
LEC // 3 CREDITS // 3 PERIODS
Examination of organization and community leadership as it applies to the management and administration of community-based child and family services organizations. Provides overview of leadership styles and function. Prerequisites: None.

CFS235 – DEVELOPING CHILD: THEORY INTO PRACTICE, PRENATAL TO AGE EIGHT
LEC // 3 CREDITS // 3 PERIODS
Understanding and working with young children, birth through age 8. Analysis of young children’s physical, social, emotional, cognitive and linguistic development with-in their home, school, and cultural contexts. Typical and atypical development. Implications for teachers and parents. Emphasis on observations and planning curriculum based on theories, research, and child-specific data. Prerequisites: None. General Education Designation: Social and Behavioral Sciences [SB].

CFS269 – CHILD CARE SEMINAR
LEC // 1 CREDIT // 1 PERIOD
Emphasizes the blend of job-related activities including career exploration, employment procedures, human relations, and on-the-job issues. Prerequisites: Permission of Department or Division. Course Notes: CFS269 may be repeated for a total of three (3) credit hours. Cross-References: ECH269

CFS271 – ARRANGING THE ENVIRONMENT
LEC // 1 CREDIT // 1 PERIOD
Exploration of the influence of the environment on the behavior of young children. Indoor and outdoor spaces considered and analysis of environments practiced. Prerequisites: None. Cross-References: ECH271

CFS273 – MATH FOR THE YOUNG CHILD
LEC // 1 CREDIT // 1 PERIOD
Methods and techniques for encouraging the beginnings of mathematical/logical thought with young children. Focus upon the theory of Jean Piaget. Prerequisites: None. Cross-References: ECH273

CFS275 – LITERACY DEVELOPMENT AND THE YOUNG CHILD
LEC // 1 CREDIT // 1 PERIOD
Literacy from birth through the early childhood years. Focus on developmentally appropriate ways to encourage speaking, listening, writing, and reading in the home and classroom. Prerequisites: None. Cross-References: ECH275

CFS282 – MAINSTREAMING THE YOUNG CHILD WITH A DISABILITY
LEC // 1 CREDIT // 1 PERIOD
An exploration of the educational, social, and behavioral issues and concerns involved in the successful integration of children with disabilities into typical preschool classes. Includes discussion of practical concerns such as adaptation of environment and accessing existing resources in the community. Prerequisites: None.
CFS284AB – EARLY CHILDHOOD TEACHING INTERNSHIP
LEC + LAB // 2 CREDITS // 2 PERIODS
Work experience in child care centers. 80 hours of designated work per credit. Maximum of 6 credits allowed. Prerequisites: A grade of C or better in CFS176 ECH176 and permission of department. Corequisites: CFS269 ECH269. Cross-References: ECH284AB

CFS287 – PROFESSIONAL DEVELOPMENT IN EARLY CHILDHOOD EDUCATION
LEC // 1 CREDIT // 1 PERIOD
Emerging professionalism within the field of early childhood education. Consideration of job responsibilities, rewards, ethics and current issues facing practitioners. Includes assessment and career planning. Prerequisites: None. Cross-References: ECH287

CFS296WA-WC – COOPERATIVE EDUCATION
LAB // 1-3 CREDITS // 5-15 PERIODS
Work-college experiences that involve the combined efforts of educators and employers to accomplish an out-come related to the career objectives of the students. Prerequisites: Completion of at least twelve (12) college credits, minimum 2.6 grade point average, and be able to obtain a position related to student’s academic or career goals (student’s present job may qualify); or permission of instructor. Corequisites: Must be concurrently enrolled in at least one class which is related to student’s major or career interest or with permission of the instructor.

CHM130 – FUNDAMENTAL CHEMISTRY – CHM1130
LEC // 3 CREDITS // 3 PERIODS
A survey of the fundamentals of general chemistry. Emphasis on essential concepts and problem solving techniques. Basic principles of measurement, chemical bonding, structure and reactions, nomenclature, and the chemistry of acids and bases. Preparation for students taking more advanced courses in chemistry. Designed to meet needs of students in such diverse areas as agriculture, nursing, home economics, physical education and water technology. Prerequisites A grade of C or better in [(CHM090, or MAT090, or MAT091, or MAT092, or higher level mathematics course, or satisfactory math placement) and (RDG100, or RDG100LL, or higher, or eligibility for CRE101 as indicated by appropriate reading placement)], or permission of the Instructor, or Department or Division Chair. General Education Designation: Natural Sciences (Quantitative) - [SQ] in combination with: CHM130LL. Arizona Shared Unique Number SUN# CHM 1130

CHM130LL – FUNDAMENTAL CHEMISTRY LABORATORY
LAB // 1 CREDIT // 3 PERIODS
Laboratory experience in support of CHM130. Prerequisites or Co-requisites: A grade of C or better in CHM130. General Education Designation: Natural Sciences (Quantitative) - [SQ] in combination with CHM130. Arizona Shared Unique Number SUN# CHM 1130

CHM150 – GENERAL CHEMISTRY I
LEC // 4 CREDITS // 4 PERIODS
Detailed study of principles of chemistry for science majors and students in pre-professional curricula. Prerequisites: A grade of C or better in [(CHM130 and CHM130LL), or CHM130AA, or one year of high school chemistry taken within the last five years] and (a grade of C or better in MAT151 or higher level mathematics course, or satisfactory score on placement exam), or permission of the Instructor, or Department or Division Chair. Course Notes: Completion of all prerequisites within the last two years is recommended. Student may receive credit for only one of the following: CHM150 and CHM151LL, or CHM151 and CHM151LL, or CHM150AA, or CHM151AA. General Education Designation: Natural Sciences (Quantitative) - [SQ] in combination with: CHM151LL

CHEMISTRY (CHM)
CHM107 – CHEMISTRY AND SOCIETY
LEC // 3 CREDITS // 3 PERIODS
A survey of chemistry and its impact on the environment. Prerequisites: None. Course Notes: Completion of CHM107LL required to meet the Natural Science requirement. General Education Designation: Natural Sciences (Quantitative) - [SQ] in combination with: CHM107LL

CHM107LL – CHEMISTRY AND SOCIETY LABORATORY
LAB // 1 CREDIT // 3 PERIODS
Laboratory experience in support of CHM107. Prerequisites: A grade of C or better required in all prerequisites. Prerequisites or Corequisites: CHM107. General Education Designation: Natural Sciences (Quantitative) [SQ] in combination with: CHM107
CHM151 – GENERAL CHEMISTRY I
LEC // 3 CREDITS // 3 PERIODS
Detailed study of principles of chemistry for science majors and students in pre-professional curricula. Prerequisites: A grade of C or better in [(CHM130 and CHM130LL), or CHM130AA, or one year of high school chemistry taken within the last five years] and (a grade of C or better in MAT151 or higher level mathematics course, or satisfactory score on placement exam), or permission of the Instructor, or Department or Division Chair. Course Notes: Completion of all prerequisites within the last two years is recommended. Student may receive credit for only one of the following: CHM150 and CHM151LL, or CHM151 and CHM151LL, or CHM150AA, or CHM151AA. General Education Designation: Natural Sciences (Quantitative) - [SQ] in combination with: CHM151LL. Arizona Shared Unique Number SUN#: CHM 1151

CHM151LL – GENERAL CHEMISTRY I LABORATORY
LAB // 1 CREDIT // 3 PERIODS
Laboratory experience in support of CHM150 or CHM151. Prerequisites: A grade of C or better in CHM150 or CHM151 or Corequisites: CHM150 or CHM151. Course Notes: Student may receive credit for only one of the following: CHM150 and CHM151LL, or CHM151 and CHM151LL, or CHM150AA, or CHM151AA. General Education Designation: Natural Sciences (Quantitative) - [SQ] in combination with: CHM150 or CHM151. Arizona Shared Unique Number SUN#: CHM 1151

CHM152 – GENERAL CHEMISTRY II
LEC // 3 CREDITS // 3 PERIODS
A study of the chemical properties of the major groups of elements, equilibrium theory, thermodynamics, electrochemistry, and other selected topics. Prepares students for all sophomore chemistry courses. Prerequisites: A grade of C or better in [(CHM150 or CHM151) and CHM151LL], or CHM150AA, or CHM151AA, or permission of the Instructor, or Department or Division Chair. Course Notes: Completion of prerequisites within the last two years recommended. Completion of CHM152LL required to meet the Natural Science requirement. Student may receive credit for only one of the following: CHM152 and CHM152LL, or CHM152AA. General Education Designation: Natural Sciences (Quantitative) - [SQ] Arizona Shared Unique Number SUN#: CHM1152

CHM152AA – GENERAL CHEMISTRY II LEC // 4 CREDITS // 3 PERIODS
A study of the chemical properties of the major groups of elements, equilibrium theory, thermodynamics, electrochemistry, and other selected topics. Prerequisites: A grade of C or better in [(CHM150 or CHM151) and CHM151LL], or CHM150AA, or CHM151AA, or permission of the Instructor, or Department or Division Chair. Course Notes: Completion of prerequisites within the last two years recommended. Student may receive credit for only one of the following: CHM152 and CHM152LL, or CHM152AA. General Education Designation: Natural Sciences (Quantitative) - [SQ]

CHM152LL – GENERAL CHEMISTRY II LABORATORY
LAB // 1 CREDIT // 3 PERIODS
Laboratory experience in support of CHM152. Prerequisites: A grade of C or better in CHM152 or Corequisites: CHM152 and CHM152LL, or CHM152AA. Course Notes: Student may receive credit for only one of the following: CHM152 and CHM152LL, or CHM152AA. General Education Designation: Natural Sciences (Quantitative) - [SQ] in combination with CHM152. Arizona Shared Unique Number SUN# CHM1152

CHM154 – GENERAL CHEMISTRY II WITH QUALITATIVE ANALYSIS
LEC // 3 CREDITS // 3 PERIODS
A study of the chemical properties of the major groups of elements, equilibrium theory, thermodynamics, kinetics, electrochemistry, and other selected topics. Includes qualitative analysis. Prepares students for all sophomore chemistry courses. Prerequisites: A grade of C or better in [(CHM150 or CHM151) and CHM151LL] or CHM150AA, or permission of the Instructor, or Department or Division Chair. Course Notes: Completion of prerequisites within the last two years recommended. Completion of CHM154LL required to meet the Natural Science requirement. General Education Designation: Natural Sciences (Quantitative) - [SQ] in combination with: CHM154LL
CHM154LL – GENERAL CHEMISTRY II WITH QUALITATIVE LABORATORY
LAB // 2 CREDITS // 6 PERIODS
Laboratory experience in support of CHM 154. Includes quantitative analysis. Prerequisites or Co requisites: A grade of “C” or better in CHM154. General Education Designation: Natural Sciences (Quantitative) [SQ] in combination with: CHM154

CHM230 – FUNDAMENTAL ORGANIC CHEMISTRY – CHM2230
LEC // 3 CREDITS // 3 PERIODS
Chemistry of representative groups of organic compounds, emphasizing biological applications. A grade of C or better in (CHM130 and CHM130LL) or (CHM150 or CHM151 and CHM151LL), or permission of the Instructor, or Department or Division Chair. Course Notes: Completion of prerequisites within the last two years recommended. CHM230 course content is designed to meet the needs of students in such areas as agriculture, home economics, nursing, pre-physician assistant, and physical education among others. General Education Designation: Natural Sciences (Quantitative) - [SQ] in combination with: CHM230LL Arizona Shared Unique Number SUN#: CHM 2230

CHM230LL – FUNDAMENTAL ORGANIC CHEMISTRY LABORATORY – CHM2230
LAB // 1 CREDIT // 3 PERIODS
Laboratory experience in support of CHM230. Prerequisites: CHM130LL or CHM151LL or equivalent or Co requisites: CHM230. General Education Designation: Natural Sciences (Quantitative) [SQ] in combination with: CHM23. Arizona Shared Unique Number SUN#: CHM 2230

CHM235LL – GENERAL ORGANIC CHEMISTRY I LABORATORY
LAB // 1 CREDIT // 4 PERIODS
Laboratory experience in support of CHM235. Prerequisites: A grade of C or better in CHM235 or Corequisite: CHM235. Completion of prerequisites within the last two years recommended. Arizona Shared Unique Number SUN# CHM2235

CHM235 – GENERAL ORGANIC CHEMISTRY I
LEC // 3 CREDITS // 3 PERIODS
Rigorous introduction to chemistry of carbon-containing compounds. Reaction mechanisms and recent methods of synthesis emphasized. Prerequisites: A grade of C or better in (CHM152 and CHM152LL), or CHM152AA, or (CHM154 and CHM154LL), or permission of the Instructor, or Department or Division Chair. Course Notes: Completion of prerequisites within the last two years recommended. Arizona Shared Unique Number SUN#CHM2235

CHM236 – GENERAL ORGANIC CHEMISTRY IIA
LEC // 3 CREDITS // 3 PERIODS
Study of chemistry of carbon-containing compounds continued. Structural determination and additional reaction mechanisms and modern methods of synthesis emphasized. Prerequisites: A grade of C or better in CHM235 and CHM235LL, or permission of the Instructor, or Department or Division Chair. Course Notes: Completion of prerequisites within the last two years recommended. Arizona Shared Unique Number SUN# CHM 2236

CHM236LL – GENERAL ORGANIC CHEMISTRY IIA LABORATORY
LAB // 1 CREDIT // 4 PERIODS
Laboratory experience in support of CHM236. Prerequisites: A grade of C or better in CHM236 or Corequisite: CHM236. Completion of prerequisites within the last two years recommended. Arizona Shared Unique Number SUN#: CHM 2236

CHM238 – GENERAL ORGANIC CHEMISTRY IIB
LEC // 3 CREDITS // 3 PERIODS
Alternate to CHM236. Study of chemistry of carbon-containing compounds continued. Structural determination and additional reaction mechanisms and modern methods of synthesis emphasized. Prerequisites: A grade of C or better in CHM235 and CHM235LL, or permission of the Instructor, or Department or Division Chair. Course Notes: Completion of prerequisites within the last two years recommended. Recommended for chemistry, chemical engineering and mining engineering majors.

CHM238LL – GENERAL ORGANIC CHEMISTRY IIB LABORATORY
LAB // 2 CREDITS // 6 PERIODS
Laboratory experience in support of CHM238. Prerequisites: CHM235LL or equivalent. Prerequisites or Co requisites: CHM238.
CHM260 – FUNDAMENTAL BIOCHEMISTRY
LEC // 3 CREDITS // 3 PERIODS
Structures, properties, and functions of proteins, enzymes, nucleic acids, carbohydrates and lipids; the utilization and synthesis of these materials by living systems and the relationship of the processes to energy production and utilization. Prerequisites: A grade of C or better in (CHM230 and CHM230LL) or (CHM235 and CHM235LL), or permission of the Instructor, or Department or Division Chair. Course Notes: Completion of prerequisites within the last two years recommended. Designed for students in agriculture, dental hygiene, home economics, nursing, and physical therapy.

CHM260LL – FUNDAMENTAL BIOCHEMISTRY LABORATORY
LAB // 1 CREDIT // 3 PERIODS
Laboratory experience in support of CHM260. Prerequisites: A grade of “C” or better in CHM230. Completion of prerequisites within last two years recommended.

COMPUTER INFORMATION SYSTEMS (CIS)
CIS102DA – CUSTOMER USER SUPPORT
LEC + LAB // 3 CREDITS // 4 PERIODS
Examines skills, tools and strategies necessary for becoming a computer help-desk or end-user support professional. Prerequisites: None.

CIS103 – INTRODUCTION TO SOCIAL MEDIA
LEC + LAB // 3 CREDITS // 4 PERIODS
Identify and explain social media and Web 2.0 technologies for personal, academic, professional, and business applications. Create and maintain accounts on various sites to socialize, write, and share multimedia, while understanding the related ethics, privacy and security issues. Prerequisites: None.

CIS105 – SURVEY OF COMPUTER INFORMATION SYSTEMS
LEC + LAB // 3 CREDITS // 4 PERIODS
Overview of computer technology, concepts, terminology, and the role of computers in business and society. Discussion of social and ethical issues related to computers. Use of word processing, spreadsheet, database, and presentation software. Includes uses of application software and the Internet for efficient and effective problem solving. Exploration of relevant emerging technologies. Prerequisites: None. General Education Designation: Computer/ Statistics/ Quantitative Applications - [CS] Arizona Shared Unique Number SUN#: CIS1120

CIS111 – ETHICS IN INFORMATION TECHNOLOGY
LEC // 3 CREDITS // 3 PERIODS
Ethical issues that arise as a result of increasing use of computers, and the responsibilities of those who work with computers, either as computer science professionals or end users. Critical inquiry and review of ethical challenges in information technology business, including professional and corporate responsibility, government regulation, fiduciary responsibilities of information, infringement of intellectual property, security risk assessment, Internet crime, identity theft, employee surveillance, privacy, compliance, social networking, and the ethics of IT corporations. Prerequisites: None.

CIS113DE – MICROSOFT WORD: WORD PROCESSING
LEC + LAB // 3 CREDITS // 4 PERIODS
Using word processing software to create, name and manage files, edit text, format, apply themes and styles, create and modify tables, apply desktop publishing features, and print a variety of types of documents. Prerequisites: None.

CIS114AE – EXCEL: LEVEL I
LEC + LAB // 1 CREDIT // 2 PERIODS
Computer spreadsheet skills for solving business problems using Excel, including calculations, forecasting, and projections. Prerequisites: None.

CIS114DE – EXCEL SPREADSHEET
LEC + LAB // 3 CREDITS // 4 PERIODS
Computer spreadsheet skills for solving business problems using Excel, including calculations, forecasting, projections, macro programming, database searching, extraction, linking, statistics, and matrix manipulation. Production of graphs and reports. Project design using multiple, integrated spreadsheets. Prerequisites: None. Course Notes: CIS114DE may be repeated for a total of nine (9) credit hours.

CIS117AM – DATABASE MANAGEMENT: MICROSOFT ACCESS – LEVEL I
LEC + LAB // 1 CREDIT // 2 PERIODS
Introduction to the basic elements of a current version of the Microsoft Access database management program, for casual and beginning users. Prerequisites: None
CIS117BM – DATABASE MANAGEMENT: MICROSOFT ACCESS – LEVEL II
LEC + LAB // 1 CREDIT // 2 PERIODS
Exploration of additional components of the Microsoft Access database management program. Prerequisites: A grade of C or better in CIS117AM or permission of Instructor. Course Notes: CIS117BM may be repeated for a total of three (3) credit hours.

CIS117CM – DATABASE MANAGEMENT: MICROSOFT ACCESS – LEVEL III
LEC + LAB // 1 CREDIT // 1 PERIOD
Application of the features of the Microsoft Access program to some common database management problems. Prerequisites: A grade of C or better in CIS117BM.

CIS117DM – MICROSOFT ACCESS: DATABASE MANAGEMENT
LEC + LAB // 3 CREDITS // 4 PERIODS
Introduction to the basic elements, exploration of additional components and common database management problems related to the Microsoft Access program. Prerequisites: None. Course Notes: CIS117DM combines the contents of CIS117AM, CIS117BM and CIS117CM. CIS117DM may be repeated for a total of nine (9) credit hours.

CIS118AB – POWERPOINT LEVEL I
LEC + LAB // 1 CREDIT // 2 PERIODS
Use of PowerPoint software to produce professional quality presentation visuals. Prerequisites: None.

CIS118DB – DESKTOP PRESENTATION: POWERPOINT
LEC + LAB // 3 CREDITS // 4 PERIODS
Use of PowerPoint to produce professional quality presentation visuals with animation and sound. Prerequisites: None. Course Notes: CIS118DB may be repeated for a total of nine (9) credit hours.

CIS119DO – INTRODUCTION TO ORACLE: SQL
LEC + LAB // 3 CREDITS // 4 PERIODS
Use of Oracle tools and methodologies to fulfill real-world business information requirements. Hands-on exercises for designing, creating, and maintaining database structures to store, retrieve, update, and display data in a relational database using the SQL programming language. Creating and maintaining database objects. Advanced retrieval techniques. Prerequisites: A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: CIS105 or permission of Instructor.

CIS120AJ – INTRODUCTION TO DIGITAL PHOTO EDITING
LEC + LAB // 1 CREDIT // 2 PERIODS
Introduction to digital photography and image editing. Digital photo editing use of electronic techniques to select, manipulate, and edit images. Prerequisites: None.

CIS120DA – INTRODUCTION TO ADOBE PREMIERE
LEC + LAB // 3 CREDIT // 4 PERIODS
Foundations of video import, export, and editing. Includes parts and function of a video camera, preproduction and production, incorporating photographs, titles, graphics, animation and audio, capturing, editing, rendering and outputting digital video. Prepares students for the Adobe Certifications related to Adobe Premiere. Prerequisites: None.

CIS120DB – INTRODUCTION TO ADOBE ILLUSTRATOR
LEC + LAB // 3 CREDIT // 4 PERIODS
Provides students with the knowledge and skills to use Adobe Illustrator graphics software on a computer. Basic foundation course in the use of electronic techniques to create, manipulate, and edit images, text, abstract art, graphics design, color graphics and business charts; determine file formats appropriate for web and print; utilize tools to optimize graphics and create a PDF file. Prerequisites: None.

CIS120DC – INTRODUCTION TO ADOBE ANIMATE
LEC + LAB // 3 CREDITS // 4 PERIODS
Focuses on entry-level skill expectations for digital animation using Adobe Animate. Covers basic animation techniques used in the creation, manipulation, and editing of animation graphics. Prepares students for the Adobe certifications related to Adobe Animate. Prerequisites: None.

CIS120DF – INTRODUCTION TO ADOBE PHOTOSHOP
LEC + LAB // 3 CREDIT // 4 PERIODS
Focuses on entry-level skills and knowledge for digital imaging using Adobe Photoshop. Prepares students for the Adobe Certifications related to Photoshop. Prerequisites: None.
CIS120DG – FIREWORKS: WEB GRAPHICS
LEC + LAB // 3 CREDIT // 4 PERIODS
Use of graphics software to create and edit vector and bitmap (raster) graphics. Creation and manipulation of paths and special effects. Covers slices, buttons, pop-up menus, navigation bars, and animations for use in web sites. Prerequisites: None.

CIS120DK – INTRODUCTION TO DIGITAL VIDEO EDITING
LEC + LAB // 3 CREDITS // 4 PERIODS
Introduction to digital video editing comprises of a foundation for video import, export, and editing functions. Includes parts and function of a video camera, preproduction and production, incorporating photographs, titles, graphics, animation and audio, capturing, editing, rendering and outputting digital video. Prerequisites: None.

CIS120DL – INTRODUCTION TO ADOBE AFTER EFFECTS
LEC + LAB // 3 CREDITS // 4 PERIODS
Includes creating visual effects for video projects. Explores techniques and methodologies used to create shots for big budget special effects. Topics include color and light matching, keying, motion tracking, rotoscoping and working with film. Prerequisites: A grade of C or better in CIS120DA or CIS120DK, or permission of Instructor.

CIS120DO – INTRODUCTION TO ADOBE AUDITION
LEC + LAB // 3 CREDITS // 4 PERIODS
Introduction to editing audio files in a multitrack editing environment using Adobe Audition. Includes the import of files in a variety of formats that were generated using other software and how to export files. Prerequisites: None.

CIS120DP – ADOBE ACROBAT PRO: PORTABLE DOCUMENT FORMAT (PDF) FILES
LEC + LAB // 3 CREDITS // 4 PERIODS
Introduction to creating PDF (Portable Document Format) files using Adobe Acrobat for web viewing and printing. Addresses creation of interactive PDF documents including security settings, navigation links, and form fields. Prerequisites: None.

CIS121AE – WINDOWS OPERATING SYSTEM: LEVEL I
LEC + LAB // 1 CREDIT // 2 PERIODS
Specific topics include Windows basics, navigating and customizing the desktop, maintaining hardware and soft-ware, improving performance, configurations, securing your computer, taskbar, organizing, searching and managing folders and files, installing and uninstalling applications, Internet Explorer fine tuning, security, and searching, including advanced search techniques, keyboard shortcuts, and current topics. Prerequisites: None.

CIS121AH – MICROSOFT POWERSHELL/COMMAND LINE OPERATIONS
LEC + LAB // 3 CREDITS // 4 PERIODS
Day-to-day command line administration tasks of Microsoft Windows. PowerShell used to create scripts to administer Microsoft windows environment. Prerequisites: None. MST150++ suggested but not required.

CIS121AI – MAC OPERATING SYSTEM
LEC + LAB // 1 CREDIT // 2 PERIODS
Specific topics include getting started with Mac OS; working with disks, folders, and files; installing and using applications; setting system preferences; printing, faxing, and scanning; getting and living online; using iLife; sharing a Mac with other users; creating a home network; and maintaining the Mac. Prerequisites: None.

CIS122AE – WINDOWS OPERATING SYSTEM: LEVEL II
LEC + LAB // 1 CREDIT // 2 PERIODS
Additional capabilities of the Windows program that configure devices and customize the presentation of the operating system. System tools, control panel utilities, the My Computer, Network Neighborhood, and Microsoft Exchange desktop icons. Other helpful utilities presented. Prerequisites: A grade of C or better in CIS121AE or permission of Instructor.

CIS124AA – PROJECT MANAGEMENT SOFTWARE: LEVEL I
LEC + LAB // 1 CREDIT // 1.7 PERIODS
Utilization of project management software packages by managers and advanced business students to solve critical management planning tasks. Evaluation of management opportunities utilizing software packages to monitor project progress and resource allocation. Includes what-if analyses, and preparation of management reports. Prerequisites: None
CIS124BA – PROJECT MANAGEMENT
SOFTWARE: LEVEL II
LEC + LAB // 1 CREDIT // 1.7 PERIODS
Advanced use of project management software
Covers features and functions to solve
critical management planning tasks. Project
communications, scheduling, resource allocation,
tracking processes and importing and exporting data
also covered. Project consolidation emphasized.
Prerequisites: A grade of C or better in CIS124AA or
permission of Instructor.

CIS126AA – UNIX OPERATING SYSTEM: LEVEL I
LEC + LAB // 1 CREDIT // 2 PERIODS
Use of the UNIX operating system, system
components, built-in commands, files and directories,
editors, and UNIX Shell and command lines.
Prerequisites: None.

CIS126AL – LINUX OPERATING SYSTEM I
LEC + LAB // 1 CREDIT // 2 PERIODS
Introduction to the Linux Operating System. Develop
knowledge and skills required to install, configure
a Linux-based workstation including basic network
functions. Prerequisites: None.

CIS126DA – UNIX OPERATING SYSTEM
LEC + LAB // 3 CREDITS // 4 PERIODS
Use of a UNIX operating system including system
components, built-in commands, files and
directories, editors, and UNIX shell and command lines.
Installation, configuration, and maintenance
of a UNIX operating system. Create scripts and
batch files, and maintain system communications.
Prerequisites: None.

CIS126DL – LINUX OPERATING SYSTEM
LEC + LAB // 3 CREDITS // 4 PERIODS
Introduction to the Linux Operating System. Develop
knowledge and skills required to install, configure and
troubleshoot a Linux-based workstation including
basic network functions. Learn basic command
line and Graphical User Interface (GUI) desktop
environment utilities and applications. Fundamental
abilities to achieve the entry-level industry
certification covered. Prerequisites: None.

CIS126RH – RED HAT SYSTEM ADMINISTRATION I
LEC + LAB // 3 CREDITS // 4 PERIODS
Introduction to core administration skills needed to
manage a Red Hat Enterprise Linux system. This Red
Hat Academy course helps prepare for the Red Hat
certification exams using a hands-on, task-focused
curriculum. Prerequisites: None.

CIS132 – HTML/CSS
LEC + LAB // 3 CREDITS // 4 PERIODS
Overview of foundational HyperText Markup
Language (HTML) and Cascading Style Sheets (CSS)
coding. Create web pages and sites that adhere to
web standards and best practices using current web
coding standards. Prerequisites: None.

CIS133AA – INTERNET/WORLD
WIDE WEB: LEVEL I-A
LEC + LAB // 1 CREDIT // 2 PERIODS
Overview of the Internet and its resources. Hands-
on experience with various Internet communication
tools. Prerequisites: None.

CIS133DA – INTERNET/WEB DEVELOPMENT LEVEL I
LEC + LAB // 3 CREDITS // 4 PERIODS
Overview of the Internet/World Wide Web (WWW)
and its resources. Hands-on experience with various
Internet/WWW resource discovery, information
retrieval, and social media tools. Design and
Development of multi-page websites using current
HTML (Hyper Text Markup Language) and CSS
(Cascading Style Sheets) standards. Prerequisites: None.

CIS136 – CONTENT MANAGEMENT
SYSTEMS: WORDPRESS
LEC + LAB // 3 CREDITS // 3 PERIODS
Overview of WordPress Content Management
System. Includes hands-on design and creation
Designed to cover best practices for web site/blog
creation. Prerequisites: None.

CIS138DA – DESKTOP DESIGN AND PUBLISHING
USING ADOBE INDESIGN
LEC + LAB // 3 CREDITS // 4 PERIODS
Use of Adobe InDesign to compose and print textual
and graphic materials of high quality. Includes word
processing of copy, use of graphics programs, layout
design elements, printing alternatives, and file
formats. Prerequisites: None.
CIS150 – PROGRAMMING FUNDAMENTALS  
LEC + LAB // 3 CREDITS // 4 PERIODS  
Structured program design and logic tools. Use of computer problems to demonstrate and teach concepts using appropriate programming language. Prerequisites: A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: CIS105 or permission of Instructor.

CIS150AB – OBJECT-ORIENTED PROGRAMMING FUNDAMENTALS  
LEC + LAB // 3 CREDITS // 4 PERIODS  
Structured and Object-Oriented design and logic tools. Use of computer problems to demonstrate and teach concepts using an appropriate programming language. Prerequisites: A grade of C or better required in all Prerequisites. Prerequisites or Corequisites: CIS105 or permission of Instructor.

CIS156 – PYTHON PROGRAMMING: LEVEL I  
LEC + LAB // 3 CREDITS // 4 PERIODS  
Use of the Python programming language to solve problems using suitable examples from business or other disciplines. Prerequisites: A grade of C or better in CIS105 or permission of Instructor.

CIS159 – VISUAL BASIC PROGRAMMING I  
LEC + LAB // 3 CREDITS // 4 PERIODS  
Use of the Visual Basic programming language to solve problems using suitable examples from business or other disciplines. Prerequisites: A grade of C or better in CIS105 or permission of Instructor.

CIS162AD – C#: LEVEL I  
LEC + LAB // 3 CREDITS // 4 PERIODS  
Introduction to C# programming including general concepts, program design, development, data types, operators, expressions, flow control, functions, classes, input and output operations, debugging, structured programming, and object-oriented programming. Prerequisites: A grade of C or better in CIS105 or permission of Instructor. General Education Designation: Computer/Statistics/Quantitative Applications [CS].

CIS165 – INTRODUCTION TO IOS APPLICATION DEVELOPMENT  
LEC + LAB // 3 CREDITS // 4 PERIODS  
Introduction to iOS device programming utilizing the XCode application, and the programming languages Objective-C and/or Swift, utilizing various iOS frameworks. Understand iOS hardware and feature basics. Go through the entire design process from concept to final product delivery. Prerequisites: A grade of C or better in CIS150++, or CIS156, or CIS159, or CIS162++, or CIS163AA, or permission of Instructor.

CIS165DA – INTRODUCTION TO ANDROID APPLICATION DEVELOPMENT  
LEC + LAB // 3 CREDITS // 4 PERIODS  
Beginning with an overview of Android features, this class explores the required software tools and programming techniques for developing Android device applications from creating the user interface, working with activities, intents and views, to using databases, providing data persistence, accessing device services, to debugging and publishing applications. Prerequisites: A grade of C or better in CIS150++, or CIS156, or CIS159, or CIS162++, or CIS163AA, or Permission of Instructor. Editor's Note: CIS165DA may be offered concurrently with CIS265DA.

CIS165DB – C#/ VB.NET: WINDOWS 8 APP DEVELOPMENT  
LEC + LAB // 3 CREDITS // 4 PERIODS  
Building upon desktop application development with Visual Studio using VB.NET or C# languages, developing apps for Windows 8 utilizes Extensible Application Markup Language (XAML) for interface design. Windows 8 utilizes UI design standards that are unique from previous versions. Develop apps for Windows 8 smartphones and tablets that utilize touch input methods, translate into different resolutions, states, and orientations, and can tap into mobile features such as location and acceleration sensors. Includes working with external data and packaging for Windows Store distribution. Prerequisites: A grade of C or better in CIS159 or CIS162AD or permission of Instructor.
CIS165DC – XAMARIN/C#
CROSS – PLATFORM DEVELOPMENT
LEC + LAB // 3 CREDITS // 4 PERIODS
Develop cross-platform mobile apps for iOS, Android, and Windows devices using the Xamarin. Forms Platform and C#, utilizing the Visual Studio IDE. Focusing on Xamarin. Forms projects, the course includes PCL and SAP approaches to shared code, developing interfaces with XAML or in C# code, emulator testing, data binding, backgrouding, packaging for deployment. Coding techniques include Layouts and shared controls (views), MVVM pattern, LINQ, SQLite, and Dependency Injection for platform specific coding. Prerequisites: A grade of C or better in CIS162AD, or permission of Instructor. Editor's Note: CIS165DC may be offered concurrently with CIS262AD.

CIS166 – WEB SCRIPTING/PROGRAMMING
LEC + LAB // 3 CREDITS // 4 PERIODS
Software development for Web sites, including client-side script and Common Gateway Interface (CGI) scripting. Covers Web-based transaction processing and use of databases in conjunction with the Web. Includes security issues. Prerequisites: A grade of C or better in CIS133DA or permission of Instructor.

CIS166AA – INTRODUCTION TO JAVASCRIPT
LEC + LAB // 3 CREDITS // 4 PERIODS
Introduction to basic JavaScript programming concepts including syntax. Covers Hypertext Markup Language (HTML), programming logic and debugging, as well as forms manipulation and animation. Prerequisites: A grade of C or better in CIS133DA, or permission of Instructor.

CIS166AE – WEB SCRIPTING WITH PHP:
HYPERTEXT PREPROCESSOR (PHP)
LEC + LAB // 3 CREDITS // 4 PERIODS
Introduction to web scripting with PHP (PHP: Hypertext Preprocessor). Web application development using Hypertext Markup Language (HTML), PHP, programming logic, and Structured Query Language (SQL) Prerequisites: A grade of C or better in CIS133DA or permission of Instructor. Editor's Note: CIS166AE may be offered concurrently with CIS276DA.

CIS190 – INTRODUCTION TO NETWORKING
LEC + LAB // 3 CREDITS // 4 PERIODS
Overview of networks. Emphasis on the elements of a network, current issues and products, and use of a network. Includes terminology, hardware and software components, connectivity, resource monitoring and sharing, electronic mail and messaging, and security issues. Helps prepare students for the CompTIA Network+ examination. Prerequisites: None. Corequisites: CIS105 or permission of Instructor.

CIS197 – VMWARE ESXI SERVER ENTERPRISE
LEC + LAB // 3 CREDITS // 4 PERIODS
Introduction to vSphere and VMware ESXi server in the enterprise. Covers many aspects of virtualization for VMware ESXi server administration. Designed to develop knowledge and skills required to install, configure and troubleshoot a VMware ESXi Server (vSphere) including basic network functions. Prerequisites: A grade of C or better in (CIS105 and (BPC270 or MST150++) and (CIS126DL or CIS126RH) and (CIS190 or CNT140AB)) or permission of Instructor.

CIS213DE – ADVANCED MICROSOFT WORD:
WORD PROCESSING
LEC + LAB // 3 CREDITS // 4 PERIODS
Using advanced word processing software features to perform tasks such as mail merge, collaboration, web pages, math functions, macros, photo enhancements, graphics, tables, forms and manage long documents. Prerequisites: A grade of C or better in CIS113DE or (CIS113AE and CIS113BE and CIS113CE) or permission of Instructor.

CIS214DE – ADVANCED EXCEL
SPREADSHEET: LEVEL II
LEC + LAB // 3 CREDITS // 4 PERIODS
Advanced Excel spreadsheet features including formatting techniques, macros and Visual Basic for applications. Templates, built-in functions and lists as well as analysis tools including Pivot Tables and Goal Seek covered. Import and export data, workgroup collaboration and Internet features of Excel emphasized. Prerequisites: A grade of C or better in CIS114DE or permission of Instructor.
CIS217AM – ADVANCED MICROSOFT ACCESS: DATABASE MANAGEMENT
LEC + LAB // 3 CREDITS // 4 PERIODS
Advanced database concepts including database design, primary and secondary key selection and relationships between tables. Queries, sub forms, macros, events, Visual Basic modules and Access Internet features also covered. Prerequisites: A grade of C or better in CIS117CM or CIS117DM.

CIS226AL – INTERNET/INTRANET SERVER ADMINISTRATION-LINUX
LEC + LAB // 3 CREDITS // 4 PERIODS
Configuration and management of internet/ intranet services, including the Apache web server, Simple Mail Transfer Protocol servers (SMTP), Structured Query Language (SQL server), File Transfer Protocol (FTP), Network Time Protocol (NTP), and other network services used in home and small business environments. Covers basic security configuration and testing. Prerequisites: A grade of C or better in CIS126 (any module) or permission of Instructor.

CIS220DC – FLASH: ADVANCED ANIMATION AND ACTION SCRIPT
LEC + LAB // 3 CREDITS // 4 PERIODS
Advanced Flash programming, action scripting, tweening, advanced buttons and user input, movie clips, using dynamic sound and text, managing information flow, Object-Oriented Programming concepts in relation to Flash. Prerequisites: A grade of C or better in CIS120DC or permission of Instructor.

CIS220DF – ADOBE PHOTOSHOP LEVEL II: ADVANCED DIGITAL IMAGING
LEC // 3 CREDITS // 4 PERIODS
Goes beyond the basic use of palettes, selections, layers, menus, and tool options, and focuses on using Photoshop software’s advanced features to manipulate and correct digital and digitally produced images. Prerequisites: A grade of C or better in CIS120DF or permission of Instructor.

CIS224 – PROJECT MANAGEMENT MICROSOFT PROJECT FOR WINDOWS
LEC + LAB // 3 CREDIT // 4 PERIODS
Introduction to project management concepts while working with MS Project to solve complex project management networks, including creating Gantt and PERT charts, tracking project progress, planning for restrictions, and integrating MS Project with other software packages such as Excel, Word, Powerpoint, and cc Mail. Prerequisites: None

CIS225 – BUSINESS SYSTEMS ANALYSIS AND DESIGN
LEC + LAB // 3 CREDITS // 4 PERIODS
Investigation, analysis, design, implementation and evaluation of business computer systems. Prerequisites: Any programming language or permission of Instructor.

CIS225AB – OBJECT-ORIENTED ANALYSIS AND DESIGN
LEC + LAB // 3 CREDITS // 4 PERIODS
Methodologies and notations for fundamental object oriented analysis and design including use cases, objects, classes, stereotypes, and relationships. Object oriented iterative process for system development. A continuous application development exercise for applying the analysis and design concepts. Prerequisites: Any program language or permission of instructor.

CIS227 – ASSEMBLER LANGUAGE
LEC + LAB // 3 CREDITS // 4 PERIODS
Concepts and use of the Assembly programming language, including basic arithmetic operations, flow control, and memory management. Prerequisites: A grade of C or better in CIS162++ or permission of Instructor.

CIS228 – OBJECT-ORIENTED ANALYSIS AND DESIGN
LEC + LAB // 3 CREDITS // 4 PERIODS
Methodologies and notations for fundamental object oriented analysis and design including use cases, objects, classes, stereotypes, and relationships. Object oriented iterative process for system development. A continuous application development exercise for applying the analysis and design concepts. Prerequisites: Any program language or permission of instructor.

CIS233DA – INTERNET/WEB DEVELOPMENT LEVEL II
LEC + LAB // 3 CREDITS // 4 PERIODS
Design and create pages on the World Wide Web with a variety of markup languages, programming languages, scripts, and multimedia. Hands-on experience authoring and preparing sophisticated web documents. Exploration of best practices/issuses for web design and publishing and careers in web development and e -Commerce. Prerequisites: A grade of C or better in CIS133DA, or permission of Instructor.

CIS233DC – INTERNET WEB DEVELOPMENT: DREAMWEAVER
LEC + LAB // 3 CREDITS // 4 PERIODS
Design and development of comprehensive and interactive websites using Dreamweaver. Hands-on experience designing, developing, testing, and publishing web documents that contain various client side web technologies. Assists in preparing students for the Adobe Certifications related to Adobe Dreamweaver. Prerequisites: A grade of C or better in CIS132, or CIS133DA, or permission of Instructor.
CIS235 – E-COMMERCE  
LEC + LAB // 3 CREDITS // 4 PERIODS  
Introduction to Electronic Commerce on the Internet. Designing an electronic storefront including web page content and development, e-commerce site marketing, advertisement, legal and security considerations, Credit card and other debit transaction covered. Also includes current issues in e-commerce. Prerequisites: A grade of C or better in CIS133DA or permission of Instructor.

CIS238DL – LINUX SYSTEM ADMINISTRATION  
LEC+ LAB // 3 CREDITS // 4 PERIODS  
Managing Linux Operating Systems including sophisticated manipulation of file structures, backup systems, printing processes, troubleshooting, user account management, hard disk maintenance and configuration, process monitoring and prioritizing, kernel customization, and system resource control. Preparation for industry certifications such as the CompTIA Linux+, the Red Hat Certified System Administrator (RHCSA), the Red Hat Certified Engineer (RHCE) and the Linux Professional Institute (LPIC-1). Prerequisites: A grade of C or better in CIS238DL or permission of Instructor.

CIS238RH – RED HAT SYSTEM ADMINISTRATION II  
LEC +LAB // 3 CREDITS // 4 PERIODS  
Continue to develop core administration skills needed to manage a Red Hat Enterprise Linux system. This Red Hat Academy course helps to prepare students for the Red Hat certification exams using a hands-on, task-focused curriculum. Prerequisites: A grade of C or better in CIS238RH or permission of Instructor.

CIS239DL – LINUX SHELL SCRIPTING  
LEC + LAB // 3 CREDITS // 4 PERIODS  
Linux Shell Scripting syntax and methods including the automation of system tasks as well as interpreted user-level programming. Course includes the Linux Borne Again Shell (BASH) as well as a variety of industry competitors. Prerequisites: A grade of C or better in CIS238DH or permission of Instructor.

CIS240DL – LINUX NETWORK ADMINISTRATION  
LEC + LAB // 3 CREDITS // 4 PERIODS  
In depth networking based on Linux servers and the Transmission Control Protocol/Internet Protocol (TCP/IP) protocol suite. Integrating Linux servers and workstations into a network environment with multi-platform network operating systems including a variety of open-standard and proprietary protocols. Preparation for industry certifications such as the CompTIA Linux+, the Red Hat Certified System Administrator (RHCSA), the Red Hat Certified Engineer (RHCE) and the Linux Professional Institute (LPIC-1). Prerequisites: A grade of C or better in CIS238DL or permission of Instructor.

CIS240RH – RED HAT SYSTEM ADMINISTRATION III  
LEC +LAB // 3 CREDITS // 4 PERIODS  
Provides solid understanding of how to automate services on a Linux system. Covers use of Ansible to automate provisioning, configuration, application deployment, and orchestration on Red Hat Enterprise Linux 8. Content aligns with the Red Hat Certified Engineer (RHCE - EX294) exam, a professional certification. Prerequisites: A grade of C or better in CIS238RH or permission of Instructor.

CIS250 – MANAGEMENT OF INFORMATION SYSTEMS  
LEC // 3 CREDITS // 4 PERIODS  
The study of business information systems and its management, communication, e-business strategies, emerging technologies, database concepts, and project management. Overview of systems analysis and design. Learn about the competitive and strategic uses of information systems and how they are transforming organizations and their management. Prerequisites: A grade of C or better in CIS105.

CIS259 – VISUAL BASIC PROGRAMMING II  
LEC // 3 CREDITS // 4 PERIODS  
Use of the Visual Basic programming language to identify and solve advanced problems using suitable examples from business or other disciplines. Prerequisites: A grade of C or better in CIS159 or permission of Instructor.

CIS262AB – C++ : LEVEL II  
LEC + LAB // 3 CREDITS // 4 PERIODS  
Advanced level C++ programming with emphasis on arrays, data management, dynamic memory allocation, object-oriented programming concepts, input/ output operations, libraries, and debugging techniques. Includes overview of other advanced applications of C++. Prerequisites: A grade of C or better in CIS162AB or permission of Instructor.
CIS262AD – C# LEVEL II
LEC + LAB // 3 CREDITS // 4 PERIODS
Advanced C# programming with emphasis on data structures, dynamic memory allocation, object-oriented programming, user interfaces, and database processing. Overview of web applications, network programming, and reporting tools. Prerequisites: A grade of C or better in CIS162AD, or permission of Instructor. Editor's Note: CIS262AD may be offered concurrently with CIS165DC.

CIS263AA – JAVA PROGRAMMING: LEVEL II
LEC + LAB // 3 CREDITS // 4 PERIODS
Intermediate Java programming. Includes features needed to construct object-oriented programming, multithreading, multimedia files, streams and data structure. Prerequisites: CIS163AA or permission of the instructor.

CIS265 – ADVANCED IOS
APPLICATION DEVELOPMENT
LEC + LAB // 3 CREDITS // 4 PERIODS
Advanced iOS device programming utilizing the Swift/XCode application, and the programming languages Objective-C and/or Swift, utilizing various iOS frameworks. Understand iOS hardware and feature basics. Go through entire design process from concept to final product delivery. Prerequisites: A grade of C or better in CIS150++ and CIS165, or permission of Instructor.

CIS265DA – ADVANCED ANDROID
APPLICATION DEVELOPMENT
LEC + LAB // 3 CREDITS // 4 PERIODS
Advanced Android device programming utilizing an Android Integrated Development Environment, and an Android-focused programming language such as Java or Kotlin, utilizing various advanced activity layouts, views, and intents. Covers advanced Object Oriented Programming (OOP) practices, local and cloud-based database backends, threading, incorporating device features and sensors, and unit testing. Prerequisites: A grade of C or better in CIS165DA or permission of Instructor.

CIS270 – ESSENTIALS OF NETWORK AND INFORMATION SECURITY
LEC + LAB // 3 CREDITS // 4 PERIODS
Threats to security of information systems; responsibilities and basic tools for information security, including communication security, infrastructure security, organizational security and basic cryptography. Introduction to the language of network security and hardware, software and firmware components of an information security system for local, metropolitan, enterprise, and wide area networks. Helps prepare participants for the Comptia Security+ exam and the GIAC Security Essentials Certificate (GSEC). Prerequisites: A grade of C or better in BPC270 or CIS190 or CNT140AB or MST150++ or permission of Instructor.

CIS271DB – INFORMATION SECURITY ESSENTIALS
LEC + LAB // 3 CREDITS // 4 PERIODS
Overview of information security principles, access control, risk management, and compliance. Provides partial preparation for certification in one or all of the following: Comptia Security + exam, International Information Systems Security Certification Consortium (ISC)2, Systems Security Certified Practitioner (SSCP) exam, the Committee on National Security Systems (CNSS) 4011 certification, or GIAC Security Essentials Certificate (GSEC). Prerequisites: A grade of C or better in (BPC270 or CIS126DL or CIS126RH or MST150++) and (CIS190 or CNT140AB) and (CIS250 or ITS120).

CIS271DL – LINUX SECURITY
LEC + LAB // 3 CREDITS // 4 PERIODS
Implementing in-depth security methods and techniques in a Linux-based network environment. Utilize programs, utilities and configuration techniques to provide user-level, file system, and network security. Gain knowledge in a variety of security cracking techniques and how to guard against them. In all aspects of security, the standard of practicing professional ethics seriously emphasized. Preparation for industry certifications such as the SAIR/GNU LCP and LCA certificates, CompTIA’s Linux+, RHCT, RHCE, and LPIC. Prerequisites: CIS240DL or Permission of Instructor.

CIS272DB – INFORMATION SECURITY PRINCIPLES
LEC + LAB // 3 CREDITS // 4 PERIODS
Covers threats to the IT infrastructure and how they can impact operations. Demonstrates strategies to mitigate risk impacts as they relate to the IT infrastructure. Provides technical knowledge required to execute on the essentials of information security. Provides partial preparation for certification in one or all of the following: Comptia Security + exam, International Information Systems Security Certification Consortium (ISC)2),
Systems Security Certified Practitioner (SSCP) exam, the Committee on National Security Systems (CNSS) 4011 certification, or GIAC Security Essentials Certificate (GSEC). Prerequisites: A grade of C or better in CIS271DB.

CIS275DL – LINUX CAPSTONE
LEC + LAB // 3 CREDITS // 4 PERIODS
The Linux Capstone course aggregates the skills, knowledge, communication, and critical thinking skills from the Linux Program. This course is to emulate a production environment that prepares students to work as a Linux Systems Administrator. The course helps to prepare students for Linux Industry certification exams. Prerequisites: A grade of C or better in CIS240DL, or CIS240RH, or permission of Instructor.

CIS276DA – MYSQL DATABASE
LEC + LAB // 3 CREDITS // 4 PERIODS
A broad overview of the MySQL database. Includes Structured Query Language (SQL) instruction for data definition, data manipulation, and data retrieval. Develops knowledge and skills required to install MySQL, model and create new databases, manage users, authentication, and stored procedures, and develop backup/restore strategies. Prerequisites: A grade of C or better in CIS105, or CIS117DM, or permission of Instructor. Editor's Note: CIS276DA may be offered concurrently with CIS166AE.

CIS276DB – SQL SERVER DATABASE
LEC + LAB // 3 CREDITS // 4 PERIODS
A broad overview of the Microsoft Structured Query Language (SQL) Server database. Includes SQL instruction for data definition, data manipulation, and data retrieval. Develops knowledge and skills required to install SQL Server, model and create new databases, manage users, authentication, and stored procedures, and develop backup/restore strategies. Prerequisites: A grade of C or better in CIS105, or CIS117DM, or permission of Instructor.

CIS280 – CURRENT TOPICS IN COMPUTING
LEC + LAB // 3 CREDITS // 4 PERIODS
Critical inquiry of current topics in computing. Application of industry trends to solve problems and/or investigate issues. Prerequisites: None.

CIS290AB – COMPUTER INFORMATION SYSTEMS INTERNSHIP
LAB // 2 CREDITS // 12 PERIODS
Work experience in business or industry. Permission of Instructor.

CIS290AC – COMPUTER INFORMATION SYSTEMS INTERNSHIP
LAB // 3 CREDIT // 18 PERIODS
Work experience in business or industry. Permission of Instructor.

CIS296WA-WD – COOPERATIVE EDUCATION
LAB // 1 CREDIT // 5 PERIODS
Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students. Prerequisites: None. Co-requisites: must be concurrently enrolled in at least one class related to job/co-op subject area; must maintain an enrollment ratio of two (2) hours of Credit in other courses for every one (1) hour of Cooperative Education Credit (excluding radio and television); a maximum of sixteen (16) hours of Cooperative Education Credit is allowable in a college program.

CIS298 AA-AC – SPECIAL PROJECTS
LAB // 1-3 CREDITS // 1-3 PERIODS
Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment are made available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. Prerequisites: None.
CISCO NETWORKING TECHNOLOGY (CNT)
CNT140AA – INTRODUCTION TO NETWORKS
LEC + LAB // 4 CREDITS // 6 PERIODS
Introduces the architecture, structure, functions, components, and models of the Internet and other computer net-works. The principles and structure of IP addressing and the fundamentals of Ethernet concepts, media, and operations are introduced. Students will build simple LANs, perform basic configurations for routers and switches, and implement IP addressing schemes. Preparation for Cisco certification examination. Prerequisites: None.

CNT140AB – INTRODUCTION TO NETWORKS
LEC + LAB // 4 CREDITS // 6 PERIODS
Focus on the architecture, structure, functions, components, and models of the Internet and other computer networks. Principles and structure of IP addressing and the fundamentals of Ethernet concepts, media, and operations are introduced. Students will build simple LANs, perform basic configurations for routers and switches, and implement IP addressing schemes. Preparation for Cisco certification examination. Prerequisites: None.

CNT150AA – CISCO - ROUTING AND SWITCHING ESSENTIALS
LEC + LAB // 4 CREDITS // 6 PERIODS
Architecture, components, and operations of routers and switches in a small network. Students learn how to configure a router and a switch for basic functionality. Configuration and troubleshooting routers and switches and resolving common issues with RIPv1, RIPv2, single-area and multi-area OSPF, virtual LANs, and inter-VLAN routing in both IPv4 and IPv6 networks. Preparation for Cisco certification examination. Prerequisites: A grade of C or better in CNT140A A or permission of Instructor.

CNT150AB – SWITCHING, ROUTING, AND WIRELESS ESSENTIALS
LEC + LAB // 4 CREDITS // 6 PERIODS
Focus on configuring switches and routers for use in small and medium size networks. Including Virtual Local Area Networks (VLANs), VLAN trunking, Inter-VLAN routing, Spanning Tree Protocol (STP), EtherChannel, Dynamic Host Configuration Protocol (DHCP), First Hop Redundancy, Local area Network (LAN) and Switch security, and Static routing. Knowledge and skills needed to implement a Wireless Local Area Network (WLAN) is also covered. Preparation for Cisco certification examination. Prerequisites: A grade of C or better in CNT140AB or permission of Instructor.

CNT160AA – SCALING NETWORKS
LEC + LAB // 4 CREDITS // 6 PERIODS
Architecture, components, and operations of routers and switches in large and complex networks. Configuring routers and switches for advanced functionality. Configuring and troubleshooting routers and switches and resolving common issues with OSPF, EIGRP, and STP in both IPv4 and IPv6 networks. Developing the knowledge and skills needed to implement a WLAN in a small-to-medium network. Preparation for Cisco certification examination. Prerequisites: A grade of C or better in CNT150A A or permission of Instructor.

CNT160AB – ENTERPRISE NETWORKING, SECURITY, AND AUTOMATION
LEC + LAB // 4 CREDITS // 6 PERIODS
Focus on the configuration of routers and switches within small and medium size networks for advanced functionality including Open Shortest Path First (OSPF), Network security, Access Control Lists (ACLs), Network Address Translation (NAT), Wide Area Network (WAN) concepts, Virtual Private Networks (VPNs), Quality of Service (QOS), network management, design, troubleshooting, virtualization, and automation. Preparation for Cisco certification examination. Prerequisites: A grade of C or better in CNT150AB or permission of Instructor.

CNT168 – CCNA DISCOVERY – DESIGNING AND SUPPORTING COMPUTER NETWORKS
LEC + LAB // 4 CREDITS // 6 PERIODS
Networking design and customer support including gathering requirements, designing basic networks, establishing proof-of-concept, and performing project management tasks. Lifecycle services, including upgrades, competitive analyses, and system integration, in the context of presale support. Prerequisites: CNT158.

CNT170AA – CISCO – CONNECTING NETWORKS
LEC + LAB // 4 CREDITS // 6 PERIODS
Wide Area Network (WAN) technologies and network services required by converged applications in a complex network. Criteria selection of network devices and WAN technologies to meet network requirements.
Configuring and troubleshooting network devices, and resolving common issues with data link protocols issues, and developing the knowledge and skills needed to implement Internet Protocol Security (IPSec) and Virtual Private Network (VPN) operations. Preparation for Cisco certification examination.
Prerequisites: A grade of C or better in CNT160AA or permission of Instructor.

CNT171 – CCNA EXAM PREP
LEC + LAB // 1 CREDITS // 2 PERIODS
Preparation for renewal of CCNA certification by reviewing the OSI model and industry standards including network topologies, IP addressing, subnet masks, access control list, basic network design and cable installation. Practice the skills to configure, customize, maintain and trouble-shoot Cisco routers and switches for Local Areas Networks (LANs) and Wide Area Networks (WANs) using Cisco IOS command set. Review any new material introduced since the last CCNA exam version. Prerequisites: A grade of C or better in CNT170AA or Certified Cisco Networking Associate (CCNA) certification or permission of Instructor.

CNT200 – CCNP ROUTE: IMPLEMENTING CISCO IP ROUTING
LEC + LAB // 4 CREDITS // 6 PERIODS
Development of knowledge and skills needed to manage Internet Protocol (IP) traffic and access, understand scalable internetworks and Quality of Service (QoS), configure advanced routing protocols Border Gateway Protocol [BGP], Intermediate System to Intermediate System [IS-IS], Enhanced Interior Gateway Routing Protocol [EIGRP], Open Shortest Path First [OSPF], as well as multicast routing, Internet Protocol (IPv6), and perform advanced IP addressing configuration, Dynamic Host Configuration Protocol (DHCP). Preparation for Cisco Certified Network Professional (CCNP) exam. Prerequisites: A grade of C or better in CNT160AB, or CCNA industry certification, or permission of Instructor. Corequisites: CNT220. Course Notes: Preparation for Cisco Certified Network Professional (CCNP) exam.

CNT202 – CISCO SECURE FIREWALL APPLIANCE CONFIGURATION
LEC + LAB // 4 CREDITS // 5 PERIODS
Applications of Cisco Networking technologies in designing and implementing security solutions to reduce risk of revenue loss and vulnerability. Hands-on experience and skills in security policy design and management, security technologies, products and solutions, secure firewall design, installation, configuration and maintenance, Authentication, Authorization, and Accounting (AAA), Failover, and Virtual Private Network (VPN) implementation using firewalls. Prerequisites: A grade of C or better in CNT170A or permission of Instructor.

CNT205 – CISCO CERTIFIED NETWORK ASSOCIATE SECURITY
LEC + LAB // 4 CREDITS // 6 PERIODS
Associate-level knowledge and skills required to secure Cisco networks. Development of a security infrastructure, identification of threats and vulnerabilities to networks. Mitigation of security threats. Core security technologies. Installation, troubleshooting and monitoring of network devices to maintain integrity, confidentiality and availability of data and devices. Competency in the technologies that Cisco uses in its security structure. Prerequisites: A grade of C or better in CNT170AA or Certified Cisco Networking Associate (CCNA) certification or permission of Instructor.

CNT206 – CISCO CERTIFIED NETWORK ASSOCIATE WIRELESS
LEC + LAB // 4 CREDITS // 6 PERIODS
Associate-level knowledge and skills required in Cisco wireless networks. Includes comprehensive hands-on labs to design, plan, implement, operate, secure, and troubleshoot wireless networks. Prerequisites: A grade of C or better in CNT170AA or permission of Instructor.

CNT208 – CISCO CERTIFIED NETWORK ASSOCIATE VOICE
LEC + LAB // 4 CREDITS // 6 PERIODS
Introduction to IP telephony for Medium and Small Organizations networks. Covers Packet Voice Technologies, Configuring Voice Interfaces, Voice Dial Peers, VoIP Signaling, Cisco Unified Communications Manager Express (CUCME), Cisco Unity Express (CUE) and Call Control. Includes data and voice integration solutions at the net-work-access level. Prerequisites: CNT170 or CNT170AA, or CCNA Certification, or permission of Instructor. Course Notes: CNT208 may be repeated for a total of Twelve (12) credit hours.
CNT220 – CCNP SWITCH: IMPLEMENTING CISCO IP SWITCHING  
LEC + LAB // 4 CREDITS // 6 PERIODS  
Development of knowledge and skills in building, monitoring, and maintaining switching in converged enterprise networks using advanced and multi-layer switching technologies. Planning, configuring, securing and verifying the implementation of complex enterprise switching solutions. Hands-on learning and practice to reinforce configuration skills. Prerequisites: A grade of C or better in CNT160AB, or CCNA industry certification, or permission of Instructor. Corequisites: CNT200. Course Notes: Preparation for Cisco Certified Network Professional (CCNP) exam.

CNT231 – CCNP TSHOOT: MAINTAINING AND TROUBLE – SHOOTING CISCO IP NETWORKS  
LEC + LAB // 4 CREDITS // 6 PERIODS  
Development of knowledge and skills in monitoring and maintaining complex enterprise routed and switched Internet Protocol (IP) networks. Skills learned include the planning and execution of regular network maintenance, as well as support and troubleshooting using technology-based processes and best practices, in a systematic approach. Extensive labs emphasize hands-on learning and practice to reinforce configuration skills. Prerequisites: A grade of C or better in (CNT200 and CNT220), or permission of Instructor. Course Notes: Preparation for Cisco Certified Network Professional (CCNP) exam.

COMMUNICATION (COM)  
COM100 – INTRODUCTION TO HUMAN COMMUNICATION  
LEC // 3 CREDITS // 3 PERIODS  
Introduces the theory and practice of human communication. Surveys communication topics related to interpersonal, small group, and public communication. Prerequisites: None. General Education Designation: Social and Behavioral Sciences [SB] Arizona Shared Unique Number SUN#: COM 1100

COM110 – INTERPERSONAL COMMUNICATION  
LEC // 3 CREDITS // 3 PERIODS  
Theory and practice of communication skills which affect day-to-day interactions with other persons. Topics may include using verbal and nonverbal symbols, interactive listening, resolving interpersonal conflict, developing and maintaining personal and professional relationships. Prerequisites: None. General Education Designation: Social and Behavioral Sciences [SB] Arizona Shared Unique Number SUN#: COM 1110

COM150 – DIGITAL STORYTELLING  
LEC + LAB // 3 CREDITS // 6 PERIODS  
Enables students to find and develop their personal stories. Emphasis on the use of digital technology to create, edit, produce and archive a digital story. Prerequisites: None.

COM181 – CONFLICT MEDIATION  
LEC // 3 CREDITS // 3 PERIODS  
Develop communication skills necessary to conduct mediation in formal and informal settings. Applies principles and theories of message production and responding, listening, questioning, source and receiver factors, and emotion to conflict management communication. Emphasis on respecting diversity and empowering joint problem solving throughout. Prerequisites: None. Cross Reference Course: MCM181

COM225 – PUBLIC SPEAKING  
LEC // 3 CREDITS // 3 PERIODS  
Designed to enhance the student’s ability to present public speeches confidently and competently. Also designed to improve information literacy and critical thinking skills. Prerequisites: A grade of C or better in ENG101 or ENG107, or equivalent. General Education Designation: Literacy and Critical Inquiry [L].

COM230 – SMALL GROUP COMMUNICATION  
LEC // 3 CREDITS // 3 PERIODS  
Principles and processes of small groups and development of skills for participation and leadership in small group settings. Practice in problem solving, decision making, and information sharing. Prerequisites: None. General Education Designation: Social and Behavioral Sciences - [SB]. Arizona Shared Unique Number SUN#: COM 2271

COM263 – ELEMENTS OF INTERCULTURAL COMMUNICATION  
LEC // 3 CREDITS // 3 PERIODS  
Diverse cultural contexts are explored through basic concepts, principles, and theories of intercultural communication. Discovering effective interaction and appropriate communication in a global community is emphasized.
Prerequisites: None. General Education Designation: Cultural Diversity [C]; Global Awareness [G]; Social and Behavioral Sciences [SB].

COM271 – VOICE AND DICTION
LEC // 3 CREDITS // 3 PERIODS
Exercises and techniques to free the voice and improve projection, resonance, and articulation. Covers International Phonetic Alphabet and standard stage speech. Prerequisites: None.
Cross-References: THP271

CONSTRUCTION (CON)
NOTE: THE FOLLOWING COURSES WILL BE A PART OF A NEW CONSTRUCTION TECHNOLOGY PROGRAM AT SMCC EFFECTIVE IN THE FALL 2020 SEMESTER!

Editor’s Note: The following Construction courses may be offered concurrently within each of the trades of Carpentry, Electrical and Plumbing: CON103, CON104, CON105, CON107, CON110, CON111, CON112, CON124, CON125, CON126, CON127, CON131, CON132, and CON133.

CON103 - FOUNDATION OF CONSTRUCTION SAFETY
LEC + LAB // 1 CREDIT(S) // 1 PERIOD(S)
Occupational Safety and Health Act (OSHA). Common causes for accidents and fatalities in construction. Abatement techniques for construction-specific hazards. Use of personal protection and lifesaving equipment. Specific types of health hazards related to the construction industry. Proper methods for handling hazardous materials. Prerequisites: None.

CON104 - HAND AND POWER TOOLS, EQUIPMENT, AND WORKSPACE
LEC + LAB // 1.5 CREDIT(S) // 1.5 PERIOD(S)
Overview of the selection, use, maintenance and safety procedures for common hand tools, power tools and equipment used in the construction industry. Overview of the maintenance of workspace according to professional standards. Prerequisites: None.

CON105 - CONSTRUCTION CALCULATIONS
LEC + LAB // 1.5 CREDIT(S) // 1.5 PERIOD(S)
Introduction to basic calculation skills in the construction environment including the four primary operations, United States standard and metric units of measure, geometric figures, area and volume calculations for two and three-dimensional objects. Overview of the use, maintenance, and safety procedures for common hand and power tools. Prerequisites: None.

CON107 CONSTRUCTION DRAWINGS INTRODUCTION
LEC + LAB // 1 CREDIT(S) // 1 PERIOD(S)
Provides students with the information and skills needed to read and understand construction drawings. Prerequisites: None.

CON110 - CARPENTRY: FLOOR SYSTEMS
LEC + LAB // 3 CREDIT(S) // 4 PERIOD(S)
Emphasis on the layout and construction procedures for floor systems, including: interpretation of construction drawings and specifications; selection of appropriate types of floor system components; and application of floor system materials. Includes estimation of the amount of materials needed for a floor assembly and some common alternative floor systems. Prerequisites: None.

CON111 - CARPENTRY: WALL SYSTEMS
LEC + LAB // 3.5 CREDIT(S) // 4 PERIOD(S)
Examines the layout and construction procedures for wall systems, including: interpretation of construction drawings and specifications; selection of appropriate types of wall system components; and application of wall system materials. Emphasis of the estimation of the amount of materials needed for a wall assembly and some common alternative wall systems. Prerequisites: None.

CON112 - CARPENTRY: CEILING JOIST AND ROOF FRAMING
LEC + LAB // 4.5 CREDIT(S) // 5 PERIOD(S)
Covers the layout and construction procedures for roof systems, including interpretation of construction drawings and specifications. Provides an overview of ceiling and roof construction methods, the different types of roofs used in residential construction, materials, estimation of materials, and the use of trusses in basic roof framing. Prerequisites: None.

CON124 – PLUMBING: PIPES AND FITTINGS
LEC + LAB // 3.5 CREDIT(S) // 4 PERIOD(S)
Introduces the various types of plumbing materials, pipe schedules and material properties, and applications of piping. Trainees will learn how to determine the appropriate types of fittings, valves, hangers, and supports needed for piping jobs. Trainees will learn to properly measure, cut, prep, and join piping. Prerequisites: None.
**CON125 – PLUMBING: FIXTURES**  
**LEC + LAB // 2 CREDIT(S) // 3 PERIOD(S)**  
Introduces commonly used fixtures in plumbing systems. Select and operate each type of fixture for a variety of installations. Provides an overview of plumbing system installation, maintenance and water heating systems. Prerequisites: None.

**CON126 - PLUMBING: DRAIN, WASTE, AND VENT**  
**LEC + LAB // 3.5 CREDIT(S) // 4 PERIOD(S)**  
Examine the drainage, waste movement and ventilation for construction application. Provides instruction in locating, installing, connecting, and testing a complete drain, waste, and vent (DWV) system. Prerequisites: None.

**CON127 - PLUMBING: WATER DISTRIBUTION SYSTEMS**  
**LEC + LAB // 2 CREDIT(S) // 3 PERIOD(S)**  
Discuss the processes through which potable water is distributed. Examine the identification of the components and functions of a water distribution system and explains the relationships among the components. Includes installation and testing of water distribution systems. Prerequisites: None.

**CON131 - ELECTRICAL SYSTEMS**  
**LEC + LAB // 3.5 CREDIT(S) // 4 PERIOD(S)**  
Electricity related to residential and light commercial applications, to include common electrical components, AC and DC circuits, and electrical safety. Provides an introduction to reading, interpreting, and creating wiring diagrams and the application of electrical power. Operation and use of specific meters, tools, and an introduction to National Electrical Code (NEC). Prerequisites: None.

**CON132 - DISTRIBUTION PANELS, WIRING, AND CIRCUIT PROTECTION IN ELECTRICAL SYSTEMS**  
**LEC + LAB // 3.5 CREDIT(S) // 4 PERIOD(S)**  
Discuss construction drawings and code related to conductors and cables (types, ratings), residential and commercial applications, wire sizes, utilities, meters, disconnects, breakers, grounding and bonding, rough-in wiring and circuit safety protection. Prerequisites: None.

**CON133 – CONDUIT, RACEWAYS, AND TERMINATION IN ELECTRICAL SYSTEMS**  
**LEC + LAB // 4 CREDIT(S) // 5 PERIOD(S)**  
Termination and implementation of electricity in a facility. Considers topics related to box capacities, raceways, conduit sizes, termination practices, wire trays, and finish wiring. Prerequisites: None.

**CAREER PERSONAL DEVELOPMENT (CPD)**  
**CPD102AD – GROWTH AND TRANSFORMATION STRATEGIES**  
**LEC // 2 CREDITS // 2 PERIODS**  
Designed to help students adopt a growth mindset within a holistic framework in order to transform patterns that prevent them from achieving their goals. Prerequisites: None.

**CPD115 – CREATING COLLEGE SUCCESS**  
**LEC // 1 CREDIT // 1 PERIOD**  
Strategies to create success in college. Methods for selecting and developing effective academic strategies, increasing self-awareness and developing self-management strategies. Elements of college resources and relationships with others explored in support of students' educational experience. Prerequisites: None. Cross References: AAA115

**CPD150 – STRATEGIES FOR COLLEGE SUCCESS**  
**LEC // 3 CREDITS // 3 PERIODS**  
Focus on increasing student success through college orientation and personal growth, study skills development, and educational and career planning. Prerequisites: None. Cross Reference: AAA150

**CPD160 – INTRODUCTION TO MULTICULTURALISM**  
**LEC // 3 CREDITS // 3 PERIODS**  
Examination of the multiple cultures and subcultures within the contemporary United States. Personal exploration of awareness and appreciation of multiculturalism. Activities for experiencing diverse cultural perspectives. Critical thinking skills for recognizing, analyzing, and mediating cultural and psychological factors impacting conflict and accord between diverse cultures through written and oral discourse. Prerequisites: ENG101, or ENG107, or permission of Instructor. General Education Designations: Cultural Diversity - [C]; Literacy and Critical Inquiry [L].

**CRITICAL READING (CRE)**  
**CRE101 – COLLEGE CRITICAL READING AND CRITICAL THINKING**  
**LEC // 3 CREDITS // 3 PERIODS**  
Develop and apply critical thinking skills through critically reading varied and challenging materials. Includes analysis, evaluation, interpretation, and synthesis through at least two substantial writing and/or speaking tasks.
Prerequisites: A grade of C or better in (ENG101 or ENG107) and (RDG095, or RDG100, or RDG100LL, or RDG111, or RDG112, or RDG113, or an appropriate district placement, or permission of Instructor). General Education Designation: Literacy and Critical Inquiry - [L] Common Competency Course. Editor’s Note: CRE101 may be offered concurrently with ENG102.

CREASE201 – CRITICAL READING AND WRITING IN A GLOBAL SOCIETY
LEC // 3 CREDITS // 3 PERIODS
Critical evaluation of writings of authors from a variety of countries and cultures in order to gain a more global perspective of both universal and contemporary issues. Analysis, synthesis, and evaluation of various contemporary cultural viewpoints through at least two substantial writing and/or speaking tasks. Prerequisites: A grade of C or better in (ENG101 or ENG107) and (CRE101 or exemption by score on the reading placement test). General Education Designation: Global Awareness [G] General Education Designation: Literacy and Critical Inquiry - [L]

CREASE111 – CRITICAL READING FOR BUSINESS AND INDUSTRY
LEC // 3 CREDITS // 3 PERIODS
Emphasis on reading skills required for success in business and technology. Includes interpretation of technical and professional materials with an emphasis on critical analysis and reading. Prerequisites: Reading Asset test score or a grade of C or better in RDG100 or permission of Instructor.

CREATIVE WRITING (CRW)
CRW150 – INTRODUCTION TO CREATIVE WRITING
LEC // CREDITS // 3 PERIODS
Introduction to the basic aesthetics and techniques in contemporary creative writing within a variety of genres. Introduction to the analytical concepts and terminology necessary to understand, interpret, and enact contemporary creative writing. Facilitation of writing practices and evaluation. Introduction to literature’s role in society. Prerequisites: None.

CRW170 – INTRODUCTION TO WRITING FICTION
LEC // 3 CREDITS // 3 PERIODS
Practice in writing fiction through a process of prewriting (invention and discovery), writing, analysis and evaluation (in workshop), and revision; practice in manipulating various elements and forms of fiction. Prerequisites: None. CRW150 recommended but not required.

COMPUTER SCIENCE (CSC)
CSC110 – INTRODUCTION TO COMPUTER SCIENCE - (JAVA)
LEC + LAB // 3 CREDITS // 3 PERIODS
Concepts of problem solving, structured and object-oriented programming in Java, fundamental algorithms and techniques and computer system concepts. Social and ethical responsibilities. Intended for Computer Science and Computer Systems Engineering Majors. Prerequisites: MAT120 or MAT121 or MAT122. General Education Designation: Computer/Statistics/Quantitative Applications [CS].

CSC100AB – INTRODUCTION TO COMPUTER SCIENCE (C++)
LEC + LAB // 3 CREDITS // 3 PERIODS
Concepts of problem-solving, structured programming in C++, fundamental algorithms and techniques, and computer system concepts. Social and ethical responsibilities. Intended for majors other than Computer Science. Prerequisites: A grade of C or better in MAT120 or MAT121 or MAT122. General Education Designation. Computer/Statistics/Quantitative Applications - [CS]

CSC205 – OBJECT ORIENTED PROGRAMMING AND DATA STRUCTURES
LEC + LAB // 3 CREDITS // 3 PERIODS
Covers Object-Oriented design and programming; elementary data structures; arrays; lists; stacks; queues; binary trees; recursion; searching and sorting algorithms. Prerequisites: CSC110, or permission of Instructor.

CUSTOMER SERVICE REPRESENTATIVE (CSR)
Editor’s Note: The following courses are a part of our Pharmacy: Customer Service program (5348) and are offered through a closed cohort. See the mCLCTL Division for scheduling information.

CSR139 – INTRODUCTION TO RETAIL PHARMACY CUSTOMER CARE
LEC // 3 CREDITS // 3 PERIODS
Introduction to the retail pharmacy program. Includes customer care responsibilities, confidentiality, and eligibility status in addition to various types of member inquiries. Also covers quality assurance and Federal and State laws governing controlled substances. Prerequisites: None.
CSR156 – RETAIL PHARMACY PROCEDURES
LEC + LAB // 2 CREDITS // 4 PERIODS
Practical application of retail pharmacy customer care procedures. Includes procedures for accessing accounts, responding to eligibility issues, and completing customer requests. Also covers billing and payment procedures as well as the provision of nontechnical web support. Prerequisites: CSR139.

CSR160 – PHARMACY PRACTICE FOR THE CUSTOMER SERVICE REPRESENTATIVE
4 LEC // 1 CREDIT // 1 PERIOD
Orientation to customer service responsibilities in pharmacy practice. Includes educational and licensure requirements as well as basic functions of the pharmacy and the customer service representative. Prerequisites: Permission of Department or Division.

CSR162 – PHARMACY OPERATIONS FOR THE CUSTOMER SERVICE REPRESENTATIVE
LEC // 3 CREDITS // 3 PERIODS
Customer service responsibilities in pharmacy operations. Includes procedures for prescription dispensing and drug distribution in the retail setting. Inventory control, packaging and storage, in addition to computer usage and third party operations. Prerequisites: CSR160

CSR280AB – CUSTOMER SERVICE INTERNSHIP
LEC + LAB // 2 CREDITS // 2 PERIODS
Customer service experience in business or industry. Eighty hours of designated work per credit. Prerequisites: Permission of Department or Division. Course Notes: Maximum of eight credits allowed.

CAREER/WORK EXPERIENCE (CWE)
CWE198AA-AC – CAREER/WORK EXPERIENCE
LEC + LAB // 1-3 CREDITS
Participation in a work experience, gaining on-the-job training, and/or exploring a career or field of choice. Helps students relate their education to the real work world. Resume writing and interviewing skills. Development of employability skills. Prerequisites: None.

DANCE HUMANITIES (DAH)
DAH100 – INTRODUCTION TO DANCE
LEC // 3 CREDITS // 3 PERIODS
Overview of the field of dance focusing on origins, historical development, and cultural characteristics of the various styles of dance. Prerequisites: None.

General Education Designation: Global Awareness [G]; Humanities and Fine Arts [HU].

DANCE (DAN)
DAN102AA – HIP HOP I
LEC + LAB // 1 CREDIT // 3 PERIODS
Theory and practice of Hip Hop dance at the beginning level. Development of movement quality and performance skills. Prerequisites: None. Course Note: DAN102A A may be repeated for credit.

DAN120AA – WORLD DANCE: AFRICAN DANCE
LEC + LAB // 1 CREDIT // 3 PERIODS
Theory and practice of African dance. Development of movement quality and performance skills, individually or in a group setting. May include African, Caribbean or Afro- fusion dance. Prerequisites: None. Course Notes: DAN120A A may be repeated for credit.

DAN132 – MODERN DANCE I
LEC +LAB // 1 CREDIT // 3 PERIODS
Introduction to the theory and practice of modern dance at the beginning level. Development of movement quality and performance skills. Prerequisites: None. Course Note: DAN132 may be repeated for credit.

DAN133 – JAZZ DANCE I
LEC +LAB // 1 CREDIT // 3 PERIODS
Introduction to the theory and practice of jazz dance at the beginning level. Development of movement quality and performance skills. Prerequisites: None. Course Note: DAN133 may be repeated for credit.

DAN135 – MODERN DANCE II
LEC + LAB // 1 CREDIT // 3 PERIODS
Theory and practice of modern dance at the advanced beginning level. Development of movement quality and performance skills. Prerequisites: DAN132 or permission of instructor. Course Notes: DAN135 may be repeated for credit.

DAN136 – JAZZ DANCE II
LEC + LAB // 1 CREDIT // 3 PERIODS
Theory and practice of jazz dance at the advanced beginning level. Development of movement quality and performance skills. Prerequisites: DAN133 or permission of instructor. Course Notes: DAN136 may be repeated for credit.
DAN141 – DANCE WORKSHOP
LEC + LAB // 1 CREDIT // 3 PERIODS
An intensive experience in the process of choreography, performance, and production elements. Prerequisites: None. Course Notes: DAN141 may be repeated for credit.

DAN150 – DANCE PERFORMANCE I
LEC + LAB // 1 CREDIT // 3 PERIODS
An introduction to the process and practice of dance performance. Prerequisites: None. Co requisites: Any level of any of the following dance technique courses with a DAN prefix: ballet, modern, jazz, hip hop, tap, social, or world dance. Course Note: DAN150 may be repeated for credit.

DAN155 – DANCE PERFORMANCE II
LEC + LAB // 1 CREDIT // 3 PERIODS
Continued study of the process and practice of dance performance at advanced beginning level. Prerequisites: A grade of C or better in DAN150 or permission of Instructor. Co requisites: Any level of any of the following dance technique courses with a DAN prefix: ballet, modern, jazz, hip hop, tap, social, or world dance. Course Notes: DAN155 may be repeated for credit.

DAN210 – DANCE PRODUCTION I
LEC + LAB // 3 CREDIT // 3 PERIODS
Introduction to the elements of pre-production and production, including but not limited to production organization, production management, lighting design, and sound design as they relate to the art of dance. Prerequisites: None.

DAN232 – MODERN DANCE III
LEC + LAB // 1 CREDIT // 3 PERIODS
Theory and practice of modern dance at the beginning intermediate level. Development of movement quality and performance skills. Prerequisites: A grade of C or better in DAN135 or permission of Instructor. Course Note: DAN232 may be repeated for credit.

DAN233 – JAZZ DANCE III
LEC + LAB // 1 CREDIT // 3 PERIODS
Theory and practice of jazz dance at the beginning intermediate level. Development of movement quality and performance skills. Prerequisites: A grade of C or better in DAN136 or permission of instructor. Course Notes: DAN233 may be repeated for credit.

DAN235 – MODERN DANCE IV
LEC + LAB // 1 CREDIT // 3 PERIODS
Theory and practice of modern dance at the intermediate level. Development of movement quality and performance skills. Prerequisites: A grade of C or better in DAN232 or permission of instructor. Course Notes: DAN235 may be repeated for credit.

DAN236 – JAZZ DANCE IV
LEC + LAB // 1 CREDIT // 3 PERIODS
Theory and practice of jazz dance at the intermediate level. Development of movement quality and performance skills. Prerequisites: A grade of C or better in DAN233 or permission of Instructor. Course Notes: DAN236 may be repeated for credit.

DAN250 – DANCE PERFORMANCE III
LEC + LAB // 1 CREDIT // 3 PERIODS
Continued study of the process and practice of dance performance at a level III. Prerequisites: A grade of C or better in DAN155 or permission of Instructor. Co requisites: Any level of any of the following dance technique courses with a DAN prefix: ballet, modern, jazz, hip hop, tap, social, or world dance. Course Notes: DAN250 may be repeated for credit.

DAN264 – CHOREOGRAPHY I
LEC + LAB // 3 CREDITS // 3 PERIODS
Study of basic dance choreography to include construction of a phrase, structure and form in a composition, and the basic elements of time, space and energy. Prerequisites: None.

DAN265 – CHOREOGRAPHY II
LEC + LAB // 3 CREDITS // 3 PERIODS
Exploration of choreography at the intermediate level. Experimentation with the various approaches to creative practice as established by 20th and 21st century artists. Prerequisites: A grade of C or better in DAN264 or permission of Instructor.

DAN280 – DANCE PRACTICUM
LEC + LAB // 2 CREDITS // 3 PERIODS
A culmination of coursework for the dance major requiring completion of an extended choreographic work from conception to performance. Also requires a final evaluative paper on the successes and challenges encountered throughout the project. Prerequisites: Permission of Instructor.
ENGINEERING SCIENCE (ECE)

ECE102 – ENGINEERING ANALYSIS TOOLS AND TECHNIQUES
LEC + LAB // 2 CREDITS // 4 PERIODS
Learning culture of engineering, engineering use of computer tools, and computer modeling as applied to engineering analysis and design. Prerequisites: A grade of C or better is required in all Prerequisites. Prerequisites or Corequisites: MAT182, or higher level mathematics course, or permission of Instructor or Department or Division Chair. Arizona Shared Unique Number SUN#: EGR 1102 - In combination with: ECE103

ECE102AA – ENGINEERING ANALYSIS TOOLS AND TECHNIQUES
LEC // 2 CREDITS // 2 PERIODS
LAB // 0 CREDITS // 2 PERIODS
Learning culture of engineering, engineering use of computer tools, and computer modeling as applied to engineering analysis and design. Prerequisites: Two years of high school algebra or a grade of C or better in MAT122 or permission of Department or Division. Co requisites: MAT151 or MAT182 or MAT187. Arizona Shared Unique Number SUN#: EGR 1102 - In combination with: ECE103AB

ECE103 – ENGINEERING PROBLEM SOLVING AND DESIGN
LEC + LAB // 2 CREDITS // 4 PERIODS
Fundamentals of the design process: engineering modeling, communication and problem-solving skills in a team environment. Emphasis on process-based improvements to the design process. Introduction to engineering as a profession. Prerequisites: A grade of C or better in ECE102 or permission of Instructor or Division or Department Chair. Course Notes: Student may receive credit for only one of the following: ECE103 or ECE103EP. Arizona Shared Unique Number SUN#: EGR 1102 - In combination with: ECE102

ECE103AB – ENGINEERING PROBLEM SOLVING AND DESIGN – EGR1102
LEC // 2 CREDITS // 2 PERIODS
LAB // 0 CREDITS // 2 PERIODS
Fundamentals of the design process: engineering modeling, communication and problem solving skills in a team environment. Emphasis on process-based improvements to the design process. Introduction to engineering as a profession. Prerequisites: A grade of C or better in (ECE102 or ECE102AA) and (high school physics, or PHY111, or PHY111AA). Course Notes: Student may receive credit for only one of the following: ECE103AB, or ECE103, or ECE103EP. Arizona Shared Unique Number SUN#: EGR 1102 - In combination with: ECE102AA

ECE103EP – ENGINEERING PROBLEM SOLVING AND DESIGN (WITH EPICS PROJECTS)
LEC + LAB // 2 CREDITS // 4 PERIODS
Fundamentals of the design process: engineering modeling, communication and problem-solving skills and design with Engineering Projects in Community Service (EPICS) in a team environment. Emphasis on process-based improvements to the design process. Introduction to engineering as a profession. Prerequisites: A grade of C or better in ECE102 or permission of Instructor. Course Notes: Student may receive credit for only one of the following: ECE103 or ECE103EP. Arizona Shared Unique Number SUN#: EGR 1102 - In combination with: ECE102

ECE104 – EPICS GOLD I
LEC + LAB // 2 CREDITS // 2 PERIODS
EPICS Gold is the first of a sequence of two two-credit service learning courses in which EPICS teams are formed from students potentially representing all engineering, computer science, and construction disciplines, as well as other majors, including sustainability, business, liberal arts, sciences, and others. Prerequisites: None. Course Notes: Students who complete this course and transfer to ASU may participate in the upper division EPICS classes following this introductory class, which may include continuation of the project from this class or different projects. Student participation for multiple consecutive semesters on a project is encouraged. ECE104 may be repeated for a total of four (4) credit hours.

ECE105 – MATLAB PROGRAMMING
LEC + LAB // 1 CREDITS // 2 PERIODS
Use MATLAB to solve engineering problems. An overview of programming, including matrices, structures, strings, functions, control flow, file management, data analysis, graphing capabilities, and mathematical calculations. Prerequisites: A grade of C or better in [(MAT150 or MAT151 or MAT152 or MAT155 or MAT156) or MAT187 or higher level mathematics course] or permission of Instructor or Division or Department Chair.
ECE111 – BIOENGINEERING SYSTEMS  
LEC // 3 CREDITS // 3 PERIODS  
LAB // 0 CREDITS // 2 PERIODS  
Introduction to biological concepts and application of engineering to biological and earth systems. Analysis of materials, structures, fluid mechanics, bioelectricity, and dynamics as applied to biological and environmental systems. Prerequisites: None.

ECE211 – ENGINEERING MECHANICS-STATICS  
LEC // 3 CREDITS // 3 PERIODS  
LAB // 0 CREDITS // 2 PERIODS  
Mathematical treatment of the basic physical principles of statics. Methods of vector algebra and vector calculus. Prerequisites: A grade of C or better in PHY115 or PHY121 or permission of Instructor or Division or Department Chair. Corequisites: MAT230 or MAT231 or permission of Instructor or Division or Department Chair.

ECE214 – ENGINEERING MECHANICS  
LEC // 4 CREDITS // 4 PERIODS  
LAB // 0 CREDITS // 2 PERIODS  
Foundations of engineering mechanics, including force systems, resultants, equilibrium of particles and rigid bodies, centroids and centers of mass, area and mass moments of inertia, friction, internal forces in structures, kinematics and kinetics of particles, kinematics and kinetics of rigid bodies, energy and momentum principles. Prerequisites: A grade of C or better in (ECE103 or ECE103AB or ECE103EP) and (MAT230 or MAT231) and (PHY115 or PHY121). Corequisites: MAT240 or MAT241.

ECE215 – MECHANICS OF MATERIALS  
LEC + LAB // 3 CREDITS // 3 PERIODS  
Designed to provide students with a strong fundamental foundation in the mechanics of solids. Includes the concepts of stress and strain applied to the analysis and design of members subjected to axial and torsional loads and members subjected to shear and bending, applications and transformation of plane stress and plane strain, deformation of beams, and elastic buckling of columns. Prerequisites: A grade of C or better in ECE211 or ECE214 or permission of Instructor or Division or Department Chair.

ECE216 – COMPUTER-AIDED ENGINEERING  
LEC // 2 CREDITS // 2 PERIODS  
Introduction to engineering graphics, including tolerancing and fasteners, as well as creation and use of engineering drawings. Prerequisites: A grade of C or better in ECE103, or ECE103EP, or permission of Instructor or Division or Department Chair. Corequisites: ECE216LL.

ECE217 – COMPUTER-AIDED ENGINEERING LABORATORY I  
LAB // 1 CREDIT // 2 PERIODS  
Laboratory experience in support of ECE216. Prerequisites: A grade of C or better in ECE103, or ECE103EP, or permission of Instructor. Corequisites: ECE216.

ECE294 – SPECIAL TOPICS IN ENGINEERING  
LEC + LAB // 3 CREDITS // 3 PERIODS  
Exploration and investigation of a focused topic in engineering. Prerequisites: Permission of Instructor, or Department or Division Chair. Course Notes: ECE294 may be repeated for credit.

ECE298AB – SPECIAL PROJECTS  
LAB // 2 CREDITS // 2 PERIODS  
Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. Prerequisites: Permission of Instructor, or Department or Division Chair. Course Attribute: Common Competency Course.

EARLY CHILDHOOD EDUCATION (ECH)  
ECH128 – EARLY LEARNING: PLAY AND THE ARTS  
LEC // 3 CREDITS // 3 PERIODS  
Examines theory, research and practices relating to play and the creative arts in early childhood. Considers practical constraints and alternative perspectives. Prerequisites: None.

ECH140 – LEARNING MADE VISIBLE THROUGH DOCUMENTATION  
LEC // 1 CREDIT // 1 PERIOD  
The study of documentation in early childhood environments including strategies to reflect on children’s thinking, hypothesis development, and the multiple relationships essential in the learning environments. Prerequisites: None.

</table>
Consideration of job responsibilities, rewards, ethics and current issues facing practitioners. Includes assessment and career planning. Prerequisites: None. Cross-References: CFS287

**ECONOMICS (ECN)**

**ECN211 – MACROECONOMIC PRINCIPLES**
**LEC // 3 CREDITS // 3 PERIODS**
A descriptive analysis of the structure and functioning of the American economy. Emphasis on basic economic institutions and factors that determine national income and employment levels. Consideration given to the macroeconomic topics of national income, unemployment, inflation and monetary and fiscal policies. Prerequisites: None. General Education Designation: Social and Behavioral Sciences [SB]. Arizona Shared Unique Number SUN#: ECN 2201

**ECN212 – MICROECONOMIC PRINCIPLES**
**LEC // 3 CREDITS // 3 PERIODS**
Microeconomic analysis including the theory of consumer choice, price determination, resource allocation and income distribution. Includes non-competitive market structures such as monopoly and oligopoly; and the effects of government regulation. Prerequisites: None. General Education Designation: Social and Behavioral Sciences [SB]. Arizona Shared Unique Number SUN#: ECN 2202

**ECN263 – THE ECONOMICS OF NATURAL RESOURCES, POPULATION AND THE ENVIRONMENT**
**LEC // 3 CREDITS // 3 PERIODS**
Applies economic analysis to both the causes and possible remedies of the problems of environmental deterioration and natural resource depletion. Includes discussion of the economic problems of urban communities and the relationship between population and economic growth and the depletion of natural resources and environmental pollution. Prerequisites: A grade of C or better in ECN100 or ECN211 or ECN212.

**EDUCATION (EDU)**

**EDU101AA – TUTOR TRAINING AND PRACTICUM**
**LEC // 1 CREDIT // 1 PERIOD**
Tutor training with an opportunity to gain insights into instructional support services through a minimum of 30 hours of supervised onsite experience within an educational setting. Overview of the role and responsibilities of instructional tutors as well as tutoring techniques, with particular focus on reading and writing strategies. Prerequisites: None.

**EDU105 – SUBSTITUTE TEACHER TRAINING**
**LEC + LAB // 2 CREDITS // 2 PERIODS**
Survey of issues important to substitute teaching in Arizona. Discussion of certification, professional behavior, and classroom techniques. Prerequisites: None. Course Notes: EDU105 requires an approved field experience.

**EDU220 – INTRODUCTION TO SERVING ENGLISH LANGUAGE LEARNERS (ELL)**
**LEC // 3 CREDITS // 3 PERIODS**
Rationale for and current educational and legal issues for serving English Language Learners (ELL). Comparison and evaluation of various types of language educational models including Structured English Immersion (SEI), English as a Second Language (ESL) and bilingual. Includes SEI, ESL, and bilingual strategies. Prerequisites: None. Course Notes: Approved school- based practicum is required. EDU220 incorporates the 45-clock hour curricular framework for provisional SEI endorsement through the Arizona Department of Education.

**EDU221 – INTRODUCTION TO EDUCATION**
**LEC // 3 CREDITS // 3 PERIODS**
Overview of the historical, political, economic, social, and philosophical factors that influence education and make it so complex. Opportunity for students to assess their interest and suitability for teaching. Prerequisites: None. Course Note: EDU221 requires minimum of 30 hours of field experience in elementary or secondary classroom environment. General Education Designation: Social and Behavioral Sciences - [SB]

**EDU222 – INTRODUCTION TO THE EXCEPTIONAL LEARNER**
**LEC // 3 CREDITS // 3 PERIODS**
Overview of the exceptional learner with emphasis on factors relating to current practices, identification, characteristics, and educational adaptations. Issues related to mild disabilities, severe disabilities, emotional and behavioral disorders, intellectual disabilities, and students who are gifted. Prerequisites: None. Course Notes: EDU222 requires an approved field experience, General Education Designations: Cultural Diversity [C]; Social and Behavioral Sciences [SB].
EDU230 – CULTURAL DIVERSITY IN EDUCATION
LEC // 3 CREDITS // 3 PERIODS
Examination of the relationship of cultural values to the formation of self-concept and learning styles. Examination of the role of prejudice, stereotyping and cultural incompatibilities in education. Emphasis on teacher preparation (preshervice and/ or in-service) to offer an equal educational opportunity to students of all cultural groups. Prerequisites: None. General Education Designation: Cultural Diversity [C].

EDU236 – CLASSROOM RELATIONSHIPS
LEC // 3 CREDITS // 3 PERIODS
Analysis of K-12 classroom interactions, classroom environment, and classroom management skills from a teacher's point of view. Focus on classroom as a multidimensional environment in which principles of classroom design, communication, management, and resources determine effectiveness. Prerequisites: None. EDU221 suggested but not required. Course Notes: Requires a 20-hour field experience in a K-12 classroom.

EDU250 – TEACHING AND LEARNING IN THE COMMUNITY COLLEGE
LEC // 3 CREDITS // 3 PERIODS
The history, functions, organization and current issues in the community/junior college with emphasis on the Arizona community colleges. Includes focus on the design and practice of effective community college teaching and learning with special emphasis on the Maricopa County Community College District. Prerequisites: None.

EDU282AA – SERVICE LEARNING EXPERIENCE IN EDUCATION
LEC // 1 CREDIT // 1 PERIOD
Unpaid Service-Learning (SL) experience, completed with approved community partner. Prerequisites: Permission of Instructor. Course Notes: EDU282AA may be repeated for a total of six (6) credit hours. Standard grading available according to procedures outlined in catalog.

EDU283AA – USING STORYTELLING IN EDUCATIONAL SETTINGS
LEC // 1 CREDIT // 1 PERIOD
The application of storytelling and storytelling activities in educational settings. Prerequisites: None. Cross Reference: STO289AA

EDU289 – SECONDARY METHODS AND CURRICULUM DEVELOPMENT
LEC // 1 CREDIT // 1 PERIOD
Overview and practical application of teaching methodology and curriculum development for secondary education teachers. Teaching strategies, curriculum design, lesson objectives, time management skills, teaching resources and student assessments covered. Professional Teaching Standards emphasized. Includes current research findings related to secondary education methods and curriculum development. Prerequisites: Baccalaureate Degree and formal admission to a state approved post- baccalaureate teacher preparation program. Course Notes: Upon completion of EDU289, students are required to enroll in one of the following courses: EDU289AA or EDU289AB or EDU289AC or EDU289AD or EDU289AE

EDU291 – CHILDREN’S LITERATURE
LEC // 3 CREDITS // 3 PERIODS
Review of folk and modern literature from a variety of world cultures, including application of literary criteria to folk and modern literature for children. Prerequisites: None. General Education Designation: Humanities and Fine Arts [HU]. Cross- References: ENH291

EDU292 – THE ART OF STORYTELLING
LEC // 3 CREDITS // 3 PERIODS
Explore the art and origin of storytelling. Provide a variety of storytelling techniques, styles and exercises to enhance the delivery of telling stories. Assist in the integration and application of storytelling to the learning environment in the classroom. Prerequisites: None. General Education Designation: Humanities and Fine Arts - [HU]; Cultural Diversity [C]. Cross- References: HUM292, STO292

EDU294 – MULTICULTURAL FOLKTALES
LEC // 3 CREDITS // 3 PERIODS
Study of multicultural folktales, exploring the impact of the oral tradition in American society and showing classroom applications. Prerequisites: None. General Education Designation: Humanities and Fine Arts [HU]; Cultural Diversity [C]. Cross References: ENH294, STO294.
EDU298AA – SPECIAL PROJECTS
LAB // 1 CREDIT // 1 PERIOD
Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. Prerequisites: Permission of Program Director or Instructor. Cross-References: ECH298AA. Course Note: COMMON COMPETENCY COURSE

EARLY EDUCATION (EED)
EED200 – FOUNDATIONS OF EARLY CHILDHOOD EDUCATION
LEC // 3 CREDITS // 3 PERIODS
Overview of early childhood education (birth to age eight) in American society, including current issues and responsibilities. Emphasis on issues of professionalism, ethics and program types. Opportunities for students to explore potential career paths. Prerequisites: None. Course Notes: EED200 requires a minimum of 30 hours of field experience in birth to age eight environments. General Education Designation: Social and Behavioral Sciences - [SB]

EED205 – THE DEVELOPING CHILD: PRENATAL TO AGE EIGHT
LEC // 3 CREDITS // 3 PERIODS
Examination of process of physical, social, emotional, cognitive, language, and literacy development of typical and atypical young children; prenatal through age eight. Includes practical application and fieldwork experience. Prerequisites: None. General Education Designation: Social and Behavioral Sciences [SB].

EED210 – CREATIVE AND COGNITIVE PLAY
LEC // 3 CREDITS // 3 PERIODS
Benefits of play for children birth to 8 years of age. Inclusion of art, music, and movement used in all dimensions of play. Identify uses and roles in the development of children. Prerequisites: A grade of C or better in CFS/ECH176, or CFS235, or EED205.

EED212 – GUIDANCE, MANAGEMENT AND THE ENVIRONMENT
LEC // 3 CREDITS // 3 PERIODS
Principles for guiding young children in early care and education environments. Exploration of guidance, management, and how the environment impacts the lives of young children. Includes observation of classrooms of children ages birth to age eight. Prerequisites: None.

EED215 – EARLY LEARNING, HEALTH, SAFETY, NUTRITION AND FITNESS
LEC // 3 CREDITS // 3 PERIODS
Consideration of public health issues and safety procedures within early childhood settings, serving young children birth to age eight. Overview of nutritional needs and issues of physical fitness and wellbeing in young children. Includes field experiences. Prerequisites: None.

EED220 – CHILD, FAMILY, COMMUNITY AND CULTURE
LEC // 3 CREDITS // 3 PERIODS
Examines family, community and cultural influences on development of the young child (birth to age eight). Considers trends and threats to attachment, relationships and cultural identity. Includes social and emotional experiences and their impact on the developing brain. Prerequisites: None.

EED222 – INTRO TO THE EXCEPTIONAL YOUNG CHILD: BIRTH TO AGE EIGHT
LEC // 3 CREDITS // 3 PERIODS
Overview of the exceptional learner (birth - age eight), one who differs from the average or the norm, with emphasis on observation, techniques, characteristics, identification, types of programs, and work with families. Issues related to learning exceptionalities, sensory and communication disorders, social and emotional problems, physical and health related disorders, and giftedness. Includes field experience. Prerequisites: None. General Education Designation: Social and Behavioral Sciences [SB]; Cultural Diversity [C]

EED245 – EARLY LEARNING: LANGUAGE ACQUISITION AND LITERACY DEVELOPMENT
LEC // 3 CREDITS // 3 PERIODS

FOOD SCIENCE TECHNOLOGY (FST)
NOTE: THE FOLLOWING COURSES WILL BE A PART OF A NEW PROGRAM AT SMCC EFFECTIVE IN THE FALL 2020 SEMESTER!

FST175 – FOOD SCIENCE PRODUCT DEVELOPMENT I
LEC // 3 CREDIT // 3 PERIODS
A study of food production with hands-on experience in all aspects of developing, producing, and marketing food products for food science majors. Prerequisites: None.

FST263 – PRINCIPLES OF FOOD SCIENCE
LEC // 3 CREDIT // 3 PERIODS
The study of scientific principles involved in the development, production, and evaluation of food. Prerequisites: None.

FST264 – PROTEIN SCIENCE
LEC // 3 CREDIT // 3 PERIODS
The study of natural and synthetic proteins in food science with a focus on meat. Prerequisites: A grade of C or better in FST263.

FST265 – MICROBIOLOGY OF FOODS
LEC // 3 CREDIT // 3 PERIODS
The study of microorganisms and their relationship to food development, production, processing, and preservation. Prerequisites: A grade of C or better in (BIO156 or BIO156XT or BIO181 or BIO181XT or FST263) and (CHM130 or higher).

FST267 – ANALYSIS OF FOOD
LEC // 3 CREDIT // 3 PERIODS
A study of biochemical analysis of foods used in product development, evaluation, and quality control. Prerequisites: A grade of C or better in (BIO156 or BIO156XT or BIO181 or BIO181XT or FST263) and (CHM130 or higher).
FST275 – FOOD SCIENCE PRODUCT DEVELOPMENT I
LEC // 3 CREDIT // 3 PERIODS
Advanced study of food production and analysis of quality, safety, efficiency and cost through hands-on experience in developing, producing and marketing food products. Prerequisites: None.

FST298AA-AC – SPECIAL PROJECTS
LEC // 1-3 CREDIT // 1-3 PERIODS
Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. Prerequisites: Permission of Program Director or Instructor. Course Attributes: Common Competency Course

GENERAL BUSINESS (GBS)

GBS207 – BUSINESS LAW (GENERAL CORPORATE)
LEC // 3 CREDITS // 3 PERIODS
Legal and ethical aspects of agency, partnerships, corporations, bankruptcy, antitrust, securities, and other regulations of business. Prerequisites: None.

GBS220 – QUANTITATIVE METHODS IN BUSINESS
LEC // 3 CREDITS // 3 PERIODS
Business applications of quantitative optimization methods in operations management decisions. Prerequisites: (A grade of C or better in MAT150, or MAT151, or MAT152) or satisfactory score on District placement exam.

GBS221 – BUSINESS STATISTICS BUS2201
LEC // 3 CREDITS // 3 PERIODS
Business applications of descriptive and inferential statistics, measurement of relationships, and statistical process management. Includes the use of spreadsheet software for business statistical analysis. Prerequisites: Grade of C or better in GBS220 or MAT217. General Education Designation: Computer/Statistics/Quantitative Applications [CS] Arizona Shared Unique Number SUN# BUS2201

GBS233 – BUSINESS COMMUNICATION
LEC // 3 CREDITS // 3 PERIODS
Internal and external business communications, including verbal and nonverbal techniques. Prerequisites: ENG 101 or ENG 107 with grade of C or better, or permission of department/division. General Education Designation: Literacy and Critical Inquiry [L].
GBS270AC – BUSINESS INTERNSHIP
LEC // 3 CREDITS // 3 PERIODS
General business work experience in a business or industry. Eighty hours of designated work per credit. Prerequisites: Permission of Department or Division.

GBS282AB – VOLUNTARIsm GENERAL BUSINESS: SERVICE LEARNING EXPERIENCE
LAB // 2 CREDITS // 2 PERIODS
Service learning field experience within private/public agencies, educational institution, and citizen volunteer groups. Prerequisites: GBS151 and permission of Instructor. Course Notes: GBS282AB may be repeated for a total of six (6) GBS282 credit hours. Standard grading available according to procedures outlined in catalog.

GBS296WA-WC – COOPERATIVE EDUCATION
LAB // 1-3 CREDITS // 5-15 PERIODS
Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students. Prerequisites: Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to students’ academic or career goals (students present job may qualify) or permission of instructor. Co requisites: Must be concurrent in at least one class which is related to student’s major or career interest or with permission of the Instructor.

GBS298AA-AC – SPECIAL PROJECTS
LAB // 1-3 CREDITS // 1-3 PERIODS
Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. Prerequisites: Permission of Program Director or instructor.

GEOLOGY – (GLG)

GLG101 – INTRODUCTION TO GEOLOGY I – PHYSICAL LECTURE GLG1101
LEC // 3 CREDITS // 3 PERIODS
Introduction to Earth’s materials, surface and internal geologic processes, plate tectonics and geologic time. Prerequisites: None. Course Attributes: General Education Designation: Natural Sciences (Quantitative) - [SQ] in combination with: GLG103.

Arizona Shared Unique Number SUN#: GLG 1101

GLG102 – INTRODUCTION TO GEOLOGY II– HISTORICAL LECTURE
LEC // 3 CREDITS // 3 PERIODS
The origin and history of the Earth, its dynamic geographic and climatic changes. Evolution and sequence of life recorded in the fossil record; tectonic evolution of major continents through time. Prerequisites: None. Course Attributes: General Education Designation: Historical Awareness - [H]

GLG103 – INTRODUCTION TO GEOLoGY I: PHYSICAL LAB
LAB // 1 CREDIT // 3 PERIODS
Includes practical experience in rock and mineral identification, topographic maps, and applied problems in geology. Prerequisites: None. Course Notes: May accompany GLG101. Course Attributes: General Education Designation: Natural Sciences (Quantitative) - [SQ] in combination with: GLG101.

Arizona Shared Unique Number SUN#: GLG 1101

GLG104 – INTRODUCTION TO GEOLoGY II: HISTORICAL LAB
LAB // 1 CREDIT // 3 PERIODS
The study of minerals, rocks, fossils, geologic maps and structures. Prerequisites: None. Course Notes: May accompany GLG102. Course Attributes: General Education Designation: Natural Sciences (General) - [SG] in combination with: GLG102

GLG105 – INTRODUCTION TO PLANETARY SCIENCE
LEC + LAB // 4 CREDIT // 6 PERIODS
A survey of solar system objects and their geologic evolution, surfaces, interiors, and atmospheres, and the methods used to study them; weekly laboratory for data analysis and experiments; possible weekend field trip. Prerequisites: None. General Education Designation: Natural Sciences (General) [SG].

GLG106 – LIFE IN THE UNIVERSE
LEC // 4 CREDITS // 3 PERIODS
LAB // 0 CREDITS // 3 PERIODS
Introduction to the search for life in the universe for the non-science major. Earth’s location in space and time, nature of life, light and the spectrum, origin and history of the universe, origin of life on Earth and the possibility of life on other planets.
Prerequisites: A grade of C or better in MAT090 or MAT091 or MAT092 or completion of higher level mathematics course, or satisfactory placement.
Course Attributes: General Education Designation: Natural Sciences (Quantitative) - [SQ]

Cross-References: AST106

GLG107 – LIFE IN THE UNIVERSE LABORATORY
LAB // 1 CREDITS // 3 PERIODS
Astronomy, Biology, and Planetary Science laboratory. Prerequisites: A grade of C or better in AST/GLG106 and permission of Instructor or Department or Division. Course Notes: AST/GLG107 is a legacy course intended for those students who have previously completed the corresponding lecture course. Current MCCCD students should enroll in AST/GLG106 only. Cross-References: AST106

GLG110 – GEOLOGICAL DISASTERS AND THE ENVIRONMENT
LEC // 3 CREDITS // 3 PERIODS
Acquaints students with the use and importance of geological studies as they apply to the interactions between people and the earth. Includes geological processes and hazards such as earthquakes, volcanoes, floods and landslides. Examines environmental impact and use of mineral and energy resources. Prerequisites: None. Course Attributes: General Education Designation: Global Awareness - [G] General Education Designation: Natural Sciences (Quantitative) - [SQ] in combination with GLG111

GLG111 – GEOLOGICAL DISASTERS AND THE ENVIRONMENT LAB
LAB // 1 CREDIT // 3 PERIODS
Introduction to geological processes and concepts. Application of basic geologic knowledge to evaluate, interpret and propose solutions for a variety of current and past geology-related environmental disasters and hazards. Prerequisites: None. Course Notes: May accompany GLG110 Course Attributes: General Education Designation: Global Awareness - [G] in combination with GLG110 General Education Designation: Natural Sciences (Quantitative) - [SQ] in combination with GLG111

PHYSICAL GEOGRAPHY – (GPH)

GPH111 – INTRODUCTION TO PHYSICAL GEOGRAPHY LECTURE
LEC // 3 CREDIT // 3 PERIODS
Earth’s physical processes and impacts on human environments via the atmosphere, biosphere, lithosphere and hydrosphere. Topics include severe weather, climate change, biomes and ecosystems, landform processes; mountain building and erosion by rivers, glaciers, waves and wind. Prerequisites: None. Course Attributes: General Education Designation: Natural Sciences (Quantitative) - [SQ] in combination with: GPH112

GPH113 – INTRODUCTION TO PHYSICAL GEOGRAPHY
LEC // 4 CREDIT // 3 PERIODS
LAB // 0 CREDIT // 3 PERIODS
Earth’s physical processes and impacts on human environments via the atmosphere, biosphere, lithosphere and hydrosphere. Topics and practical experiences include severe weather, climate change, biomes and ecosystems, landform processes; mountain building and erosion by rivers, glaciers, waves and wind, topographic maps. Prerequisites: None. Course Attributes: General Education Designation: Natural Sciences (Quantitative) - [SQ]

GPH211 – LANDFORM PROCESSES
LEC // 4 CREDIT // 3 PERIODS
LAB // 0 CREDIT // 3 PERIODS
Geographic characteristics of landforms and earth surface processes emphasizing erosion, transportation, deposition and implications for human management of the environment. Prerequisites: ENG101 or ENG107 equivalent. General Education Designation: Natural Sciences (Quantitative) [SQ].

GPH212 – INTRODUCTION TO METEROLOGY I
LEC // 3 CREDIT // 3 PERIODS
Atmospheric processes and elements. General and local circulation, heat exchange and atmospheric moisture. Prerequisites: None Course Attributes: General Education Designation: Natural Sciences (Quantitative) - [SQ] in combination with: GPH214

GPH213 – CLIMATE AND WEATHER
LEC // 3 CREDIT // 3 PERIODS
Study of atmospheric phenomena over periods of time measured in months, years or longer. Includes average weather conditions, infrequent and unusual types of weather, and the influence of weather on the cultural and human landscape. Prerequisites: None. General Education Designation: Natural Sciences (General) [SG] in combination with: GPH215.
A mathematical, statistical, and spatial analysis of climatological phenomena. Prerequisites: None. Corequisites: GPH213 General Education Designation: Natural Sciences (General) [SG] in combination with: GPH213.

GPH214 – INTRODUCTION TO METEOROLOGY LAB I
LAB // 1 CREDIT // 3 PERIODS
Basic meteorological and climatological measurements. Prerequisites: None. Corequisites: GPH212 Course Attributes: General Education Designation: Natural Sciences (Quantitative) - [SQ] in combination with: GPH212

GPH215 – CLIMATE AND WEATHER LABORATORY
LAB // 1 CREDIT // 3 PERIODS
A mathematical, statistical, and spatial analysis of climatological phenomena. Prerequisites: None. Corequisites: GPH213. Course Notes: General Education Designation: Natural Sciences (General) - [SG] in combination with: GPH213. Course Attributes: General Education Designation: Natural Sciences (General) - [SG]

HEALTH CARE CURRICULUM (HCC)
HCC109 – CPR FOR HEALTH CARE PROVIDER
LEC // 0.5 CREDITS // 0.5 PERIODS
Current American Heart Association standards for one and two rescuer cardiopulmonary resuscitation (CPR) and obstructed airway procedures on the adult, infant, and pediatric victim. Use of automatic, external defibrillation and resuscitation equipment. Prerequisites: None. Cross-References: RES109

HCC130 – DECISION MAKING IN THE HEALTH CARE SETTING
LEC // 0.5 CREDIT // 0.5 PERIOD
Principles and application of a decision making model. Description and application of ethics and process improvement and the relationship of both to the decision making model. Prerequisites: None.

HCC145 – MEDICAL TERMINOLOGY FOR HEALTH CARE WORKERS
LEC // 3 CREDIT // 3 PERIODS
Medical terminology used in health care, with special care populations and in special services. Body systems approach to terms related to structures, functions, diseases, procedures, and diagnostic tests. Building and analyzing terms using word parts. Medical abbreviations and symbols and term spelling. Prerequisites: None.

HEALTHCARE REGULATORY COMPLIANCE (HCR)
HCR230 – CULTURE AND HEALTH
LEC // 3 CREDITS // 3 PERIODS
Relation between cultures of diverse groups and health/illness. Emphasis on cross-cultural communication, including awareness of own cultural influences and indigenous and complementary healing practices. Prerequisites: None. General Education Designation: Cultural Diversity - [C] General Education Designation: Global Awareness - [G]

HCR240 – HUMAN PATHOPHYSIOLOGY
LEC // 4 CREDITS // 4 PERIODS
Chemical, biological, biochemical, and psychological processes as a foundation for the understanding of alterations in health. The structural and functional pathophysiology of alterations in health; selected therapeutics considered. Prerequisites: BIO202 or BIO205, or permission of Instructor.

HEALTH SCIENCES (HES)
HES100 – HEALTHFUL LIVING
LEC // 3 CREDITS // 3 PERIODS
Health and wellness and their application to an optimal life style. Explores current topics of interest such as stress management, nutrition, fitness, and environmental health.
Evaluates common risk factors associated with modern lifestyles. Prerequisites: None. Course Attributes: General Education Designation: Social and Behavioral Sciences - [SB]

**HES106 – CARDIOPULMONARY RESUSCITATION (CPR)/ AUTOMATED EXTERNAL DEFIBRILLATOR (AED)**
**LEC // 0.5 CREDITS // 0.5 PERIODS**
Basic overview of Cardiopulmonary Resuscitation (CPR) and Automated External Defibrillator (AED). Covers choking procedures and the importance, guidelines, and techniques for performing CPR and utilizing an AED. Prerequisites: None.

**HES110 – INTRODUCTION TO GLOBAL HEALTH ISSUES AND DISEASE**
**LEC // 3 CREDITS // 3 PERIODS**
Introduction to global health challenges and diseases from throughout the world. Focus is on biological and social aspects of major health issues, infectious disease, nutrition and environmental health. Includes review of groups that are at increased risk of poor health and familiarity with policies and programs designed to reduce health inequalities. Prerequisites: None.

**HES154 – FIRST AID/CARDIOPULMONARY RESUSCITATION**
**LEC // 3 CREDITS // 3 PERIODS**
Cardiopulmonary Resuscitation (CPR) and first aid for the adult, child and infant patients includes Automated External Defibrillator (AED), rescue breathing, obstructed airway, and other first aid procedures. Designed to train citizen responders in skills and procedures required during emergency situation. Prerequisites: None.

**HES210 – CULTURAL ASPECTS OF HEALTH AND ILLNESS**
**LEC // 3 CREDITS // 3 PERIODS**
Examines how culture influences health and illness, health care practices, barriers to health care, interactions with health care professionals, and health disparities in the U.S. Prerequisites: None. General Education Designations: Cultural Diversity [C]; Global Awareness [G].

Course Attributes: General Education Designation: Global Awareness - [G]; General Education Designation: Social and Behavioral Sciences - [SB]

INDUSTRY AND BUSINESS (IND)  
IND133 – SPEAKING IN BUSINESS  
LEC // 3 CREDITS // 3 PERIODS  
Practical, effective speech techniques for everyday business interactions. Listening skills and stages of and barriers to the perception process. Examination of effective message preparation skills and communication styles and techniques. Interaction emphasizing conflict management and resolution in oral communication. Prerequisites: None.

INFANT/TODDLER DEVELOPMENT (ITD)  
ITTD200 – THE PHYSICAL CHILD: BIRTH TO AGE THREE  
LEC // 3 CREDITS // 3 PERIODS  
Examines the physical aspects of child growth and development in the first three years of life in the context of contemporary communities. Includes nutrition and feeding, health and safety, motor skills and exercise, neurological development, and identification of developmental delay. Prerequisites: CFS/ ECH176, or CFS235, or EED205.

ITTD210 – EARLY ATTACHMENTS, RELATIONSHIPS, AND FAMILIES: BIRTH TO AGE THREE  
LEC // 3 CREDITS // 3 PERIODS  
Explores the attachment process and relationships within families. Considers contemporary social contexts where children develop a concept of self, self-regulation, and interaction skills with children and adults. Examines social- emotional development, societal stresses, and supportive professional roles and responsibilities. Prerequisites: CFS/ ECH176, or CFS235, or EED205.

ITTD220 – COGNITION AND COMMUNICATION: BIRTH TO AGE THREE  
LEC // 3 CREDITS // 3 PERIODS  
Examines the cognitive development and language acquisition of infants and toddlers. Considers the role of people and daily environments on development. Also covers disabilities and developmental delays as well as major theories and research in the field. Prerequisites: CFS176/ ECH176, or CFS235, or EED205.

INFORMATION TECHNOLOGY SECURITY (ITS)  
ITS100 – INFORMATION SECURITY AWARENESS  
LEC // 1 CREDIT // 2 PERIODS  
Computer and network security topics, including network communication. Includes security policy, implementation of basic security measures, the importance of backups and the value of protecting intellectual property. Real-life examples and practical projects to reinforce the need for computer security. Prerequisites: None.
ITS110 – INFORMATION SECURITY FUNDAMENTALS
LEC + LAB // 3 CREDITS // 4 PERIODS
Fundamental concepts of information technology security. Topics include authentication methods, access control, cryptography, Public Key Infrastructure (PKI), network attack and defense methods, hardening of operating systems and network devices, securing remote access and wireless technologies and securing infrastructures and topologies. Emphasis on hands-on labs in both the Windows and Linux environments. Builds on thorough understanding of Transmission Control Protocol/Internet Protocol (TCP/IP) and security concepts and Microsoft (MS) Windows and Linux Administration. Prerequisites: A grade of C or better in CIS126DL, or CIS126RH, or permission of Program Director. Corequisites: BPC270 or MST150++. Windows-based file systems and common applications. Introduction to the logical structure of Unix/Linux-based file systems and common applications of commercial forensic tools. Prerequisites: A grade of C or better in BPC170 and ITS110 or permission of Instructor.

ITS292 – ADVANCED COMPUTER FORENSICS
LEC + LAB // 4 CREDITS // 4 PERIODS
Advanced computer forensics analysis techniques with commercial tools. Introduction to open-source forensic tools. Emphasis on data recovery from complex applications and media types. Study of the logical structure of Unix/Linux-based file systems. Advanced search techniques. Analysis of unallocated space, compound files, and NTFS artifacts. Prerequisites: A grade of C or better in ITS291 or permission of Instructor.

JOURNALISM (JRN)
JRN203 – WRITING FOR ONLINE MEDIA
LEC // 3 CREDITS // 3 PERIODS
Writing using the modes and resources available on the Internet. Use of information and resources available on the internet in writing, as well as writing for the Internet itself. Prerequisites: Eligibility for ENG101 or ENG107 or permission of Instructor.

MATHEMATICS (MAT)
MAT065 – GRAPHING CALCULATOR
LEC // 1 CREDIT // 1 PERIOD
Computations, graphing, matrices, and elementary programming using a graphing calculator. Prerequisites: None.

MAT081 – BASIC ARITHMETIC
LEC // 4 CREDITS // 4 PERIODS
Primary emphasis on conceptual understanding and solving problems involving whole numbers, integers, mathematical operations, decimals, decimal operations, fractions, percentages, angles and geometric figures. Use of systems of measure, similarity, proportionality and the Pythagorean theorem. Focus on mathematical language, connections, patterns and reasoning, and additive and multiplicative reasoning. Prerequisites: None. Course Notes: Student may receive credit for only one of the following: (MAT051 and MAT052 and MAT053), OR MAT081, OR MAT082, OR MAT085.
MAT082 – BASIC ARITHMETIC
LEC // 3 CREDITS // 3 PERIODS
Primary emphasis on conceptual understanding of and solving problems involving whole numbers, integers, mathematical operations, decimals, decimal operations, fractions, percentages, angles and geometric figures. Use of systems of measure, similarity, proportionality and the Pythagorean theorem. Focus on mathematical language, connections, patterns and reasoning, and additive and multiplicative reasoning. Prerequisites: None. Course Notes: Student may receive credit for only one of the following: (MAT051 and MAT052 and MAT053), OR MAT081, OR MAT082, OR MAT085.

MAT090 – INTRODUCTORY ALGEBRA
LEC // 5 CREDITS // 5 PERIODS
Emphasis on meanings related to variable, equality, inequality, equivalence. The use of additive and multiplicative reasoning in solving linear equations and inequalities in one variable. Validation of solution(s) through a reasonable mathematical defense. Transfer and apply knowledge through a process of sense making and reasonableness in mathematical problems and practical application situations. Recognize patterns and organize data to represent situations where output is related to input. Understand the concept of function and be able to represent functions in multiple ways, including tables, algebraic rules, graphs and contextual situations, and make connections among these representations. Read, represent, and interpret linear function relationships numerically, analytically, graphically and verbally and connect the different representations. Model and solve real world problems involving constant rate of change. Prerequisites: A grade of C or better in each of the following courses: (MAT051, MAT052, and MAT053), OR a grade of C or better in MAT08+, OR an appropriate district placement. Course Notes: MAT091 students may receive credit for only one of the following: (MAT055 and MAT056 and MAT057), OR MAT090, OR MAT091, OR MAT092, OR MAT095, OR MAT096.

MAT092 – INTRODUCTORY ALGEBRA

MAT112 – MATHEMATICAL CONCEPTS AND APPLICATIONS
LEC // 3 CREDITS // 3 PERIODS
A problem solving approach to mathematics as it applies to real-life situations. Development, use and communication of mathematical concepts and applications that relate to measurement, percentage, practical geometry, statistics, finance, and unit conversions. Prerequisites: None.

MAT120 – INTERMEDIATE ALGEBRA
LEC // 5 CREDITS // 5 PERIODS
Analysis of rational, radical, quadratic and exponential equations, functions and applications; graphs of radical, quadratic and exponential functions; operations on polynomial, rational, and radical expressions. Prerequisites: A grade of C or better in each of the following courses: (MAT055, MAT056, and MAT057), OR a grade of C or better in MAT09+, OR an appropriate district placement. Course Notes: MAT120 students may receive credit for only one of the following: MAT120, OR MAT121, OR MAT122 OR MAT126.

MAT121 – INTERMEDIATE ALGEBRA
LEC // 4 CREDITS // 4 PERIODS
Analysis of rational, radical, quadratic and exponential equations, functions and applications; graphs of radical, quadratic and exponential functions; operations on polynomial, rational, and radical expressions. Prerequisites: A grade of C or better in each of the following courses: (MAT055, MAT056, and MAT057), OR a grade of C or better in MAT09+, OR an appropriate district placement. Course Notes: MAT121 students may receive credit for only one of the following: MAT120, OR MAT121, OR MAT122 OR MAT126.

MAT122 – INTERMEDIATE ALGEBRA
LEC // 3 CREDITS // 3 PERIODS
Analysis of rational, radical, quadratic and exponential equations, functions and applications; graphs of radical, quadratic and exponential functions; operations on polynomial, rational, and radical expressions. Prerequisites: A grade of B or better in each of the following courses: (MAT055, MAT056, and MAT057), OR a grade of B or better in MAT09+, OR an appropriate district placement. Course Notes: MAT122 students may receive credit for only one of the following: MAT120, OR MAT121, OR MAT122 OR MAT126.

MAT140 COLLEGE MATHEMATICS
LEC // 5 CREDITS // 5 PERIODS
Working knowledge of college-level mathematics and its applications to real-life problems. Emphasis on understanding mathematical concepts and their applications. Topics include proportional reasoning, modeling, finance, probability, and statistics. Prerequisites: An appropriate District placement, or a grade of C or better in (MAT052, MAT053, and MAT055), or (MAT055, MAT056, and MAT057), or MAT085, or MAT09+, or MAT103 or MAT114 or MAT115. Course Notes: Students may receive credit for only one of the following: MAT140, MAT141, MAT142, MAT145, or MAT146. Course Attributes: General Education Designation: Mathematics - [MA] Arizona Shared Unique Number SUN# MAT 1142

MAT141 – COLLEGE MATHEMATICS
LEC // 4 CREDITS // 4 PERIODS
Working knowledge of college-level mathematics and its applications to real-life problems. Emphasis on understanding mathematical concepts and their applications. Topics include proportional reasoning, modeling, finance, probability, and statistics. Prerequisites: An appropriate District placement, or a grade of C or better in (MAT052, MAT053, and MAT055), or (MAT055, MAT056, and MAT057), or MAT085, or MAT09+, or MAT103 or MAT114 or MAT115. Course Notes: MAT141 students may receive credit for only one of the following: MAT140, MAT141, MAT142, MAT145, or MAT146. Course Attributes: General Education Designation: Mathematics - [MA] Arizona Shared Unique Number SUN# MAT1142

MAT142 – COLLEGE MATHEMATICS
LEC // 3 CREDITS // 3 PERIODS
Working knowledge of college-level mathematics and its applications to real-life problems. Emphasis on understanding mathematical concepts and their applications. Topics include proportional reasoning, modeling, finance, probability, and statistics. Prerequisites: An appropriate District placement, or a grade of C or better in (MAT052, MAT053, and MAT055), or (MAT055, MAT056, and MAT057), or MAT085, or MAT09+, or MAT103 or MAT114 or MAT115. Course Notes: MAT142 students may receive credit for only one of the following: MAT140, MAT141, MAT142, MAT145, or MAT146. Course Attributes: General Education Designation: Mathematics - [MA] Arizona Shared Unique Number SUN# MAT1142
MAT146 – COLLEGE MATHEMATICS WITH REVIEW
LEC // 6 CREDITS // 6 PERIODS
Working knowledge of college-level mathematics and its applications to real-life problems. Emphasis on understanding mathematical concepts and their applications. Topics include proportional reasoning, modeling, finance, probability, and statistics, along with review of arithmetic and introductory algebra, as needed. Prerequisites: None. Course Notes: MAT146 students may receive credit for only one of the following: MAT140, MAT141, MAT142, MAT145, or MAT146. This course is designed for students that do not qualify for MAT141 or MAT142, but intend to complete MAT14+ College Mathematics for their degree path. Review of Basic Arithmetic and Introductory Algebra as needed. Course Attributes: General Education Designation: Mathematics - [MA] Arizona Shared Unique Number SUN# MAT1142

MAT150 – COLLEGE ALGEBRA/FUNCTIONS
LEC // 5 CREDITS // 5 PERIODS
Analysis and interpretation of the behavior and nature of functions including linear, quadratic, higher-order polynomials, rational, exponential, logarithmic, power, absolute value, and piecewise-defined functions; systems of equations, using multiple methods including matrices, and modeling and solving real world problems. Prerequisites: A grade of C or better in MAT095, or MAT096, or MAT114, or MAT115, or MAT12+, OR an appropriate district placement for MAT15+, OR permission of Department or Division Chair. Course Notes: MAT150 students may receive credit for only one of the following: MAT150, OR MAT151, OR MAT152, OR MAT155, OR MAT156, OR MAT187. Course Attributes: General Education Designation: Mathematics - [MA] Arizona Shared Unique Number SUN# 1151

MAT151 – COLLEGE ALGEBRA/FUNCTIONS
LEC // 4 CREDITS // 4 PERIODS
Analysis and interpretation of the behavior and nature of functions including linear, quadratic, higher-order polynomials, rational, exponential, logarithmic, power, absolute value, and piecewise-defined functions; systems of equations, using multiple methods including matrices, and modeling and solving real world problems. Prerequisites: A grade of C or better in MAT095, or MAT096, or MAT114, or MAT115, or MAT12+, OR an appropriate district placement for MAT15+, OR permission of Department or Division Chair. Course Notes: MAT151 students may receive credit for only one of the following: MAT150, OR MAT151, OR MAT152, OR MAT155, OR MAT156, OR MAT187. This course is designed for students that do not qualify for MAT150 or MAT151 or MAT152, but intend to complete MAT15+ College Algebra for their degree path. Review of MAT12+ Intermediate Algebra as needed. Course Attributes: General Education Designation: Mathematics - [MA] Arizona Shared Unique Number SUN# MAT1151

MAT152 – COLLEGE ALGEBRA/FUNCTIONS
LEC // 3 CREDITS // 3 PERIODS
Analysis and interpretation of the behavior and nature of functions including linear, quadratic, higher-order polynomials, rational, exponential, logarithmic, power, absolute value, and piecewise-defined functions; systems of equations, using multiple methods including matrices, and modeling and solving real world problems. Prerequisites: A grade of C or better in MAT095, or MAT096, or MAT114, or MAT115, or MAT12+, OR an appropriate district placement for MAT15+, OR permission of Department or Division Chair. Course Notes: MAT152 students may receive credit for only one of the following: MAT150, OR MAT151, OR MAT152, OR MAT155, OR MAT156, OR MAT187. Course Attributes: General Education Designation: Mathematics - [MA] Arizona Shared Unique Number SUN# MAT1151

MAT156 – COLLEGE ALGEBRA/FUNCTIONS
WITH REVIEW
LEC // 6 CREDITS // 6 PERIODS
Analysis and interpretation of the behavior and nature of functions including linear, quadratic, higher-order polynomials, rational, exponential, logarithmic, power, absolute value, and piecewise-defined functions; systems of equations, using multiple methods including matrices, and modeling and solving real world problems, along with review of intermediate algebra, as needed. Prerequisites: A grade of C or better in each of the following: (MAT055, MAT056, and MAT057), OR MAT09+ or MAT114 or MAT115, OR an appropriate district placement for MAT120 or MAT121 or MAT122, OR permission of Department or Division Chair. Course Notes: MAT156 students may receive credit for only one of the following: MAT150, OR MAT151, OR MAT152, OR MAT155, OR MAT156, OR MAT187. Course Attributes: General Education Designation: Mathematics - [MA] Arizona Shared Unique Number SUN# MAT1151
MAT172 – FINITE MATHEMATICS
LEC // 3 CREDITS // 3 PERIODS
An introduction to the mathematics required for the study of social and behavioral sciences. Includes combinatorics, probability, descriptive statistics, matrix algebra, linear programming and the mathematics of finance. Includes applications of technology in problem-solving. Prerequisites: A grade of C or better in MAT15+, OR MAT187, OR an appropriate district placement. Course Attributes: General Education Designation: Mathematics - [MA]

MAT182 – PLANE TRIGONOMETRY
LEC // 3 CREDITS // 3 PERIODS
A study of measures of angles, properties of graphs of trigonometric functions, fundamental identities, addition and half-angle formulas, inverse trigonometric functions, solutions of trigonometric equations, complex numbers and properties of triangle solution. Prerequisites: A grade of C or better in MAT15+, OR an appropriate district placement. Corequisites: MAT15+. Course Notes: MAT182 students may receive credit for only one of the following: MAT182 or MAT187. Course Attributes: General Education Designation: Mathematics - [MA] in combination with: MAT150 or MAT151 or MAT152 or MAT155 or MAT156

MAT187 – PRECALCULUS
LEC // 5 CREDITS // 5 PERIODS
A precalculus course combining topics from college algebra and trigonometry. Preparation for analytic geometry and calculus. Prerequisites: A grade of B or better in MAT12+, OR an appropriate district placement. Course Notes: Strongly recommended that students have some knowledge of trigonometry. The combination of MAT15+ and MAT182 is equivalent to taking MAT187. Therefore, students should either take MAT15+ AND MAT182 OR just MAT187. Students may receive credit for only one of the following: The combination of MAT15+ and MAT182 OR just MAT187. Course Attributes: General Education Designation: Mathematics - [MA] Arizona Shared Unique Number: SUN# MAT 1187

MAT206 – ELEMENTS OF STATISTICS - MAT1160
LEC // 3 CREDITS // 3 PERIODS
Basic concepts and applications of statistics, including data description, estimation and hypothesis tests. Prerequisites: A grade of C or better in MAT14+, or MAT15+, or MAT187, or equivalent, or an appropriate District placement, or permission of Department/Division Chair. Course Attributes: General Education Designation: Computer/Statistics/Quantitative Applications - [CS] Arizona Shared Unique Number SUN# MAT1160

MAT212 – BRIEF CALCULUS - MAT2212
LEC // 3 CREDITS // 3 PERIODS
Introduction to the theory, techniques and applications of the differential and integral calculus of functions with problems related to business, life, and the social sciences. Prerequisites: A grade of C or better in MAT15+, or MAT187, or an appropriate District placement. Course Notes: Students may receive credit for only one of the following: MAT212 or MAT213. Course Attributes: General Education Designation: Mathematics - [MA] Arizona Shared Unique Number SUN# 2212

MAT213 – BRIEF CALCULUS
LEC // 4 CREDITS // 4 PERIODS
Introduction to the theory, techniques, and applications of the differential and integral calculus of functions with problems related to business, life, and the social sciences. Prerequisites: A grade of C or better in MAT15+, or MAT187, or an appropriate District placement. Course Notes: Students may receive credit for only one of the following: MAT212 or MAT213. Course Attributes: General Education Designation: Mathematics - [MA] Arizona Shared Unique Number SUN# 2212

MAT218 – MATHEMATICAL ANALYSIS FOR BUSINESS
LEC // 4 CREDITS // 4 PERIODS
An introduction to the mathematics required for the study of business. Includes multivariable optimization, Lagrange multipliers, linear programming, linear algebra, probability, random variables, discrete and continuous distributions. Prerequisites: Grade of C or better in MAT212 or MAT213. Course Notes: Students may receive credit for only one of the following: MAT217 or MAT218.

MAT220 – CALCULUS WITH ANALYTIC GEOMETRY I - MAT2220
LEC // 5 CREDITS // 5 PERIODS
Limits, continuity, differential and integral calculus of functions of one variable. Prerequisites: A grade of C or better in (MAT182 and MAT15+), or MAT187, or an appropriate District placement. Course Notes: Students may receive credit for only one of the following: MAT220 or MAT221. Course Attributes: General Education Designation: Mathematics - [MA] Arizona Shared Unique Number SUN#: MAT 2220

Course Attributes: General Education Designation: Mathematics - [MA]. Arizona Shared Unique Number SUN#: MAT 2262

MAT276 – MODERN DIFFERENTIAL EQUATIONS
LEC // 4 CREDITS // 4 PERIODS
Introduces differential equations, theoretical and practical solution techniques with applications. Problem solving using MATLAB. Prerequisites: Grade of C or better in MAT230, or MAT231, or permission of Department or Division. General Education Designation: Mathematics - [MA]

MAT277 – MODERN DIFFERENTIAL EQUATIONS
LEC // 3 CREDITS // 3 PERIODS
Introduces differential equations, theoretical and practical solution techniques with applications. Problem solving using MATLAB. Prerequisites: Grade of C or better in MAT230 or MAT231 or permission of Department or Division. General Education Designation: Mathematics - [MA]

MANAGEMENT (MGT)

MGT101 – TECHNIQUES OF SUPERVISION
LEC // 3 CREDITS // 3 PERIODS
Overview of the foundations of supervision and how to get things done within an organization through other people. The functions of planning, organizing, staffing, motivating and controlling presented. Prerequisites: None.

MGT175 – BUSINESS ORGANIZATION
AND MANAGEMENT
LEC // 3 CREDITS // 3 PERIODS
Covers basic principles of managing quality and performance in organizations. Covers management functions: planning, organizing, leading, and controlling. Emphasizes continual improvement, ethics, and social responsibility. Prerequisites: None.

MGT179 – UTILIZING THE HUMAN RESOURCES DEPARTMENT
LEC + LAB // 3 CREDITS // 3 PERIODS
Provides the opportunity to learn how to appropriately utilize the human resources department within an organization in order to improve job performance. Topics include staffing, training and development, manpower planning, compensation and benefits, federal labor laws and why people seek outside representation. Prerequisites: None.

MGT180 – RETAIL MANAGEMENT
LEC // 3 CREDITS // 3 PERIODS
The role of management in retailing and retail performance. Challenges and processes of retail management across various institutions. Prerequisites: None.

MGT229 – MANAGEMENT AND LEADERSHIP I
LEC // 3 CREDITS // 3 PERIODS
Covers management concepts and applications for business, industry, and government organizations. Prerequisites: None. General Education Designation: Social-Behavioral Sciences [SB]

MGT230 – MANAGEMENT AND LEADERSHIP II
LEC // 3 CREDITS // 3 PERIODS
Includes practical applications of activities, issues, and problems related to current managerial and supervisory skills and talents. Prerequisites: A grade of C or better in MGT229 or permission of Department or Division. Course Attributes: General Education Designation: Social-Behavioral Sciences [SB]

MGT251 – HUMAN RELATIONS IN BUSINESS
LEC // 3 CREDITS // 3 PERIODS
Analysis of motivation, leadership, communications, and other human factors. Cultural differences that may create conflict and affect morale individually and within organizations. Prerequisites: None. MGT 101 or MGT 175 or MGT 229 suggested, but not required.

MGT253 – OWNING AND OPERATING
A SMALL BUSINESS
LEC // 3 CREDITS // 3 PERIODS
Starting, organizing, and operating a small business, including location, finance management processes, advertisement and promotion, Credit, inventory control and ethics. Prerequisites: None.

MGT275 – OFFICE MANAGEMENT
AND PROCEDURES
LEC // 3 CREDITS // 3 PERIODS
Covers basic administrative office services and systems, including analysis and management of operations, information systems, human resources, and facilities design. Prerequisites: None.
MGT276 – PERSONNEL/HUMAN RESOURCE MANAGEMENT
LEC // 3 CREDITS // 3 PERIODS
Human resource planning, staffing, training, compensating, and appraising employees in labor management relationships. Prerequisites: None. MGT101, or MGT175, or MGT229 suggested but not required.

MGT277 – LABOR RELATIONS
LEC // 3 CREDITS // 3 PERIODS
Covers the historical, legal, and environmental parameters surrounding current labor/management relations, including contract negotiations and grievance procedures MGT101, MGT175, or MGT229 suggested but not required Prerequisites: None. MGT101 MGT175 or MGT229 suggested but not required.

MGT286 – HUMAN RESOURCE EMPLOYMENT MANAGEMENT
LEC // 3 CREDITS // 3 PERIODS
Techniques and methodology for coordinating and monitoring effective employment selection practices. Includes description of employment functions, staffing analysis, employment recruitment and advertising, applicant screening, interviewing and reference checking, employee selection and placement within a human resources division. Prerequisites: A grade of C or better in MGT276 or permission of Department or Division.

MGT296WA- WD – COOPERATIVE EDUCATION
LAB // 1-4 CREDITS // 5-20 PERIODS/ARRANGED
Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students. Prerequisites: Completion of at least twelve (12) college Credits, minimum 2.6 grade point average, and be able to obtain a position related to student’s academic or career goals (student’s present job may qualify); or permission of instructor. Co requisites: Must be concurrently enrolled in at least one class which is related to student’s major or career interest or with permission of the instructor.

MGT298AA – SPECIAL PROJECTS
LAB // 1 CREDIT // 1 PERIOD
Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. Prerequisites: Permission of Program Director or Instructor.

MUSIC HISTORY/LITERATURE (MHL)
MHL140 – SURVEY OF MUSIC HISTORY
LEC // 3 CREDITS // 3 PERIODS
Study of composers, compositions, styles, and periods in music history. Prerequisites: None. Course Attributes: General Education Designation: Historical Awareness [H]; Humanities and Fine Arts [HU].

MHL145 – AMERICAN JAZZ AND POPULAR MUSIC
LEC // 3 CREDITS // 3 PERIODS
The study of cultural and social contributions to the evolution of American jazz and popular music from the mid-1800’s to present. Prerequisites: None. Course Attributes: General Education Designation: Cultural Diversity - [C]; Humanities and Fine Arts – [HU]

MHL153 – ROCK MUSIC AND CULTURE
LEC // 3 CREDITS // 3 PERIODS
History of Rock music and how cultural, social, political, and economic conditions have shaped its evolution. Prerequisites: None. Course Attributes: General Education Designation: Historical Awareness [H]; Humanities and Fine Arts [HU].

MHL155 – SURVEY OF AMERICAN MUSIC
LEC // 3 CREDITS // 3 PERIODS
History of the music of North America from the earliest American Indian music to the present. Introduction to the musical trends, composers, socioeconomic developments and trends, musical forms and styles that influence our modern American musical sense. Prerequisites: None. Course Attributes: General Education Designation: Cultural Diversity - [C] General Education Designation: Historical Awareness - [H] General Education Designation: Humanities and Fine Arts - [HU]

MHL204 – HIP-HOP MUSIC AND CULTURE
LEC // 3 CREDITS // 3 PERIODS
A history of Hip-Hop’s musical and artistic elements and how cultural, social, political, and economic conditions have shaped its evolution. Prerequisites: ENG101, or ENG107, or permission of Instructor.
Course Attributes: General Education Designation: Literacy and Critical Inquiry [L]; General Education Designation: Cultural Diversity [C]; General Education Designation: Humanities and Fine Art - [HU].

MHL241 MUSIC HISTORY AND LITERATURE TO 1750
LEC // 3 CREDITS // 3 PERIODS
In-depth study of music history from the primitive era through the Baroque period. Prerequisites: A grade of C or better in MTC155 and MTC156 or Corequisites: MTC155 and MTC156, or permission of Instructor. Course Attributes: General Education Designation: Humanities and Fine Arts - [HU]

MHL242 MUSIC HISTORY AND LITERATURE 1750 TO PRESENT
LEC // 3 CREDITS // 3 PERIODS
In-depth study of music history from the Classical period through the Contemporary Period. Prerequisites: A grade of C or better in MHL241 or permission of Instructor. Course Attributes: General Education Designation: Humanities and Fine Arts - [HU]

MARKETING (MKT)
MKT101 – INTRODUCTION TO PUBLIC RELATIONS
LEC // 3 CREDITS // 3 PERIODS
Emphasizes public relations techniques used both within and outside the business organization, including operation of a PR counseling firm. Prerequisites: None.

MKT110 – MARKETING AND SOCIAL NETWORKING
LEC // 3 CREDITS // 3 PERIODS
Theory and practice in the use of social media in marketing. Topics may include a history of social media, preparation for social marketing, the power of collective influence, and how to engage with social media. Reviews social mediums, social networks, platforms and other marketing tools used to create a social media campaigns. Prerequisites: None.

MKT111 – APPLIED MARKETING AND SOCIAL NETWORKING
LEC + LAB // 3 CREDITS // 4 PERIODS
Examination of the strategic use of digital and social media marketing platforms and tools for global communication and networking, including analysis of various digital and social media platforms and tools for developing brands, creating professional networks and creating engaging content. Hands on use of social media platforms and tools to conduct research, develop strategies for creating, integrating, and evaluating social media marketing campaigns, and development of metrics to measure effectiveness. Prerequisites: A grade of C or better in MKT110.

MKT263 – ADVERTISING PRINCIPLES
LEC // 3 CREDITS // 3 PERIODS
Introduces the advertising function within business, including media study, creative strategies, and advertising campaigns. Prerequisites: None. MKT271 suggested, but not required.

MKT267 – PRINCIPLES OF SALES
LEC // 3 CREDITS // 3 PERIODS
Analyzes and applies the steps and techniques used in personal selling. Highlights the role of the professional sales representative and his/her functions as they relate to the company's mission and customer expectations. Prerequisites: None.

MKT268 – MERCHANDISING
LEC // 3 CREDITS // 3 PERIODS
Surveys structure and operation of retail organizations. Emphasizes merchandising to include price, location, time promotion and quantity. Prerequisites: None. MKT271 suggested but not required.

MKT271 – PRINCIPLES OF MARKETING
LEC // 3 CREDITS // 3 PERIODS
An analysis of the marketing process and environment with regard to the product, pricing, distribution, and communication in order to satisfy buyer needs. Prerequisites: None.

MKT280AA–AC – MARKETING INTERNSHIP
LEC + LAB // 1-3 CREDITS // 1-3 PERIODS
Marketing work experience in a business or industry. 80 hours of designated work per credit. Maximum of 8 credits allowed. Prerequisites: Departmental approval.

MKT296WB – COOPERATIVE EDUCATION
LAB // 2 CREDITS // 10 PERIODS
Work-college experiences that involve the combined efforts of educators and employers to accomplish an outcome related to the career objectives of the students. Prerequisites: Completion of at least twelve (12) college credits minimum 2.6 grade point average and be able to obtain a position related to students’ academic or career goals (students present job may qualify) or permission of instructor.
MKT298AB – SPECIAL PROJECTS
LAB // 2 CREDITS // 2 PERIODS
Organized and tailored around the interests and needs of the individual student. Structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional-type facilities and equipment available for student use. Allows the best aspects of independent study and individualized learning to be combined to maximize student development. Prerequisites: Permission of Program Director or Instructor.

MICROSOFT TECHNOLOGY (MST)
MST140 – MICROSOFT NETWORKING ESSENTIALS

PHYSICS (PHY)
PHY101 – INTRODUCTION TO PHYSICS
LEC // 4 CREDITS // 3 PERIODS
LAB // 0 CREDITS // 3 PERIODS
A survey of physics emphasizing applications of physics to modern life. Prerequisites: Grade of C or better in MAT090, or MAT091, or MAT092, or MAT093, or equivalent, or satisfactory score on Math Placement exam. Course Note: Students may receive credit for only one of the following: PHY101 or PHY101A.

PHY111 – GENERAL PHYSICS I - PHY1111
LEC // 4 CREDITS // 3 PERIODS
LAB // 0 CREDIT // 3 PERIODS
Includes motion, energy, and properties of matter. Prerequisites: MAT182 or MAT187 or MAT220 or MAT221 or eligibility for MAT220 as indicated by appropriate placement test score or one-year high school Trigonometry with a grade of C or better or permission of Department or Division. Course Note: PHY111 is recommended for paraprofessional and suggested for certain other majors. Students may receive credit for only one of the following: PHY111 or PHY111A. A. General Education Designation: Natural Sciences (Quantitative) - [SQ]. Arizona Shared Unique Number SUN# PHY1111

PHY112 – GENERAL PHYSICS II - PHY1112
LEC // 4 CREDITS // 3 PERIODS
LAB // 0 CREDIT // 3 PERIODS
Includes electricity, electromagnetism, and modern physics. Prerequisites: PHY105 or PHY111. General Education Designation: Natural Sciences (Quantitative) [SQ]. Arizona Shared Unique Number SUN# PHY1112
PHY 115 – UNIVERSITY PHYSICS I
LEC // 5 CREDITS // 4 PERIODS
LAB // 0 CREDIT // 3 PERIODS
General physics course using calculus to develop the principles of mechanics and thermodynamics. Recommended for majors in the sciences and mathematics. Required for engineering majors. Prerequisites: MAT220 or MAT221 or permission of Department or Division. Co requisites: MAT230 or MAT23. One-year High School physics or PHY111 and PHY112 is strongly recommended.

PHY116 – UNIVERSITY PHYSICS II
LEC // 5 CREDITS // 4 PERIODS
LAB // 0 CREDIT // 3 PERIODS
Principles of electricity, magnetism, waves, and optics. Required for engineering majors. Prerequisites: PHY115 and (MAT230 or MAT231) Co requisites: MAT241

PHY121 – UNIVERSITY PHYSICS I: MECHANICS – PHY1121
LEC // 4 CREDITS // 3 PERIODS
LAB // 0 CREDIT // 3 PERIODS
Kinematics, Newton’s laws, work, energy, momentum, conservation laws, dynamics of particles, solids, fluids, mechanical waves, and sound. Prerequisites: MAT220, or MAT221, or Department or consent. One year of High School physics or PHY111 and PHY112 suggested but not required. General Education Designation: Natural Sciences (Quantitative) - [SQ]

PHY131 UNIVERSITY PHYSICS II: ELECTRICITY AND MAGNETISM – PHY1131
LEC // 4 CREDITS // 3 PERIODS
LAB // 0 CREDIT // 3 PERIODS
Electric charge and current, electric and magnetic fields in vacuum and in materials, and induction. AC circuits, displacement current, and electromagnetic waves. Prerequisites: MAT230, or MAT231, or permission of Department or Division, and PHY121. Co requisites: MAT241 or per-mission of Department or Division. General Education Designation: Natural Sciences (Quantitative) - [SQ]. Arizona Shared Unique Number SUN# PHY1131

PHY241 – UNIV PHY III: THERMODYNAMICS, OPTICS, AND WAVE PHENOMENA
LEC // 4 CREDITS // 3 PERIODS
LAB // 0 CREDIT // 3 PERIODS
Heat, entropy, and laws of thermodynamics; wave propagation; geometrical and physical optics; introduction to special relativity. Prerequisites:

A grade of C or better in PHY116 or PHY131 or permission of Instructor.

PHLEBOTOMY (PLB)

PLB109 – PHLEBOTOMY: BASIC SKILLS
LEC + LAB // 2 CREDITS // 4 PERIODS
