Achieving a College Education Program (ACE) is a nationally recognized program which was established in 1987 and was the first ACE Program in the Maricopa Community College District. The regular ACE program is designed to help students make a smooth transition from high school through community college and on to a university and completion of a bachelor's degree. The ACE/CTI program is designed to help students gain construction trade skills and go straight into the job market or continue in higher education after the completion of high school.
